

S. No.	Faculty Name	Month/ Year of Publication	Title of Paper	Conference Name	Conference Place	Journal Name	National / International	ISSN	E-ISSN	Volume / Issue	Source & Indexing	UGC Approved (Y/N)	Open Access (Y/N)	Peer Reviewed (Y/N)
1	Dr. Lokesh Bansal	Jan-18	Implementation of STBC-MC-CDMA Systems Employing Different Detection Techniques	-----	-----	International Journal of Computer Science & Communication	International		0973-7391	Vol. 9, No. 1	http://www.csjournals.com	Y	Y	Y
		2018	Review of Long Term Evolution Technology for Broadband Wireless Access	RTDEEE 2018	JECRC		International							
2	Vinita Mathur	2017	Hexagonal fractal antenna using Koch for wireless applications			Frequenz Journal of RF-Engineering and Telecommunications	International	ISSN: 2191-6349			SCI-E, Elsevier - SCOPUS	Y		Y
		2017	Wheel shaped modified fractal antenna realization for wireless communications			AEU International Journal of Electronics and Communication, Elsevier	International	ISSN: 1434-8411		79	Indexed by SCI, SCI-E, Scopus	Y	N	Y
		2017	Planar array of right angled isosceles triangular microstrip antenna using Koch and meander lines for the Internet of things			Turkish Journal Of Electrical Engineering & Computer Sciences	International	ISSN: 1300-0632	E-ISSN: 1303-6203	25(3)	Indexed by SCI-E, Scopus, Thomson Reuters, Web of Science	Y	Y	Y
		2017	Koch boundary on the square patch microstrip antenna for ultra wide band applications			Alexandria Engineering Journal, Elsevier	International	ISSN: 1110-18		In Press	Scopus	Y	Y	Y
3	Parul Tyagi	2018	Review of security aspects in vehicular Ad hoc Networks	RTDEEE-2018	Jaipur		International							
		2018	A secured routing algorithm against black hole attack for better intelligent transportation system in vehicular ad hoc network			Bharati Vidyapeeth's Institute of Computer Applications and Management 2018	International	ISSN 2511-2104	ISSN 2511-2104			Y	N	Y

		2017	Performance Analysis and Implementation of Proposed Mechanism for Detection and Prevention of Security Attacks in Routing Protocols of Vehicular Ad-hoc Network (VANET)			Egyptian Informatics Journal-Elesvier	International	ISSN: 1110-8665		18(2)				
4	Vikash Mishra	December, 2017	DESIGN AND DEVELOPMENT OF LIQUID IMPDEANCE ANALYSIER USING dsPIC CONTROLLER	INTERNATI ONAL JOURNAL OF CREATIVE RESEARCH THOUTHS	JAIPUR		INTERNATI ONAL	ISSN: 2320-2882				Y	N	Y
5	Bhoope sh Kr. Kumawat	Oct-17	Analysis of signal processing based spectrum sensing practices in cognitive radio: A review	RISE 2017	Bhopal		International				IEEE			
6	Ashutos h Sharma	2018	Analysis and Evalution of Energy Efficient Multicast Routing Protocols in MANETs	OWT 2018	MNIT, JAIPUR		International	978-9811073946			Springer			
		2018	Anovel Ant Colony Optimization Approach for Fretting Out Wormhole Attack in Mobile Ad Hoc Networks			IJAIP	International		1755-0394		Scopus			
7	S S Manaktala	2018	Future of networking is 5G	RTDEEE-2018	JECRC									
8	Rajesh Bathija	2018	Application of IoT on Smart Transportation System using IBM BlueMix	RTDEEE2018	JECRC		International							
9	Anil Jain	Mar-18	Wild Animal Surveillance using wireless Technology	RAST 2018	JECRC		National							
10	Neha Singh	Mar-18	A survey of Free Space Optical Communication Network Channel over Optical Fiber Cable Communication	RAST 2018	JECRC		National
