Department of Computer Science and Engineering

Part A: Institutional Information

1. **Name and Address of the Institution** : Jaipur Engineering College and Research Centre, Jaipur
Shri Ram Ki Nangal, Via Sitapura, RIICO, OPP. EPIP Gate,
Tonk Road, Jaipur 302022
2. **Name and Address of the Affiliating University** : Rajasthan Technical University, Kota
Akelgarh Rawatbhata Road, Kota 324010
3. **Year of establishment of the Institution** : 2000
4. **Type of Institution** :
- University
- Deemed University
- Government Aided
- Autonomous
- Affiliated Yes
5. **Ownership Status** :
- Central Government
- State Government
- Government Aided
- Self Financing Yes
- Trust
- Society
- Section 25 Company
- Any Other (Please Specify)

Department of Computer Science and Engineering

6. Other Academic Institutions of the Trust/Society /Company etc., if any

Name of the Institutions (S)	Year of Establishment	Programs of Study	Location
JECRC UDML College of Engineering	Establishment 2007 Year of Closure 2014	CE, CSE, ECE, IT, ME	Kukas, Jaipur
JECRC University	2012	School of Engineering, School of Law, School of Design, School of Hotel Management, School of Management, School of Science and Humanities.	Goner Road, Ramchandrapura, Jaipur

10. Total Number of Engineering Students:

Item	CAY	CAYm1	CAYm2
Total No. of boys	3457	3499	3410
Total No. of Girls	750	811	815
Total No. of Students	4207	4310	4225

Table A.9c: Total Number of Engineering Students

11. Vision of the Institution:

To become a renowned centre of outcome based learning and work toward academic, professional, cultural and social enrichment of the lives of individuals and communities.

12. Mission of the Institution:

M1: Focus on evaluation of learning outcomes and motivate students to inculcate research aptitude by project based learning.

M2: Identify, based on informed perception of Indian, regional and global needs, the areas of focus and provide platform to gain knowledge and solutions.

M3: Offer opportunities for interaction between academia and industry.

M4: Develop human potential to its fullest extent so that intellectually capable and imaginatively gifted leaders can emerge in a range of professions.

Department of Computer Science and Engineering

13. Contact Information of the Head of the Institution and NBA Coordinator, If designated:

1. Name : Dr. Vinay Kumar Chandna
2. Designation : Principal
3. Mobile No. : 9891406784
4. Email ID : principal@jecrcmail.com

14. NBA Coordinator, if designated:

1. Name : Mr. Manish Jain
2. Designation : Dy. Director (Special Projects)
3. Mobile No. : 7229823455
4. Email ID : dydirector.sp@jecrc.ac.in

Department of Computer Science and Engineering

PART B: Criteria Summary

Name of the program: COMPUTER SCIENCE AND ENGINEERING

Criteria No.	Criteria	Mark/Weightage
Program Level Criteria		
1.	Vision, Mission and Program Educational Objectives	60
2.	Program Curriculum and Teaching – Learning Processes	120
3.	Course Outcomes and Program Outcomes	120
4.	Students' Performance	150
5.	Faculty Information and Contributions	200
6.	Facilities and Technical Support	80
7.	Continuous Improvement	50
Institute Level Criteria		
8.	First Year Academics	50
9.	Student Support Systems	50
10.	Governance, Institutional Support and Financial Resources	120
	Total	1000

CRITERION 1

Vision, Mission and Program Educational Objectives (60)

Department of Computer Science and Engineering

CRITERION 1	Vision, Mission and Program Educational Objectives	60
--------------------	---	-----------

1. VISION, MISSION AND PROGRAM EDUCATIONAL OBJECTIVES (60)

1.1 State the Vision and Mission of Department and Institute (5)

(Vision statement typically indicates aspirations and Mission Statement states the broad approach to achieve aspirations)

(Here Institute Vision and Mission statements have been asked to ensure consistency with the department Vision and Mission statements; the assessment of the Institute Vision and Mission will be taken up in Criterion 10)

VISION OF COMPUTER SCIENCE AND ENGINEERING DEPARTMENT

To become renowned centre of excellence in Computer Science and Engineering and make competent engineers & professionals with high ethical values prepared for lifelong learning.

MISSION OF COMPUTER SCIENCE& ENGINEERING DEPARTMENT

M1: To impart outcome based education for emerging technologies in the field of Computer Science and Engineering.

M2: To provide opportunities for interaction between academia and industry.

M3: To provide platform for lifelong learning by accepting the change in technologies.

M4: To develop aptitude of fulfilling social responsibilities.

VISION OF JAIPUR ENGINEERING COLLEGE AND RESEARCH CENTRE

To become a renowned center of outcome based learning and work towards academic, professional, cultural and social enrichment of the lives of individuals and communities.

MISSION OF JAIPUR ENGINEERING COLLEGE AND RESEARCH CENTRE

M1: Focus on evaluation of learning outcomes and motivate students to inculcate research aptitude by project based learning.

M2: Identify, based on informed perception of Indian, regional and global needs, the areas of focus and provide platform to gain knowledge and solutions.

M3: Offer opportunities for interaction between academia and industry.

M4: Develop human potential to its fullest extent so that intellectually capable and imaginatively gifted leaders can emerge in a range of professions.

Department of Computer Science and Engineering

Consistency of Institute Vision with the Department Vision

	<p>Departmental Vision</p> <p>To become renowned centre of excellence in Computer Science and Engineering and make competent engineers & professionals with high ethical values prepared for lifelong learning.</p>
<p>To become a renowned center of outcome based learning and work towards academic, professional, cultural and social enrichment of the lives of individuals and communities.</p>	H

Table B.1.1a: Mapping of Institute Vision with Department Vision

Consistency of Institute Mission with the Department Mission

	<p>Departmental Mission</p> <p>To impart outcome based education for emerging technologies in the field of Computer Science and Engineering.</p>	<p>To provide opportunities for interaction between academia and industry.</p>	<p>To provide platform for lifelong learning by accepting the change in technologies</p>	<p>To develop aptitude of fulfilling social responsibilities</p>
<p>Focus on evaluation of learning outcomes and motivate students to inculcate research aptitude by project based learning.</p>	H	H	H	M
<p>Identify, based on informed perception of Indian, regional and global needs, the areas of focus and provide platform to gain knowledge and solutions.</p>	H	H	H	H
<p>Offer opportunities for interaction between academia and industry.</p>	H	H	H	M
<p>Develop human potential to its fullest extent so that intellectually capable and imaginatively gifted leaders can emerge in a range of professions.</p>	H	H	H	H

Table B.1.1b: Mapping of Institute Mission with Department Mission

Department of Computer Science and Engineering

Justification:

The above table shows the consistency of Mission of Institute with Mission of the department.

If all the keywords of Mission of Institute are found consistent with the Mission of the Department then High (H) is marked. If some of the keywords of Mission of Institute are found moderately consistent with the Mission of the Department then Medium (M) is marked. If some of the keywords of Mission of Institute are found consistent with the Mission of the Department then Low (L) is marked.

After taking the feedback from all the faculty members of the department if the consistency found is above 90% then (H) is marked. If consistency is found between 60-90% then (M) is marked and if <60% then the particular block is marked Low (L).

Why High:

If (✓) is marked in all blocks i.e. all the keywords of Mission of the Institute are found consistent with the Mission of the Department so it must be rated high.

Why Medium:

If ✓ is marked in 50% or above blocks i.e. Mission of the Institute is moderately consistent with the Mission of the Department.

Why Low:

If ✓ is marked in less than 50% i.e. Mission of the Institute is found inconsistent with the Mission of the Department.

		Departmental Mission			
		Institute Mission M1 Keywords			
			To impart outcome based education for emerging technologies in the field of Computer Science and Engineering.	To provide opportunities for interaction between academia and industry.	To provide platform for lifelong learning by accepting the change in technologies
Evaluation of Learning Outcomes.			✓	✓	✓
Research aptitude and projects			✓	✓	✓

Table B.1.1f: Justification of mapping of Institute Mission M4 with Department Mission

1.2 State the Program Educational Objectives (PEOs)(5)

(State the PEOs (3 to 5) of program seeking accreditation)

PEO1: To provide students with the fundamentals of engineering sciences with more emphasis in Computer Science and Engineering by way of analyzing and exploiting engineering challenges.

Department of Computer Science and Engineering

PEO2: To train students with good scientific and engineering knowledge so as to comprehend, analyze, design, and create novel products and solutions for the real life problems in Computer Science and Engineering

PEO3: To inculcate professional and ethical attitude, effective communication skills, teamwork skills, multidisciplinary approach, entrepreneurial thinking and an ability to relate engineering issues with social issues for Computer Science and Engineering.

PEO4: To provide students with an academic environment aware of excellence, leadership, written ethical codes and guidelines, and the self-motivated life-long learning needed for a successful professional career in Computer Science and Engineering.

PEO5: To prepare students to excel in Industry and Higher education by Educating Students along with high moral values and knowledge in Computer Science and Engineering.

1.3 Indicate where the Vision, Mission and PEOs are published and disseminated among stakeholders (10)

(Describe where (Website, Curricula, and Posters etc.) the Vision, Mission and PEOs are published and detail the process which ensures awareness among internal and external stakeholders with effective process implementation.)

(Internal stakeholders may include Management, Governing Board Members, faculty, support staff, students etc. and external stakeholders may include employers, industry, alumni, funding agencies, etc.)

- College Website : www.jecrc.in
- Board Room
- Board of Governance
- Departmental Magazine/News Letter
- College Magazine
- Department Library
- Faculty Course File
- HOD Office and Staff Rooms
- Notice Boards

- Alumni Connect Cell
- Professional Bodies(IEEE, IETE, CSI)
- Industry
- Parents

Department of Computer Science and Engineering

1.4 State the process for defining the Vision and Mission of the Department, and PEOs of the Program (25)

(Articulate the process involved in defining the Vision and Mission of the department and PEOs of the program.)

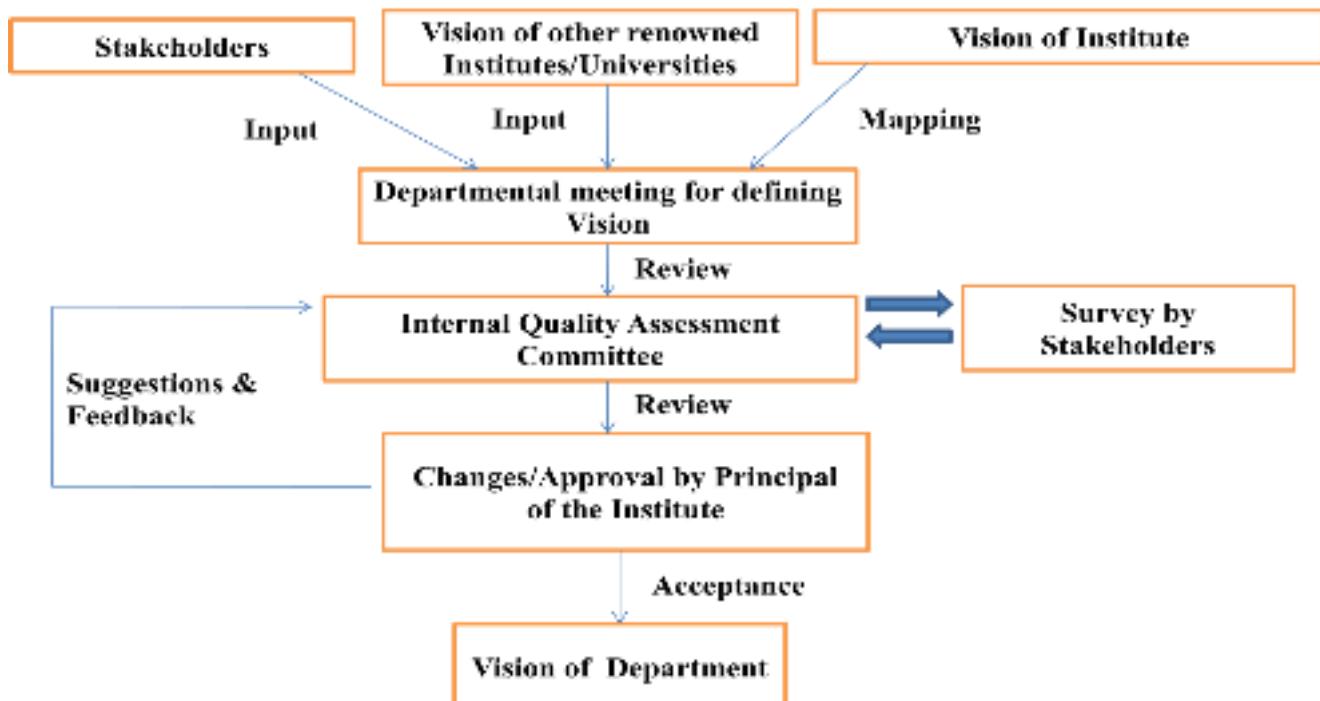

Figure1.4a: Process for defining Vision of the Department

With the active participation of HOD, Internal Quality Assessment Committee, faculty members and staff along with the continuous feedback from stakeholders, the Vision and Mission statement of the department was developed in alignment with Vision and Mission of the Institute.

- These statements are discussed further among faculty members before finalization.
- These statements are discussed among students also before finalization.
- The new Vision and Mission statements are sent to the Internal Quality Assessment Committee for changes.
- Finally the Vision and Mission are approved by the Principal of Institution.

Department of Computer Science and Engineering

PEOs are the characteristics of graduates of a program, which enable the students to become successful professionals in their field. The department has documented measurable PEOs for its Bachelor of Technology in Computer Science Engineering programmed taking into account the program's constituencies and the mission of college. The PEOs are established in the light of the vision and mission statements of the department.

Our process for establishing and revising Program Educational Objectives (PEOs) is depicted in Figure 1.4c below. Vision and Mission of the Institute, Department and Graduate attributes recommended by NBA are taken as directorial factors in forming the PEOs. Stakeholder inputs are obtained through extensive surveys with follow-up telephone calls by the Department HOD and associated faculties.

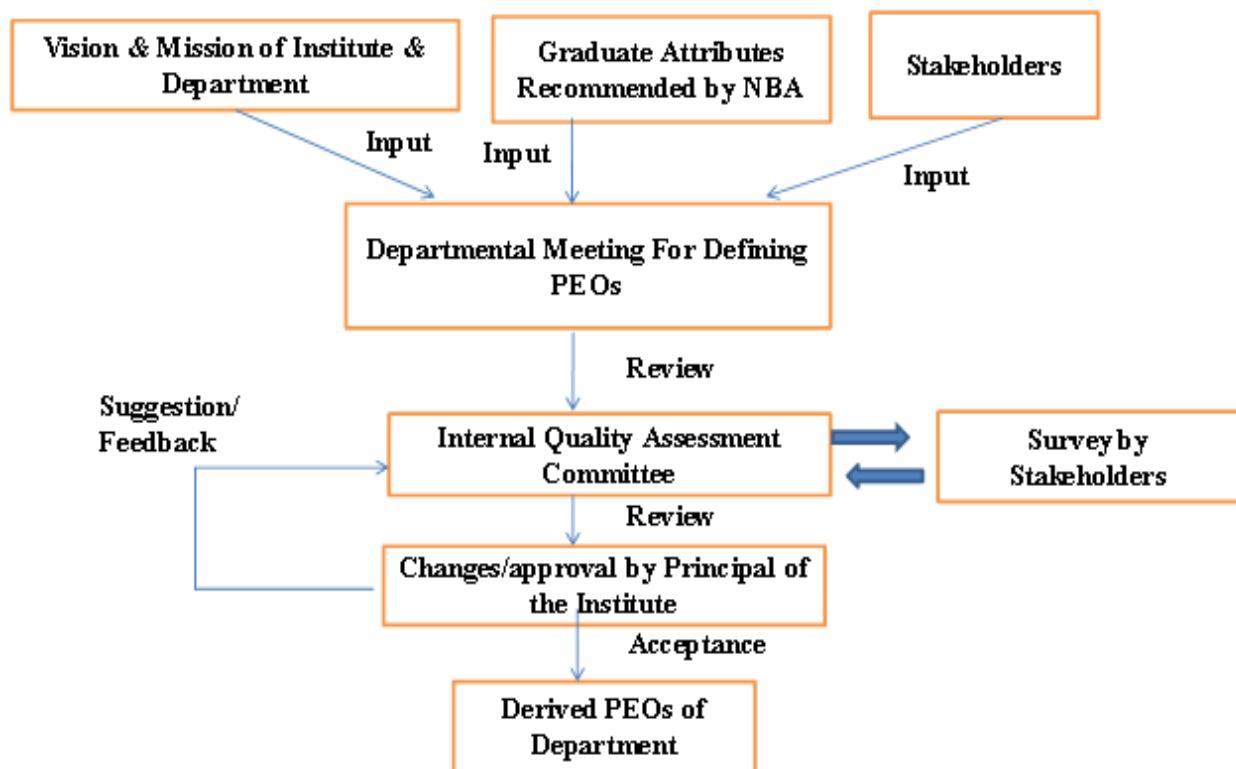

Figure 1.4c: Process for defining PEOs of Department

Stakeholder inputs to our program educational objectives are obtained in a number of traditional ways by the Department HOD & associated faculties. These feedbacks are condensed and presented to IQAC at the faculty meeting and the final report is sent to Principal of the Institution for review and acceptance.

PEOs Evaluation Form

S.N.	PEO's	5	4	3	2	1
1	To produce graduates who are able to apply computer engineering knowledge to provide turn-key IT solutions to national and international organizations.				✓	
2	To prepare students to excel in Industry and Higher education by Educating Students along with High moral values and Knowledge	✓				
3	To able graduates to design embedded systems for industrial applications.			✓		
4	To provide students with the fundamentals of Engineering Sciences with more emphasis in Computer science and engineering by way of analyzing and exploiting engineering challenges.	✓				✗
5	To prepare graduates who can work in new areas such as mobile, multimedia and GIS based application development			✓		
6	To train students with good scientific and engineering knowledge so as to comprehend, analyze, design, and create novel products and solutions for the real life problems.	✓				
7	To inculcate professional and ethical attitude, effective communication skills, teamwork skills, multidisciplinary approach, entrepreneurial thinking and an ability to relate engineering issues with social issues.	✓				
8	To provide students with an academic environment aware of excellence, leadership, written ethical codes and guidelines, and the self-motivated life-long learning needed for a successful professional career.	✓

1.5 Establish Consistency of PEOs with Mission of the Department (15)

(Generate a "Mission of the Department – PEOs matrix" with justification and rational of the mapping)

Note: M1, M2,....Mn are distinct elements of Mission statement. Enter correlation levels 1, 2 or 3 as defined below

1: slight (Low) 2: Moderate (Medium) 3: Substantial (High) if there is no correlation put “-”

	To impart outcome based education for emerging technologies in the field of Computer Science and Engineering.	To provide opportunities for interaction between academia and industry.	To provide platform for lifelong learning by accepting the change in technologies	To develop aptitude of fulfilling social responsibilities
To provide students with the fundamentals of engineering science with more emphasis in Computer Science and Engineering by way of analyzing and exploiting engineering challenges.	H	H	H	M
To train students with good scientific and engineering knowledge for Computer Science and Engineering so as to comprehend, analyze, design, and create novel products and solutions for the real life problems.	H	H	H	M
To inculcate professional and ethical attitude, effective communication skills, teamwork skills, multidisciplinary approach, entrepreneurial thinking and an ability to relate engineering issues with social issues for Computer Science and Engineering.	M	H	M	H
To provide students with an academic environment aware of excellence, leadership, written ethical codes and guidelines, and the self-motivated life-long learning needed for a successful professional career in Computer Science and Engineering.	M	H	H	M
To prepare students to excel in Industry and Higher Education by Educating Students along with high moral values and knowledge in Computer Science and Engineering.	H	H	H	M

Table B.1.5a: Mapping of PEOs with Mission of the Department

Department of Computer Science and Engineering

Justification:

The above table shows the consistency of PEOs with Mission of the department. The reasons behind marking High, Medium and Low are as follows:

PEOs are divided into keywords and then correlation is checked with all Mission.

After taking the feedback from all the faculty members of the department if the consistency found is above 90%, (✓) is marked. If consistency is found between 75-90%, the particular block is left blank.

Why High:

If (✓) is marked in all blocks i.e. all the keywords of PEOs are found consistent with the Mission so it must be rated high.

Why Medium:

If ✓ is marked in 50% or above blocks i.e. PEOs is moderately consistent with the Mission of the department.

Why Low:

If ✓ is marked in less than 50% i.e. PEOs is found inconsistent with the Mission of the department.

MISSION	To impart outcome based education for emerging technologies in the field of Computer Science and Engineering.	To provide opportunities for interaction between academia and industry.	To provide platform for lifelong learning by accepting the change in technologies.	To develop aptitude of fulfilling social responsibilities.
PEO 1 Keywords				
Fundamentals of Engineering Sciences.	✓	✓	✓	
Analyzing & exploiting engineering challenges.	✓	✓	✓	✓

Table B.1.5b: Justification of mapping of PEO 1 with Mission

Department of Computer Science and Engineering

MISSION	To impart outcome based education for emerging technologies in the field of Computer Science and Engineering.	To provide opportunities for interaction between academia and industry.	To provide platform for lifelong learning by accepting the change in technologies.	To develop aptitude of fulfilling social responsibilities.
PEO 2 Keywords				
Good scientific and engineering knowledge.	✓	✓	✓	
Create novel products and solutions for the real life problems.	✓	✓	✓	✓

Table B.1.5c: Justification of mapping of PEO 2 with Mission

MISSION	To impart outcome based education for emerging technologies in the field of Computer Science and Engineering.	To provide opportunities for interaction between academia and industry.	To provide platform for lifelong learning by accepting the change in technologies.	To develop aptitude of fulfilling social responsibilities.
PEO 3 Keyword				
Professional and ethical attitude.	✓	✓	✓	✓
Communication skills, teamwork skills.		✓		✓
Multidisciplinary approach.	✓	✓	✓	✓
Entrepreneurial thinking.		✓	✓	✓
Relate engineering issues with social issues.	✓	✓	✓	✓

Table B.1.5d: Justification of mapping of PEO 3 with Mission

MISSION	To impart outcome based education for emerging technologies in the field of Computer Science and Engineering.	To provide opportunities for interaction between academia and industry.	To provide platform for lifelong learning by accepting the change in technologies.	To develop aptitude of fulfilling social responsibilities.
PEO 4 Keywords				
Academic environment aware of excellence, leadership, written ethical codes.	✓	✓	✓	
Successful professional career.	✓	✓	✓	✓
Self-motivated life-long learning.		✓	✓	✓

Table B.1.5e: Justification of mapping of PEO 4 with Mission

Department of Computer Science and Engineering

MISSION	To impart outcome based education for emerging technologies in the field of Computer Science and Engineering.	To provide opportunities for interaction between academia and industry.	To provide platform for lifelong learning by accepting the change in technologies.	To develop aptitude of fulfilling social responsibilities.
PEO 5 Keywords				
Excel in Industry and Higher education.	✓	✓	✓	
High moral values and Knowledge.	✓	✓	✓	✓

Table B.1.5f: Justification of mapping of PEO 5 with Mission

Feedback Form of Mapping of PEOs with Mission

JAIPIRE ENGINEERING COLLEGE & RESEARCH CENTRE Dept. of Computer Science & Engineering Page No. 102 - The are six rows of Mission statement. Please mark 'High', 'M' or 'Low' depend on below 1. Right (High) / Moderate (Medium) / Substantial (Low) if there is no concerned point.				
MISSION	To impart outcome based education for emerging technologies in the field of Computer Science and Engineering.	To provide opportunities for interaction between academia and industry.	To provide platform for lifelong learning by accepting the change in technologies.	To develop aptitude of fulfilling social responsibilities.
To provide students with the fundamentals of engineering science with more emphasis on Computer Science & Engineering by way of analyzing and exploring engineering challenges.	H	M	H	M
To train students with good scientific and engineering knowledge for Computer Science & Engineering so as to comprehend, analyze, design, and create novel products and solutions for the real life problems.	H	H	M	M
(i) inculcate professional and ethical attitude, effective communication skills, teamwork skills, multidisciplinary approach, entrepreneurial thinking and an ability to relate engineering issues with social issues for Computer Science & Engineering.	M	H	M	H
To provide students with an awareness of environmental issues of sustainability, leadership, written ethical conduct, guidelines, and the self-motivation, lifelong learning needed for a successful professional career in Computer Science & Engineering.	M	H	M	H
To prepare students to excel in Industry and Higher Education by educating students along with high moral values and knowledge in Computer Science & Engineering.	M	H	H	H

Table B.2.1d: Scheme for 4th Year

For reference:

- <http://www.rtu.ac.in/RTU/wp-content/uploads/2017/07/Scheme-B.Tech-1st-Year.pdf>
- http://www.rtu.ac.in/RTU/wp-content/uploads/2015/10/CS_3_8_syllabus%2007102015.pdf

The above link states complete detailed syllabus of Department of Computer Science and Engineering.

The curriculum of Department of Computer Science and Engineering is affiliated to Rajasthan Technical University, Kota. It comprises of mathematics, electronics core and professional core component in relation Computer Science and Engineering. For identifying the gaps subjects are mapped with program outcomes where subjects are classified in categories i.e. advanced mathematics, electronics core and professional core, elective.

Department of Computer Science and Engineering

PROGRAM OUTCOMES

1. **Engineering knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals and Computer Science and Engineering specialization to the solution of complex Computer Science and Engineering problems.
2. **Problem analysis:** Identify, formulate, research literature, and analyse complex Computer Science and Engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
3. **Design/development of solutions:** Design solutions for complex Computer Science and Engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
4. **Conduct investigations of complex problems:** Use research-based knowledge and research methods including design of Computer Science and Engineering experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
5. **Modern tool usage:** Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modelling to complex Computer Science Engineering activities with an understanding of the limitations.
6. **The engineer and society:** Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional Computer Science and Engineering practice.
7. **Environment and sustainability:** Understand the impact of the professional Computer Science and Engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
8. **Ethics:** Apply ethical principles and commit to professional ethics and responsibilities and norms of the Computer Science and Engineering practice.
9. **Individual and team work:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings in Computer Science and Engineering.
10. **Communication:** Communicate effectively on complex Computer Science and Engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
11. **Project management and finance:** Demonstrate knowledge and understanding of the Computer Science and Engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
12. **Life-long learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change in Computer Science and Engineering.

Department of Computer Science and Engineering

PROGRAM SPECIFIC OUTCOMES

PSO1: Ability to interpret and analyze network specific and cyber security issues in real world environment.

PSO2: Ability to design and develop mobile and web-based applications under realistic constraints.

Different courses emphasize on contribution to different POs and PSOs resulting in ultimate attainment of POs and PSOs upon completion of all courses and thus the program. Every course has decent importance to elementary ideas, tools and techniques and stress on sensible implementations. This provides a powerful correlation between the course outcomes and program outcomes, developing necessary skills in students, creating them practiced engineers.

The following table divides RTU subject in following five course components. It also explains the contribution of each category among Lecture, Tutorial and Practical. It also explains the relevance of each course component with POs and PSOs.

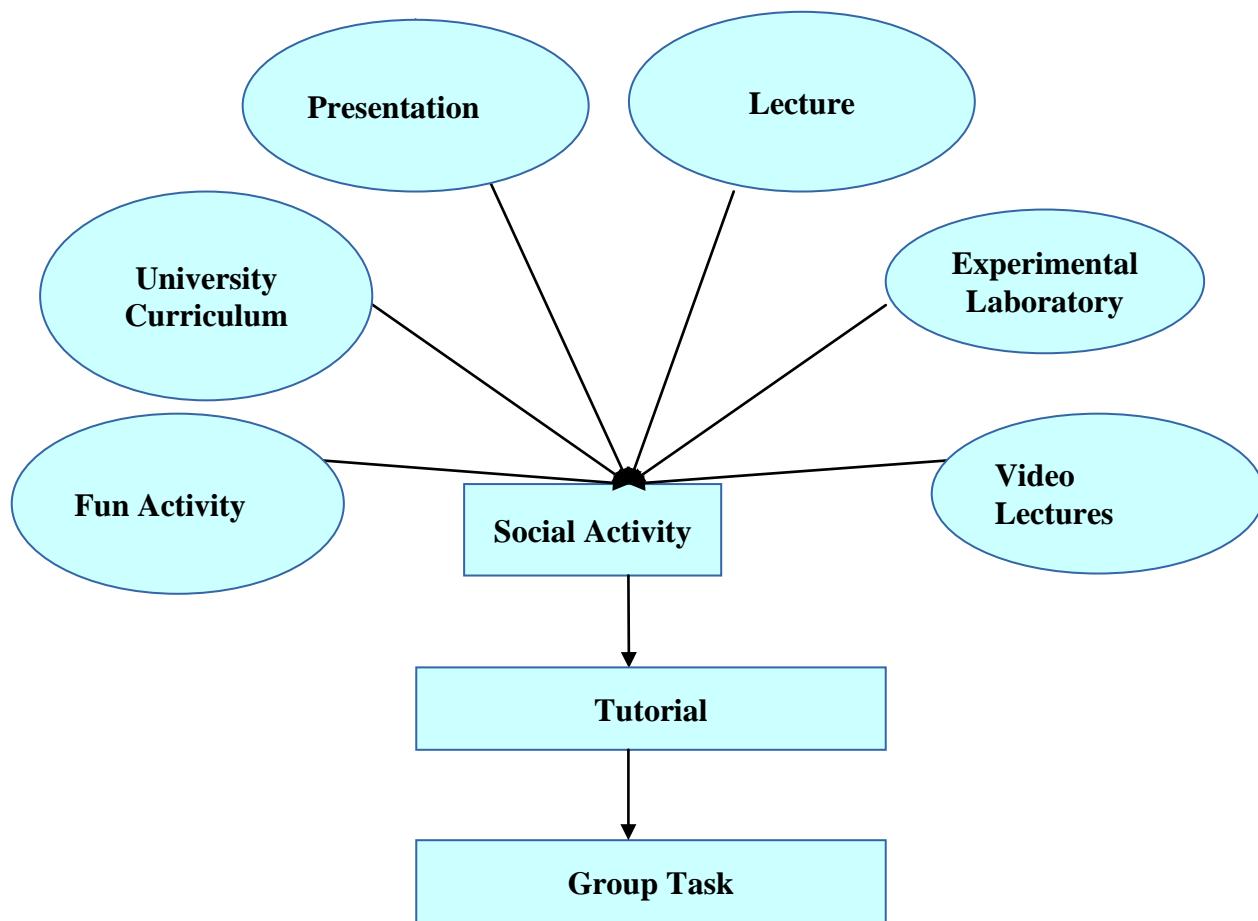

Based on RTU Program Course Component Grouping	Coverage %			POs	PSOs
	L	T	P		
Applied Science	36/135=26 .66%	6/6= 100%	16/92= 17.39%	PO1,PO2,PO3, PO12	-
Electronics Core	21/135= 15.55%	-	22/92= 23.91%	PO1,PO2,PO3,P05,PO10,PO12	PSO1
Professional Core (CSE)	66/135= 48.88%	-	46/92= 50%	PO1- PO12	PSO1, PSO2
Professional Elective	12/135= 8.88%	-	-	PO1,PO2,PO3,P04,P05,P08,PO 9,PO10,PO11,PO12	PSO1
Project/Seminar Lab	-	-	8/92= 8.69%	PO2,PO3,PO9, PO10, PO11, PO12	PSO1, PSO2

Table B.2.1f:Course Component Relevance with POs of the Department

Department of Computer Science and Engineering

2.1.1. State the process used to identify extent of compliance of the University curriculum for attaining the Program Outcomes and Program Specific Outcomes as mentioned in Annexure I. Also mention the identified curricular gaps, if any (10)

(State the process details; also mention identified curricular gaps).

*IQAC- Internal Quality Assessment Committee

Figure 2.1.1a: GAP Identification Process

The procedure adopted for finding the curriculum gaps is shown in figure 2.1.1a and the process used to identify extent of compliance of University curriculum for attaining the pos and peos.

- Feedback from the teacher handling the course.
- Input from Industry experts/ employers.
- Based on the feedback from students.
- Based on the feedback from parents.
- Based on alumni feedback.
- Based on the analysis of other universities's curriculum

Department of Computer Science and Engineering

Identified gaps:

Following gaps were identified that are required for industry oriented & learning of emerging technologies

- Practical Aspects of Cloud Computing Concepts like Virtualization
- Front end and User interface designing tools
- Open Source Tools required for programming & designing database
- Learning Practical tool required like WEKA, for data mining
- Open Source Cloud Deployment and Security Tools
- Emerging tools like BIG DATA, IoT, Drupal Tool, R Language etc.
- Practical aspects of Android, Web Development, Networking.
- Mobile App Development
- Leadership Skills
- Social Awareness and Ethics

The following process is used to identify extent of compliance of the University Curriculum and to fill the identified gaps for attaining the POs and PSOs.

- **Lectures:** Faculty of the CSE Department effectively teach students about a concerned subject. Faculties convey significant information, history, background, theories, analogies and equations to make the concepts clear.
- **Tutorials:** Faculty helps the students by solving number of problems by dividing them in groups and faculty Member mentors the students.
- **Triangle Method:** During lecture HOD visits class room along with two senior faculty members in which one of the faculty is the expert of the respective subject. They observe the teaching method followed by Faculty Member and analyzes the importance of content. After Class, HOD shares feedback to the faculty member.
- **Experimental Laboratory Work:** Laboratory work demonstrates how theory can be verified by experiments through interpretation of results.
- **Hand-outs:** Gives a quick insight to the course. It helps the slow learners to face the exams with confidence.
- **Presentations:** Faculty members also provide PPT and Videos related to course. Videos effectively communicate the working of actual engineering solutions-long learning in the appropriate societal context.
- **E-Book/Digital Library/Video Lectures:** The facility of (multi Media) Digital Library is available where all interested students & faculty members may read e-books and e-journals which are available on NPTEL, expert lectures on you tube.
- **Group Tasks:** Through group task the concepts of engineering that the student has understood in the course is showcased. This helps to do work in groups effectively.
- **Social Activity:** Gives a sense of social responsibility to a student under ABHUYDAY which includes Zarurat, Soch, Suhasini and Aashayen group.

Department of Computer Science and Engineering

- **Fun Activity:** Here, each concerned faculty teaches his/her subject with the help of fun activity like making group and debates based on topics so that the student can learn the topic in visualized manner.
- **Government/ AICTE Initiative :** All the interactive courses prepared by best teachers in the country are taught through Swayam, NPTEL, and Virtual lab from IIT Mumbai, Internshala and ICT courses through NITTTR Chandigarh.
- **FDP/Conference/Workshop:** Faculty members take knowledge about the latest technology and deliver the same to students.
- **E-Book/Digital Library/Video Lectures:** The facility of (multi Media) Digital Library is available where all interested students & faculty members may read e-books and e-journals which are available on NPTEL, expert lectures on you tube.
- **Invited Talks, Workshops and Seminars** on the latest trends in technology are done from the industry person.

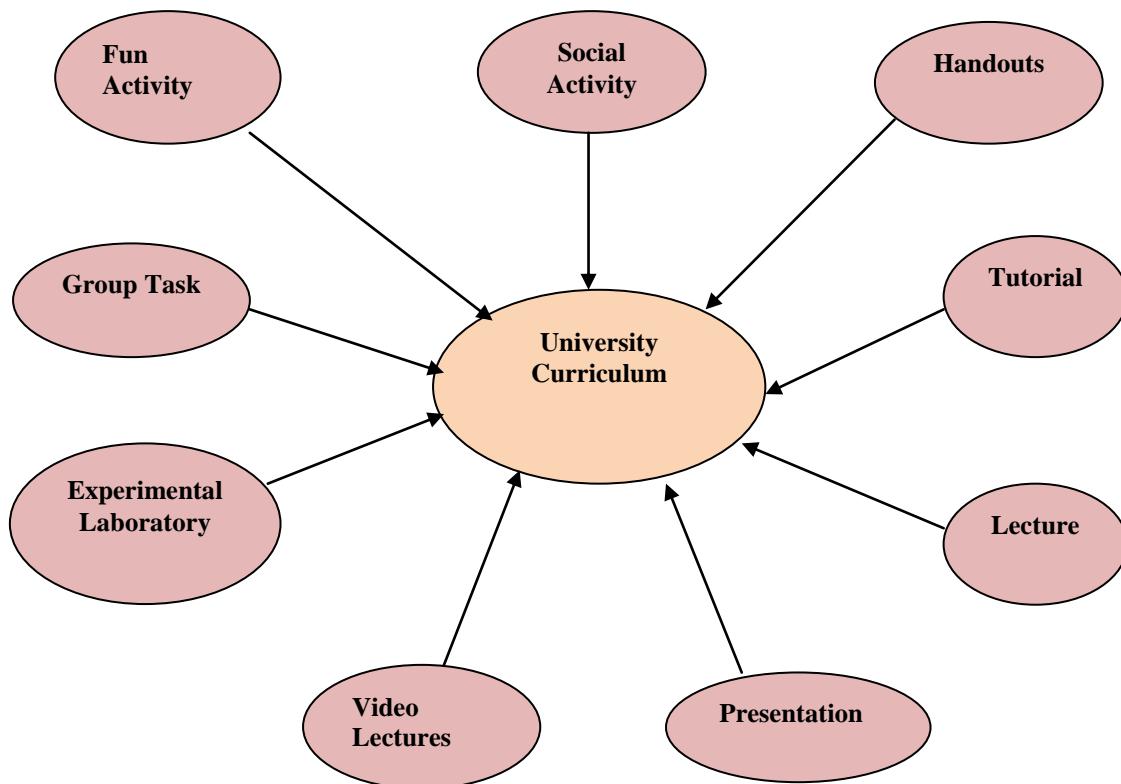

Figure 2.1.1b: Process to Adhere the University curriculum for attaining the POs and PSOs

Department of Computer Science and Engineering

Course Delivery	Attainment of POs	Attainment of PSOs	Justification
Lecturing	PO1,PO2,PO3,PO4,PO8,PO9, PO10,PO12	PSO1	<ul style="list-style-type: none"> • Faculties of the CSE Department effectively teach students about a concerned subject. • Faculties convey significant information, history, background, theories, analogies and equations to make the concepts clear. • Faculties relate engineering practice to the real world.
Tutorial	PO1,PO2,PO3,PO4,PO8,PO9, PO10,PO12	PSO1	<ul style="list-style-type: none"> • Faculties help the slow learners by solving more number of similar problems. • Any specific problem is also entertained by Faculty Members.
Presentations (Still and Video)	PO1,PO4,PO5,PO9, PO10, PO11	PSO1, PSO2	<ul style="list-style-type: none"> • Presentations are given to illustrate ideas and concepts. • Presentations give information with data relating to an issue. • Videos effectively communicate the working of actual engineering solutions-long learning in the appropriate societal context.
Experimental and laboratory work	PO1,PO2,PO3,PO5,PO9,PO10, PO12	PSO1,PSO2	<ul style="list-style-type: none"> • Laboratory work demonstrates how theory can be verified by experiments through interpretation of results. • Experiments are normally done in groups thereby encouraging students to do team work.
Group tasks (Projects)	PO4, PO7, PO8, PO9, PO10, PO11	PSO1,PSO2	<ul style="list-style-type: none"> • Here the concepts of engineering that the student has understood in the course are showcased. This helps to do work in groups effectively
Hand-outs	PO1, PO2, PO3, PO4, PO12	-	<ul style="list-style-type: none"> • Gives a quick insight to the course. • It helps the slow learners to face the exams with confidence
Social Activities/Fun Activity	PO6,PO7,PO8,PO9,PO10	-	<ul style="list-style-type: none"> • Gives a sense of social responsibility to a student. • Teaching students with visualization method like debate and quiz

Department of Computer Science and Engineering

2.1.2. State the delivery details of the content beyond the syllabus for attainment of POs and PSOs (10)

(Provide details of the additional course/learning material/content/laboratory experiments/projects etc., arising from the gaps identified in 2.1.1 in a tabular form in the format given below)

Session 2017-18

S.No	GAP	Action Taken	Date-Month-Year	Resource Person with designation	% of students	Relevance To POs
1.	Leadership Skills	Entrepreneurship Awareness Camp	29-31 Aug. 2017	Mr. Rohit Sharma	80%-87%	PO3-PO12
2.	Leadership Skills	Tedx (Incubation Centre), Takniki Bhawan, Jhalana, Jaipur	31 Aug. 2017	Mr. Rohit Sharma	72%-83%	PO3-PO12
3.	Mobile App Development	Invited Talk on Mobile Apps By Forsk Technologies Pvt. Ltd.	12.09.2017	Mr. Yogender	75%-82%	PO1-5, PO9-12
4.	Emerging tools like BIG DATA, IoT, Drupal Tool, R Language etc.	Workshop on BIG DATA Technology (IIIT , Kharagpur , Utkranti, 2018	22-23 Sept.- 2017	Ms. Shradhha Godara	60%-69%	PO1,PO2, PO3,PO4, PO5,PO6, PO9, PO10,PO11,PO12
5.	Emerging tools like BIG DATA, IoT, Drupal Tool, R Language etc.	Workshop on Big Data Technology (Linux world pvt. Ltd	28 Oct.- 2017	Mr. Vimal Daga	80%-83%	PO1,PO2, PO3,PO4, PO5,PO6, PO9, PO10,PO11,PO12
6.	Emerging tools like BIG DATA, IoT, Drupal Tool, R Language etc.	Workshop on Machine Learning, Artificial intelligence (Linux world pvt. Ltd)	9 Feb.- 2018	Mr. Vimal Daga	72%-82%	PO1,PO2, PO3,PO4, PO5,PO6, PO9, PO10,PO11,PO12
7.	Learning Practical tool required like WEKA, for data mining	ICT BASED Short term course on “DATA MINING AND BUSINESS INTELLIGENCE” at NITTTR, Chandigarh	4.09.2017 to 8.09.2017	NITTTR, Chandigarh	75%-83%	PO1,PO2, PO3,PO4, PO5,PO6, PO9, PO10,PO11,PO12
8.	Social Awareness and Ethics	Nirbhaya Initiative	7 Oct 2017	Ms. Richa Gaur	50%-60%	PO6,PO8
9.	Front end and User interface designing tools	Workshop on Salesforce by Sambodhi Technology Pvt. Ltd.	17.01.2018 to 23.03.2018	Mr. Rajesh Kumar	50%-60%	PO1,PO2, PO3,PO4, PO5, PO9, PO10,PO11,PO12

Department of Computer Science and Engineering

Session 2016-17

S.No	GAP	Action Taken	Date-Month-Year	Resource Person with designation	% of students	Relevance To POs
1	Practical Aspects of Cloud Computing Concepts like Virtualization	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	31.08.2016	Mr. Amit Doegar, Asst. Professor, NITTTR, Chandigarh	60%-70%	PO1,PO2, PO3,PO4, PO5,PO10, PO11,PO12
2	Front end and User interface designing tools	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	29.08.2016 & 30.08.2016	Dr. Gaurav Kumar, Managing Director, Magma Research and Consultancy, Pvt. Ltd., Ambala	67%- 75%	PO1,PO2, PO3,PO4, PO5,PO9, PO10,PO11,PO12
3	Social Networking Tools(Course beyond Syllabus)	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	31.08.2016	Dr. Sarbjit Singh, Associate Professor, UIET, P.U., Chandigarh	70%-75%	PO1,PO2, PO3,PO4, PO5,PO6, PO9, PO10,PO11,PO12
4	Practical tool WEKA, used for data mining	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	29.08.2016 to 02.09.2016	Dr. Naveen Aggarwal, Associate Professor, UIET, P.U., Chandigarh	77%-79%	PO1,PO2, PO3,PO4, PO5,PO6, PO9, PO10,PO11,PO12
5	Introduction to PHP and MySQL	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	29.08.2016	Sangeeta Gupta, Jr. System programmer, NITTTR, Chandigarh	70%-75%	PO1,PO2, PO3,PO4, PO5,PO9, PO10,PO11,PO12
6	Open Source Security Tools	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	01.09.2016	Saurabh Kaushal, Technical Administrator, NITTTR, Chandigarh	73%-75%	PO1,PO2, PO3,PO4, PO5, PO9, PO10,PO11,PO12
7	Open Source Tool	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	01.09.2016	Mala Kalra, Asst. Professor, NITTTR, Chandigarh	78%-80%	PO1,PO2, PO3,PO4, PO5,PO6, PO9, PO10,PO11,PO12

Department of Computer Science and Engineering

8	R Language for Analytics	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	01.09.2016	Dr. Naveen Aggarwal, Associate Professor, UIET, P.U., Chandigarh	68%-75%	PO1,PO2, PO3,PO4, PO5,PO6, PO9, PO10,PO11,PO12
9	GIT Platform for Open Source Application Development, Open Source Cloud Deployment	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	02.09.2016	Mr. Vipin Gupta, U-NET Solutions Moga	60%-65%	PO1,PO2, PO3,PO4, PO5,PO9, PO10,PO11,PO12
10	On Open Source technology tools	International Workshop on Open Source Software, Drupal”	10-09-2016	Mr. Michael Canon Chief Operating Officer, Axelerant Technologies, Inc., Atlanta, US	69%-73%	PO1,PO2, PO3,PO4, PO5,PO6, PO9, PO10,PO11,PO12
11	Drupal Tool	International Workshop on Open Source Software, Drupal	10-09-2016	Mr. Nathan Roach (Japan), Content marketing associate, AxelerantTechnologies, Inc., Atlanta, US	69%-70%	PO1,PO2, PO3,PO4, PO5,PO9, PO10,PO11,PO12
12	Concepts of IOT	Technical Session on Internet of Things	15/10/2016	Shri Kaushal Kumar, Technical Manager, e-Infochips, Ahmedabad – 380 006.	65%-68%	PO1,PO2, PO3,PO4, PO5,PO6, PO9, PO10,PO11,PO12
14	Concepts of BIG DATA	Workshop on Big Data	21/01/2017	Mr. Vimal Daga Linux World Pvt. Ltd. Jaipur	62%-66%	PO1,PO2, PO3,PO4, PO5,PO6, PO9, PO10,PO11,PO12
15	Discussed GATE Questions and Solution, Discussed Flex tool	Material Provided and discussed in class	1/02/2017 & 2/02/2017	C.J.Nega Cheltha & Abhishek Dixit	80% & 76%	PO1 & PO2
16	Discussed the Data Compression Techniques to be used in the different research areas, Audio Compression and Video Compression	Taught in class and some Material Provided	3/03/2017	Kirti Choudhary	60%, 65%	PO1, PO4,PO5

Table B.2.1.2a: Details of Expert Talk/Lecture

Department of Computer Science and Engineering

Session 2015-16

S.No	GAP	Action Taken	Date-Month-Year	Resource Person with designation	% of students	Relevance To POs
1	Basic concepts of Adv. JAVA	Special Interest Group on “JAVA”	08.08.2015 & 20.09.2015	Ms. Vijaylaxmi, Asst. Professor	70%- 75%	PO1,PO2, PO3,PO4, PO5,PO9, PO10,PO11,PO12
2	Concepts of Android	Special Interest Group on “Android”	08.08.2015 & 20.09.2015	Mr. Arijant Jain, Asst. Professor	75%-80%	PO1,PO2, PO3,PO4, PO5, PO9, PO10,PO11,PO12
3	Introduction to PHP and MySQL	Special Interest Group on “PHP”	08.08.2015 & 20.09.2015	Ms. Seema Yadav, Asst. Professor	80%-82%	PO1,PO2, PO3,PO4, PO5, PO9, PO10,PO11,PO12
4	Focus on Web Development	Special Interest Group on “.NET”	08.08.2015 & 20.09.2015	Ms. Sarita, Asst. Professor	63%-65%	PO1,PO2, PO3,PO4, PO5,PO9, PO10,PO11,PO12
5	Concepts of Networking	Special Interest Group on “Networking”	08.08.2015 & 20.09.2015	Ms. Priya Gupta, Asst. Professor	55%-60%	PO1,PO2, PO3,PO4, PO5, PO9, PO10,PO11,PO12
6	Free Web-based distance learning program	MOOC (Massive Open Online Course)	08.08.2015 & 20.09.2015	Mr. Shashikant Singh, Asst. Professor	80%-85%	PO1,PO2, PO3,PO4, PO5,PO6, PO7, PO9, PO10,PO11,PO12
7	Overview of sensor networks , Sensors in mobile phones	Taught in class	14/3/2016	Shashikant Singh	73%	PO1,PO2,PO4,PO5
8	File System in NFS, distributed object based System	Material provided	12/3/2016	geerija lavania	75%	PO1,PO3,PO4

Table B.2.1.2b: Details of Expert Talk/Lecture

Department of Computer Science and Engineering

Session 2014-15

S.No	GAP	Action Taken	Date-Month-Year	Resource Person with designation	% of students	Relevance To POs
1	B-Tree, Selection Sorting, Merge Sorting, Discussed GATE Questions and solution	Lecture Taken, implementation done in Lab, Material Provided	10/9/2014& 12/9/2014	Anima Sharma & Richa Sharma	60% & 65%	PO1,PO2,PO3,PO 12
2	Discussed GATE Questions and solution, and industry work in Linux	Lecture Taken, implementation done in Lab	12/09/2014	Geerija lavania	85%	PO1, PO2
3	Complexity, Notations, Np complete problem	Lecture, Videos	12/03/2015, 17/03/2015	Mukesh Agarwal	65%, 50% & 55%	PO2,PO3,PO8
4	Discussed GATE Questions and Solution	Material Provided	13/04/15 & 15/04/15	C.J.Nega Cheltha	80%	PO1 & PO2

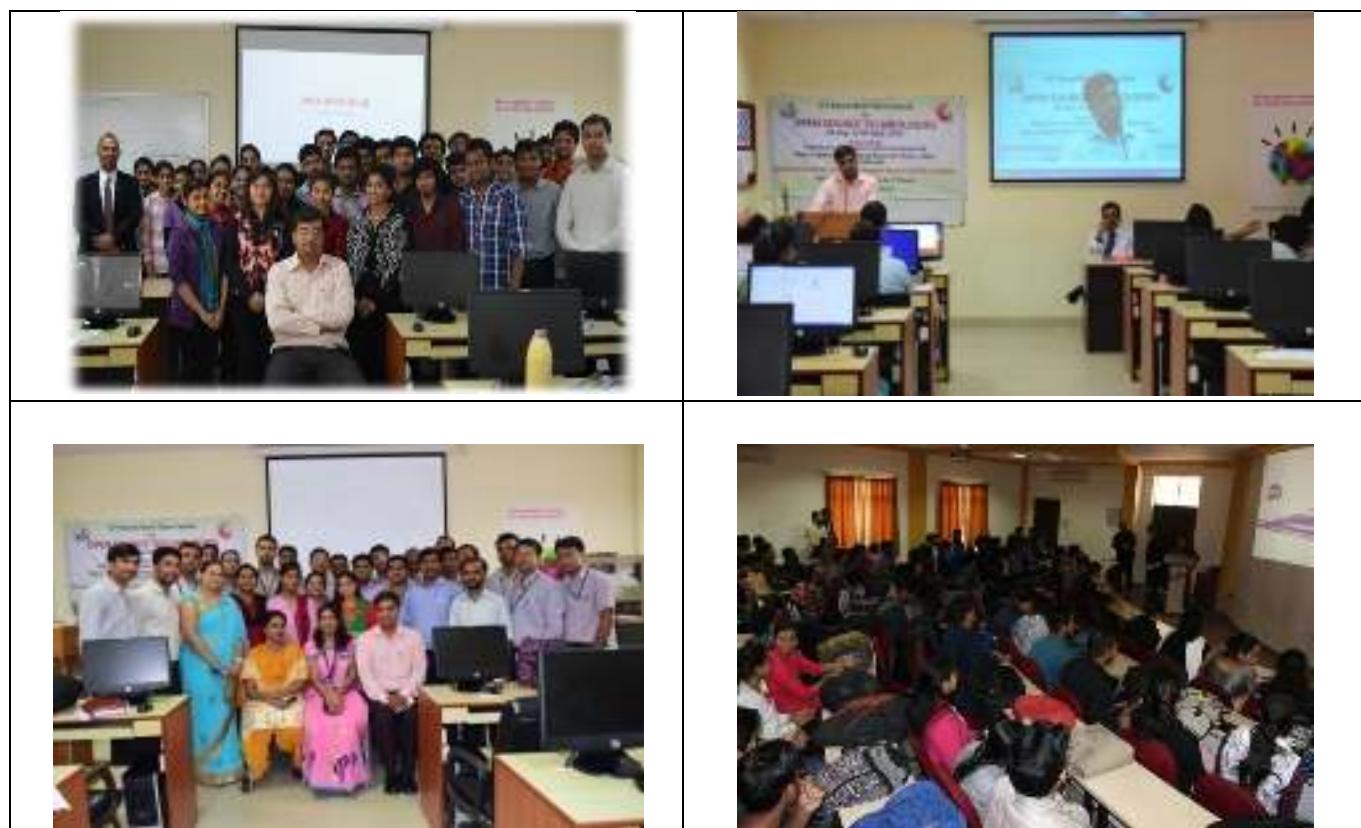

Figure 2.1.2a: Some Glimpses of Workshop

Department of Computer Science and Engineering

S. No.	Event Name	Number of participants	Faculty In-Charge
1	TECH PROBE (Technical Quiz Open for All)	Open for All	By Anchors/Volunteers
2	JAVALETs (Coding Competition in JAVA)	$64 \times 2 = 128$ (64 teams)	Ms. Hemlata Soni
3	JUST C (Coding Competition in C)	$289 \times 1 = 289$ (289 teams)	Mr. Amit Mithal
4	REVERSE ENGINEERING (Hardware Assembling)	$113 \times 2 = 226$ (130 teams)	Mr. Mukesh Agrawal
5	B-PLAN (Business Planning)	$16 \times 4 = 64$ (16 teams)	Ms. Geetika Gautam
6	SUBITO (App & Web Development)	$34 \times 2 = 68$ (34 teams)	Ms. Ashima Tiwari
7	EMBRYO (Technical Paper Presentation)	$48 \times 2 = 96$ (48 teams)	Dr. Bhavna Sharma
8	ENLIGHTENMENT (Meditation)	$56 \times 1 = 56$ (56 teams)	Mr. Mukesh Agrawal

Table B. 2.1.2d: Details of Technical Event Participation by Students

In-house Training Conducted By Industry Experts

S. No	Gap	Action taken	Expertise	Duration	Attained POs	Attained PSOs
1.	Salesforce Technology	Salesforce Training	Mr. Rajesh	3 months	PO1-5, PO9-12	PSO1, PSO2
2	Forsk Technology	Training	Mr. Yogender	30 hours	PO1-5, PO9-12	PSO1, PSO2
3.	Redhat Technology	Training by Network Nuts	Mr. Alok Shrivastav	40 hours	PO1-5, PO9-12	PSO1, PSO2
4.	Soft and Personality Development Skills	Expert Talks	Prof. P.K. Tiwari	1 month	PO8, PO10, PO12	NA
5.	Aptitude, Qualitative And Quantitative	FACE Classes	FACE Experts	1 month	PO1, PO12	NA

Table B.2.1.2e: Details of In-house Training Conducted By Industry Experts

Department of Computer Science and Engineering

Details of Industry Visit

1. Jaipur Metro Rail Corporation Ltd., Jaipur

Department of Computer Science and Engineering conducted industrial visit for 2nd Year students to Jaipur Metro Rail Corporation Ltd., Jaipur on 17th January 2017. Jaipur Metro project is totally funded by the state government and its agencies, namely, Rajasthan Housing Board, Jaipur Development Authority, Rajasthan State Industrial Development and Investment Corporation Ltd. The Jaipur Metro uses cab signaling along with a centralized automatic train control system consisting of automatic train protection and automatic train signaling modules.

- Faculty Coordinator : Mr. Gajendra Sharma, Mr. Ashish Ameria
- Date of Visit : 17/01/2017
- No. of Student : 65
- Field of Industry : Service
- SPOC of JMRC : Mr. Pulkit Mathur (DGM S&T)
Mr. Arun (Chief Controller OCC)

2. The Industrial Visit at eInfochips, Ahmadabad

Department of CSE conducted another successful industrial visit for 3rd year students to an IT cum Core Company, eInfochip Pvt. Ltd, Ahmadabad from Feb 19th-20th, 2017. The students got the golden opportunity to understand the know-how the IoT cloud live process.

- Faculty Coordinator : Mr. Ashish Ameria, Ms. Deeksha Mathur
- Date of Visit : 17/01/2017
- No. of Student : 42
- Field of Industry : Software
- SPOC of JMRC : Mr. Shashank Waman Khare (Chief Technology Officer)

JMRC

eInfochips

Department of Computer Science and Engineering

2.2. Teaching - Learning Processes (100)

2.2.1. Describe Processes followed to improve quality of Teaching & Learning (25)

(Processes may include adherence to academic calendar and improving instruction methods using pedagogical initiatives such as real world examples, collaborative learning, quality of laboratory experience with regard to conducting experiments, recording observations, analysis of data etc. encouraging bright students, assisting weak students etc. The implementation details and impact analysis need to be documented)

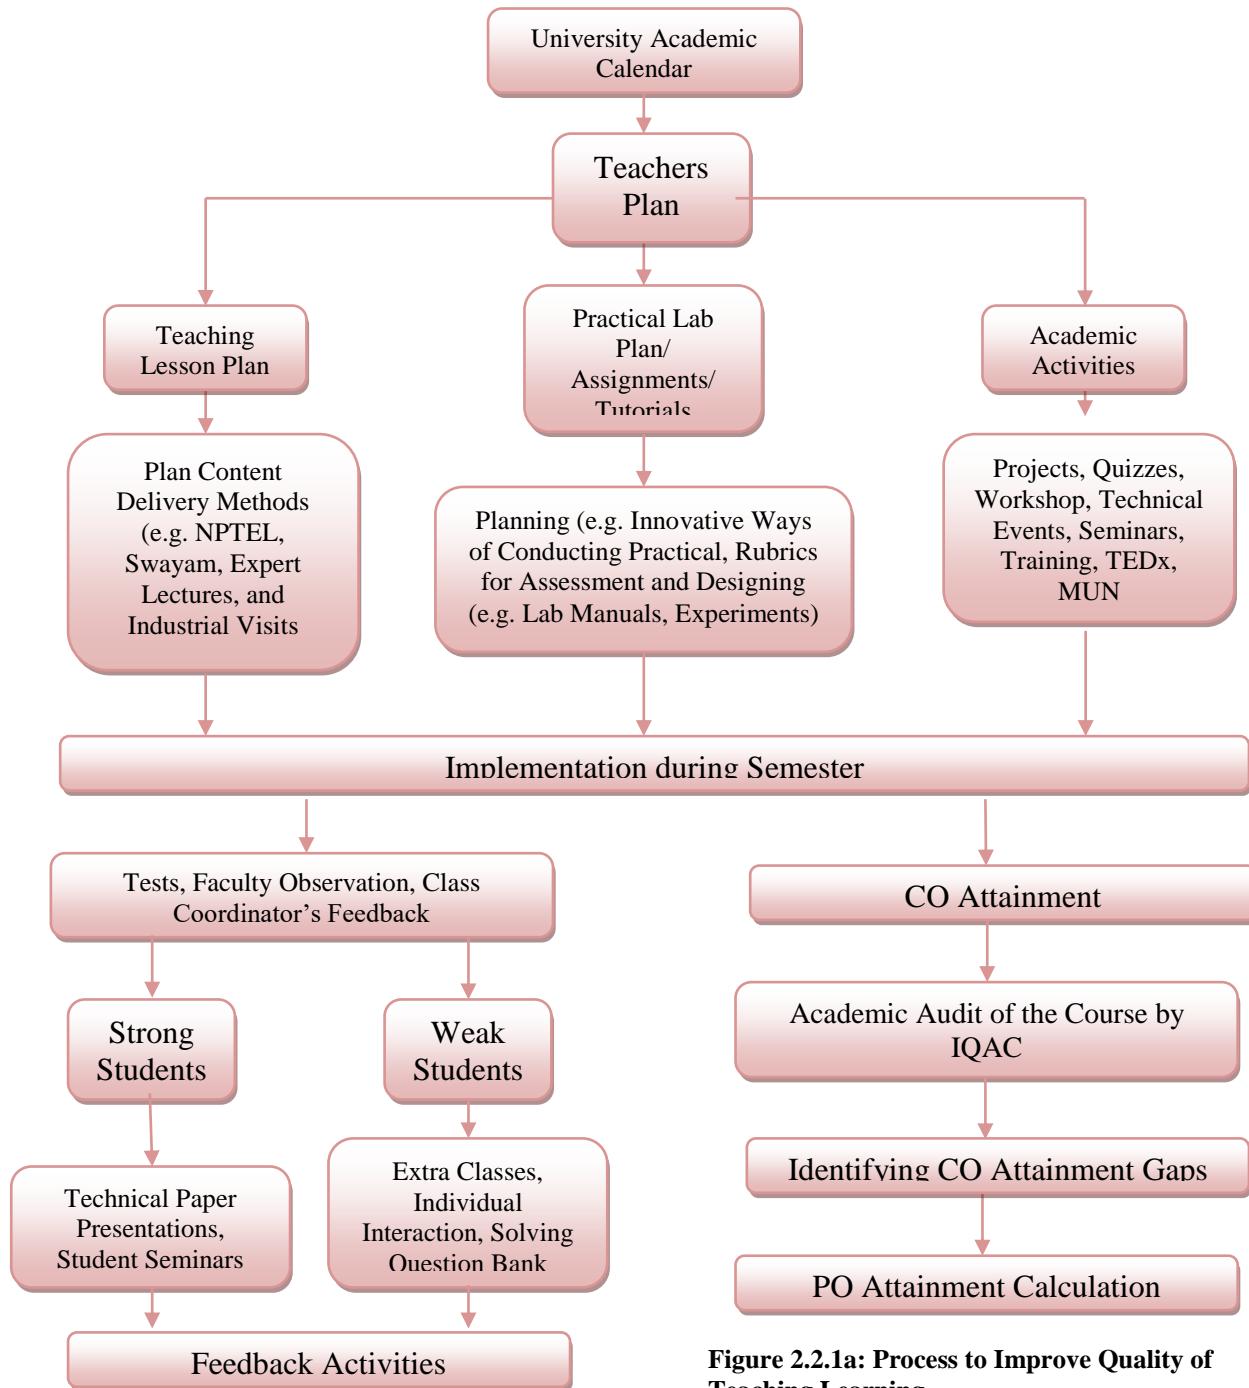

Figure 2.2.1a: Process to Improve Quality of Teaching Learning

Department of Computer Science and Engineering

Teaching Learning Process

- **Departmental Academic Calendar:** It includes learning and assessment plans according to RTU standards, alluding Academic Calendar published on the college's site.
- **Various Modes of Lecture Delivery:** It includes recalling prior related topics, generating questions, responding to generated queries, focusing on analytical and creative thinking, problem solving ,providing notes etc.
- **Lab Work:** In labs, the delivery to the students is performed with the help of latest software. Lab records are maintained by the students and checked in each lab.
- **Online Teaching Materials:** Faculty provides EBooks, video lecture material to enhance the capability of students to not only understand the context but also its practical approaches.
- **Student Evaluation:** It includes seminars conducted pertaining to each subject, Oral Questionnaire and Query Session in each lecture, Unit Tests and Assignments after the completion of each unit in respective subjects
- **Learning Program outcomes** are a unit obligatory for final and pre-final year students. Students build their minor and major comes below the direction of their several Guide colleges.
- **Invited Talks, Workshops and seminars** on the latest trends in technology are done from the industry person.
- **Industrial Visits** organized on yearly basis. Students undergoes for 60 days Industrial training after 3rd year.
- **One to One discussion interaction** between Faculty Members and students.
- All the faculties are requested to maintain **attendance registers, course files, teacher's diary**.
- Department organizes many events for enhancing group learning, communication, professional ethics etc.

Teaching Quality

For improving teaching quality, the department follows all these processes which are shown in the diagram below.

- **Lectures:** Faculty of the CSE Department effectively teach students about a concerned subject. Faculty conveys significant information, history, background, theories, analogies and equations to make the concepts clear.
- **Tutorials:** Faculty helps the slow learners by solving more number of similar problems. Any specific problem is also entertained by Faculty Members.
- **Presentations:** Faculty members also provide PPT and Videos related to course. Videos effectively communicate the working of actual engineering solutions-long learning in the appropriate societal context.

Department of Computer Science and Engineering

- **Expert Lecture:** Department of Computer Science and Engineering invites industry experts for delivering the lecture/talk based on content of latest technology used in industry.
- **Experimental Laboratory Work:** Laboratory work demonstrates how theory can be verified by experiments through interpretation of results.

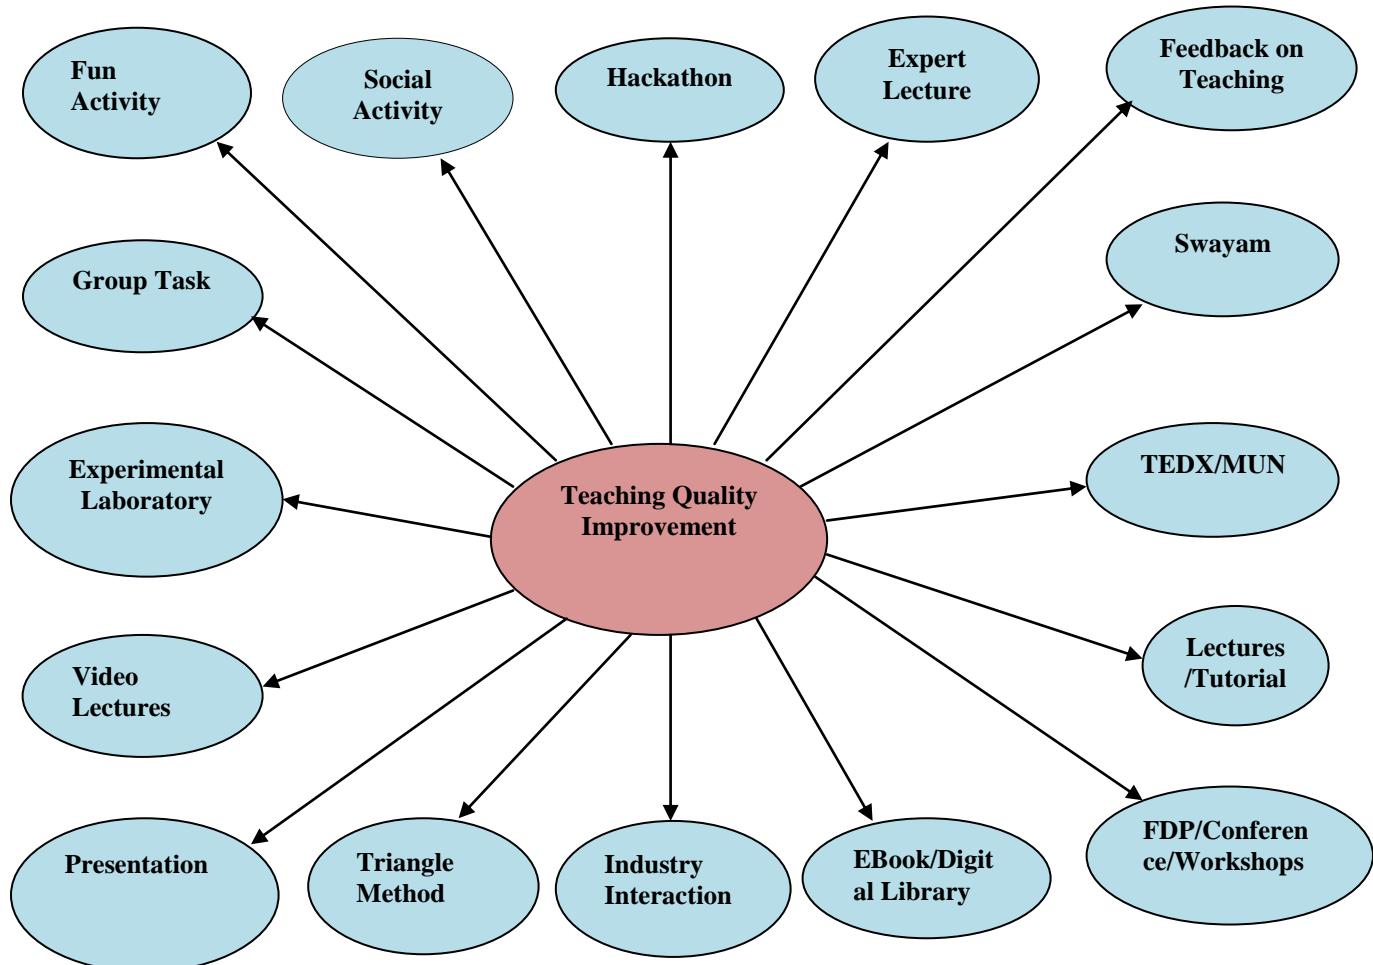

Figure 2.2.1b: Components of Teaching Learning Process

- **Hand-outs:** Gives a quick insight to the course. It helps the slow learners to face the exams with confidence.
- **Triangle Method:** During lecture HOD visits class room along with two senior faculty members in which one of the faculty is the expert of the respective subject. They observe the teaching method followed by Faculty Member and analyzes the importance of content. After Class, HOD shares feedback to the faculty member.
- **Feedback on Teaching:** During semester HOD takes feedback from students on random basis. At the end of the semester concerned faculty members also takes feedback from students.

Department of Computer Science and Engineering

- **Hackathon:** JECRC Hackathon and Smart India Hackathon were organized to promote IT & e-governance initiatives. Coders, developers & designers will have a prodigious platform to use their out-of-the-box thinking on Bhamashah, e-Mitra, Artificial Intelligence, Internet of Things, AR/VR, Blockchain, Machine Learning and Data Mobility. The event will witness eminent IT leaders, dignitaries and respected Officials from Government of India.
- **Swayam:** its main objective is to provide all with best teaching learning resources. All the courses are interactive and prepared by best teachers in the country. Quality of content of the course is ensured by seven national coordinators namely, NEPTEL, UGC, CEC, NCERT, NIOS, IGNOU and IIMB.
- **TedX/MUN:** TedX talk organized JECRC to discuss various topics from the eminent personalities. JECRC Model United Nations (JECRC MUN) is an opportunity for participants to showcase their abilities by engaging them in substantial researching, critical thinking and public speaking.
- **Group Tasks:** Through group task the concepts of engineering that the student has understood in the course is showcased. This helps to do work in groups effectively.
- **Social Activity:** Gives a sense of social responsibility to a student under ABHUYDAY which includes Zarurat, Soch, Suhasini and Aashayen group.
- **FDP/Conference/Workshop:** Faculty members take knowledge about the latest technology and deliver the same to students.
- **E-Book/Digital Library/Video Lectures:** The facility of (multi Media) Digital Library is available where all interested students & faculty members may read e-books and e-journals which are available on NPTEL, expert lectures on you tube.
- **Fun Activity:** Here, each concerned faculty teaches his/her subject with the help of fun activity like making group and debates based on topics so that the student can learn the topic in visualized manner.
- **Center of Excellence:** under Centre of excellence different MOU's was done with industries to emphasize on Internship, Project, Workshop for Students and Industrial Visits, Students specific Training . These are Indo Vision Services Pvt. Ltd., SakRobotix Lab, Infosys Campus Connect, AICTE-Youth4Work, Wadhwani Foundation, CADD Centre, Forsk Technologies, Red Hat Technologies, Salesforce Technologies Ltd, and Sambhodhi Tech Solutions, Cyberops, Siemens Ltd.

Department of Computer Science and Engineering

Details of Faculty Development Program

To improve the quality of Teaching & Learning the department of Computer Science and Engineering organizes various activities like workshops, FDPs and other programs which have to minimize the gap identified. The details of FDP are mentioned below.

Name of Faculty Member	2017-18	2016-17	2015-16
Ms. Manju Vyas	1. Workshop on Deep Learning at Bennet University, Greater Noida 5 Jun- 7 Jun 2018 2. Five Days FDP on Machine Learning Latex & Python at SKIT, Jaipur from 11Jun-15 Jun,2018	1. Short Term Course on Open Source Technology by NITTTR, AUG-16 2. Short Term Course on PHP & MySQL by NITTTR Jan-2017	1 Short Term Course on Wireless Network Technology by NITTTR, Nov-2015 2. Short Term Course on Cloud Computing by NITTTR, Oct-15
Ms. Shikha Maheshwari	1. Short Term Course on BIG Data and Data Mining By NITTTR, SEPT-17	1. Short Term Course on Open Source Technology by NITTTR, AUG-16	1. Short Term Course on Cloud Computing by NITTTR, OCT-15
Dr. Neelam Chaplot	1. Short Term Course on BIG Data and Data Mining By NITTTR, SEPT-17	1. Short Term Course on Open Source Technology by NITTTR, AUG-16	Nil
Dr. Bhavna Sharma	1. Short Term Course on BIG Data and Data Mining By NITTTR, SEPT-17 2. Attended FDP Soft Computing Techniques and Applications in Banasthali Vidyapeeth ,23-28 December 2017	1. Short Term Course on Open Source Technology by NITTTR, AUG-16 2 .Short Term Course on PHP & MySQL by NITTTR	Nil
Mr. Gajendra Sharma	1. Short Term Course on BIG Data and Data Mining By NITTTR, SEPT-17	1. Short Term Course on Open Source Technology by NITTTR, AUG-16	1. Short Term Course on Cloud Computing by NITTTR, OCT-15
Ms. Richa Sharma	1. Short Term Course on BIG Data and Data Mining By NITTTR, SEPT-17. 2. Parallel computing at MNIT, OCT-17.	1. Short Term Course on Open Source Technology by NITTTR, AUG-16	1. Short Term Course on Cloud Computing by NITTTR, OCT-15

Department of Computer Science and Engineering

	3. IOT and Machine Learning at MNIT, Jan-18

Faculty Development Program on Planning and Management through ICT by NITTR 18-24 Jan 2016, 2. FDP -workshop on "Structural Equation Modeling" FMS-MLSU Udaipur 27-28 Dec - 2016 3. Advances in OFC Technology through ICT by NITTR dec-2016	Nil
Mr. Mukesh Agarwal	1.FDP on Effective Mentoring Skills-11-13 July 2017	Nil	Nil

Table B.2.2.1a: Details of Faculty Development Program

Department of Computer Science and Engineering

Sample of Lecture Plan: 6CS3A Theory of Computation

At the starting of Semester according to program curriculum, faculty designs lecture plan and discuss with the HOD for smooth delivery of respective course content to ensure the completion of course on time.

Course Outcomes:-

After Completion of Course Student will be able to

CO1: Examine Finite Automata and Regular Expression.
CO2: Classify regular sets of Regular Grammars.
CO3: Categorize Context Free Language and Design Pushdown automata.
CO4: Design Turing machine, compare Chomsky hierarchy languages and analyze Linear bounded automata.

JAIPUR ENGINEERING COLLEGE AND RESEARCH CENTER

Department of Computer Science and Engineering

LECTURE PLAN

Subject: Theory of Computation

Year/Sem/Sec: III/VI/A

No. of Lecture Req. / (Avl.) : (33) / (40)
Semester Starting Semester Ending:

Unit No./ Total lec. Req.	Topics	Lect. Req.	Lect. No.	Date of Delivery	Remark/ Actual lect. Taken
Unit-1 (5)	FA & RE- Introduction about TOC- Basic concepts of FA, DFA				
	Acceptability & Designing FA, NFA Introduction				
	NFA - Acceptability of String - Conversion of NFA to DFA				
	NFA with moves- Acceptability, Conversion to DFA				
	Minimization & Equivalence of FA				
	Moore & Mealy Machines				
	Conversion of Moore - Mealy Machine vice versa				
Unit-2(10)	Regular sets of RG- Basic Definition of formal Languages & Grammars				
	Regular Expression - Regular Grammar				

Department of Computer Science and Engineering

	Regular Languages- RE- Conversion of FA to RE vice versa			
	Conversion of RE to NF with moves- Thompson's Rule			
	Conversion of RE to DFA, Equivalence of RE			
	Elimination of moves from the transition system			
	Closure proportion for Regular set- Arden's Theorem			
	Pumping lemma for regular sets			
	Decision Algorithm for Regular set's- Myhell Nerod Theory- Organization of FA			
Unit 3- (7)	CFG- Derivations of Languages- Relationship Between Derivation & Tree- Ambiguity			
	Eliminating Ambiguity in Grammar & Left Factoring			
	Eliminating Left Recursion, Useless Symbol, Null and unit Production			
	Normal Form- Chomsky Normal Form			
	GNF- Lemma 1 & Lemma 2			
	PDA- Instantaneous Description- DPDA & CFL- Pumping Lemma- Application			
Unit 4- (6)	Turing Machines- Computable Languages & Functions- Construction			
	Storage in Finite Control- Multiple Tracks- Checking of Symbols- Subroutine			
	Two way infinite tape- Undesirability- Properties of Recursive & RE Language			
	Universal Turing Machines as an Undecidable Problem- Universal Language- Rice Theorem			
Unit 5- (6)	LBA- CSL-Chomsky Hierarchy of Languages & Automata			
	Organization of LBA Properties of Context Sensitive Language			

Recommended books:

1. Aho, Hopcroft and Ullman, Introduction to Automata Theory, Formal Languages and Computation, Narosa
2. Cohen, Introduction to Computer Theory, Addison Wesley
3. Papadimitriou, Introduction to Theory of Computing, Prentice Hall.

Department of Computer Science and Engineering

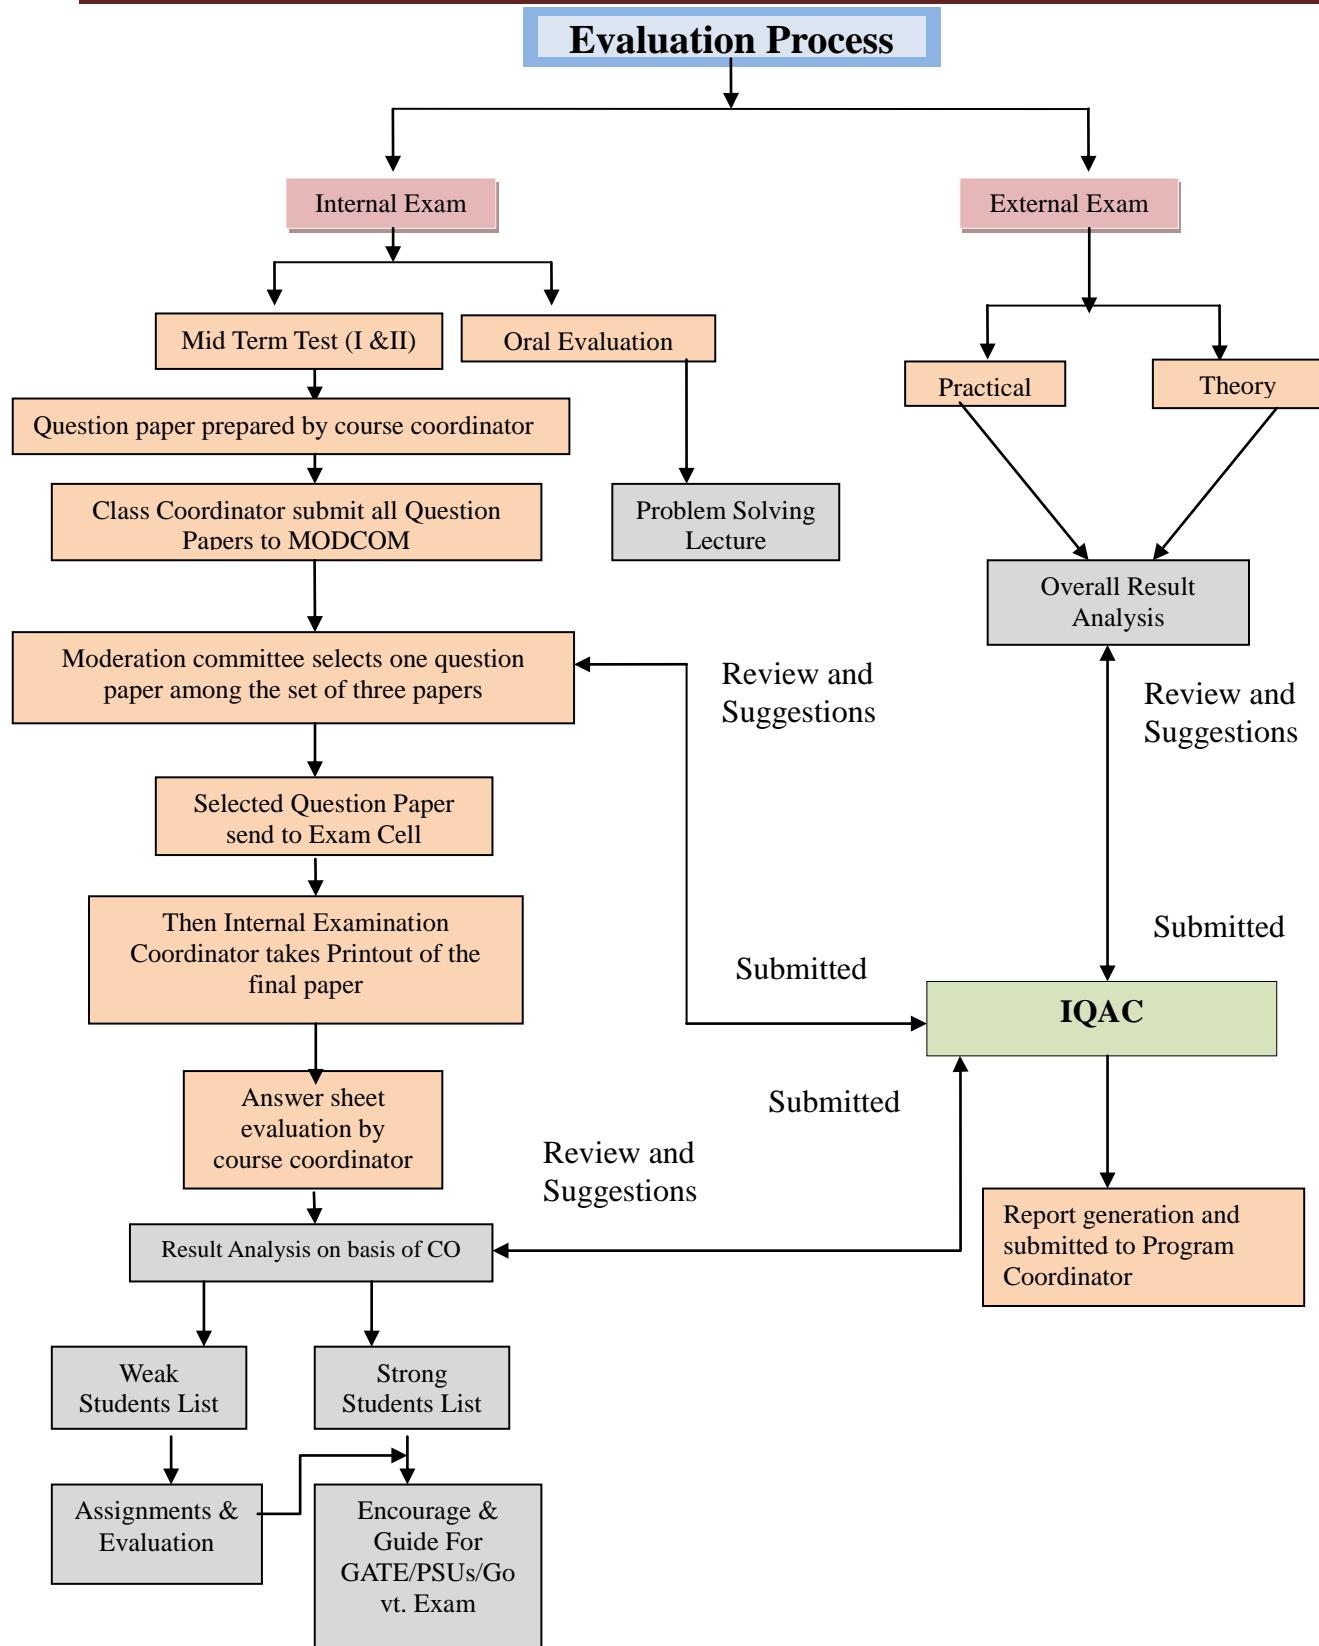

Figure 2.2.1c: Examination Evaluation Process

Department of Computer Science and Engineering

Evaluation Process and Reforms

The department follows the below steps for smooth conduction of examination and evaluation Process:

- The department adhere academic calendar prescribed by RTU, Kota
- There is departmental Examination Committee in which two faculty members are included for conduction of Internal Examination and Two for External Examination.
 - a. The committee circulates notice a week before the commencement of examination by taking prior approval from HOD.
 - b. Course Coordinator prepares and submit their question paper to respective class coordinator
 - c. Then class coordinator submits all question papers to Moderation Committee.
 - d. Moderation Committee in coordination with IQAC selects one question paper among the set of three papers.
 - e. Selected Question paper send to Internal Examination Coordinator then internal examination coordinator takes printout of the final paper.
 - f. During the exam two invigilators are assigned in each class room and students sits in the class rooms according to appropriate seating plan.
 - g. After the completion of exam, answer sheets evaluation, result analysis on basis of CO, weak/strong student list is prepared by course coordinator and submitted to Internal Examination Coordinator. Along with the soft copy.
 - h. If student secures marks less than 60% in some particular CO then he/she will be considered as weak student. Then course coordinator provides assignment to them and evaluates.
 - i. Student who secures marks greater than 60% in some particular CO then he/she will be considered as strong student. Then they will be encouraged & motivated for GATE/PSUs/Govt. Exam.

Department of Computer Science and Engineering

Student Performance and Learning Outcomes

- The department gives emphasis on concept building and exposure of latest knowledge of the subject. For this following measures are taken: practical exposure, communication skill, ethical values, and social responsibilities. Departments have incorporated presentations, case studies, group discussion, class tests and tutorials
- For **developing communication skills**, group discussions, presentation on theory based and general topics are regularly carried out in the class.
- For defining the graduate's attributes, **program outcomes are drafted** for which the evaluation is done accordingly.
- Course outcomes are defined not only for the subjects but their respective labs also. Then course outcomes are mapped with the program outcomes. This mapping depicts the achievement of the particular learning outcome.
- The **examination evaluation** is also performed on the basis of course outcomes which ensure the result of the achievement of outcomes. Generally this criterion for achievement is 60%.
- **Assignments** for weak students on the basis of **CO Analysis**.

2.2.2. Quality of Internal Semester Question Papers, Assignments and Evaluation (20)

(Mention the initiatives, implementation details and analysis of learning levels related to quality of semester question papers, assignments and evaluation)

For improving the quality of question papers, assignments and evaluation process the department has drafted a committee named as Moderation Committee and Internal Quality Assessment Committee (IQAC) which ensures the evaluation flows in the correct way.

The department follows the below steps for Quality of Internal Semester Question Papers, Assignments and Evaluation.

- The department adhere academic calendar prescribed by RTU, Kota
- There is departmental Examination Committee in which two faculty members are included for conduction of Internal Examination and Two for External Examination.

Department of Computer Science and Engineering

*sample notice for preparing question paper

EXAMINATION NOTICE

All faculty members who are handling B.Tech (CSE) 3rd semester are requested to send the soft copy of the question paper and solution in proper format for MTT-2 on or before 14th November 2017 to corresponding class coordinators. Syllabus for MTT-2 is remaining 2.5 Units. Subject of Email and document/file name should be in this format, i.e. subject_code_subject_name_section_faculty name_question/solution.

All Class coordinators of 3rd semester are requested to send soft copy of question papers and solutions of your respective class to moderation committee on 15th November 2017 at modcom.cse@jecrc.ac.in positively. Subject of Email should be in this format, i.e. semester_section_cc name.

The Moderation committee is requested to submit hard copies of question papers to the internal exam coordinators on or before 16th November 2017, also requested to send (soft copy) solution of selected papers to iexam.cse@jecrc.ac.in on 23rd November 2017.

The pattern of question paper is

1. The Question Paper will be of 1 hour & 30 Minutes duration.
2. Question Paper should contain GATE& RTU questions.
3. Course outcome marks should be balanced.
4. The Question paper format is given below

Section	Type of Questions	Marks
A	MCQ	10
B	Subjective	15
C	Subjective	15
Total		40

- a) The committee circulates notice a week before the commencement of examination by taking prior approval from HOD. And also circulate a notice among all the faculty members to prepare question paper of their respective subjects.
- b) Course Coordinator prepares and submit their question paper to respective class coordinator
- c) Then class coordinators submit all question papers to Moderation Committee.
- d) Moderation Committee in coordination with IQAC selects one question paper among the set of three papers.
- e) Selected Question paper send to Internal Examination Coordinator then internal examination coordinator takes printout of the final paper.
- f) During the exam two invigilators are assigned in each class room and students sits in the class rooms according to appropriate seating plan.
- g) After the completion of exam, answer sheets evaluation, result analysis on basis of CO, weak/strong student list is prepared by course coordinator and submitted to Internal Examination Coordinator along with the soft copy.

Department of Computer Science and Engineering

- h) If student secures marks less than 60% in some particular CO then he/she will be considered as weak student. Then course coordinator provides assignment to them and evaluates.
- i) Student who secures marks greater than 60% in some particular CO then he/she will be considered as strong student. Then they will be encouraged & motivated for GATE/PSUs/Govt. Exam.

MODCOM committee has been formed to ensure the quality of continuous internal assessment process. The following members are being the part of this Committee.

COURSE OUTCOMES

On Completion of this course, student will be able to:

- CO1:** Analyze Finite Automata & Regular Expression and also differentiate Non-Deterministic Finite Automata and Deterministic Finite Automata
 - CO2:** Categorize regular sets of Regular Grammars.
 - CO3:** Categorize Context Free Language and Design Pushdown automata.
 - CO4:** Design Turing machine, Compare Chomsky hierarchy languages and also analyze Linear bounded automata.

Instructions: Attempt all sections

SECTION A

Attempt all questions (objective/fill in the blank) (10 x 1)

Department of Computer Science and Engineering

- C. states and edges D. none of these Q10.(CO2). Regular expressions are closed under
- Q4. (CO1). There are _____ tuples in mealy machine A. Union B. Intersection
- A. 5 B. 7 C. 6 D. None of the above C. Kleen Closure D. All of the above
- Q5. (CO1). In moore model outputs depends on SECTION B
- A. Present state B. Input state Attempt any one part
- C. Next state D. Both A and B
- Q6. (CO2). The word 'formal' in formal languages means Q1.A.(CO1) Explain the basic concept of finite state system. Also [15] explain the terms initial state, final state and non final state
- A. the symbols used have well-defined meaning B. they are unnecessary, in reality
- C. only form of the string of symbols is significant D. Both (a) and (b)
- Q7. (CO2). Finite state machine can recognize (OR)
- A. any grammar B. only context-free grammar Q2.A.(CO1) Construct Mealy machine equivalent to the given Moore [8] Machine
- C. Only regular grammar D. None

Present State	Input=0		Output
	Next State	Next State	
→ q_0	q_0	q_1	0
q_1	q_2	q_3	1
q_2	q_1	q_3	0
q_3	q_3	q_0	1
- Q8. (CO2). Which two of the following four regular expressions are equivalent? (ϵ is the empty string). Q2.B.(CO1) Explain the difference between Mealy and moore machine [7]
- (i) $(00)^*(\epsilon + 0)$ (ii) $(00)^*$ (iii) 0^* (iv) $0(00)^*$ [GATE 1996]
- A. ((i) & (ii)) B. (ii) & (iii) C. (i) & (iii) D. (iii) & (iv)
- Q9. (CO2). Pumping lemma is based on which principal
- A. Brute force B. Pigeon hole C. Context free Grammar D. None of the above

Department of Computer Science and Engineering

SECTION C

Attempt any one part

Q1.A.(C04) Design Turing machine M that recognize the [5] language $\{0^n 1^n \mid n \geq 1\}$

Q1.B. (C04). Explain Chomsky Hierarchy of Languages in [10] detail

(OR)

- Q2.A.(C04) Write short notes on
- i. Universal turing Machine [3]
 - ii. Halting problem [2]
- Q2.B.(C04) Write short notes on Linear Bounded Automata [5]
- Q2.C.C04). Check whether the given production is Context Sensitive grammar or not
- a. $A \rightarrow BB$
 - b. $aBAbCD \rightarrow abcDbcd$

COURSE OUTCOMES

On Completion of this course, student will be able to:

- C01: Analyze Finite Automata & Regular Expression and also differentiate Non- Deterministic Finite Automata and Deterministic Finite Automata
- C02: Categorize regular sets of Regular Grammars
- C03: Categorize and Context free language and Design Pushdown automata
- C04: Design Turing Machine and compare Chomsky hierarchy languages and also analyze Linear bounded automata.

Instructions: Attempt all sections

SECTION A

Attempt all questions (objective/fill in the blank) (10 x 1)

Q1. (C03). A grammar that produce more than one parse tree is called as [GATE 2004]

- A. Ambiguous
- B. umambiguous
- C. Regular
- D. None of the above

Q2. (C03). The C language is

[GATE 2010]

- A. A Context free Language
- B. A context language
- C. A regular Language
- D. Parsable fully only by a turing machine

Q3. (C03). CFG can be recognized by

Department of Computer Science and Engineering

- A. Push Down Automata B. 2-way LBA C. Both (A) & (B) D. None of the above
- Q4. (CO3). PDA has _____ as auxiliary memory
- A. Infinite tape B. Stack C. Finite Tape D. Queue
- Q5. (CO3). A production is said to be unit production when its RHS is a single
- A. Symbol B. Non Terminal C. Terminal D. Epsilon
- Q6. (CO4). Universal Turing machine influenced the concept of
- A. A stored program B. computability C. both (A) and (B) D. neither (a) or (b)
- Q7. (CO4). Correct hierarchical relationship among context-free, right-linear, and context-sensitive language is
- A. context-free \subset right-linear \subset context-sensitive B. context-free \subset context-sensitive \subset right-linear
context-sensitive \subset right-linear \subset context-free C. inner \subset context-free \subset context-sensitive
- Q8. (CO4). Which of the following pairs have DIFFERENT expressive power?
- [GATE 2011]
- A. DFA and Non-Deterministic finite automata(NFA) B. DPDA and Non-deterministic pushdown automata
- C. Deterministic single-tape Turing machine and Non-deterministic single-tape Turing Machine D. Single-tape Turing machine and multi-tape Turing machine
- Q9. (CO4). Type 3 Grammar is also called as
- A. Unrestricted Grammar B. Context Sensitive Grammar C. Context free Grammar D. Regular Grammar
- Q10. (CO4). Which of the following are decidable?
1. whether the intersection of two 1. regular language is infinite.
 2. whether a give context free language is regular
 3. whether two push down automata accept the same language.
 4. whether a given grammar is context free[GATE 2008]
- A. 1 and 2 B. 1 and 4 C. 2 and 3 D. 2 and 4

SECTION B

Attempt any one part

Q1.A.(CO3) Convert the following grammar in to GNF [15]
S->AB
A->BS | b

B->SA | a

(OR)

Q2.A.(CO3) Design a PDA for a Machine M which accept the string [10]
 $n_a(w) < n_b(w)$ where $w \in (a+b)^*$

Q2.B.(CO3) Explain the working of pushdown automata [5]

Criterion to provide assignments to the students

1. After the completion of exam, answer sheets evaluation, result analysis on basis of CO, weak/strong student list is prepared by course coordinator and submitted to Internal Examination Coordinator. Along with the soft copy.
2. If student secures marks less than 60% in some particular CO then he/she will be considered as weak student. Then course coordinator provides assignment to them and evaluates.
3. Student who secures marks greater than 60% in some particular CO then he/she will be considered as strong student. Then they will be encouraged & motivated for GATE/PSUs/Govt. Exam.

Department of Computer Science and Engineering

4. On the completion of each unit there is a common assignment for all students to implement, analyze and for better understanding of respective course content.

The tables are shown below representing sample of Internal Assessment on the basis of CO and weak student list.

To improve the course outcome achievement less than 60% we perform **Unit Tests** after the completion of each unit in each subject. They are again evaluated to ensure they achieve the criterion of course outcome in each subject. Other measures are

- **Mentoring** of Weak Student on regular basis.
- On Wednesday 3:00 – 5:00 PM **Extra Class** for Weak Students as well as for interested students also.
- **Swayam:** its main objective is to provide all with best teaching learning resources. All the courses are interactive and prepared by best teachers in the country. Quality of content of the course is ensured by seven national coordinators namely, NEPTEL, UGC, CEC, NCERT, NIOS, IGNOU and IIMB.
- **Lectures:** Faculty of the CSE Department effectively teach students about a concerned subject. Faculties convey significant information, history, background, theories, analogies and equations to make the concepts clear.
- **Tutorials:** Faculty helps the slow learners by solving more number of similar problems. Any specific problem is also entertained by Faculty Members.

Department of Computer Science and Engineering

- **Presentations:** Faculty members also provide PPT and Videos related to course. Videos effectively communicate the working of actual engineering solutions-long learning in the appropriate societal context.
- **Experimental Laboratory Work:** Laboratory work demonstrates how theory can be verified by experiments through interpretation of results.
- **Group Tasks:** Through group task the concepts of engineering that the student has understood in the course is showcased. This helps to do work in groups effectively.
- **Hand-outs:** Gives a quick insight to the course. It helps the slow learners to face the exams with confidence
- **Social Activity:** Gives a sense of social responsibility to a student under ABHUYDAY which includes Zarurat, Soch, Suhasini and Aashayen group.
- **FDP/Conference/Workshop:** Faculty members take knowledge about the latest technology and deliver the same to students.
- **E-Book/Digital Library/Video Lectures:** The facility of (multi Media) Digital Library is available where all interested students & faculty members may read e-books and e-journals which are available on NPTEL, expert lectures on you tube.
- **Fun Activity:** Here, each concerned faculty teaches his/her subject with the help of fun activity like making group and debates based on topics so that the student can learn the topic in visualized manner.
- **Center of Excellence:** : under Centre of excellence different MOU's was done with industries to emphasize on Internship, Project, Workshop for Students and Industrial Visits, Students specific Training . These are Indo Vision Services Pvt. Ltd. SakRobotix Lab, Infosys Campus Connect, AICTE-Youth4Work, Wadhwani Foundation, CADD Centre,Forsk Technologies, RedHat Technologies, Salesforce Technologies Ltd, Sambhodhi Tech Solutions, Cyberops, Siemens Ltd.

The department ensures the correctness in the evaluation system of internal semester examinations with scrutinizing committee which scrutinizes the answer sheets as well as checks whether there is any issue in the evaluation. HOD can also scrutinize any answer sheet on random basis to ensure the correctness in the evaluation system.

2.2.3. Quality of Student Projects (25)

(Quality of the project is measured in terms of consideration to factors including, but not limited to, environment, safety, ethics, cost, type (application, product, research, review etc.) and standards. Processes related to project identification, allotment, continuous monitoring, evaluation including demonstration of working prototypes and enhancing the relevance of projects. Mention Implementation details including details of POs and PSOs addressed through the projects with justification)

The projects are mandatory for VII semester and VIII semester students. Students make their **minor and major projects** under the supervision of their respective Guide Faculties. In VII semester student make their minor project which carries 50 marks in RTU curriculum. The student may extend the minor project into major project in VIII semester which carries 200 marks in RTU curriculum.

To ensure the quality of projects, department has constituted a committee named as **Project Assessment Committee**. The following members being the part of this Committee as shown in table:

S.NO	FACULTY NAME	QUALIFICATION	DESIGNATION	ROLE
1	Dr. Vijay Singh Rathore	Ph.D,M.Tech,MCA,MBA	Professor& HOD	Chair
2	Dr.Bhavna sharma	Ph.D,M.Tech,MCA	Associate Professor	Project Coordinator
3	Dr. Sanjay Gaur	Ph.D,M.Tech	Associate Professor	Member
4	Dr. Nilam Chaudhary	Ph.D,M.Tech	Associate Professor	Member
5	Mr. Mukesh Agarwal	M.Tech, B.E.	Asst.Professor	Member
6.	Mr.Ankur Raj	M.Tech, B.E.	Asst.Professor	Co-Coordinator

Table B.2.2.3a: Details of Project Assessment Committee

Department of Computer Science and Engineering

On completion of the Project:	
CO1	Graduates will be able to understand the concepts of real world complex problems with
CO2	Graduates will be able to create cost effective solutions in multidisciplinary environments.
CO3	Graduates will be able to Design and Develop Software Applications.
CO4	Graduates will be able to demonstration their work with writing effective Reports, Design

Department of Computer Science and Engineering

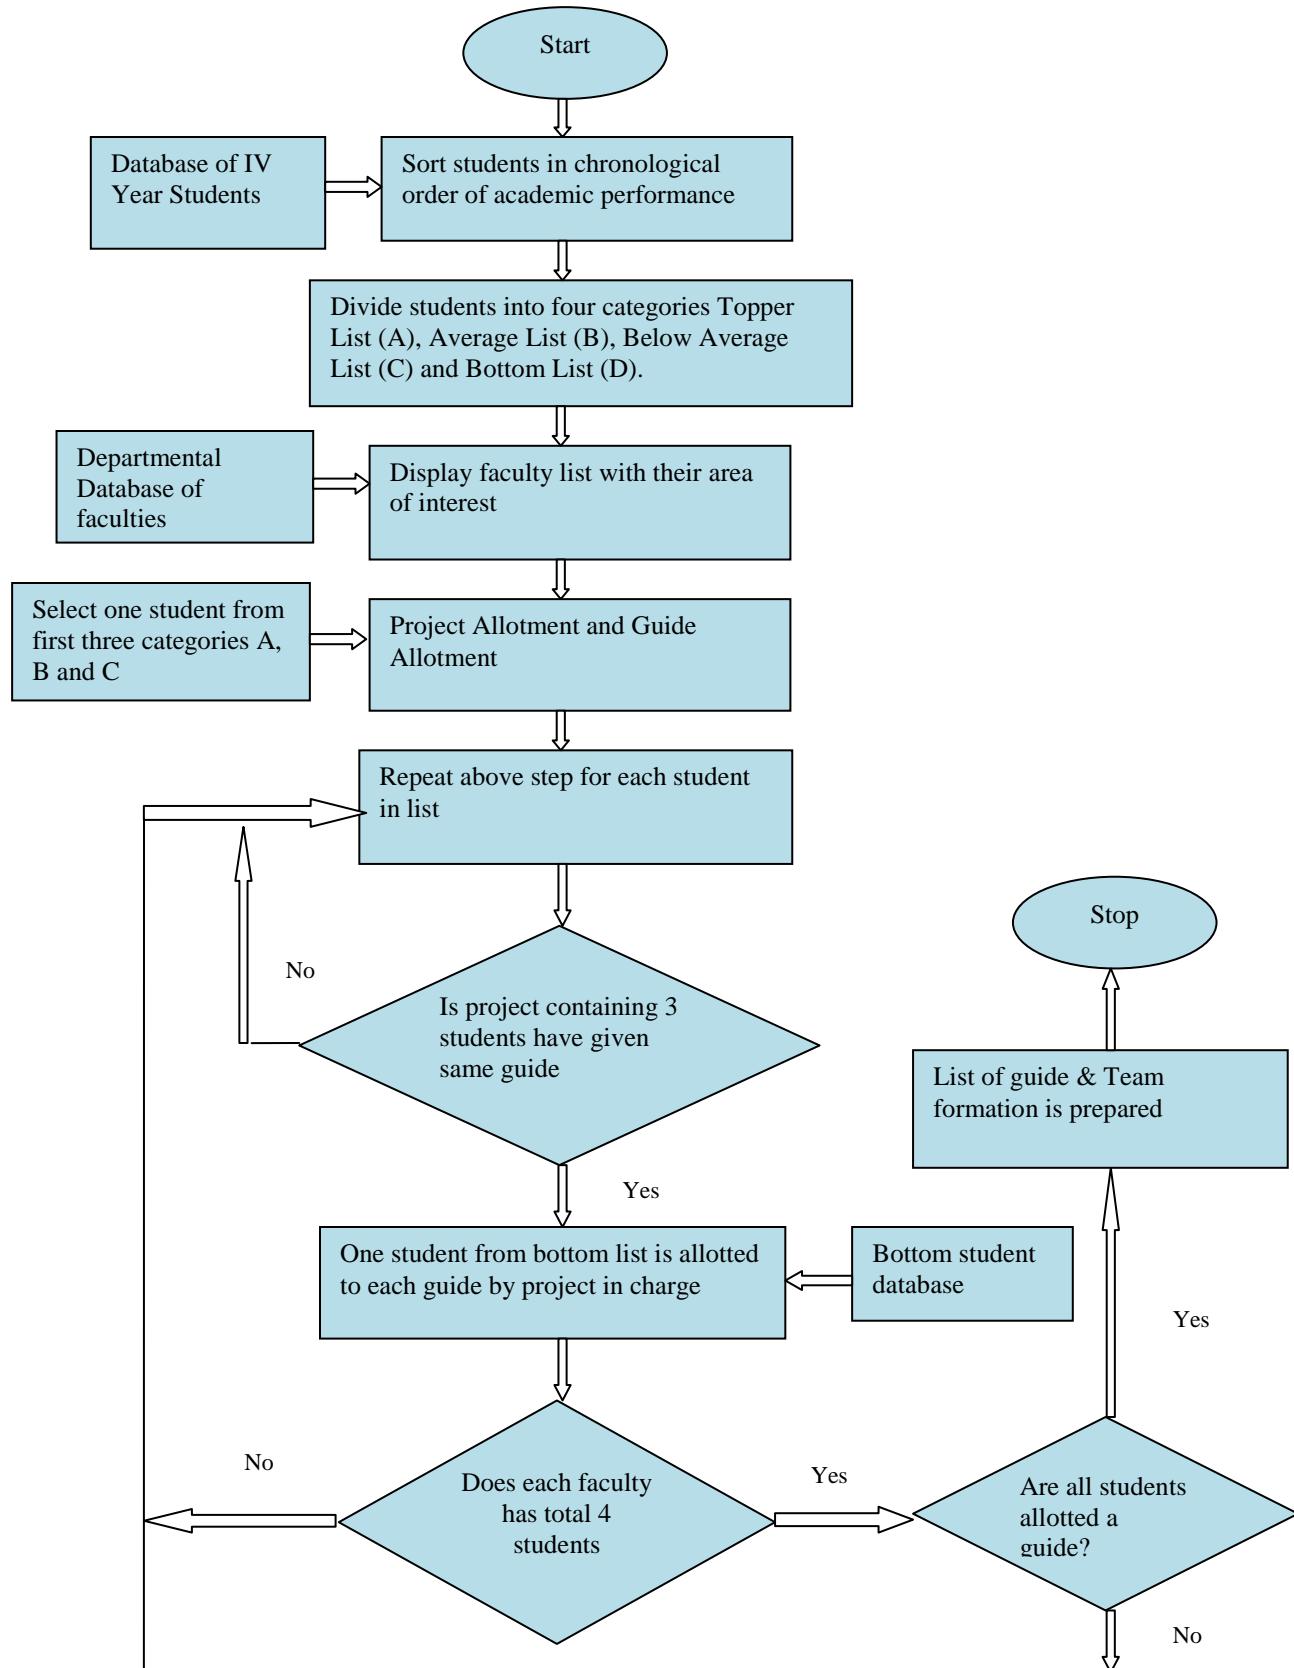

Figure 2.2.3a: Flow Chart of Project Group Formation

Department of Computer Science and Engineering

1. Project Group Formation

- Students of IV Year are sorted in chronological order on the basis of their academic performance.
- The students are divided into four categories namely Topper Student List (A), Average Student List (B), Below Average Student List (C) and Bottom Student List (D). Each category contains 25% of total final year students.
- Display the list of faculty members according to their area of interest.
- Select one student from each category and make a team.
- Each team selects one guide according to their area of interest and asks the guide for their project approval after showing the abstract of the project.

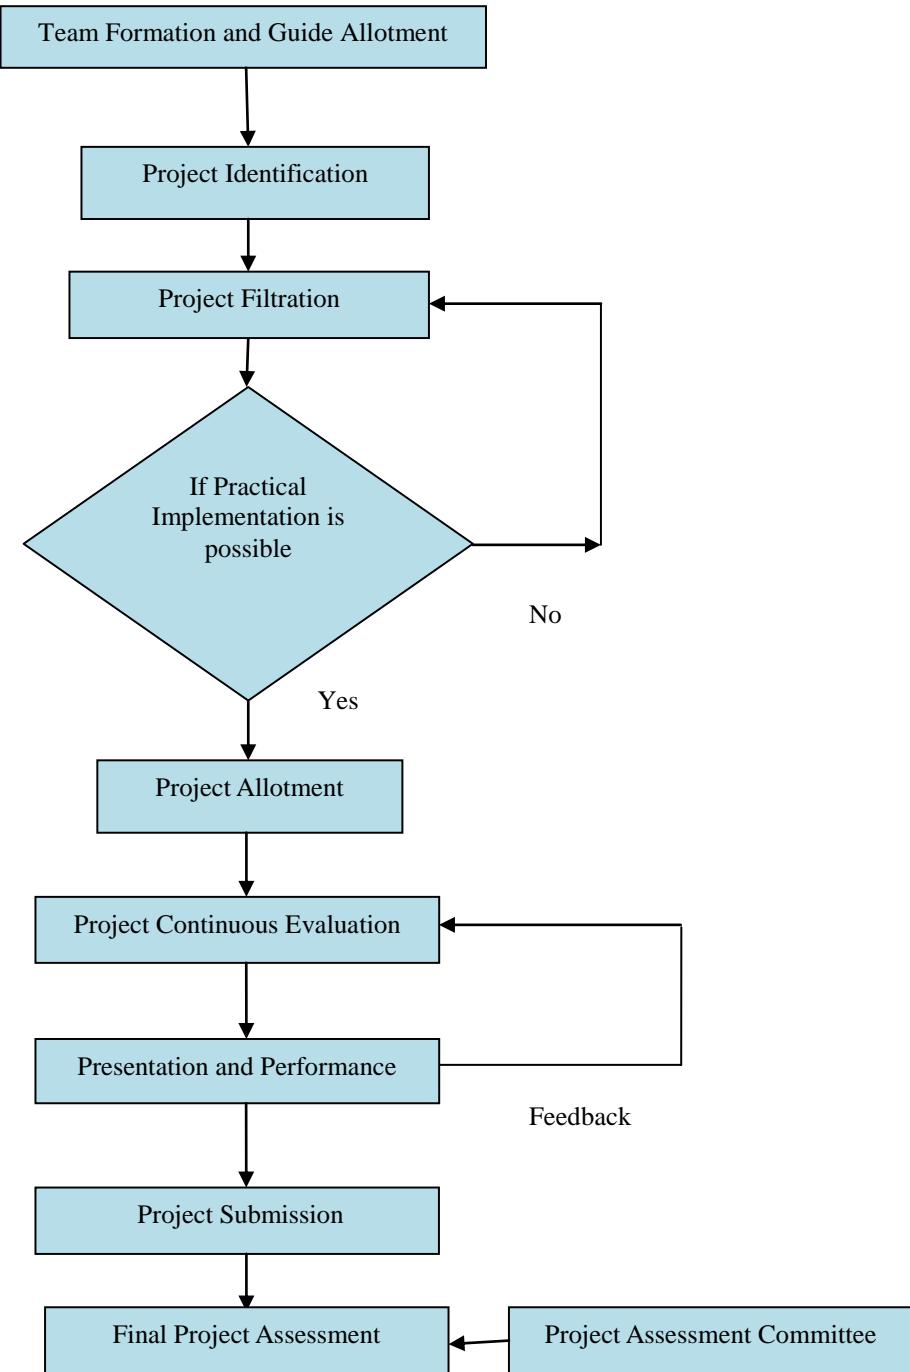

Figure 2.2.3b: Project Evaluation Process

Department of Computer Science and Engineering

2. Project Identification

- Project coordinator issues a circular at the end of 6th semester to all faculty members to provide their area of interest and the list of five projects to be given to the students.
- Students are also encouraged to submit the idea of their own for doing the project.
- Final list of projects has been made and display on notice board.
- The list of previous year projects is also displayed at notice board which ensures no repetition of project work and also encourages students to enhance the previous works.
- Each group of students decides the project guide according to their area of interest.
- Each team selects their own project idea or from list of projects.

3. Project Filtration & Allotment

- Each team or group of students discusses their own project idea with their guide.
- If the project idea submitted by the student/ group of students fulfills the basic requirements, then it will be allotted to that student/ group of students.
- If it does not fulfill the basic requirements, then a new project idea is allotted to that student/group of students from the list of finalized projects.

4. Project Continuous Evaluation

- Project coordinator displays the deadline on notice board for the progress report presentations and final submission of the project report.
- Each group has to submit weekly progress report to the respective guide.
- Each team show their project demonstration followed by viva-voice has been carried out twice in a semester in front of guide, then guide review the progress and gives suggestions.

5. Procedure of Project Evaluation

- A presentation followed by viva voce is also carried out at the end of semester in front of the external examiner and other students.
- Each group of students has to submit a report of their work along with the role of each team member.
- The project exhibition is carried out at the end of semester. Student/group of students demonstrated the project in front of external examiner and other students.

Department of Computer Science and Engineering

- Final Assessment of the project and marks finalization is done by the project assessment team along with external examiner and respective guide
- The procedure of project work is given in Table B.2.2.3d. The procedure for internal and external evaluation is presented in Table B.2.2.3e and Table B.2.2.3f respectively.

Phase	Subject Code	Semester	Nature of Work	Assessment
Phase I	Project-I 7CSPR	VII	Project ideas and Abstract Submission	Problem Definition
			Finalize project theme/title, Define Objectives, Completion TimeLine	Progress Presentation
			Project Implementation	Project Demonstration
			Report Submission and University Viva	Project Report
Phase II	Project-II 8CSPR	VIII	New Project idea or extension of Minor Project	Problem Definition
			Project Implementation	Progress Presentation
			Project Competition, Testing	Project Demonstration
			Teamwork Assessment	Project Report & Demonstration
			University Viva	Project Report

2.2.4. Initiatives related to industry interaction (15)

(Give details of the industry involvement in the program such as industry-attached laboratories, partial delivery of appropriate courses by industry experts etc. Mention the initiatives, implementation details and impact analysis)

The department takes following initiatives for interaction with industries.

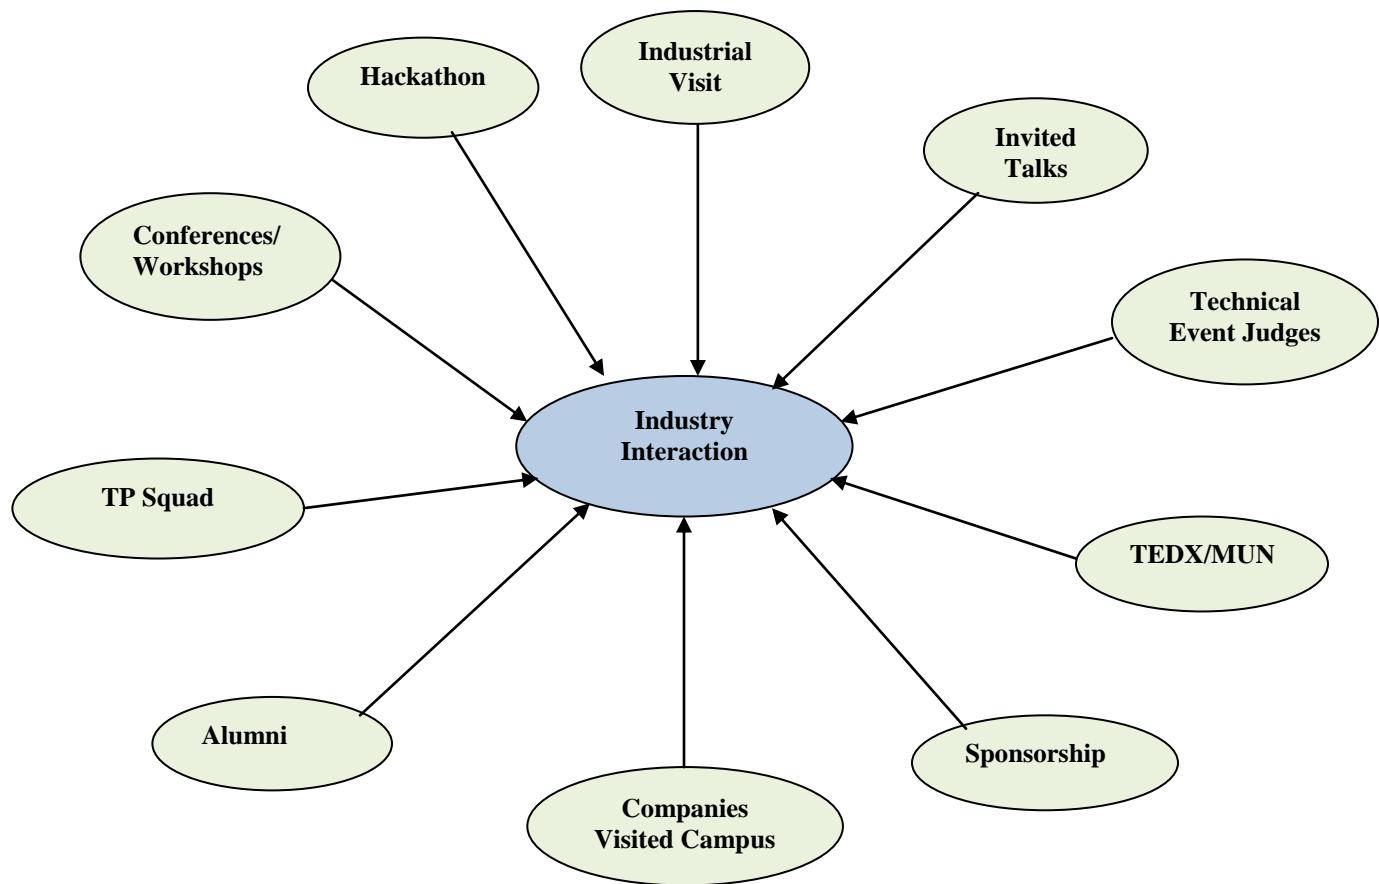

Figure 2.2.4a: Initiatives for Industry Interaction

- **TedX/MUN:** TedX talk organized JECRC to discuss various topics from the eminent personalities. JECRC Model United Nations (JECRC MUN) is an opportunity for participants to showcase their abilities by engaging them in substantial researching, critical thinking and public speaking.
- **Hackathon:** JECRC Hackathon and Smart India Hackathon were organized to promote IT & e-governance initiatives. Coders, developers & designers will have a prodigious platform to use their out-of-the-box thinking on Bhamashah, e-Mitra, Artificial Intelligence, Internet of Things, AR/VR, Blockchain, Machine Learning and Data Mobility. The event will witness eminent IT leaders, dignitaries and respected Officials from Government of India.

Department of Computer Science and Engineering

- **TP Squad:** The HOD along with TPO created a **Training & Placement Squad** which focuses on the placement strategy for unplaced students and also interacts with industry experts so that they may visit campus and recruit the students.
- **Companies Visited Campus:** Many companies visit campus for the recruitment of students. The HR along with departmental TPO continuously interacts with industry experts so that they may visit campus and increase the placement opportunity.
- **Conferences/Workshops:** The faculty members and students interact with delegates invited as guest lecture, session chair in conferences and workshops organized in college.
- **Alumni:** The industry interaction is done with many students who are currently working in many reputed companies that are spread across the country and world.
- **Sponsorship:** The sponsorship team visits many companies and institutes. The rewards obtained in the form of sponsorship in various technical and non-technical events are obtained.
- **Industrial Visit:** The department organizes industrial visits on yearly basis, through this industry members start interactions with campus.
- **Invited Talks:** Department invites many industry experts to make student familiar with industry environment and technologies.
- **Technical Event Judges:** The eminent personalities are invited as judges from industries and institutes in technical activities like Just C, Java lets and many more.

MOU's was done with industries to emphasize on

- (a) Internship
- (b) Project Workshop for Students
- (c) Industrial Visits
- (d) Students specific Training

11.	Cyberops 	15-May-2018
12.	Siemens Ltd. 	26-July-2018

Table B.2.2.4a: Details of MOU

The following are the details of MOUs:

1. **Indo Vision Services Pvt. Ltd.** Indovision Services is an ISO 9001:2015 accredited company and providing end to end ICT (Information & Communication) services and solutions. It caters to multiple dimensions of industry. Primarily it provides following services listed below:
 - -Emerging Technologies (Cloud, Automation)
 - -Manpower Solutions
 - -Training (College, Corporate & Govt.)
 - -Enterprise Solutions (ERP, IHRMS, ILMS , System Integration, Networking, Smart City
 - & Smart Campus, etc.)
 - -We serves both large and small organizations across all industry sectors(Telecommunications,

Department of Computer Science and Engineering

- IT/ITES, Education, BFSI, Automobiles, Govt. &PSU's) through our brands and offerings.
2. **SAKROBOTICS LAB:** Establishing a Robotics Research Centre in the campus of JECRC, providing Internship to JECRC Students and to engage the students in Robotics Training and also offering Robotics product development exposure.
 3. **Infosys Campus Connect:** Launched by Infosys in May 2004, CC is a unique academia-industry initiative to “architect the education experience”. The objective in launching the CC program is to enhance the quality and quantity of the IT talent-pool; sustain the growth of the IT industry itself. The portal will provide a digital platform for academia-industry interaction anytime, and anywhere.
 4. **WADHWANI Foundation:** Launched in 2000 by Dr. Romesh Wadhwani, the Foundations comprising of Wadhwani Charitable Foundation and Wadhwani Operating Foundation are working with the primary mission of accelerating economic development in emerging economies through large-scale job creation with presence in Asia, Africa and Latin America operating in association with governments, corporate, mentors, investors and educational institutes. Its Initiatives are driving job creation through entrepreneurship, skills development and innovation.
 5. **CADD Centre:** As Asia's biggest network of CAD training centers, CADD Centre Training Services is the training arm of the 30 year old CADD Centre Group, head quartered at Chennai, India. They being the only company in India to offer an end-to-end solution to CAD users specializes in Computer Aided Design (CAD), Computer Aided Engineering (CAE), and Computer Aided Manufacturing (CAM) with our wings spread across the globe.
 6. **Forsk Technologies:** Forsk Technology offer project based learning in IoT (Internet of Things) and Machine Learning (Data Science). Future courses will be offered based on industry requirement and/or student/faculty feedback. These future courses will be on emerging technologies.
 7. **Red Hat Technologies Pvt. Ltd.:** Linux World ('LW') is a fast growing ISO 9001:2008 Certified Organization which is fully governed by young and energetic Technocrats, dedicated to Open Source technologies and Linux promotion. Since its inception in the year 2005, LW have achieved the status of centre of excellence wherein there is latest technology, innovative developing methodology, state of the art infrastructure and individual needs of employees are identified and executed professionally, efficiently & ethically.
 8. **Salesforce Technologies Ltd.:** Salesforce is the primary enterprise offering within the Salesforce platform. It provides companies with an interface for case management and task management, and a system for automatically routing and escalating important events. The Salesforce customer portal provides customers the ability to track their own cases, includes a

Department of Computer Science and Engineering

social networking in that enables the user to join the conversation about their company on social networking websites, provides analytical tools and other services including email alert, Google search, and access to customers' entitlement and contracts.

9. **Cyberops** Cyberops is India's leading organization in the field of Information security. Advancement in technology and interconnected business ecosystems has combined to increase exposure to cyber-attacks. We aim to digitally shield the cyberspace by offering various products and services. We are hovering to influence our proficiency and global footprint in the field of information security and cybercrime investigation. It foster certified trainings on Information Security and provides penetration testing for security audits, and Cyber Crime Investigation services for various sectors to meet their specific needs.
10. **Sambodhi Tech Solutions:** Sambodhi Tech Solutions (STS) is built on Trust, driven through Skill and recognized for Authenticity. The Organization is a cumulative effort of Entrepreneurs, Managers and Technicians across the globe. Sambodhi has emerged as a powerful Organization by transforming its customer businesses through Information Technology Products and Services built on Cloud Computing Technology.
11. **SIEMENS Ltd.** With a focus on electrification, automation and digitalization, Siemens India stands for engineering excellence, innovation, and reliability. As one of the world's biggest producers of energy-efficient, resource-saving technologies, Siemens is a pioneer in infrastructure and energy solutions, as well as automation and software for industry. The company is also a leader in medical imaging equipment, laboratory diagnostics, and clinical IT. Siemens also provides business-to-business financial solutions, rail automation and wind power solutions.
12. **AICTE Youth4Work** Youth4work and AICTE have entered into discussions for a collaboration to facilitate job and Internship Opportunities along with Skill based Assessments for students of AICTE approved institutes using www.Youth4work.com platform; and AICTE may inform the AICTE approved institutes to benefit.

2.2.5 Initiatives related to Industry Internship/Summer Training (15)

(Mention the initiatives, implementation details and impact analysis)

- Rajasthan Technical University provides 60 days of industrial training in the form of summer training after their sixth semester during its four year curriculum.
- Students have to pursue a detailed project in the specific company in his field of interest. The project enables the student to understand the business process and makes them ready for the corporate careers ahead.

Department of Computer Science and Engineering

Figure 2.2.5a: Process of Internship/Summer Training Allotment

The process of allotment of summer training is as follows:

- 1) Initially Department issue a letter for summer training for every student.
- 2) Students will show this letter to respective company/organization from where they want to pursue their training program. Students will go for 60 days internship.
- 3) After completion of training, they will be issued a certificate or evaluation letter from that company.
- 4) Students have to submit their Xerox copy of summer training certificate.
- 5) A presentation will be taken on their summer training in next semester on which they have to submit a report.
- 6) Final evaluation will be done and marks will be given for summer training program.

Department of Computer Science and Engineering

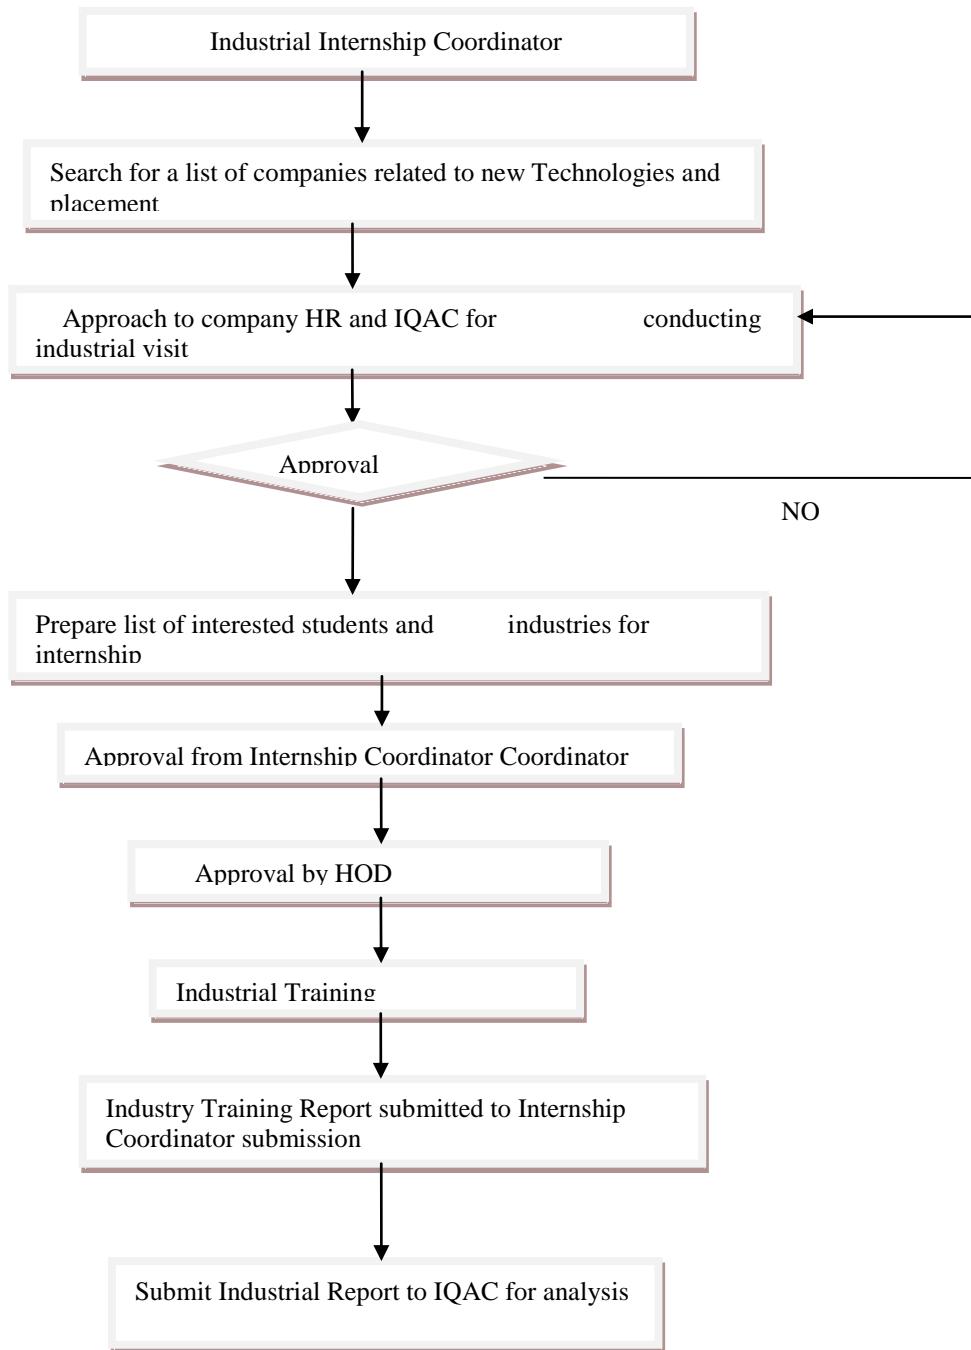

Figure 2.2.5b Evaluation Process of Summer Training

Department of Computer Science and Engineering

Format of NOC for Summer Training:

Ref: _____

Date: _____

To:

Subject - Request for Summer Training

Mr. / Ms. _____ student of Jaipur Engineering College and Research Centre (JECRC) Jaipur, III year B.Tech (Computer Science & Engineering) is approaching you for Summer Training from _____ to _____ 2018. This training will help him to get exposed to the field conditions and gain experience in real working environment.

JECRC is approved by All India Council for Technical Education and affiliated to Rajasthan Technical University. We shall be highly obliged if you could impart training to him.

It is requested that your organization may kindly provide his training during his summer vacations.

Please feel free to contact us for clarifications, if any. The college would be grateful for your cooperation.

The candidate is expected to follow all the norms of the institute / affiliated university.

Table B.2.2.5a: Details of Internship Session 2016-2017

CRITERION 3
Course Outcomes and Program Outcomes
120

Department of Computer Science and Engineering

CRITERION 3	Course Outcomes and Program Outcomes	120
-------------	--------------------------------------	-----

3. COURSE OUTCOMES AND PROGRAM OUTCOMES (120)

3.1. Establish the correlation between the courses and the Program Outcomes (POs) and Program Specific Outcomes (PSOs) (20)

Program Outcomes (POs)

1. **Engineering knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals and Computer Science and Engineering specialization to the solution of complex Computer Science and Engineering problems.
2. **Problem analysis:** Identify, formulate, research literature, and analyse complex Computer Science and Engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
3. **Design/development of solutions:** Design solutions for complex Computer Science and Engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
4. **Conduct investigations of complex problems:** Use research-based knowledge and research methods including design of Computer Science and Engineering experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
5. **Modern tool usage:** Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modelling to complex Computer Science Engineering activities with an understanding of the limitations.
6. **The engineer and society:** Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional Computer Science and Engineering practice.
7. **Environment and sustainability:** Understand the impact of the professional Computer Science and Engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
8. **Ethics:** Apply ethical principles and commit to professional ethics and responsibilities and norms of the Computer Science and Engineering practice.
9. **Individual and team work:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings in Computer Science and Engineering.
10. **Communication:** Communicate effectively on complex Computer Science and Engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
11. **Project management and finance:** Demonstrate knowledge and understanding of the Computer Science and Engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
12. **Life-long learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change in Computer Science and Engineering.

Department of Computer Science and Engineering

Program Specific Outcomes (PSOs)

PSO1: Ability to interpret and analyze network specific and cyber security issues in real world environment.

PSO2: Ability to design and develop Mobile and Web-based applications under realistic constraints.

3.1.1. Course Outcomes (COs) (SAR should include course outcomes of one course from each semester of study, however, should be prepared for all courses and made available as evidence, if asked) (05)

Code	Subject	Course Outcomes
3CS5 A	OOPS	CO1: Understand the paradigms of object oriented programming in comparison of procedural oriented programming.
		CO2: Apply the class structure as fundamental, building block for computational programming.
		CO3: Apply the major object-oriented concepts to implement object oriented programs in C++.
		CO4: Implement the concept of abstraction inheritance, polymorphism, dynamic binding and generic structure in building reusable code.
4CS4 A	SE	CO1: Understand the purpose of designing a system and evaluate the various models suitable as per its requirement analysis.
		CO2 Understand and apply requirements specification into an implementable design using structured process and UML
		CO3: Formulate a testing strategy for the system design and implement the concept of OOD & OOA.
		CO4: Understand & Implement the various new technologies in software development.
5CS4 A	DBMS	CO1: Analyze the basic structure of Database and recognize the different views of the database.
		CO2: Examine the use of Relational Data Model, while comparing with other data models w.r.t ERD.
		CO3: Formulate data retrieval queries in SQL and the Relational Algebra and Calculus.
		CO4: Describe and develop the semantics of a SQL query in set-theoretic terms.
6CS6 A	AI	CO1: Understand the concept of Artificial Intelligence and apply various searching techniques
		CO2: Illustrate various knowledge representation techniques in Artificial Intelligence system.

Department of Computer Science and Engineering

		CO3: Analyze various concepts like Baye's theorem, fuzzy logic, Probabilistic Reasoning
		CO4: Apply basic concepts of learning, natural language processing, neural networks and expert systems.
7CS3 A	DMW	CO1: Understand the concepts and benefits of Data mining in the real time scenario.
		CO2: Acquire basic knowledge about concept description of data mining algorithms
		CO3: Illustrate concept of Data Warehouses with OLAP applications and OLAP deployment.
		CO4: Design a data mart for management of information.
8CS1 A	MC	CO1: Understand the basic concepts of mobile computing and its mechanisms.
		CO2: Analyze the data dissemination and management techniques.
		CO3: Compare the service discovery and its standardization Methods
		CO4: Apply and compare AdHoc Networks using different protocols.

Table B.3.1.1: Course Outcomes

Department of Computer Science and Engineering

Combined Analysis of academic session 2016-17 and 2015-16

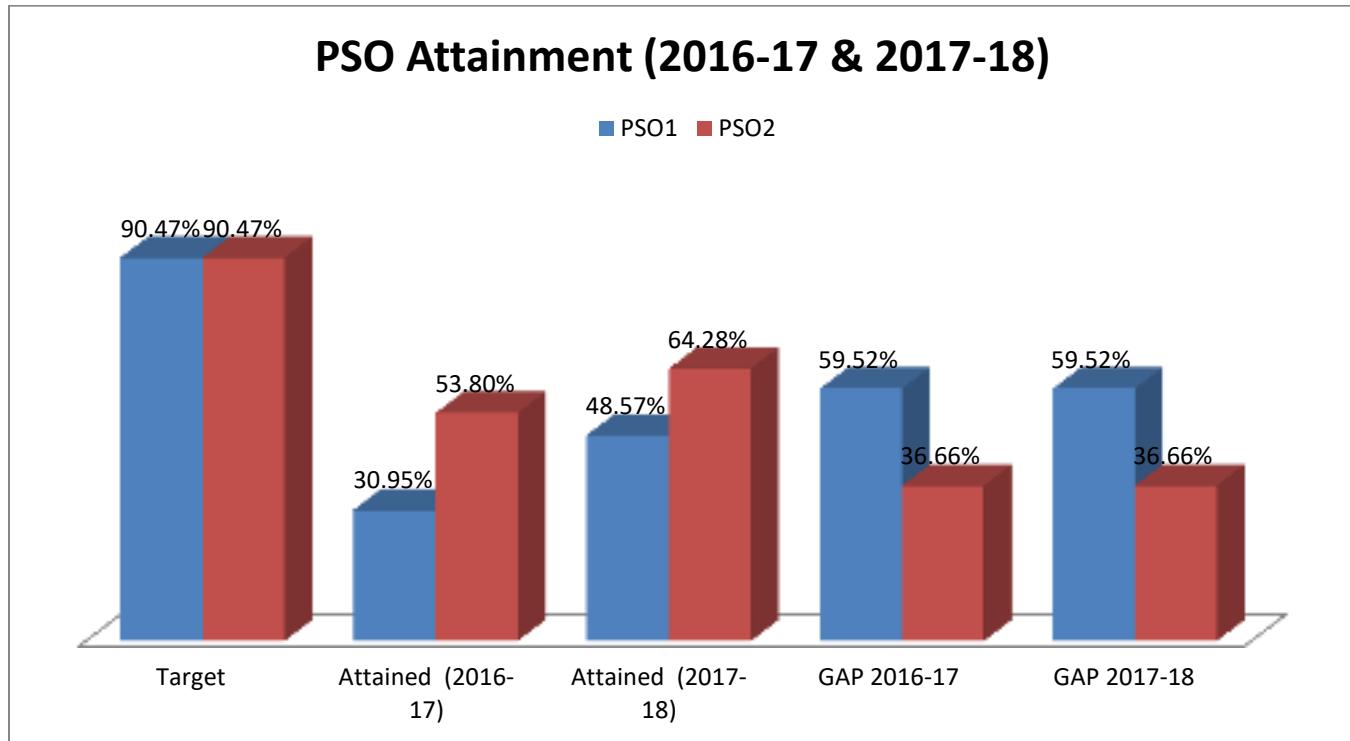

Figure B. 3.3.2f: PSO Attainment (2016-17 &2017-18)

CRITERIA 4

**STUDENTS' PERFORMANCE
(150)**

Department of Computer Science and Engineering

CRITERION 4	Students' Performance	150
--------------------	------------------------------	------------

4. STUDENTS PERFORMANCE (150)

Item (Information to be provided cumulatively for all the shifts with explicit headings, wherever applicable)	CAY (2017- 2018)	CAYm1 (2016- 2017)	CAYm2 (2015- 2016)
Sanctioned intake of the program (N)	180	180	180
Total number of students admitted in first year <i>minus</i> number of students migrated to other programs/institutions plus no. of students migrated to this program (N1)	189	189	194
Number of students admitted in 2nd year in the same batch via lateral entry (N2)	0	4	12
Separate division students, if applicable (N3)	Nil	Nil	Nil
Total number of students admitted in the Program (N1 + N2 + N3)	189	193	206

Table B.4a: Total number of students admitted in the Program

CAY – Current Academic Year

CAYm1- Current Academic Year minus1= Current Assessment Year

CAYm2 - Current Academic Year minus2=Current Assessment Year minus 1

LYG – Last Year Graduate minus 1

LYGm1 – Last Year Graduate minus 1

LYGm2 – Last Year Graduate minus 2

Year of entry	$N1 + N2 + N3$ (As defined above)	Number of students who have successfully graduated without backlogs in any semester/year of study (Without Backlog means no compartment or failures in any semester/year of study)			
		I Year	II Year	III Year	IV Year
CAY (2017-2018)	189 (189+0+0)	168			
CAYm1 (2016-2017)	193 (189+4+0)	147	128		
CAYm2 (2015-2016)	206 (194+12+0)	143	92	92	
CAYm3 (2014-2015)	218 (198+20+0)	146	121	115	114
CAYm4 (LYG) (2013-2014)	202 (188+14+0)	119	88	80	80

Department of Computer Science and Engineering

CAYm5 (LYGm1) (2012-2013)	155 (130+25+0)	79	69	68	67
CAYm6 (LYGm2) (2011-2012)	156 (132+24+0)	102	88	81	81

Table B.4b: Number of students who have successfully graduated without backlogs

Year of entry	N1 + N2 + N3 (As defined above)	Number of students who have successfully graduated (Students with backlog in stipulated period of study)			
		I Year	II Year	III Year	IV Year
CAY (2017-2018)	189 (189+0+0)	21			
CAYm1 (2016-2017)	193 (189+4+0)	45	65		
CAYm2 (2015-2016)	206 (194+12+0)	51	114	114	
CAYm3(2014-2015)	218 (198+20+0)	52	97	103	67
CAYm4 (LYG) (2013-2014)	202 (188+14+0)	69	114	122	97
CAYm5 (LYGm1) (2012-2013)	155 (130+25+0)	51	86	87	66
CAYm6 (LYGm2) (2011-2012)	156 (132+24+0)	30	68	75	50

Table B.4c: Number of students who have successfully graduated

4.1. Enrolment Ratio (20) Enrolment Ratio= N1/N

Item (Information to be provided cumulatively for all the shifts with explicit headings, wherever applicable)	CAY (2017- 2018)	CAYm1 (2016- 2017)	CAYm2 (2015- 2016)	CAYm2 (2014- 2015)
Sanctioned intake of the program (N)	180	180	180	180
Total number of students admitted in first year <i>minus</i> number of students migrated to other programs/institutions plus no. of students migrated to this program (N1)	189	189	194	198
Enrolment Ratio = N1/N	1.05	1.05	1.08	1.1
Average Enrolment Ratio	4.28/4 = 1.07 (>=90% students enrolled)			
Marks	20			

Table B.4.1: Enrolment Ratio

Department of Computer Science and Engineering

4.2. Success Rate in the stipulated period of the program (40)

4.2.1. Success rate without backlogs in any semester/year of study (25)

SI = (Number of students who have graduated from the program without backlog)/(Number of students admitted in the first year of that batch and actually admitted in 2nd year via lateral entry and separate division, if applicable)

Average SI = Mean of Success Index (SI) for past three batches

Success rate without backlogs in any year of study = $25 \times \text{Average SI}$

Item	Last Year of Graduate, LYG (CAYm4) (2014-2015)	Last Year of Graduate minus 1, LYGm1 (CAYm5) (2013-2014)	Last Year of Graduate minus 2, LYGm2 (CAYm6) (2012-2013)
Number of students admitted in the corresponding First Year + admitted in 2nd year via lateral entry and separate division, if applicable	202	155	156
Number of students who have graduated without backlogs in the stipulated period	80	67	81
Success Index (SI)	$80/202 = 0.40$	$67/155 = 0.43$	$81/156 = 0.52$
Average SI	$1.35/3 = 0.45$		

Table B.4.2.1: Success rate without backlogs

Success rate without backlogs in any year of study = $25 \times \text{Average SI} = 25 \times 0.45 = 11.25$

4.2.2. Success rate with backlog in stipulated period of study (15)

SI = (Number of students who graduated from the program in the stipulated period of course duration)/(Number of students admitted in the first year of that batch and actual admitted in 2nd year via lateral entry and separate division, if applicable) Average SI = mean of Success Index (SI) for past three batches

Success rate = $15 \times \text{Average SI}$

Item	Last Year of Graduate(LYG) (CAYm4) (2014-15)	Last Year of Graduate minus 1, LYGm1(CAYm5) (2013-14)	Last Year of Graduate minus 2 LYGm2(CAYm6) (2012-13)
Number of students admitted in the corresponding First Year + admitted in 2nd year via lateral entry and separate division, if applicable	202	155	156
Number of students who have graduated with backlog in the stipulated period	177	133	131
Success Index (SI)	$177/202 = 0.88$	$133/155 = 0.86$	$131/156 = 0.84$
Average Success Index	$2.58/3 = 0.86$		

Table B.4.2.2: Success rate with backlog in stipulated period of study

Department of Computer Science and Engineering

$$\text{Success rate} = 15 \times \text{Average SI} = 15 \times 0.86 = 12.9$$

Note: If 100% students clear without any backlog then also total marks scored will be 40 as both 4.2.1 & 4.2.2 will be applicable simultaneously.

4.3. Academic Performance in Third Year (15)

$$\text{Academic Performance} = 1.5 * \text{Average API} (\text{Academic Performance Index})$$

API = ((Mean of 3rd Year Grade Point Average of all successful Students on a 10 point scale) or (Mean of the percentage of marks of all successful students in Third Year/10)) x (number of successful students/number of students appeared in the examination)

Successful students are those who are permitted to proceed to the final year

Academic Performance	CAYm1 (2016-17)	CAYm2 (2015-16)	CAYm3 (2014-15)
Mean Percentage of all successful students(X)	6.73	6.55	6.37
Total number of successful students (Y)	218	202	154
Total number of students appeared in the examination (Z)	218	202	154
API = X* (Y/Z)	6.73	6.55	6.36
Average API = (API1+API2+API3)/3		6.55	
Academic Performance= 1.5*Average API		9.82	

Table B.4.3: Academic Performance in Third Year

4.4. Academic Performance in Second Year (15)

$$\text{Academic Performance Level} = 1.5 * \text{Average API} (\text{Academic Performance Index})$$

API = ((Mean of 2nd Year Grade Point Average of all successful Students on a 10 point scale) or (Mean of the percentage of marks of all successful students in Second Year/10)) x (number of successful students/number of students appeared in the examination)

Successful students are those who are permitted to proceed to the Third year

Department of Computer Science and Engineering

Academic Performance	CAYm1 (2016-17)	CAYm2 (2015-16)	CAYm3 (2014-15)
Mean Percentage of all successful students(X)	6.48	6.26	6.13
Total number of successful students (Y)	203	214	204
Total number of students appeared in the examination (Z)	203	214	204
API = X* (Y/Z)	6.48	6.26	6.13
Average API = (API1+API2+API3)/3		6.29	
Academic Performance= 1.5*Average API		9.43	

Table B.4.4: Academic Performance in Second Year

4.5 Placement, Higher Studies and Entrepreneurship (40)

Item	CAYm1 (2016-17)	CAYm2 (2015-16)	CAYm3 (2014-15)
Total No. of Final Year Students (N)	202	154	156
No. of Students Placed in Companies or Government Sector (X)	152	112	86
No. of Students Admitted to higher Studies with Valid qualifying Scores (GATE or equivalent State or National Level Tests, GRE, GMAT etc.) (Y)	9	11	11
No. of Students turned entrepreneur in Engineering/ Technology (Z)	4	4	0
X+Y+Z=	165	127	97
Placement Index: (X+Y+Z)/N	0.816	0.824	0.621
Average Placement= (P1+P2+P3)/3		0.753	

Table B.4.5: Placement, Higher Studies and Entrepreneurship

Assessment Points= 40 *0.753= 30.12

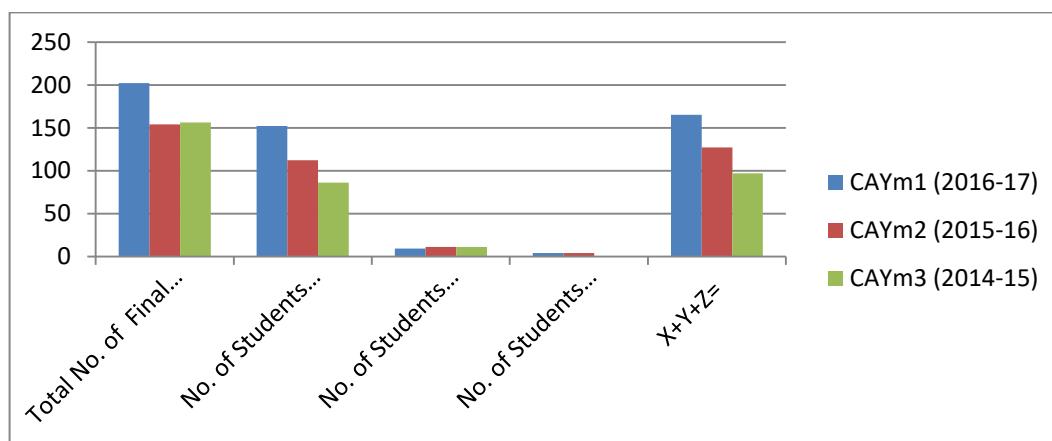

Figure 4.5: Placement, Higher Studies and Entrepreneurship Details

Department of Computer Science and Engineering

4.5a. Provide the placement data in the below mentioned format with the name of the Program and the assessment year:

Sample data Assessment Year: CSE & 2016- 17

Programs Name and Assessment Year: CSE & 2016- 17			
S.no.	Name of the student placed	Enrollment no.	Name of the Employer
1	Aashi Manak Bohara	13E1JCCSF4XP001	Accenture
2	Abhishek Jain	13E1JCCSM4XP004	Informatica Business Solution Pvt. Ltd.
3	Abhishek Jain	13E1JCCSM4XP005	Accenture
4	Abhishek Laddha	13E1JCCSM4XP006	Accenture
5	Akanksha Pandey	13E1JCCSF45P012	Quick Silver Conneccting the Dots Services Pvt Ltd
6	Akshay Mishra	13E1JCCSM4XP013	Aayat Softech
7	Akshit Gupta	13E1JCCSM45P015	Micro Focus(HBE)
8	Aman Kumar Lata	13E1JCCSM4XP016	Technocopacetic
9	Amogh Pareek	13E1JCCSM4XP018	Celubal India Pvt Solution
10	Anjali Singh	13E1JCCSF45P021	Accenture
11	Anshika Bangroo	13E1JCCSF45P024	Aayat Softech
12	Anuj Jain	13E1JCCSM4XP025	Mind IT
13	Anuj Rastogi	13E1JCCSM4XP026	Accenture
14	Anurag Saini	13E1JCCSM3XP027	DLB Software
15	Arpit Toshniwal	13E1JCCSM4XP031	Aayat Softech

Table 4.5a. :Placement Details 2016-17

4.6 Professional Activities (20)

4.6.1 Professional Societies/Chapters and Organizing Engineering Events (5)

(The Department Shall provide relevant information)

Table B.4.6.1a shows the Professional Societies of the Department of Computer Science and Engineering. Table B.4.6.1b, Table B.4.6.1c and Table B.4.6.1d show the Engineering Events organized by the Department of Computer Science and Engineering along with the support of Professional Societies of the Department of Computer Science and Engineering.

The students & Faculty of the Computer Science and Engineering Department and other department are the active Participants.

S.No	Name Of the Society	Description	Events Organized	Event Outcome
1	IEEE-	Dr.Vinay Kumar Chandra , (Principal JECRC) is the Chairman of this IEEE JECRC Members Society and Dr. Vijay Singh Rathore(HOD, CSE) is the vice	International Conference on Emerging Trends in Expert Applications & Security (ICETEAS'18)- Springer International Conference International Congress Information and Communication Technology 2018,London	This Conference helped our students to gain knowledge from many research Scholars. Also our students got opportunity to publish their research paper. This conference gave opportunity to interact with many researches

Department of Computer Science and Engineering

	JMS	Chairman of this Society	National Conference on Recent Trends in Computing and Communications'18 (RTCC'18)	This conference helped our students to gain knowledge from many research Scholars and also share their knowledge in different fields.
2	CSI-JMS	Dr. Vinay Kumar Chandra , (Principal JECRC) is the Secretary of this CSI JECRC Members Society and Dr. Vijay Singh Rathore(HOD, CSE) is the Chairman of this Society	Kon Banega Steve Jobs	This event helped our students to improve leadership quality, also motivate our students to learn about recent development and innovation in Computer Science.
			National Level Events- (Techno Fest)	This event helped our students to improve leadership quality. Students of JECRC and other Colleges are the active participant of this contest
3	ABHYUDAYA	It is a social JECRC student driven initiative. Mr. OP Jain (Retired IRS) is the Director of Social Initiatives.	ZARURAT- 24 th March 2018, 7 th March 2017, 17 th March 2016	The motive of Zarurat is to impart elementary education to slum children as well as to introduce them to the modern world of Learning in a way that every child should have
			Aashayein- 15 th March 2016, 19 th Oct 2016, 11 th Oct 2017	This Students team provides eligible donors with the help of database maintained. The members of the team are available 24*7
			SOCH- 16 th Mar 2015, 9 th Mar 2016, 15 th Sep 2017	This student group was created to work upon the insight of social issues, to make a change in the society and to work at the grassroots level and serve the needy by providing them with the basic necessities of love and care
			SUHASINI- 7 th Feb 2015, 8 th Mar 2018	It is a social initiative taken by the students of JECRC to create awareness towards the education of girl child in the society.

Table B.4.6.1a: Professional Societies of the Department of Computer Science and Engineering

Department of Computer Science and Engineering

Academic Year	Organized Event	Event Date	Name of Resource Person/ Institute	Event Outcome
CAY (2017-2018)	FDP-Datamining & Business Intelligence	4-8 Sept 2017	NITTTR 2017	This event helped our faculty members to enhance knowledge about Data mining
	Big Data	22-23 Sept 2017	IIT Kharagpur	This event helped our students to enhance knowledge in the field of Big Data
	Kon Banega Steve Jobs	15-Sep 2017	Engineers Day Celebration	This helped our students to enhance more technical knowledge. This event supported by CSI-JMS
	Big Data	28-Oct-17	Mr. Vimal Daga, Linux World	This event helped our students to enhance knowledge in the field of Big Data
	Improvement in Faculty API- National Seminar	23-Nov-17	Prof. (Dr.) P.K. Mishra	National Seminar for Faculty API helped our faculty members to improve API score
	SalesForce Technology	17 Feb, 23 March 2018	Mr.Rajesh	This helped our students to complete training in Salesforce Technology. Also Students got opportunity to learn about this technology
	Forsk Technology	1 st Feb 2018-22 Mar 2018	Mr.Yogender	This event helped our students to complete Training in Forsk Technology. Also Students got opportunity to learn about this technology
CAY (2017-2018)	Organized Event	Event Date	Name of Resource Person/ Institute	Event Outcome
	RedHat Technology	40 Hours Jan, Feb 2018	Mr. Alok Shrivastav	This event helped our students to complete Training in RedHat Technology. Also Students got opportunity to learn about this technology
	Entrepreneurship Awareness Camp	29-31 Aug 2017	Startup Oasis, Jaipur	This event helped our students to enhance knowledge in Business Entrepreneur Development
	Machine Learning	9 th Feb 2018	Mr. Vimal Daga, Linux World	This event helped our students to enhance knowledge in the field of Machine Learning also many projects were made

Department of Computer Science and Engineering

	MUN	7 th & 8 th April 2018	Geetika Gautam & Shikha Maheshwari, Faculty Coordinators	This event helped our students to learn about diplomacy, international relations and the United Nations
CAYm1 (2016-2017)	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	31.08.2016	Dr. Sarjeet Singh, Associate Professor, UIET, P.U., Chandigarh	It helped our students and faculty members to learn more about Social Networking Tools(Course beyond Syllabus)
	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	31.08.2016	Mr. Amit Doegar, Asst. Professor, NITTTR, Chandigarh	This event helped our faculty members and students to enhance knowledge about Open Source Technologies Also it covers concepts of Virtualization
	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	29.08.2016	Sangeeta Gupta, Jr. System programmer, NITTTR, Chandigarh	It helped our students and faculty members to learn more about Introduction to PHP and MySQL (5 Sem DBMS)
	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	01.09.2016	Saurabh Kaushal, Technical Administrator, NITTTR, Chandigarh	It helped our students and faculty members to learn more about Open Source Security Tools (8 Sem ISS)
	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	01.09.2016	Mala Kalra, Asst. Professor, NITTTR, Chandigarh	It helped our students and faculty members to learn more about Mendeley Reference Tool(Course beyond Syllabus)
	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	01.09.2016	Dr. Naveen Aggarwal, Associate Professor, UIET, P.U., Chandigarh	It helped our students and faculty members to learn R Language for Analytics(Course beyond Syllabus)
CAYm 1 (2016-2017)	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	31.08.2016	Mr. Amit Doegar, Asst. Professor, NITTTR, Chandigarh	This event covers concepts of Virtualization
	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	29.08.2016 & 30.08.2016	Dr. Gaurav Kumar, Managing Director, Magma Research and Consultancy, Pvt. Ltd., Ambala	It helped our students and faculty members to learn more about Web Designing. Also it Covers front end and User interface designing tools
	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	29.08.2016 & 30.08.2016	Dr. Gaurav Kumar, Managing Director, Magma Research and Consultancy, Pvt. Ltd., Ambala	It helped our students and faculty members to learn more about Web Designing. Also it Covers front end and User interface designing tools

Department of Computer Science and Engineering

CAYm 1 (2016- 2017)	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	31.08.2016	Dr. Sarjeet Singh, Associate Professor, UIET, P.U., Chandigarh	It helped our students and faculty members to learn about Social Networking Tools(Course beyond Syllabus)
	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	29.08.2016 to 02.09.2016	Dr. Naveen Aggarwal, Associate Professor, UIET, P.U., Chandigarh	It helped our students and faculty members to learn about Data Mining. It covers practical tool WEKA, used for datamining
	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	29.08.2016	Sangeeta Gupta, Jr. System programmer, NITTTR, Chandigarh	It helped our students and faculty members to learn about Introduction to PHP and MySQL
	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	01.09.2016	Saurabh Kaushal, Technical Administrator, NITTTR, Chandigarh	It helped our students and faculty members to learn about Open Source Security Tool which is course beyond syllabus of 8 Sem Information Security System
	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	01.09.2016	Mala Kalra, Asst. Professor, NITTTR, Chandigarh	It helped our students and faculty members to learn about Mendeley Reference Tool
	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	1/9/2016	Dr. Naveen Aggarwal, Associate Professor, UIET, P.U., Chandigarh	It helped our students and faculty members to learn Language for Analytics(Course beyond Syllabus)
	International Workshop on Open Source Software, Drupal”	10/9/2016	Mr. Michael Canon Chief Operating Officer, Axelerant Technologies, Inc., Atlanta, US	Students understood Open Source Software, Drupal”
CAYm1 (2016-2017)	International Workshop on Open Source Software, Drupal	10/9/2016	Mr. Nathan Roach (Japan), Content marketing associate, Axelerant Technologies, Inc., Atlanta, US	Students understood Open Source Software, Drupal”
	Technical Session on Internet of Things	15/10/2016	Shri Kaushal Kumar, Technical Manager, e-Infochips, Ahmedabad – 380 006.	It helped our students to learn IoT
	Workshop on Big Data	29.08.2016	Mr. Vimal Daga Linux World Pvt. Ltd. Jaipur	This event helped students to enhance knowledge in the field of Big data
	TED ^X	25 th March 2017	Anshul Mithal, Faculty Coordinator	This helped our student communities and individuals to Spark Conversation

Department of Computer Science and Engineering

	Microsoft Certification Summer training Program in .NET	29.08.2016	Sangeeta Gupta, Jr. System programmer, NITTTR, Chandigarh	It helped our students to learn about Web Designing which covers User interface design, styles and themes
CAYm2 (2015-2016)	Microsoft Certification Summer training Program in Android	25-05-2015 to 24-07-2015	Mr. Ranjan Chhetri	It helps to Bridge the gap between academics & Industry
	Microsoft Certification Summer training Program in Core Java	25-05-2015 to 24-07-2015	Mr. Abhishek Singh Rathore	It includes basic java programming language
	Microsoft Certification Summer training Program in Advance Java	25-05-2015 to 24-07-2015	Mr. Aditya Kumar	It includes advanced java programming such as servlet and applet
	Microsoft Certification Summer training Program in Embedded & Robotics with AVR Controller	25-05-2015 to 30-05-2015	Mr. Ashish Rathore	This event helps to Bridge the gap between academics & Industry
	PHP & MySQL Training Program	13-07-2015 to 25-07-2015	Mr. Amit Kumar, Faculty, Sigmatech Infotech, Jaipur	This event covers basic and Advanced SQL queries in addition to PHP
	Seminar on Networking	7/10/2015	Mr. Khawar Butt Senior Network Consultant, Synergy Network Ltd	6B.Tech1A.(Networking) It Covers advanced networking tools and techniques and its practical knowledge
	Workshop on Cloud Computing by NIITTR	12/10/2015 To 16-10-2015	Ms. Mala Kalra NIITR, Chandigarh	This event helped students to understand cloudSim concepts
	Workshop on Cloud Computing by NIITTR	12/10/2015 to 16-10-2015	Mr. Vipin Gupta, U-Net Solutions, Moga	This event helped students to learn Cloud Storage
	Workshop on Cloud Computing by NIITTR	12/10/2015 to 16-10-2015	Mr. Mayank Arora CCET, Chandigarh	This event helped students to learn Application development using cloud
	Workshop on Cloud Computing by NIITTR	12/10/2015 to 16-10-2015	Mr. Mani Madhurkar, IBM, Bangalore	This event helped our students to learn IaaS and PaaS
CAYm2 (2015-2016)	Pre Placement training Program by FACE	12/10/2015 to 14-10-2015	FACE	It helps to Bridge the gap between academics & Industry

Department of Computer Science and Engineering

CAYm3(2014-15)	Workshop on Big Data & Hadoop	11/1/2016	Mr.RakeshJangid (Cloubia Technologies Pvt. Ltd.)	It helps to Bridge the gap between academics & Industry
	Seminar on Raspberry-Pi	27-02-2016	Ms. Richa Mehta (Appin technologies Lab, Jaipur)	It helps to Bridge the gap between academics & Industry
	TECHNOPAC	25-09-2014 to 27-09-2014	Mr. Uttam Kumar Faculty, Aptech Technology	This event helped our students to learn basic networking concepts
	Pre-Placement training by Career Launcher	07-01-2015 To 13-01-2015	Mr. Naveen Jain, Faulty Career Launcher, Jaipur	This event helped our students to Bridge the gap between academics & Industry
	Workshop on Core JAVA	25-02-2015 to 04-03-2015	Mr. Kamal Bhatia Faculty, Matrix Computers	This event helped our students to learn basics of Java language
	Workshop on Android IIT-D	02-02-2015 to 04-02-2015	Mr. Umang Kejriwal Faculty, Times Globacom	This event helped our students to enhance knowledge about android
	Workshop on .NET MVC	06-02-2015 to 07-02-2015	Mr. Brijesh Awasthi Mr. Rajanchhetri, Faculty, Shreyanshi Consultancy pvt. Ltd.	This event helped our students to learn about .NET
	Workshop on Advance Java	02-04-2015 to 05-04-2015	Mr. Rahul Hada	This event helped our students to enhance knowledge about advanced java programming such as servlet and applet

Table B.4.6.1b: Workshop /short term course/ Seminar Organized by CSE Department

Academic Year	Name of the Conference/ Event	National/ International Event	Duration
CAY (2017-2018)	Springer- International Conference on Emerging Trends in Expert Applications & Security'18 – (ICETEAS 2018)	International Conference	17-18 Feb 2018

Department of Computer Science and Engineering

	National Conference on Recent Trends on Computing and Communication'18 (RTCC 2018)	National Conference	25-28 Mar 2018
	International Congress Information and Communication Technology 2018(ICICT'18),London	International Conference	27 & 28 th Feb 2018
	Smart India Hackathon'18-Nodal Centre	National	30-31 March 2018
CAYm1 (2016-17)	Smart India Hackathon'17-Nodal Centre	National	1-2 April 2017

Table B.4.6.1c: Conference & SIH-Nodal Centre organized by the Department of Computer Science and Engineering and supported by IEEE-JMS

S.No	Date	Event Name	Venue	Timing	Faculty Co-ordinator
1	8-Mar-17	Paper Presentation / Embryo	C501	11:00-2:00	Dr. Bhavna Sharma
					Ms. Deeksha Mathur
					Ms. Priyanka Mitra
2	9-Mar-17	H/W Assembling	CP5	9:30-11:30	Mr. Mukesh Agarwal
					Mr. Prahalad Sharma
					Mr. Ankur Raj
					Mr. Shashikant Singh
3	10-Mar-17	Mobile App & Web Dev. (Subito)	CP3,CP4,CP5	9:30-4:30	Ms. Geetika Gautam
					Mr. Sachin Gupta
					Mr. Geet Kalani
4	10-Mar-17	Enlightenment/ Meditation	Spiritual Cell	9:30-12:30	Mr. Ranjeet Pandey
					Ms. Richa Upadhyay
					Ms. Kirti Choudhary
5	11-Mar-17	Just C	IBM	9:30-11:30	Mr. Amit Mittal
					Ms. Shikha Maheshwari
					Ms. Richa Sharma
					Mr. Shailesh Arrawatia
6	11-Mar-17	B-Guru / B- Plan/ New Venture	C401	10:00-2:00	Mr. Vatan Mishra
					Ms. Geetika Gautam
					Ms. Geerija Lavaniya
					Ms. Sarita
7	11-Mar-18	JAVA Lets	IBM	12:00-2:00	Ms. Hemlata Soni
					Mr. Abhishek Dixit
					Ms. Priya Gupta

Department of Computer Science and Engineering

8	26/3/18 Sunday	Enlightenment	Meditation Lab, Badminton Court	11:00 AM – 3:00 PM	Richa Upadhyay
9		Java Lets	CP-3, CP-4, IBM Lab (CSE & IT)	11:30 AM - 4:30 PM	Hemlata Soni Jeba Nega Cheltha.C
10	26/3/18 Monday	Tech Probe	C-501 (CSE)	9:30 AM – 12:30 PM	Rajan Jha,
					Mohit Jain
		Hardware Assembling	Quadrangle A Block (CSE/IT)		Saroj Agarwal Ankur Raj Anoop Kumar Mehta
12	27/3/18 Tuesday	Just C	CP-1 to CP-8, IBM Lab (CSE & IT)	9:30 AM - 03:30 PM	Richa Sharma
					Arihant Jain
13	28/3/18 Wednesday	Subito	CP-1, CP-2, IBM Lab (CSE/IT)	9:30 AM – 4:30 PM	Sachin Gupta

Table B.4.6.1d: Various National Level Technical Event (Techno Fest) supported by CSI- JMS

4.6.2 Publication of Technical Magazines, newsletters, etc. (5)

(The Department shall list the publications mentioned earlier along with the names of the editors, publishers, etc.)

Year	Name of the Editors	Advisors	Name of the Technical Magazines/ Newsletter	Name of the Publisher
2016-17	Mr. Ranjeet Pandey, Mr. Vatan Mishra	Mr. Mukesh Agarwal, Mr. Arihant Jain	CSE SCOOP (Yearly Publication)	Department of Computer Science and Engineering
2017-18	Ms. Priyanka Mitra	Dr. Vijay Singh Rathore Dr. Bhavna Sharma	CSE SCOOP (Yearly Publication)	Department of Computer Science and Engineering

Table B.4.6.2: CSE departmental Magazines/ Newsletter

Department of Computer Science and Engineering

Figure 4.6.2: CSE departmental Magazines/ Newsletter

4.6.3 Participation in inter-institute events by Students of the program of study (10)

(The Department shall provide a table indicating those publications, which received awards in the events/conferences organized by other institutes.)

CSE department students participated in various inter institutional competitions. Following Table B.4.6.3a indicates Consolidated inter Institute events participated by the students of CSE Department. Table B. 4.6.3b indicates CSE department student's participation in various National levels and inter institutional events.

\

Description	No. of Students Participated		
	CAY (2017-18)	CAYm1(2016-17)	CAYm2(2015-16)
Within the State	141	74	46
Outside State	24	12	6
Prize/Awards Received	28	21	12

Table B.4.6.3a: Consolidated Students Participation in inter-institute events

Academic Year	Name of the Student	Semester & Section	Name of the Festival	Name of the Event	Position / Participated	Date		Name & Place of the Institute organized
						From	To	
CAY m2 (2015-16)	Japleen Kaur	IV-A	Jaipur International Model United Nations'16	H.R.C	Participated	2016	2016	Manipal Univertisity, Jaipur

Department of Computer Science and Engineering

	Kajal	IV-A	Annual Sports & Cultural Fest	LAKSHYA	Participated	16-Apr-15	18-Apr-15	Poornima University, Jaipur
	Kajal	IV-A	Annual Sports & Cultural Fest	Volley ball	Participated	16-Apr-15	18-Apr-15	Poornima University, Jaipur
	Akshay Patni	IV-A	Annual National Level Techno & Management Fest VERVE	Debate	First	26-Feb-16	26-Feb-16	JNIT, Jaipur
	Akshay Patni	IV-A	Annual National Level Techno & Management Fest VERVE	Business Plan	Second	27-Feb-16	27-Feb-16	JNIT, Jaipur
	Akshay Patni	IV-A	Pravah 2016	Vox Populi	Participated	29-Feb-16	5-Mar-16	SKIT, Jaipur
	Abhishek Pandey	IV-A	Annual Socio-Techno-Cultural Festival, IGNUS'16	Augmented Reality Workshop	Participated	25-Feb-16	28-Feb-16	IIT Jodhpur
	Abhishek Pandey	IV-A	Annual Socio-Techno-Cultural Festival, IGNUS'16	API	Participated	25-Feb-16	28-Feb-16	IIT Jodhpur
	Abhishek Pandey	IV-A	Annual Socio-Techno-Cultural Festival, IGNUS'16	Webcraft	Participated	25-Feb-16	28-Feb-16	IIT Jodhpur
	Deekshant Mamodia	IV-A	Annual Socio-Techno-Cultural Festival, IGNUS'16	Obfuscator	Participated	25-Feb-16	28-Feb-16	IIT Jodhpur
	Deekshant Mamodia	IV-A	Annual Socio-Techno-Cultural Festival, IGNUS'16	Augmented Reality Workshop	Participated	25-Feb-16	28-Feb-16	IIT Jodhpur
	Atul Dada	IV-A	Annual Socio-Techno-Cultural Festival, IGNUS'16	API	Second	25-Feb-16	28-Feb-16	IIT Jodhpur
	Atul Dada	IV-A	Annual Socio-Techno-Cultural Festival, IGNUS'16		Ambassador	25-Feb-16	28-Feb-16	IIT Jodhpur
	Atul Dada	IV-A	Tech Fest 2015-2016	TechnoVoltz	Third	2016	2016	IIT Bombay
	Atul Dada	IV-A	Techniche- The Annual Techno-Management Festival	Escalade Jaipur Prelims	Second	3-Sep-15	6-Sep-15	IIT Guwahati
	Atul Dada	IV-A	Internshala	Android App Development Internship	Internship	1-Dec-15	1-Dec-15	Internshala

Department of Computer Science and Engineering

	Manishka Goyal	IV-A	Jaipur International Model United Nations'16	H.R.C	Participated	2016	2016	Manipal Univertisity, Jaipur
	Dilip Kumar	IV-A	ABHIVARTA'16'	Cricket	Participated	12-Feb-16	14-Feb-16	Manipal Univertisity, Jaipur
	Dilip Kumar	IV-A	VARCHAS'15	Cricket	Third	2015	2015	Chiranjoy Chattopadhyay
	Ankit Dixit	IV-A	Annual Socio-Techno-Cultural Festival, IGNUS'16	Business Plan Workshop	Participated	25-Feb-16	28-Feb-16	IIT Jodhpur
CAYm2 (2015-16)	Harshat	IV-A	Annual Socio-Techno-Cultural Festival, IGNUS'16	Business Plan Workshop	Participated	25-Feb-16	28-Feb-16	IIT Jodhpur
	Divaker Soni	IV-A	Annual Socio-Techno-Cultural Festival, IGNUS'16	Augmented Reality Workshop	Participated	25-Feb-16	28-Feb-16	IIT Jodhpur
	Abhishek Pandey	IV-A	Annual Socio-Techno-Cultural Festival, IGNUS'16	Augmented Reality Workshop	Participated	25-Feb-16	28-Feb-16	IIT Jodhpur
	Ayush Garg	IV-A	Annual Socio-Techno-Cultural Festival, IGNUS'16	Business Plan Workshop	Participated	25-Feb-16	28-Feb-16	IIT Jodhpur
	Garvit Mittal	IV-A	Annual Socio-Techno-Cultural Festival, IGNUS'16	Robosoccer	Participated	25-Feb-16	28-Feb-16	IIT Jodhpur
	Garvit Mittal	IV-A	Annual Socio-Techno-Cultural Festival, IGNUS'16	Line Requierer	First	25-Feb-16	28-Feb-16	IIT Jodhpur
	Garvit Mittal	IV-A	Annual Socio-Techno-Cultural Festival, IGNUS'16	Light Following Boy	Participated	25-Feb-16	28-Feb-16	IIT Jodhpur
CA Ym2 (2015-16)	Garvit Mittal	IV-A	Annual Socio-Techno-Cultural Festival, IGNUS'16	Obfuscator	Participated	25-Feb-16	28-Feb-16	IIT Jodhpur
	Garvit Mittal	IV-A	Techniche- The Annual Techno-Management Festival	Escalade Jaipur Prelims	Second	3-Sep-15	6-Sep-15	IIT Guwahati
	Garvit Mittal	IV-A	Techniche- The Annual Techno-Management Festival	Esclade - Mains	Participated	3-Sep-15	6-Sep-15	IIT Guwahati
	Garvit Mittal	IV-A	DAKSH'14	Robo Race	Participated	13-Nov-14	14-Nov-14	Sri Balaji College of Engg. & Technology

Department of Computer Science and Engineering

CAYm2 (2015-16)	Garvit Mittal	IV-A	JIGYASA'15	Line Follower	First	2015	2015	GTC, Jaipur
	Shivansh Ahuja	VI C	PLINTH 2016	Ambasssadar		22-Jan-16	24-Jan-16	LNM IIT, Jaipur
	Shivansh Ahuja	VI C	Rheerica'15	MUN-Delegate of Singapore	Best Delegate	12-Sep-15	13-Sep-15	Mody University
	Shivansh Ahuja	VI C	Jaipur Technical Festival	Robotics Coordinator	Participated	15-Feb-14	17-Feb-14	ISLE, ISHRE & CLUB FIRST
	Shivansh Ahuja	VI C	GTC MUN	UNHRC	Participated	12-Mar-15	13-Mar-15	GTCMUN
	Shivansh Ahuja	VI C	IPU MUN'16	GERM ANY	Participated	16-Jan-16	17-Jan-16	Indraprasad University Model United Nations
	Shivansh Ahuja	VI C	Biochrome	Extempore	Second	15-Oct-15	17-Oct-15	Dr.B.Lal Institute of Technology
CAYm2 (2015-16)	Agarwal	VIII C	Rajasthan Marathon	Marathon	Certificate	2018	2018	Jaipur
	Sonu Gupta		Programming in C	Programming in C	Certificate	1-Mar-16	30-Mar-16	Image IT Pvt Ltd, Jaipur
	Shivani Gupta		MNIT MUN'16	GA-DISEC	Certificate	9-Apr-16	10-Apr-16	MNIT, Jaipur
	Ashish Poonia	IV-A	Techniche- The Annual Techno-Management Festival	ROBOCALYPSE'15	Certificate	3-Sep-15	6-Sep-15	IIT, Guwahati
	Ashish Poonia	IV-A	Techniche- The Annual Techno-Management Festival	Escalade-Mains	Certificate	3-Sep-15	6-Sep-15	IIT, Guwahati
	Ashish Poonia	IV-A	Ignus	Line Seguidor	Certificate	19-Feb-13	22-Feb-15	IIT, Jodhpur
	Ashish Poonia	IV-A	Ignus	Obfuscator	Certificate	19-Feb-13	22-Feb-15	IIT, Jodhpur
	Ashish Poonia	IV-A	Pravah 2015	Line Follower	Certificate	2015	7-Jul-05	SKIT, Jaipur
	Ashish Poonia	IV-A	Ignus	Robosoccer	Certificate	25-Feb-16	25-Feb-16	IIT, Jodhpur
	Ashish Poonia	IV-A	Ignus	Obfuscator	Certificate	25-Feb-16	25-Feb-16	IIT, Jodhpur

Department of Computer Science and Engineering

	Ashish Poonia	IV-A	Ignus	Robowar	Certificate	25-Feb-16	25-Feb-16	IIT, Jodhpur
	Ashish Poonia	IV-A	Ignus	Light Following Boy	Certificate	25-Feb-16	25-Feb-16	IIT, Jodhpur
	Ankush Kumar	IV-A	Football CM	Football	Certificate	25-Dec-15	29-Dec-15	University of Rajasthan
	Vishwaved Nagar	IV-C	DESPORTIVO'15	Table Tennis	Certificate	24-Jan-15	24-Jan-15	LNMIT
Academic Year	Name of the Student	Semester & Section	Name of the Fest	Name of the Event	Position / Participated	Date		Name & Place of The Institute
CAYm1(2016-17)	Mehak	IV B	Pravah2017	Vox Populi	Certificate	15-Feb-17	18-Feb-17	SKIT, Jaipur
	Naveen Jangid	IV B	TechKriti	Android App Development	Certificate	23-Mar-17	26-Mar-17	IIT Kanpur
	Pradeep Suthar	IV B	TechKriti	Android App Development	Certificate	23-Mar-17	26-Mar-17	IIT Kanpur
	Piyush Palod	IV B	TechKriti	Android App Development	Certificate	23-Mar-17	26-Mar-17	IIT Kanpur
	Piyush Joshi	IV B	TechKriti	Android App Development	Certificate	23-Mar-17	26-Mar-17	IIT Kanpur
	Mehak Tangnoo	IV B	BLITZSCHLAG 2017	Poster-Presentation	Certificate	24-Feb-17	26-Feb-17	MNIT, Jaipur
	Nischay Krishan	IV B	BLITZSCHLAG 2017	Poster-Presentation	Certificate	24-Feb-17	26-Feb-17	MNIT, Jaipur
	Aditya Agarwal	III A	Antaragni	Nukkad Natak	Certificate	20-Oct-16	23-Oct-16	IIT Kanpur
	Aditya Agarwal	III A	Inter College Tournament	Badminton Tournament	Certificate	18-Nov-16	19-Nov-16	Mahveer College of Commerce, Jaipur
	Aditya Agarwal	III A	EDUMUND'S mun 2016	USG Design	Designated	12-Nov-16	13-Nov-16	Jaipur

Department of Computer Science and Engineering

	Aditya Agarwal	III A	Abhivyakti	Garba - Rass & Dandia	Certificate	3-Sep-16	28-Sep-16	Ahmedabad

5.1. Student-Faculty Ratio (SFR) (20)

(To be calculated at Department Level)

No. of UG Programs in the Department (n): 1

No. of PG Programs in the Department (m): NA

No. of Students in UG 2nd Year= **u1**

No. of Students in UG 3rd Year= **u2**

No. of Students in UG 4th Year= **u3**

No. of Students in PG 1st Year= **p1=NA**

No. of Students in PG 2nd Year= **p2=NA**

No. of Students = Sanctioned Intake + Actual admitted lateral entry students

(The above data to be provided considering all the UG and PG programs of the department)

S=Number of Students in the Department

F = Total Number of Faculty Members in the Department (excluding first year faculty)

Student Faculty Ratio (SFR) = S/F

Year	CAY	CAYm1	CAYm2
u1.1	192	205	218
u1.2	205	218	202
u1.3	218	202	154
UG1	615	625	574
U2.1	62	63	62
U2.2	63	62	58
U2.3	62	58	NA
UG2	187	183	120
Total No. of Students in the Department (S)	802	808	694
No. of Faculty in the Department (F)	39	35	34
Student Faculty Ration (SFR)	SFR1=20.56	SFR2= 23.08	SFR3= 20.41
Average SFR	SFR=(20.56+23.08+20.41)/3=21.35		

Table B.5.1: Student Faculty Ratio

Note:

- Minimum 75% should be Regular/ full time faculty and the remaining shall be Contractual Faculty as per AICTE norms and standards.
- The contractual faculty (doing away with the terminology of visiting/adjunct faculty, whatsoever) who have taught for 2 consecutive semesters in the corresponding academic year on full time basis shall be considered for the purpose of calculation in the Student Faculty Ratio.

Department of Computer Science and Engineering

5.1.1. Provide the information about the regular and contractual faculty as per the format mentioned below:

	Total number of regular faculty in the department	Total number of contractual faculty in the department
CAY	39	0
CAYm1	35	0
CAYm2	34	0

Table B.5.1.1: Regular and Contractual Faculty

5.2. Faculty Cadre Proportion (25)

The reference Faculty cadre proportion is 1(F1):2(F2):6(F3)

F1: Number of Professors required = 1/9 x Number of Faculty required to comply with 20:1 Student-Faculty ratio based on no. of students (N) as per 5.1

F2: Number of Associate Professors required = 2/9 x Number of Faculty required to comply with 20:1 Student-Faculty ratio based on no. of students (N) as per 5.1

F3: Number of Assistant Professors required = 6/9 x Number of Faculty required to comply with 20:1 Student-Faculty ratio based on no. of students (N) as per 5.1

Faculty Cadre Proportion

Year	Professors		Associate Professors		Assistant Professors	
	Required F1	Available	Required F2	Available	Required F3	Available
CAY	4	2	9	3	27	34
CAYm1	4	2	9	1	27	32
CAYm2	4	3	8	0	23	31
Average Numbers	RF1=4	AF1=2.3	RF2=8.66	AF2=1.33	RF3=25.66	AF3=32.33

Table B.5.2: Faculty Cadre Proportion

$$\text{Cadre Ratio Marks} = \left[\left[\frac{\text{AF1}}{\text{RF1}} \right] + \left[\frac{\text{AF2} \times 0.6}{\text{RF2}} \right] + \left[\frac{\text{AF3} \times 0.4}{\text{RF3}} \right] \right] \times 12.5$$

$$\text{Cadre Ratio Marks} = (0.57 + 0.092 + 0.503) * 12.5 = 14.5$$

Department of Computer Science and Engineering

- If $AF1 = AF2 = 0$ then zero marks
- Maximum marks to be limited if it exceeds 25

Example: Intake = 60 (i.e. total no. of students = 180); Required number of Faculty: 9; RF1 = 1, RF2 = 2 and RF3 = 6

Case 1: $AF1/RF1 = 1$; $AF2/RF2 = 1$; $AF3/RF3 = 1$; Cadre proportion marks = $(1+0.6+0.4) \times 12.5 = 25$

Case 2: $AF1/RF1 = 1$; $AF2/RF2 = 3/2$; $AF3/RF3 = 5/6$; Cadre proportion marks = $(1+0.9+0.3) \times 12.5 =$ limited to 25

Case 3: $AF1/RF1 = 0$; $AF2/RF2 = 1/2$; $AF3/RF3 = 8/6$; Cadre proportion marks = $(0+0.3+0.53) \times 12.5 = 10.4$

5.3. Faculty Qualification (25)

$(FQ = 2.5 \times [(10X + 4Y)/F])$ where X is no. of regular faculty with Ph.D., Y is no. of regular faculty with M.Tech. F is no. of regular faculty required to comply 20:1 Faculty Student ratio (no. of faculty and no. of students required are to be calculated as per 5.1)

S.NO		X	Y	F	$FQ = 2.5 \times [(10X + 4Y)/F])$
1	CAY	6	34	40	12.0
2	CAYm1	3	32	40	9.78
3	CAYm2	2	32	34	10.88
Average Assessment			10.89		

Table B.5.3: Faculty Qualification

5.4. Faculty Retention (25)

No. of regular faculty members in CAYm3 = 30 CAYm2 = 34 CAYm1 = 35 CAY = 39

Item	Marks
(% of faculty retained during the period of assessment keeping CAYm3 as base year)	
>=90% of required Faculty members retained during the period of assessment keeping CAYm3 as base year)	25
>=75% of required Faculty members retained during the period of assessment keeping CAYm3 as base year)	20
>=60% of required Faculty members retained during the period of assessment keeping CAYm3 as base year)	15
>=50% of required Faculty members retained during the period of assessment keeping CAYm3 as base year)	10
<50% of required Faculty members retained during the period of assessment keeping CAYm3 as base year)	0

Table B.5.4: Faculty Retention

Total Marks for Faculty Retention = 15

Department of Computer Science and Engineering

5.5. Innovations by the Faculty in Teaching and Learning (20)

(Innovations by the Faculty in teaching and learning shall be summarized as per the following description.

Contributions to teaching and learning are activities that contribute to the improvement of student learning. These activities may include innovations not limited to, use of ICT, instruction delivery, instructional methods, assessment, evaluation and inclusive class rooms that lead to effective, efficient and engaging instruction. Any contributions to teaching and learning should satisfy the following criteria:

- *The work must be made available on Institute website*
- *The work must be available for peer review and critique*
- *The work must be reproducible and developed further by other scholars*

The department/institution may set up appropriate processes for making the contributions available to the public, getting them reviewed and for rewarding. These may typically include statement of clear goals, adequate preparation, use of appropriate methods, and significance of results, effective presentation and reflective critique)

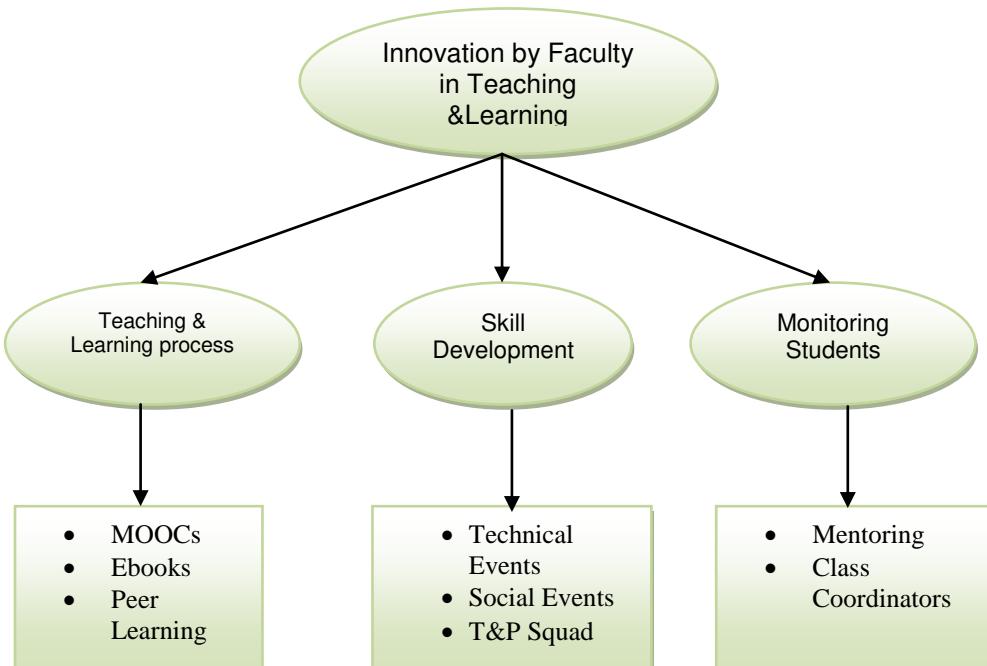

Figure 5.5a: Teaching Learning Process Diagram

Innovations are introduced to improve the effectiveness in teaching and learning process. Student, al umni, employer feedback and state of art technologies in the society are considered to introduce innovative teaching and learning methodologies. Department encourages faculty members to adapt innovative teaching. Following are the three initiatives taken to improve the teaching learning process like

Department of Computer Science and Engineering

A. Innovations introduced in Teaching and Learning process –

Students are motivated to learn and prepare seminar presentation topic through research paper and e-books .They are also motivated for collaborative learning and peer learning methods. Students are prepared through multiple choice questions, role play, coding contest, webinar and video lecture following are the methods

- Learning through e-Books, Research papers
- Providing MCQ to students Before MTTs
- Role Play on different topics in classroom
- Motivating students to use modern tools like Prezi, snipping tool etc.
- TopCoder Contest for improving coding skills
- Participation of students in Codevita, NinjaEngineX, Testimony/Enquode for improving coding skills.
- Webinars, video lectures, MOOCs etc.
- Peer Learning / Collaborative Learning

B. Skill Development Initiatives –

Formation of Club: We believe in the holistic grooming of our students and hence we stress equal emphasis on round the year extracurricular activities which are facilitated through the various active student clubs at JECRC. For students inclined towards social services we have club i.e. Zarurat, SOCH, and Aashayein.

a) **Zarurat:** on a theme “The Help Beyond” an Initiative by JECRC students for social concern that is educating the underprivileged kids who can not avail the facility of schooling. **Limca Book of Records (National Record):** Students of Team Zarurat, JECRC, Jaipur assembled 24,626 tricolored handmade origami flowers in a flower basket - a record for the largest display of origami flowers - at the college premises. The target was accomplished over two phases; the first was the making of the origami flowers, which took place on 26th February 2017, over 11 hours, and the second was the assembly of the flower basket, symbolizing the national flag on 7th March 2017, over 10 hours. The certificate was issued in December 2017.

b) **SOCH (Soch kuch kar dikhane ki):** Soch is a social initiative in JECRC started by the students to help needy persons of slum areas. Members of SOCH doing help such as providing food cloths, give education to poor of children's. Activities done by SOCH are orphanage children interactive program (ocip) 2018, vastra-samman, orphanage children interactive program, jecrc cleanliness drive, and no food wastage campaign.

Department of Computer Science and Engineering

c) **ASHAYEIN:** Aashayein Ek Abhiyaan is club managed and run by JECRCians. The objective of Ashayein Club is Blood donation, Fest and Birthday Celebration in Old Age Homes, and Trees Plantation. The team aspires to inspire and motivate the youth of nation to be a part of this supreme deed. We aim to spread awareness among masses, so as to serve not only Rajasthan, but the entire nation.

Collaborative Learning: Collaborative Learning is based on the model that knowledge can be created within a population where members actively interact by sharing experience and take on asymmetric role. We use Collaborative learning method among faculty and student. Six faculty members completed the AWS certification and are providing training to the students by lectures / video lectures.

Also two faculty members successfully completed training on Deep Learning and AI under Leading India initiative which is a project of Royal Academy of Engineering, UK under Newton Bhabha program. JECRC being the Zonal partner of this project has formed a research group comprising of faculty members of CSE and IT. The group will be conducting various trainings and will help the students to build projects to spread awareness about AI.

Formation of T&P Squad: Conducting training for the students to enhance the aptitude, technical skills & soft skills before the commencement of placement. Department formed a special Squad named "T&P Squad - CSE" for Un-Placed Students' Placements. The Squad consists of 6 dedicated willing faculty members, and 12 Students from 4th Year who are already placed.

- For development of entrepreneurial skills among the students to start their own enterprise, activities are conducted by the department of the college.
- Students are encouraged to attend various technical events, workshops, programming contests & paper presentation in contests.
- Department conduct online mock test series for students to perform better in GATE, MCAT, elitmus and other activities.

Year	No. of Student Appeared online exam
2015-16	180
2016-17	184
2017-18	186

Table 5.5: Number of Students Appeared in online Exam

Department of Computer Science and Engineering

MOM:

Jaipur Engineering College & Research Centre, Jaipur

From: CSE-T&PSquad

To: All Concerned

Noting Reference No. JECRC/CSE-TnPS/MoM/2017/December/09

09/12/2017

Minutes of Meeting

Agenda –

- Formation of CSE-Training &Placement Squad
- Placement strategy for Un-placed students
- Task assignment.

Meeting Venue and Date: EDC Conference Room A block at 2:00 O'clock on Saturday, December 09, 2017

Chaired By:

Dr. Vijay Singh Rathore

Attendees

• Faculty Coordinators:

Dr. Sanjay Gaur
Dr. NilamChodhary
Ms. ShikhaMaheshwari
Mr. Abhishek Dixit
M. Priyanka Mitra

• Students Coordinators:

Ms. Japleen Kaur
Ms. Kanishka Goyal
Ms. RidhimaShekhawat
Ms. ApurviMansingha
Mr. Atul Dada
Mr. DikshantMamodia
Mr. NiteshVashishtha
Ms. MohitEaran

Points put up for Discussion as per agenda:-

- The meeting started with motivational triggers connecting the current action with a bigger vision.
 - 12 well trained and placed students of 7th Semester (some listed above) were identified for taking the action further.
 - It was decided for unplaced 162 students of CSE department, each student coordinator will be allotted a group of 15 students.
 - Future course of action was chalk out, based on following categories:
 - For **Competition based hiring**, the student coordinators under the mentor-ship of faculty coordinator, will help their group for better preparation by identifying coding tricks and algorithms or training as per the requirements.
 - For **Companies lined up by HR Team**, the student coordinators will motivate and extend their help in identifying the company specific set of questions and training available on the internet.
 - For **Identification of Personal Contacts**, faculty coordinator along with students will approach organizations to take the things further in positive direction.
 - For **Establishing Contact with Alumni**, both identified faculty member along with a team of students will approach Alumni of JECRC Foundation for the placement of students.
-
- Each of these above mentioned strategy is then allotted to the TPC Squad as follows:
 - Competition Based Hiring – Dr. Sanjay Gaur will coordinate with Dr. Neelam Chaplot.
 - Companies lined up by HR Team- Ms. Priyanka Mitra will coordinate with HR.
 - Identification of Personal Contacts – Ms. Nilam Choudhary will gather the possible contacts from other faculty members of the Department.

Department of Computer Science and Engineering

- Establishing Contact with JECRC Alumni – Ms. ShikhaMaheshwari will be responsible for contacting them.
- Mr. Abhishek Dixit, TPO-CSE will also be responsible for bridging the gap between HR and Departmental team, if any.
- It has been decided the student allotment will be completed by December 11, 2017 with the help of existing mentors.
- The meeting ended with a clear understanding of the vision and assignment to be carried out for achieving the same.

5.6. Faculty as participants in Faculty development/training activities/STTPs (15)

- *A Faculty scores maximum five points for participation*
- *Participation in 2 to 5 days Faculty development program: 3 Points*
- *Participation>5 days Faculty development program: 5 points*

S.NO	NAME OF FACULTY	Max 5 Per Faculty

AVERAGE ASSESSMENT OVER THREE YEARS (MARKS LIMITED TO 15) =		22.6 15	

Table 5.6 b: Number of Faculty FDP Calculations

5.7. Research and Development (30)

5.7.1. Academic Research (10)

Academic research includes research paper publications, Ph.D. guidance, and faculty receiving Ph.D. during the assessment period.

- *Number of quality publications in refereed/SCI Journals, citations, Books/Book Chapters etc. (6)*
- *Ph.D. guided /Ph.D. awarded during the assessment period while working in the institute (4)*

All relevant details shall be mentioned.

Details of Ph.D.

A. Details of Faculty who got Ph.D. degree during the assessment years:

- Dr. Neelam Chaplot is awarded with Ph.D. in Computer Science and Engineering in November 2017 from Banasthali Vidyapeeth , Banasthali, Rajasthan under guidance of (Prof.) Dr. Praveen Dhyani Executive Director Banasthali Vidyapeeth and Co Guide Dr.

Department of Computer Science and Engineering

O.P.Rishi Associate Professor University of Kota with thesis entitled " Analysis and Decision Support System for Astrological Prediction using Case Based Reasoning"

B. Details of Faculty who are pursuing Ph.D.:

Name of the Faculty	Ph.D. Pursuing University	Year of Registration	Details of Guide	Area of Research work	Status of Work & No. of publications
Ms. ShikhaMaheshwari	Jaipur National University, Jaipur	2012	Prof. P S Saxena	Artificial Intelligence	on submission
Ms. Kirti Choudhary	Jagannath university	Jun-14	Dr. Meenudave	Swarm Intellegence	About to complete 5 paper has published
Ms. Manju Vyas	JECRC University	July 2016	Dr. Naveen Hemrajani	Machine Learning	About to complete

Table B.5.7.1a: Details of Faculty pursuing Ph.D.

C. Details of Successfully guided PhDs from the faculty of Department:

Following are the details of PhD thesis submitted under the guidance of

S. No	Faculty Name	Name of the scholar	Year Regd	Date of Submission	Title of the PhD Thesis
1	Prof.(Dr.) Vijay Singh Rathore	Ms. Purnima Jaiswal	2012	2016	“Safe Mode Login Transaction (SMLT) for Forced Online Banking Intrusion Activity (FOBIA)
2		Mrs. Neetu Sharma	2009	2016	“Congestion Control Mechanism in Multimedia Traffic in 3G Networks”
3		Mrs. Monika Rathore	2010	2017	“Study and Analysis of Data Warehouse Implementation in RDBMS and design a generalized framework of Implementation”
4		Ms. SonuHeer	2013	2017	Analysis of effectiveness of ERP implementation in colleges with special reference to education sector in Haryana
5		Ms. Deepu Saini	2013	2017	A study and analysis of security issues in E-Commerce network system.
6		Ms. JyotiRathore	2014	2018	Design of Load Balancing hybrid model for cloud environment
7		Ms. Madhu Sharma	2013	2018	A Framework and design for safe mode alarm reporting technique (Smart) in ATMs
8		Mr. K.L. Jhawaria	2014	2018	Design & Implementation of an Efficient ICT Model for e-Government Service Delivery System
9	Dr. Sanjay Gaur	Yogesh Patel	2014	2017	Ubiquitous Institutional Learning services using hybrid clouds: A case study of E-learning clouds
10		SheshangD egadwala	2015	2018	Privacy Preserving System Using Pseudo Zernike Moment with SURF & Affine Transformation on Dual RST Attacks”

Department of Computer Science and Engineering

Table B.5.7.1b: Details of Successfully guided PhDs from the faculty of Department

D. Current PhD Scholars under joint Supervision (PhD) of Dr. Vijay Singh Rathore

S. N o	Name of PhD Scholar	Research Area	Year of admission	University
1	Ms. Rajni Sharma	VANET (Computer App)	2014	Rajasthan Technical University, Kota
2	Mr. Subhash Kumar Jat	Software Engineering (Computer App)	2014	Rajasthan Technical University, Kota
3	Mr. Sandeep Sharma	Blood Image Enhancement using OTCA (Computer App)	2014	Rajasthan Technical University, Kota
4	Ms. Aparajita Dixit	Course work going on (Computer App)	2015	Rajasthan Technical University, Kota
5	Ms. Savita Sharma	Course work going on (Computer Engg)	2016	Rajasthan Technical University, Kota
6	Ms. Mamta Dadhich	Development of a framework for selection of an appropriate software as a service in cloud computing Environment (Computer App)	2011	IIS University, Jaipur

5.7.2. Sponsored Research (5)

- *Funded research:*

(Provide a list with Project Title, Funding Agency, Amount and Duration)

Funding amount (Cumulative during CAYm1, CAYm2 and CAYm3):

Amount >20 Lakh	– 5 Marks
Amount >= 16 Lakh and <= 20 Lakh	– 4 Marks
Amount >= 12 Lakh and < 16 Lakh	– 3 Marks
Amount >= 8 Lakh and < 12 Lakh	– 2 Marks
Amount >= 4 Lakh and < 8 Lakh	– 1 Mark
Amount <4 Lakh	– 0 Mark

2017-2018: NIL

2016-17: NIL

2015-16:

Name of PI	Project Title	Duration	Funding Agency	Amount
Mr. Mukesh Agarwal	Validation and Scientific basis of meditation and omnics to cure various diseases and their role as therapeutic targets.	3 years	DST CSRI	42,56,500/-

Table B.5.7.2: Sponsored Research Details

5.7.3. Development activities (10)

Provide details:

- *Product Development*
- *Research laboratories*
- *Instructional materials*
- *Working models/charts/monograms etc.*

S.No.	Project Title	Team Members	Description
1	Try A-Gain...JINDA-DIL-KHEL	Diwanshu Soni, Ayush Khandelwal, Aman Vijay,	The Anti Blue Whale Game i.e. "Try A-Gain...JINDA-DIL-KHEL" which

Department of Computer Science and Engineering

		Divyang Bhargava, Aniket Dixit and Apoorva Agrawal under the kind guidance of Prof. (Dr.) Vijay Singh Rathore, Head- CSE & Ms. ShikhaMaheshwari, Assistant Professor, CSE, JECRC	gives hundreds of reason to live the life with the smile while connecting users to their roots.
2	Handy application to connect farmers	Tarun Jain, Sankalp Gupta, Vivek Gupta, Vinayak Parashar, Atul Dada, Shubham Sharma	Project aims to build a handy application to connect farmers directly to their target consumers like retailers. Which removes the middleman cost involved in the transmission chain? The algorithm of the application ensures that retailers or wholesalers to get the items from the farmers which are at nearest distance and providing overall least cost. It is developed in Smart India Hackathon 2017 for Ministry of Food Processing.
3	Department of Rural Development	Vishnu Singh, Chitrangana Singh, Samarth Paboowal, Ankush Goyal, Lokesh Devnani, Priyanka Goyal	The App ensures fund transfer and flow from banks to all rural areas also ensure the validity of the same
4	The Ultimates	Tejasv Kulshrestha, Srishti Jain Utkarsh Mundra, Umesh Kumar	This App provides the information about the availability of seats in the bus at the upcoming stations.
5	Krishi Labh	Deekshant Mamodia, Astha Koul Shubham Sharma, Apurvi Mansinghka, Atul Dada	This app is for the framer which describes the techniques and process for how to do best farming.
6	ISeeu	Nakul Joshi, Pallavi Agarwal, Meenal Jain, Sejal Jain, Priyanka Maheshwari ,Lakshya Khandelwal	This app is based on AI Technology which is used for face detctetion of person with all details

Research laboratories

S.No	Name of Faculty	Research lab name	Faculty member/Student name
1	Dr. Vijay Singh Rathore	CP-1	Mr. Sandeep Sharma Ms. Aparajita Dixit
2	Dr. Vijay Singh Rathore	CP-2	Ms. Savita Sharma Ms. Mamta Dadhich
3	Dr. Sanjay Gaur	CP-3	Mr. NKTanna Ms. Darshanapandya
4	Dr. Sanjay Gaur	CP-4	Mr. Baawesh Kumawat Ms. Kanchan Parihar

Table B.5.7.1.3b: Research laboratories

Instructional materials

- Course file:**

Each & every faculty prepare course wise lecture schedules, resource material and other related instruction material before commencement of semester and is added to moodle. The students can login and access the content though internet.

Department of Computer Science and Engineering

- **PowerPoint Presentation:**

Content wise instruction material is developed including PPT presentations, for all the courses prior to the commencement of each semester which is monitored by course coordinators.

- **Hand Outs:**

Where ever necessary, additional material and hand outs are prepared and the same is made available to students through Moodle.

- **Laboratory manuals:**

Laboratory manuals: are prepared and Laboratory instruction is given through Lab manuals at the beginning of each semester and demonstration classes are delivered for better understanding of concepts behind laboratory experiment.

Working models/charts/monograms etc.

- Relevant Charts are displayed in all Laboratories so that realization becomes easy for the students.
- A project model competition titled “J-TechTrix” held every year for students to enhance their interpersonal and intrapersonal skills.
- The department has many models created by students and are been displayed in Laboratories. This prototype models helps the students to understand the working of basics and recent technologies in a better manner.

5.7.4. Consultancy (from Industry) (5)

(Provide a list with Project Title, Funding Agency, Amount and Duration)

Funding amount (Cumulative during CAYm1, CAYm2 and CAYm3):

Amount >10 Lakh	– 5 Marks
Amount >= 8 Lakh and <= 10 Lakh	– 4 Marks
Amount >= 6 Lakh and <8 Lakh	– 3 Marks
Amount >= 4 Lakh and <6 Lakh	– 2 Marks
Amount >= 2 Lakh and <4 Lakh	– 1 Mark
Amount <2 Lakh	– 0 Mark

2017-18

S.No	Name	Project Title	Funding Agency	Amount	Duration

2015-16

Department of Computer Science and Engineering

S.No.	Name	Project Title	Funding Agency	Amount	Duration
1	Mr. Mukesh Agrawal and Mr. Prashant Yadav , Assistant Professor Mr. Anil Sharma , Lab Technician	setting up of Computer Lab 8	JECRC University	Rs: 24,500/-	01/05/2015 to 30/06/2015
2	Ms. Neelam Chaplot and Ms. Shikha Maheshwari , Assistant Professor Mr. Shyam Sunder Sharma , Lab Technician	Services for setting up of Computer Lab 9	JECRC University	Rs: 25000/-	10/05/2015 to 10/07/2015.
3	Mr. Amit Mithal and Mr. Abhishek Dixit , Assistant Professor Mr. Bhupendra Singh , Lab Technician	Services for setting up of Computer Lab 10	JECRC University	Rs:27, 500/-	01/05/2015 to 30/06/2015.
4	Mr. Sunil Bhardwaj , System Administrator along with Mr. Tovindra Sahu, Mr. Atul Sharma, Mr. Kaushlendra Nagoria , Lab Technician	Services for Networking facility in labs CP-8,9,10	JECRC University	Rs: 30,000	21/05/2015 to 20/07/2015.
				Total: Rs. 1,07,000	

Table B.5.7.1.4c: Consultancy Details 2015-16

5.8. Faculty Performance Appraisal and Development System (FPADS) (30)

Faculty members of Higher Educational Institutions today have to perform a variety of tasks pertaining to diverse roles. In addition to instruction, Faculty members need to innovate and conduct research for their self-renewal, keep abreast with changes in technology, and develop expertise for effective implementation of curricula. They are also expected to provide services to the industry and community for understanding and contributing to the solution of real life problems in industry. Another role relates to the shouldering of administrative responsibilities and co-operation with other Faculty, Heads-of-Departments and the Head of Institute. An effective performance appraisal system for Faculty is vital for optimizing the contribution of individual Faculty to institutional performance. The assessment is based on:

- A well-defined system for faculty appraisal for all the assessment years (10)
- Its implementation and effectiveness (20)

Jaipur Engineering College and Research Centre, Jaipur FACULTY APPRAISAL FORM (Session 2017-18)

For best faculty award

Total 200 points

Name of Faculty Member:

Department:

Designation:

S. No.	Item Name	Maximum Points	Points obtained
1	Academic result 30 points average (90% students having more than 70% : 30	30	

Department of Computer Science and Engineering

	<p>points, 80-89% students having more than 70% result: 27 points, 70-79% students having more than 70% result: 24 points, 60-69% students having more than 70% result: 21, 60-69% students having more than 60% result: 18 points, 50-59% students having more than 60% result: 15 points else ZERO)</p> <p>Example:</p> <table border="1" style="margin-left: auto; margin-right: auto;"> <tr> <th>Theory Subject</th><th>Points obtained</th></tr> <tr> <td>Sub-1</td><td>30</td></tr> <tr> <td>Sub-2</td><td>27</td></tr> <tr> <td>Sub-3</td><td>0</td></tr> <tr> <td>Sub-4</td><td>18</td></tr> <tr> <td>Average points scored</td><td>75/4 i.e. 18.75</td></tr> </table> <p>No marks for Labs subjects</p>	Theory Subject	Points obtained	Sub-1	30	Sub-2	27	Sub-3	0	Sub-4	18	Average points scored	75/4 i.e. 18.75

Advisory note

Appreciation letter

5.9. Visiting/Adjunct/Emeritus Faculty etc. (10)

Adjunct faculty also includes Industry experts. Provide details of participation and contributions in teaching and learning and /or research by visiting/adjunct/Emeritus faculty etc. for all the assessment years:

- Provision of inviting/having visiting/adjunct/emeritus faculty (1)
 - Minimum 50 hours per year interaction with adjunct faculty from industry/retired professors etc.
- (Minimum 50 hours interaction in a year will result in 3 marks for that year; 3 marks x 3 years = 9 marks)

Department of Computer Science and Engineering

Sample Lab Manual:

JAIPUR ENGINEERING COLLEGE AND RESEARCH CENTER

Department of Computer Science & Engineering

Branch: Computer Science & Engineering **Semester:** 6th

Course Name: Computer Graphics & Multimedia Lab **Code:** 6CS8A

External Marks: 30 **Practical hrs:** 2 hrs/ week

Internal Marks: 20 **Total Marks:** 50

1. VISION & MISSION

VISION: To become renowned Centre of excellence in computer science and engineering and make competent engineers & professionals with high ethical values prepared for lifelong learning.

MISSION:

M1: To impart outcome based education for emerging technologies in the field of computer science and engineering.

M2: To provide opportunities for interaction between academia and industry.

M3: To provide platform for lifelong learning by accepting the change in technologies

M4: To develop aptitude of fulfilling social responsibilities.

Course outcome and CO-PO Mapping

COURSE OUTCOMES

Graduates would be able:

1. Understand basic concepts and different types of graphics drawing algorithm
2. Understand different transformations
3. Design different animated images

MAPPING OF CO & PO

Department of Computer Science and Engineering

SYLLABUS	
Class: VI Sem. B.Tech.	Evaluation
Branch: Computer Engg.	Examination Time =Three (3) Hours
Schedule per Week	Maximum Marks = 50
Practical Hrs.: 2	[Sessional/Mid-term (30) & End term (20)]

S. No.	List of Experiment
1	Implementation of Line, Circle and ellipse attributes
2	Two Dimensional transformations - Translation, Rotation, Scaling, Reflection, Shear
3	Composite 2D Transformations
4	Cohen Sutherland 2D line clipping and Windowing
5	Sutherland – Hodgeman Polygon clipping Algorithm
6	Three dimensional transformations - Translation, Rotation, Scaling
7	Composite 3D transformations
8	Drawing three dimensional objects and Scenes
9	Generating Fractal images
10	To plot a point (pixel) on the screen
11	To draw a straight line using DDA Algorithm
12	Implementation of mid-point circle generating Algorithm
13	Implementation of ellipse generating Algorithm
14	To translate an object with translation parameters in X and Y directions
15	To scale an object with scaling factors along X and Y directions
16	To rotate an object with a certain angle about origin
17	Perform the rotation of an object with certain angle about an arbitrary point

Department of Computer Science and Engineering

BOOKS:-

Text books:-

- Hearn and Baker: Computer Graphics, PHI
- Multimedia Systems Design, Prabhat Andleigh and Thakkar, PHI..

Reference Books:-

J. Foley, A. Van Dam, S. Feiner, J. Hughes: Computer Graphics- Principles and Practice, Pearson

• INSTRUCTIONAL METHODS:-

Direct Instructions:

1. White board presentation

Interactive Instruction:

- Algorithms

Indirect Instructions:

1. Problem solving

• LEARNING MATERIALS:-

9.1. Text/Lab Manual

• ASSESSMENT OF OUTCOMES:-

A. End term Practical exam (Conducted by RTU, KOTA)

B. Daily Lab interaction.

• OUTCOMES WILL BE ACHIEVED THROUGH FOLLOWING:-

1. Lab Teaching (through marker and white board).
2. Discussion on Algorithms.

Department of Computer Science and Engineering

INSTRUCTIONS of LAB

DO's

- Please switch off the Mobile/Cell phone before entering Lab.
- Enter the Lab with complete source code and data.
- Check whether all peripheral are available at your desktop before proceeding for program.
- Arrange all the peripheral and seats before leaving the lab.
- Properly shutdown the system before leaving the lab.
- Keep the bag outside in the racks.
- Enter the lab on time and leave at proper time.
- Maintain the decorum of the lab.

DON'T'S

- No one is allowed to bring storage devices like Pan Drive /Floppy etc. in the lab.
- Don't mishandle the system.
- Don't leave the system on standing for long
- Don't bring any external material in the lab.
- Don't make noise in the lab.
- Don't bring the mobile in the lab. If extremely necessary then keep ringers off.
- Don't enter in the lab without permission of lab In charge.
- Don't delete or make any modification in system files.

Department of Computer Science and Engineering

Sample Experiment

Aim:

To implement Bresenham's Algorithm for Line Drawing

Algorithm:

- Start.
 - Declare variables x,y,x1,y1,x2,y2,p,dx,dy and also declare gdriver=DETECT,gmode.
 - Initialize the graphic mode with the path location in TC folder.
 - Input the two line end-points and store the left end-points in (x1,y1).
 - Load (x1,y1) into the frame buffer; that is, plot the first point put $x=x_1, y=y_1$.
 - Calculate $dx=x_2-x_1$ and $dy=y_2-y_1$, and obtain the initial value of decision parameter p as: a. $p=(2dy-dx)$.
 - Starting from first point (x,y) perform the following test:
 - Repeat step 9 while($x \leq x_2$).
 - If $p < 0$, next point is $(x+1, y)$ and $p=(p+2dy)$.
 - Otherwise, the next point to plot is $(x+1, y+1)$ and $p=(p+2dy-2dx)$.
 - Place pixels using putpixel at points (x,y) in specified colour.
 - Close Graph.
- Stop.

Department of Computer Science and Engineering

Source Code:

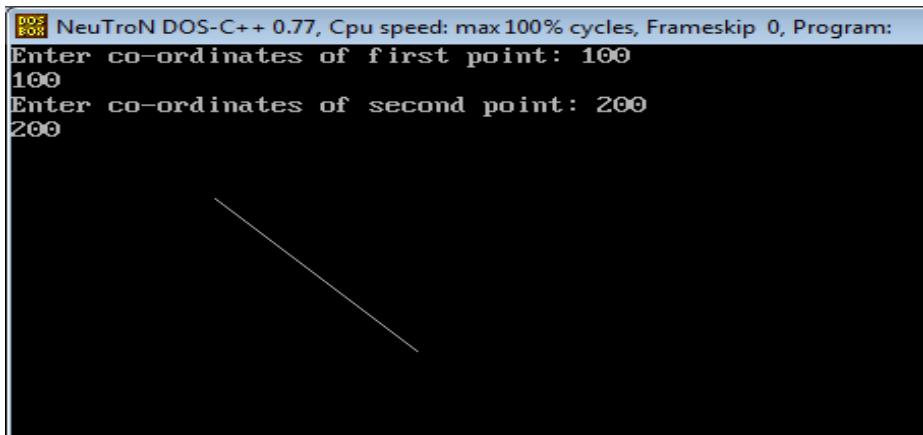

/* C program to draw a line */

```
#include<stdio.h>
#include<conio.h>
#include<graphics.h>
void main()
{
    int x,y,x1,y1,x2,y2,p,dx,dy; int gdriver=DETECT,gmode; initgraph(&gdriver,&gmode,"C:\\tc\\BGI:");
    printf("\nEnter the x-coordinate of the first point ::"); scanf("%d",&x1);
    printf("\nEnter the y-coordinate of the first point ::");
    scanf("%d",&y1);
    printf("\nEnter the x-coordinate of the second point ::");
    scanf("%d",&x2);
    printf("\nEnter the y-coordinate of the second point ::");
    scanf("%d",&y2);
    x=x1; y=y1; dx=x2-x1; dy=y2-y1;
    putpixel(x,y,2);
    p=(2*dy-dx);
    while(x<=x2)
    {
        if(p<0)
        {
            x=x+1;
            p=2*x-dx;
        }
        else
        {
            x=x+1; y=y+1;
            p=p+2*dy;
        }
        putpixel(x,y,7);
    }
    getch();
    closegraph();
}
```

Department of Computer Science and Engineering

Output:

```
NeuTroN DOS-C++ 0.77, Cpu speed: max 100% cycles, Frameskip 0, Program:  
Enter co-ordinates of first point: 100  
100  
Enter co-ordinates of second point: 200  
200
```

Figure6.1a: Result of experiment

Result:

Hence, Bresenham's algorithm is implemented.

Viva Questions:

- Differentiate DDA and Bresenham's Line drawing algorithm
- Explain the Bresenham's Line drawing algorithm

Department of Computer Science and Engineering

1.2. Additional facilities created for improving the quality of learning experience in laboratories (25)

Sr. No.	Facility Name	Details	Reason(s) for creating facility	Utilization	Areas in which students' are expected to have enhanced learning	Relevance to POs/PSOs
1	Class Room with projector	Fully equipped Class room with LCD projector with the seating capacity of 70. Comfortable desks, chairs and teaching aids , Fans	Faculties use all interactive modules like videos/ presentations and visually attractive methods of teaching.	20 Hrs. Per Week	Subjects (Principles of Programming Language, Real time application oriented subjects, Software Engineering, Mobile Computing, Data Mining & Warehousing ect.	PO1, PO5
2	E-journal	JGate	For research and project activities. To know about recent trends in science and technology	Throughout the academic session.	Research activity, paper writing. Recent trends in engineering and software industry Project activity	PO1,PO2, PO12
3	Internet Facility	Ethernet/WiFi	Facility to staff and students for enhancing Teaching Learning	Throughout the academic session.	More knowledge apart from curriculum, 24x7 access to learning resources	PO1,PO2, PO5
4	Video's From NPTEL, SWAYAM	NPTEL (National Program on Technology Enhanced Learning) is a joint initiative of the IITs and IISc. Through this initiative, Students get certified on various latest courses through online learning and evaluation	Understanding the Video oriented Teaching and learning.	Throughout the semester	Building deep understanding with expert lectures from subject experts In depth knowledge beyond Lab.	PO1,PO5,PO11

Department of Computer Science and Engineering

5	Seminar Hall	Fully equipped shared seminar hall with Computer, Projector, 70 Student Desk, White Board, Air conditioner, Cushion chair, Microphone, Speaker, LED lights, Podium, Well Equipped Audio System.	To present technical talk/ project seminars/ research papers/ workshops/ industry interaction presentation and Guest Lectures and Expert Talk.	Throughout the semester	To bridge the band gap between academic and industry curriculum. To upgrade students to industry standard. Gaming Contest, Quizzes	PO1,PO8, PO9,PO12
6	Computer Hardware Lab	Using Scrap /Unused computers	To provide complete picture of hardware devices for better understanding of the subjects	5 hours per week	Real time experience of dissembling, locating the devices, assembling the system	PO1,PO12
7	MOU with FORSK technologies	Forsk was founded by Dr. Sylvester Fernandes and Yogendra Singh in mid-2015. Forsk is working for a paradigm shift in industry and academia partnership for skill enhancement and improved industry engagement .	The objective of this MoU is to bring industry approach of solution development and product engineering to engineering candidates through project based learning	3 Months	FORSK will offer project based learning in IoT(Internet of Things) and Machine Learning(Data Science) to JECRC students., helps in finding solution to real life problems	PO1,PO4,PO5, PO9,PO11, PO12
8	MOU with REDHAT	Network NUTS (A unit of AR Network NUTS Pvt. Ltd.) proud to be "India's only networking institute by Corporate Trainers.). Led	The objective of this MoU is to bring industry approach of solution development and product engineering	1 Months	After completion of training students will get prepared for <u>RHCSA (Red Hat Certified System Administrator)</u> Exam and after this exam they will be RHCSA certified which will help them in grabbing various job opportunities.	PO1,PO4,PO5, PO9,PO11, PO12

Department of Computer Science and Engineering

		by a techie himself. Established in 2003 with the mission of bridging the gap from classroom to the workplace.	to engineering candidates through project based learning by data and technology.				
9	Sales force	Sales force is an innovative company behind the worlds #1 CRM platform.	To train the students and make them industry ready	3 Months	Project, Industrial Training	PO1,PO2,PO4, PO5, PO9,PO11, PO12	
10	MOU with KMP Info Solutions	CAI is the center for the apps and ideas which lets students to bring their dreams into reality. This program let students to come up with an idea and help them to make their idea run in the real world with an Android application.	To create the future android developers and to create more career scope for the students	Throughout the semester.	Projects, Application Development	PO1,PO2,PO4, PO5,PO9,PO11 ,PO12	
11	Infosys Campus Connect Program	Foundation Program 5.0	The objective is to	1 Months	This program provides a platform to fill the gap between industry &academia.	PO1, PO2, PO3, PO4, PO5, PO8, PO9, PO10, PO11,PO12	
12	Spiritual Research Cell	Sponsored by DST CSRI & JECRC	1. For operating DST CSRI sponsored Research Project 2. For imparting the wealth of Indian Yoga & Meditation among Engineering Students	Available Throughout the semester	1. In the field of Yoga & Meditation 2. In developing moral values & ethics 3. In the area of Spiritual Research Opportunities	PO6,PO8	

Department of Computer Science and Engineering

13	MoU With Cyberops InfoSec	Cyber Security Training Conducted by Cyberops InfoSec	Cyberops InfoSec is India's leading organization in field of Information security.	Throughout the semester	Students will be able to provide assistance in detecting the flaw and handling the cybercrime incidents and provide consultancy to the law enforcement agents and advocates handling the same.	PO1,PO2,PO4, PO5,PO9,PO11, PO12,PSO2

Table B.6.2a: Additional facilities

6.3. Laboratories Maintenance and overall ambience (10)

6.3.1 Laboratories Maintenance

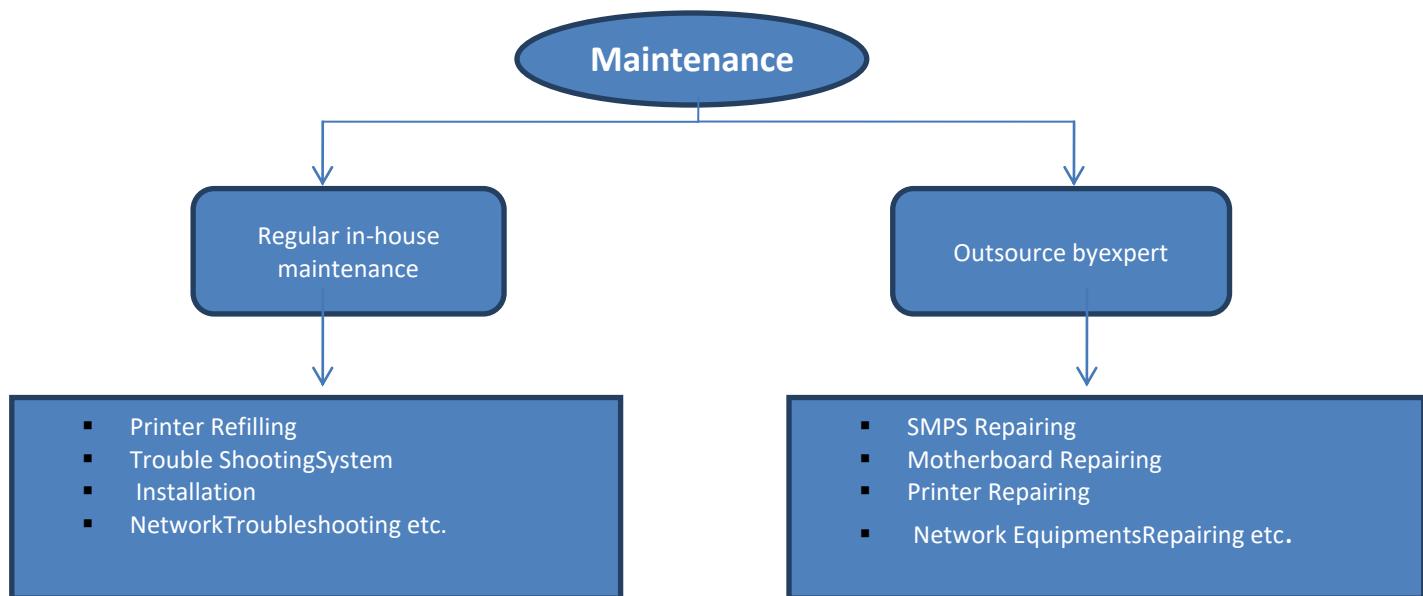

Figure6.3.1a: Lab maintenance

6.3.2 Overall Ambience:-

- Department has enough labs which are used for all the years to meet the curriculum requirements. Conditions of chairs/benches are in good condition. Chairs are provided for individual students in Labs.
- Each Lab is equipped with white board, computer setup, and high speed Internet facility.
- Each Lab is air-cooled & with proper lighting

Department of Computer Science and Engineering

- Wifi facility available 24X7 for all faculties and students to carry lab work.
 - Well-furnished IBM computer lab used for project work.
 - Technical support for the students is available throughout the day.
 - IBM lab is open for the students to carry out research regarding their projects, throughout the day.

6.4 Project laboratory:

On completion of the course:	
CO1	Graduates will be able to understand the concepts of real world complex problems with analyzing social impact for sustainable development.
CO2	Graduates will be able to apply design and develop software applications
CO3	Graduates will be able to create cost effective solutions in multidisciplinary environments.
CO4	Graduates will be able to demonstrate their work with writing effective reports and design documentation via presentation tools.

SAMPLE OF PROJECT NOTICE:

JAIPUR ENGINEERING COLLEGE AND RESEARCH CENTER, JAIPUR DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

NOTICE

21st Dec. 2017

It is informed to all final year students of academic session 2017-18 of CSE Department that their guide allotment will be held on January 02, 2018. The guidelines are as under

- Students cannot form a group by their self.
- Students will appear in front of the project committee in the order of their merit which is given below.
- A faculty list is given with their area of specialization/interest. Max of 2 projects will be allotted to the faculty.
- A group of students will be of 4 in max and 3 in min.
- Group of students will be taken from each section.
- Students came in specified order and will select a guide.
- When two groups formed of the particular faculty, then his name is crossed in the list.
- Section has to come in following time in IBM lab (A-Block).

ANKUR RAJ
(PROJECT IN-CHARGE)

Department of Computer Science and Engineering

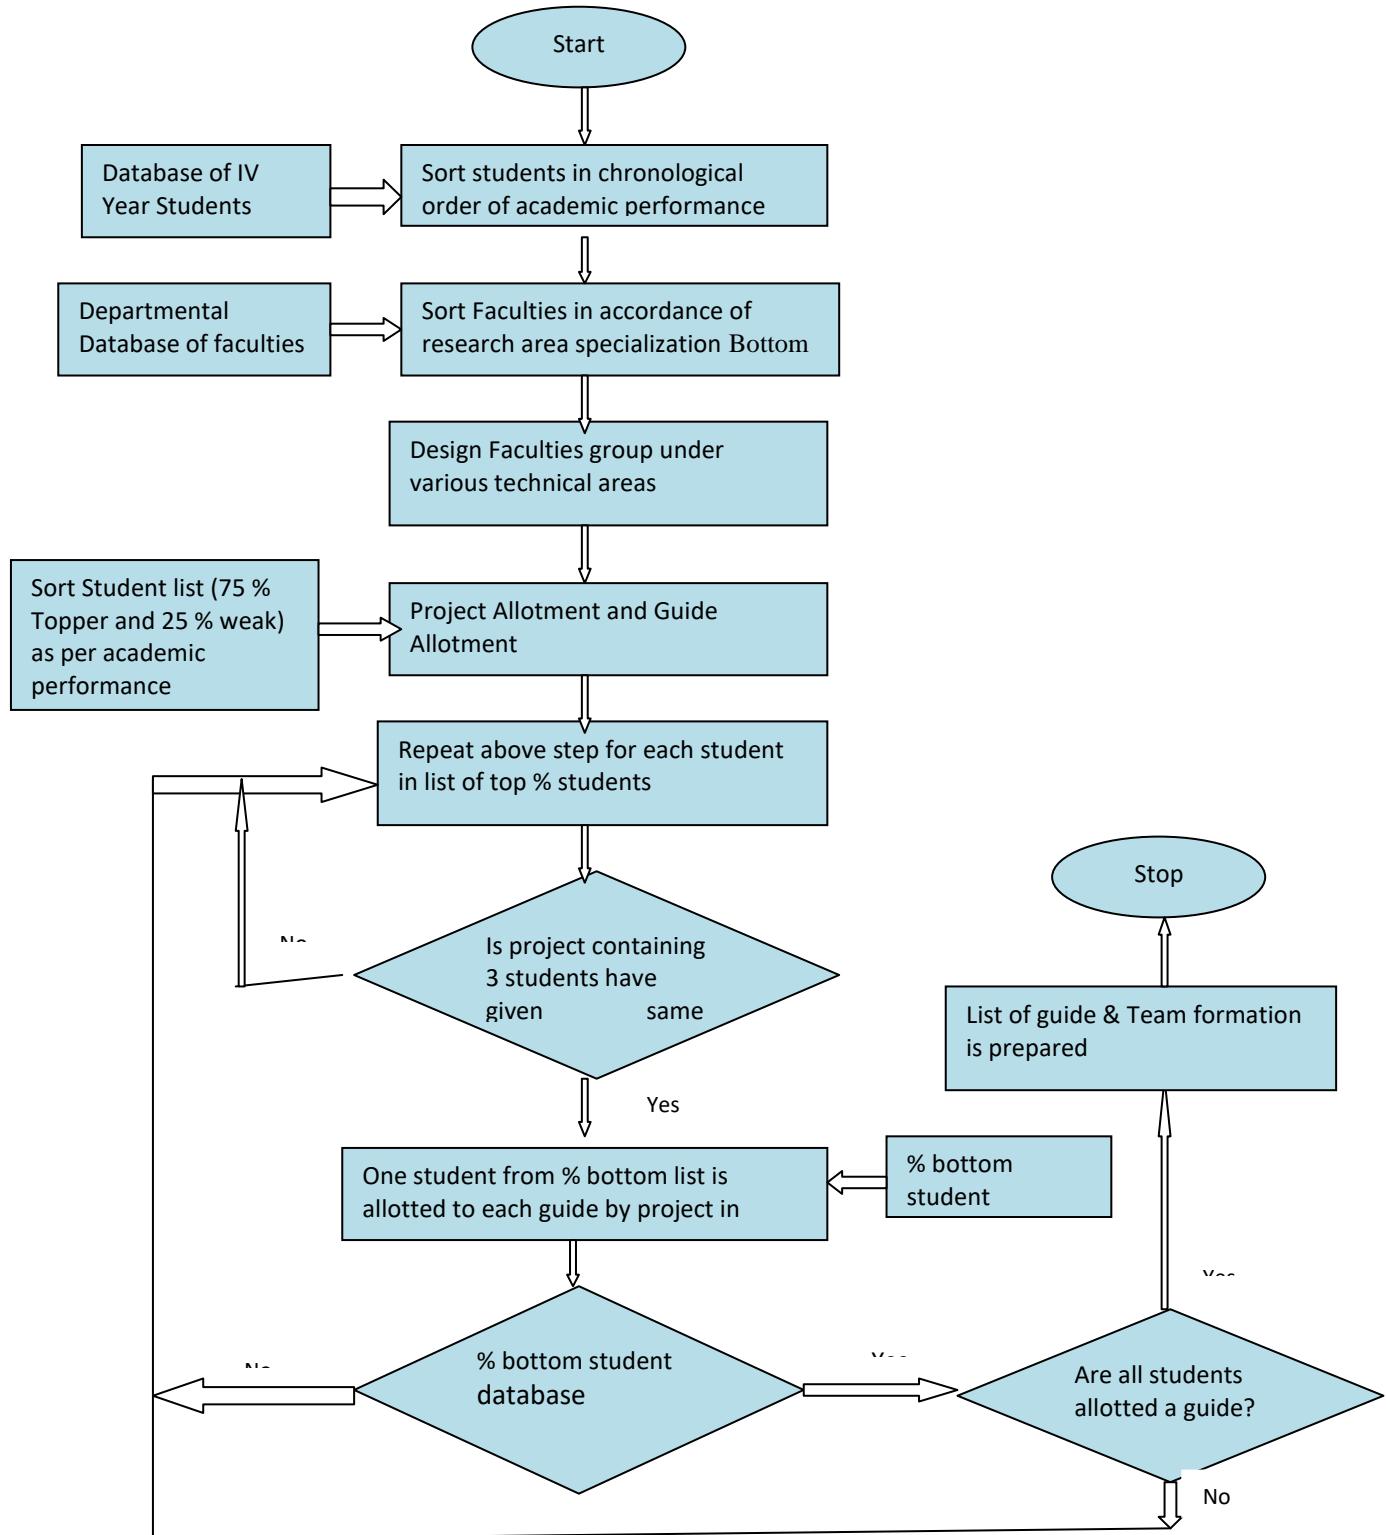

Figure 6.4a: Project Allotment Flowchart

Department of Computer Science and Engineering

1. Project Group Formation

- Students of IV Year are sorted in chronological order on the basis of their academic performance.
- The students are divided into four categories namely Topper Student List (A), Average Student List (B), Below Average Student List (C) and Bottom Student List (D). Each category contains 25% of total final year students.
- Display the list of faculty members according to their area of interest.
- Select one student from each category and make a team.
- Each team selects one guide according to their area of interest and asks the guide for their project approval after showing the abstract of the project.

Table B.6.4d: Project Group Division

Department of Computer Science and Engineering

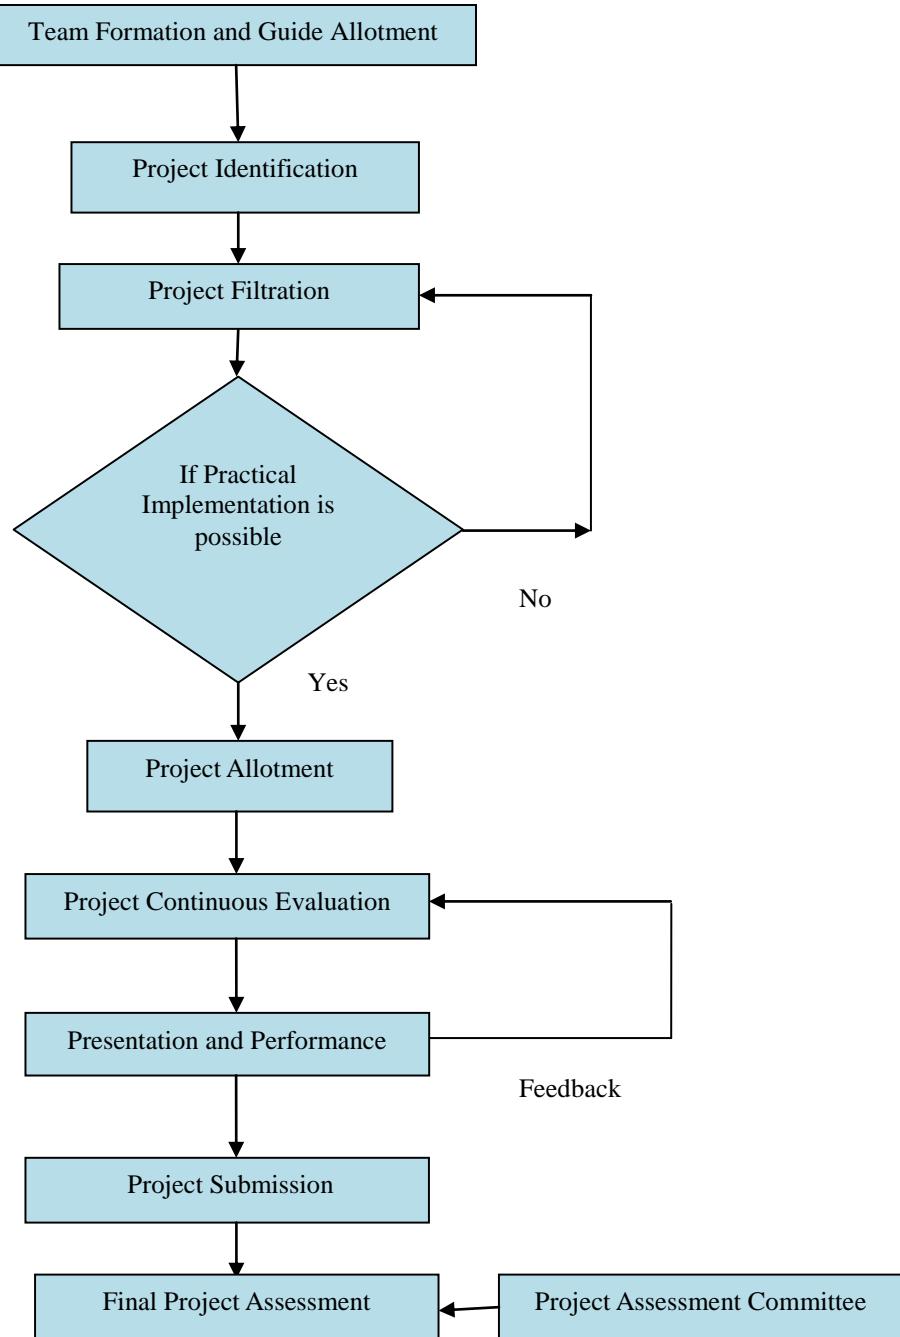

Figure 6.4c Project Evaluation

Department of Computer Science and Engineering

2. Project Identification

- Project coordinator issues a circular at the end of 6th semester to all faculty members to provide their area of interest and the list of five projects to be given to the students.
- Students are also encouraged to submit the idea of their own for doing the project.
- Final list of projects has been made and display on notice board.
- The list of previous year projects is also displayed at notice board which ensures no repetition of project work and also encourages students to enhance the previous works.
- Each group of students decides the project guide according to their area of interest.
- Each team selects their own project idea or from list of projects.

3. Project Filtration & Allotment

- Each team or group of students discusses their own project idea with their guide.
- If the project idea submitted by the student/ group of students fulfills the basic requirements, then it will be allotted to that student/ group of students.
- If it does not fulfill the basic requirements, then a new project idea is allotted to that student/group of students from the list of finalized projects.

4. Project Continuous Evaluation

- Project coordinator displays the deadline on notice board for the progress report presentations and final submission of the project report.
- Each group has to submit weekly progress report to the respective guide.
- Each team show their project demonstration followed by viva-voice has been carried out twice in a semester in front of guide, then guide review the progress and gives suggestions.

5 Procedure of Project Evaluation

- A presentation followed by viva voce is also carried out at the end of semester in front of the external examiner and other students.
- Each group of students has to submit a report of their work along with the role of each team member.
- The project exhibition is carried out at the end of semester. Student/group of students demonstrated the project in front of external examiner and other students.
- Final Assessment of the project and marks finalization is done by the project assessment team along with external examiner and respective guide

Criteria7
Continuous Improvement
(50)

Department of Computer Science and Engineering

CRITERION 7	Continuous Improvement	50
--------------------	-------------------------------	-----------

7.1 Actions taken based on the results of evaluation of each of the POs & PSOs (20)

POs Attainment levels & actions for improvement (2015-16) CAY

POs	Target Level	Attainment Level	Observations
PO1. Engineering Knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and Computer Science and Engineering specialization to the solution of complex Computer Science and Engineering problems.			
PO1	70.4%	30.6%	<ol style="list-style-type: none"> 1. Students need to improve in implementing practical knowledge according to theoretical subjects. 2. Some of the subject like, Compiler Construction, Advanced Engineering Mathematics, Principles of Communication, Statistics and Probability Theory, Information Theory & Coding is needed to be improved to attain the attainment level.
Actions			
<ul style="list-style-type: none"> • Workshops and technical activities were included in curriculum to enhance the capability of students to relate it to the classroom lectures. • Video lectures along with detailed course contents were held and students were also registered in online courses (i.e. Swayam, NPTEL, MOOCs) launched by AICTE. • Additional classes to be conducted on Compiler Construction, Advanced Engineering Mathematics, Principles of Communication, Statistics and Probability Theory, Information Theory & Coding. 			
PO2. Problem Analysis: Identify, formulate, research literature, and analyze complex computer Computer Science and Engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.			
PO2	64.8%	31.5%	<ol style="list-style-type: none"> 1. Need of strong analytical power in students was realized and correlation between Mathematics & Science with engineering subjects was lacking. 2. Some of the subject like, Compiler Construction, Principles of Communication, Digital Electronics, and Embedded System Design needs to be improved to attain the attainment level.

Department of Computer Science and Engineering

Actions

- Students were advised to observe the problems related to real life scenario.
- More home assignments are given for subjects that have computational importance
- Remedial classes to be conducted on subject in which target is not achieved.

PO3. Design/development of solutions: Design solutions for complex Computer Science and Engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

PO3	74.1%	38.9%	<ol style="list-style-type: none">1. Approach towards the solutions of problems and development of minor and major projects were not fulfilling the industrial needs or requirements.2. Some of the subject like, Engineering Mathematics, Statistics and Probability Theory, Design and Analysis of Algorithms, Information Theory & Coding, Data Structures and Algorithms needs to be improved to attain the attainment level.
-----	-------	-------	--

Actions

- Encouragement to students regarding proper feasibility analysis and design and development of the product according to industry requirements
- Additional classes to be conducted on design solutions for complex engineering problems
- Coding contest should be promoted among students

PO4. Conduct investigations of complex problems: Use research-based knowledge and research methods including design of Computer Science and Engineering experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.

PO4	74.1%	35.9%	<ol style="list-style-type: none">1. Some of the students were lacking in applying research based approach for creating projects.2. Some of the subject like Statistics and Probability Theory, Design and Analysis of Algorithms, Digital Logic Design needs to be improved according to the requirement to attain the level.
-----	-------	-------	---

Actions

- Workshops and technical activities were included in curriculum to enhance the capability of students to relate it to the classroom lectures.
- More activities on Coding contest should be promoted among students
- Video lectures should be planned for students and motivate them to register in online courses (i.e. Swayam, NPTEL, MOOCs) launched by AICTE.

PO5. Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern

Department of Computer Science and Engineering

Computer Science and Engineering and IT tools including prediction and modeling to complex computer science engineering activities with an understanding of the limitations.

PO5	70.4%	32.6%	<p>1. According to latest industry standards and to fill the gap between industry and academic, up gradation of tools and software were required.</p> <p>2. Some of the subject like, Compiler Construction, Cloud Computing, Design and Analysis of Algorithms, are needed to be improved to attain the attainment level.</p>
-----	-------	-------	--

Actions

- Latest software like Xilinx, MATLAB, SALESFORCE, HADOOP, CLOUDERA, PYTHON, Android Development Kit and ECLIPSE will be introduced to fulfill this gap.
- Video lectures should be planned for students and motivate them to register in online courses (i.e. Swayam, NPTEL, MOOCs) launched by AICTE.
- Workshops and technical activities were included in curriculum to enhance the capability of students to relate it to the classroom lectures.
- More activities on Coding contest should be promoted among students

PO6. The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional Computer Science and Engineering practice.

PO6	70.4%	35.8%	<p>1. Content beyond the syllabus needs to be included in the curriculum related to health safety and social needs of the society.</p> <p>2 Some extra activities needed related to the engineer and society</p>
-----	-------	-------	--

Actions

- Students should be motivated to involve in social initiatives to understand the social aspects which will help them to solve the problems of society with engineering practices.
- Video lectures should be planned for students and motivate them to register in online courses (i.e. Swayam, NPTEL, MOOCs) launched by AICTE.
- Workshops and technical activities were included in curriculum to enhance the capability of students to relate it to the classroom lectures.
- More activities on society issues, Social issues and health related problems should be promoted among students

PO7. Environment and sustainability: Understand the impact of the professional Computer Science and Engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.

Department of Computer Science and Engineering

PO7	55.6%	24.4%	<p>1. It was observed that role of students towards environment and global awareness needs to be improved.</p> <p>2. Some extra activities needed related to the professional engineering solutions in societal and environmental contexts</p>
-----	-------	-------	--

Actions

- Video lectures should be planned for students and motivate them to register in online courses (i.e. Swayam, NPTEL, MOOCs) launched by AICTE.
- Workshops and technical activities were included in curriculum to enhance the capability of students to relate it to the classroom lectures.
- More activities on professional engineering solutions in societal and environmental contexts and demonstration of the knowledge for sustainable development should be promoted among students

PO8. Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the Computer Science and Engineering practice.

PO8	59.3%	22.9%	<p>1. Along with increase in technical knowledge, ethical knowledge is also required in graduates</p> <p>2. Some of the subject in the curriculum are lacking in learning the principles and commit to professional ethics and responsibilities.</p>
-----	-------	-------	--

Actions

- Motivational lectures will be organized for self-realization ethical principles and commit to professional ethics and responsibilities
- Students are encouraged to participate in various Social and cultural events.
- Some of the workshops will be organized to understand the professional ethics, responsibilities and norms of the engineering practice.

PO9. Individual and team work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings in Computer Science and Engineering.

PO9	83.3%	39.7%	Some of the subjects in the curriculum are lacking in learning effectively as an individual and as a member or leader in diverse teams and also in multidisciplinary settings.
-----	-------	-------	--

Actions

- Motivating students to work in groups in technical studies
- More extracurricular events will be organized to enhance leadership qualities in individuals as

Department of Computer Science and Engineering

well as to make them work in team.

- More activities on Coding contest should be promoted among students to work effectively as an individual and in a team

PO10. Communication: Communicate effectively on complex Computer Science and Engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.

PO10	57.4%	30.5%	<p>1. Communication Skills were not up to the mark and needs to be improved for presentations to be performed.</p> <p>2. Students are lacking in report writing and design documentation, make effective presentations</p>
------	-------	-------	--

Actions

- Personality Development Skills will be imparted to students to enhance various aspects of communication, technical and Presentations skills
- Expert Talks to enhance aptitude, qualitative skills of the students
- Additional classes to be conducted for writing effective reports, design documents and effective presentations skills.

PO11. Project Management and Finance: Demonstrate knowledge and understanding of the Computer Science and Engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.

PO11	70.4%	31.9%	<p>1. Students were lacking in implementing the feasibility of various projects and managing according to the financial availability.</p> <p>2. Some of the subject are lacking in learning and applying work to manage projects in multidisciplinary environments.</p>
------	-------	-------	---

Actions

- Students are encouraged to participate in entrepreneurship and startups programs.
- Additional classes to be conducted for demonstrating knowledge and understanding of the engineering and management principles to manage projects in multidisciplinary environments.
- Workshops and Industrial visits will be included to enhance the capability of students to apply their Knowledge to make, enhance and manage projects in multidisciplinary environments.

PO12. Life –long Learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of Computer Science and Engineering

Department of Computer Science and Engineering

change.

PO12	66.7%	31.2%	1. Students were confined to only subjective and theoretical knowledge. Some changes in technical skills according the industrial requirements have to be included in curriculum.
------	-------	-------	--

Actions

- Latest software like Xilinx, MATLAB, SALESFORCE, HADOOP, CLOUDERA, PYTHON, Android Development Kit and ECLIPSE will be introduced to fulfill this gap.
- Video lectures should be planned for students and motivate them to register in online courses (i.e. Swayam, NPTEL, MOOCs) launched by AICTE.
- Workshops and technical activities were included in curriculum to enhance the capability of students to relate it to the classroom lectures.
- More activities on Coding contest should be promoted among students
- Additional classes to be conducted for writing effective reports, design documents and effective presentations skills.
- Additional Technical classes to be conducted in the context of technological changes.
- Motivational lectures will be organized for students to understand ethical principles and commit to professional ethics and responsibilities
- Students are encouraged to participate in various Social and cultural events to enhance leadership qualities in individuals as well as to make them work in team.

- Additional classes to be conducted for writing effective reports, design documents and effective presentations skills.

PO11. Project Management and Finance: Demonstrate knowledge and understanding of the Computer Science and Engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.

PO11	70.4%	55.9%	<ol style="list-style-type: none">1. Implementation and feasibility of various projects can be done by properly analyzing and managing them according to the financial availability.2. Some of the subject like Advanced Engineering Mathematics, Compiler Construction, and Cloud Computing are needed to be improved to attain the attainment level.
------	-------	-------	---

Actions

- Students are encouraged to participate in entrepreneurship and startups programs.
- Additional classes to be conducted for demonstrating knowledge and understanding of the engineering and management principles to manage projects in multidisciplinary environments.
- Workshops and Industrial visits will be included to enhance the capability of students to apply their Knowledge to make , enhance and manage projects in multidisciplinary environments

PO12. Life –long Learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of Computer Science and Engineering change.

PO12	66.7%	57.3%	<ol style="list-style-type: none">1. Students of 3rd and 4th year need to have conceptual knowledge of few basic and important courses which will help them in their future jobs.2. Some of the subject like Advanced Engineering Mathematics, Compiler Construction and Cloud Computing are needed to be improved to attain the attainment level.
------	-------	-------	---

Actions

- Latest software like Xilinx, MATLAB, SALESFORCE, HADOOP, CLOUDERA, PYTHON, Android Development Kit and ECLIPSE will be introduced to fulfill this gap.
- Video lectures should be planned for students and motivate them to register in online courses (i.e. Swayam, NPTEL, MOOCs) launched by AICTE.

Department of Computer Science and Engineering

- Workshops and technical activities were included in curriculum to enhance the capability of students to relate it to the classroom lectures.
- More activities on Coding contest should be promoted among students
- Additional classes to be conducted for writing effective reports, design documents and effective presentations skills.
- Additional Technical classes to be conducted in the context of technological changes
- Motivational lectures will be organized for students to understand ethical principles and commit to professional ethics and responsibilities
- Students are encouraged to participate in various Social and cultural events to enhance leadership qualities in individuals as well as to make them work in team.

7.2. Academic Audit and actions taken thereof during the period of Assessment (10)

(Academic Audit system/process and its implementation in relation to Continuous Improvement)

Academic Audit system at JECRC, Computer science and engineering department is projected for both faculty and students to monitor and better enhancement in the quality of teaching & learning process with their appropriate guidelines and support. Self-assessment of individual faculty members along with the students is the prime goal of the departmental IQAC (Internal Quality Assessment Committee) team.

- Members of this Academic audit IQAC team are consisting of program coordinator and senior faculty members of the department.
- Academic Audit is done twice at one semester.
 - First audit includes, monitoring teaching process, time-table, Teachers Dairy (course plan and course coverage), lab equipment's requirements, 1st sessional result analysis faculty wise.
 - Second Audit includes, addressing the difficulties faced by students as well as faculty members and take suitable remedial actions, final result analysis, coverage of syllabus etc.
- IQAC team also looks into the faculty development programs (FDP) along with the technical and research oriented activities of both students and faculty members.

OBJECTIVES OF ACADEMIC AUDITING:

- (i) To ensure academic continuous improvement.
- (ii) To enhance the quality of each component of the departmental functionalities and to ensure quality of education system in respective to both students as well as faculty members.

DOCUMENTS TO BE PRODUCED FOR AUDIT TEACHERS DIARY AND COURSE FILE

Following documents are maintained at the department level for the purpose of academic audit:

1. Class Time Table & Faculty Time Table.
2. Teacher's Diary for all the courses including practical, seminar, project etc.
3. Course File
4. Lab manuals for practical courses
5. Equipment Stock register used in Laboratories
6. Consolidated Attendance & marks statement of students
7. Seminar & Project (Mini project/Design project/Final semester project) progress review report
8. Register of internal evaluation marks

Department of Computer Science and Engineering

9. Result Analysis
10. Department Activities / Events register
11. Internships/ Industrial visits/ Summer training / Workshops/ Technical competitions attended by students
12. Details of students' Placements, Higher education, competitive exams etc.
13. Students feedback reports

These documents are updated regularly in the process of quality assurance.

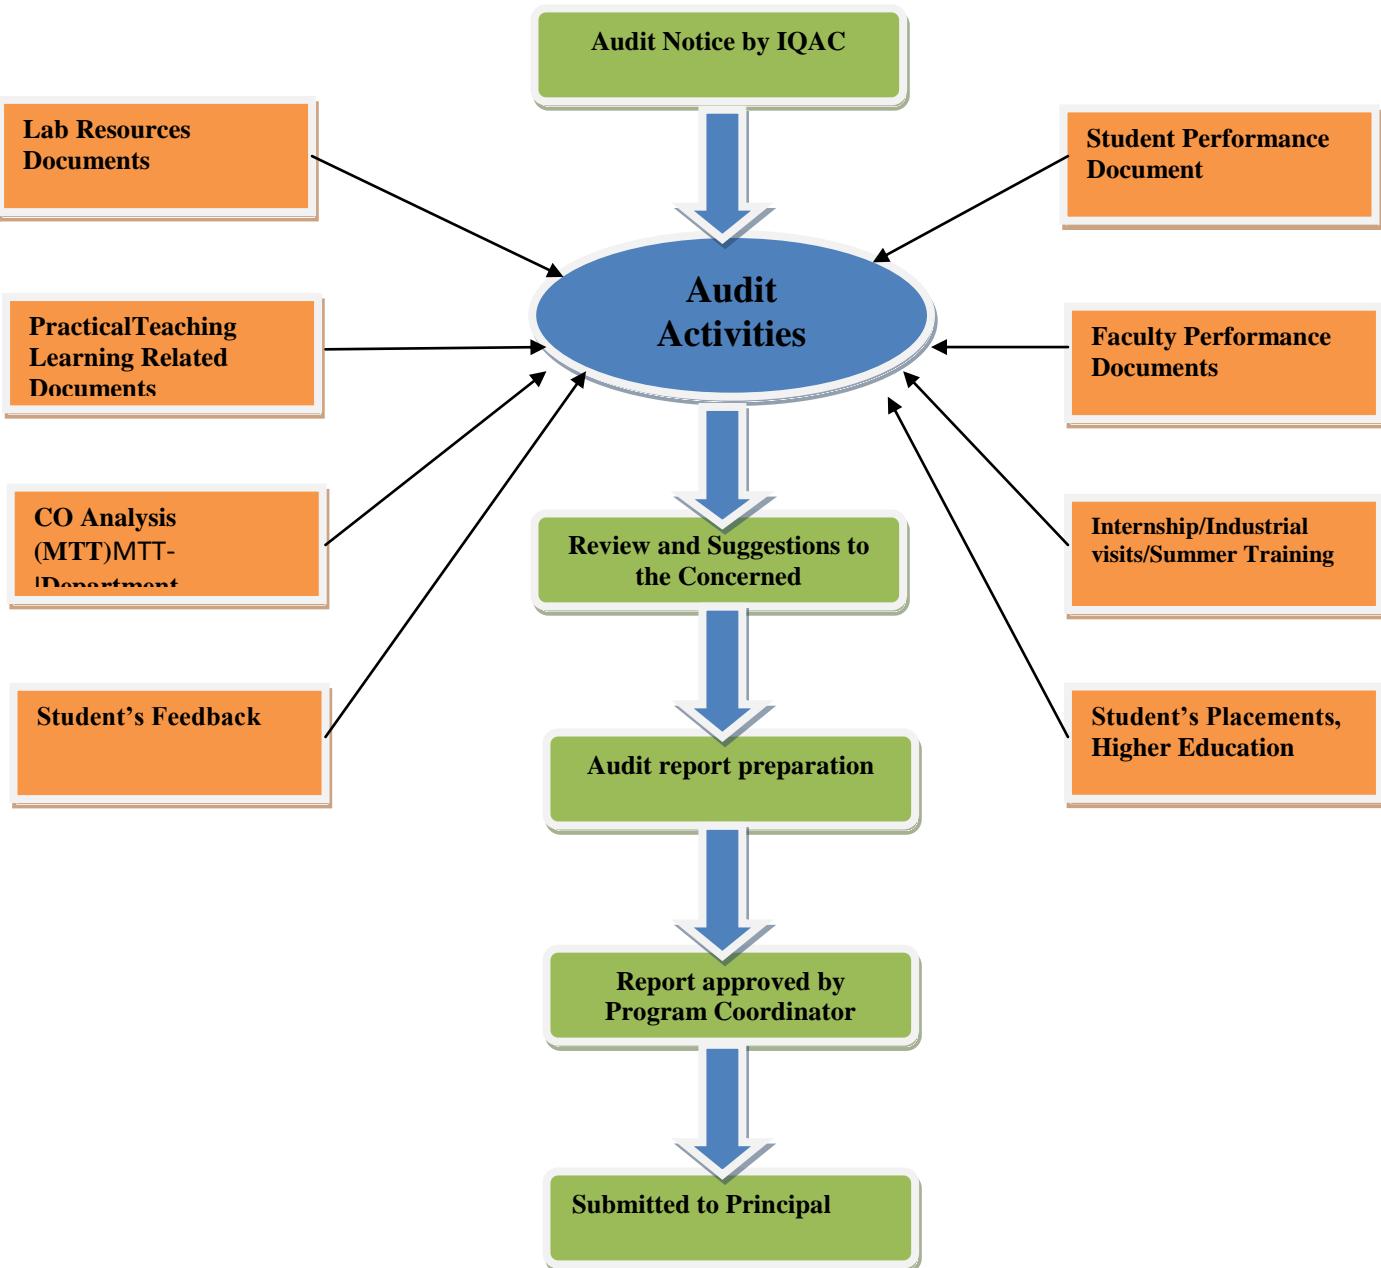

Figure 7.2a: Audit Process of CSE Department

Department of Computer Science and Engineering

The Following are the team members of IQAC audit for session (2015-2016)

S.NO.	Name	Designation	Responsibilities
1.	Mrs. Neelam Chaplot	Assistant Professor	College NBA coordinator, Program Coordinator.
2.	Mr. Amit Mithal	Assistant Professor	II Shift Program coordinator.
3.	Mr. Gajendra Sharma	Assistant Professor	EDC, IIPC coordinator.
4.	Mrs. Anima Sharma	Assistant Professor	Training & Placement Officer.
5.	Ms. Shikha Maheshwari	Assistant Professor	3 rd Year Class Coordinator.
6.	Mrs. Hemlata Soni	Assistant Professor	2 nd Year Class Coordinator.
7.	Ms. C Jeba Nega Cheltha	Assistant Professor	Examination In charge.

Table B.7.2a: IQAC audit Member of session (2015-2016)

Sample of 1st audit meeting in session (2015-2016):

Criterion	Items	Reviews
Teaching learning related Documents		
Course File	Formatting	Alignment, Table Format, Page Layout
	Content	Content Improve, Assignments, Weak Student list
Time Table	Time slots	Extra Co-Curricular Activities, Library Period, Timing, Analytical Aspect in Research
Student Performance Documents		
Result Analysis	Improvement	Analysis of Weak Student, Activities of Student, Problem Analysis
Faculty Performance Documents		
Result Analysis	Improvement	Analysis last year result faculty vise
Performance	Faculty	Concern Subject knowledge, Team Work ideal for a professional, Social Service Activities, Interact with Students
	Teaching Methods	PPT, Video, Expert Lecture, Course Planners, Awareness Program, Team Work, Project Management, Professional Competency
	Syllabus	Completion
	Notes	Availability
FDP	Quality	Technical, Communication Supportive, Guest Lectures, Interview Facing Skills, Ethics
	Area Concern	Related to Subject, In-house Research Projects
Lab Resources Documents		

Department of Computer Science and Engineering

Stock	Stock Register	Stock register are maintained properly
-------	----------------	--

Table B.7.2b: IQAC 1st audit Meeting of session (2015-2016)

Sample of 2nd audit meeting in session (2015-2016):

Criterion	Items	Reviews
Teaching learning related Documents		
Course File	Formatting	Updated ass mentioned in previous audit meeting
	Content	Updated ass mentioned in previous audit meeting
Lecture and Labs	Time Table	Updated ass mentioned in previous audit meeting
Student Performance Documents		
Class Record	Attendance	Most of the students are having less attendance, conduct some extra classes
	Debarred list	Not prepare till yet
Result Analysis	Improvement	Analysis of Weak Student and give them some assignments
Faculty Performance Documents		
API	Faculty	Analysis of Research, Results
Department Activities / Events		
FDP	Quality	Technical ,Communication Supportive
Event	Intra class Quiz	Related to Subject
	Paper presentation	Plan to conduct
Lab Resources Documents		
Stock	Stock Register	Required to properly maintain with in charge signature
Internships/ Industrial visits/ summer training		
Internship	Record File	Some of the Student record are missing
Industrial Trip	Record File	Mapping with Course benefits, Feedback of student
Summer training	Record File	The level of company, No objection certificates, presentation the training work
Students' Placements, Higher education		
Placements	Record File	Analysis student performance, Extra mentioning on week students
	Extra classes	Attendance, performance

Department of Computer Science and Engineering

Higher Education	Record File	Maintain the record of the student
	Extra classes	Attendance, performance
Student's feedback		
Feedback	Record File	Feedback form record, analyze accordingly for further improvement

Table B.7.2c: IQAC audit 2nd Meeting of session (2015-2016)

The Following are the team members of IQAC audit for session (2016-17)

S.NO.	Name	Designation	Responsibilities
1.	Dr. Bhavna Sharma	Associate Professor	College NBA coordinator
2.	Mr. Amit Mithal	Assistant Professor	II Shift Program coordinator.
3.	Mr. Gajendra Sharma	Assistant Professor	EDC, IIPC coordinator.
4.	Mrs. Anima Sharma	Assistant Professor	Training & Placement Officer.
5.	Ms. ShikhaMaheshwari	Assistant Professor	3 rd Year Class Coordinator.
6.	Mrs. Hemlata Soni	Assistant Professor	2 nd Year Class Coordinator.
7.	Ms. C Jeba Nega Cheltha	Assistant Professor	Examination In charge.

Table B.7.2d: IQAC audit Member of session (2016-2017)

The Following are the team members of IQAC audit for session (2017-18)

S.NO.	Name	Designation	Responsibilities
1.	Dr. Bhavna Sharma	Associate Professor	NBA coordinator
2.	Mr. Amit Mithal	Assistant Professor	II Shift Program coordinator.
3.	Mr. Gajendra Sharma	Assistant Professor	EDC, IIPC coordinator.
4.	Dr..Neelam Choudhary	Assistant Professor	Training Incharge
5.	Dr. Sanjay Gaur	Assistant Professor	NBA Coordinator.
6.	Mrs. Hemlata Soni	Assistant Professor	2 nd Year Class Coordinator.
7.	Ms. C Jeba Nega Cheltha	Assistant Professor	Examination In charge.

Table B.7.2g: IQAC audit Member of session (2017-2018)

7.3 Improvement in Placement, Higher Studies and Entrepreneurship

Assessment is based on improvement in:

- *Placement: number, quality placement, core industry, pay packages etc.*
- *Higher studies: performance in GATE, GRE, GMAT, CAT etc., and admissions in premier institutions*
- *Entrepreneurs*

Item	CAYm1	CAYm2	CAYm3
Total No.of Final Year Students (N)	202	154	156
No.of Students Placed in Companies or Government Sector (X)	152	112	86

Department of Computer Science and Engineering

No.of Students Admitted to higher Studies with Valid qualifying Scores (GATE or equivalent)	9	11	11
No. of Students turned entrepreneur in Engineering/ Technology (Z)	4	4	0
X+Y+Z=	165	127	97
Placement Index: (X+Y+Z)/N	0.816	0.824	0.621
Average Placement= (P1+P2+P3)/3		0.753	

Table B.7.3: Improvement in Placement, Higher Studies and Entrepreneurship

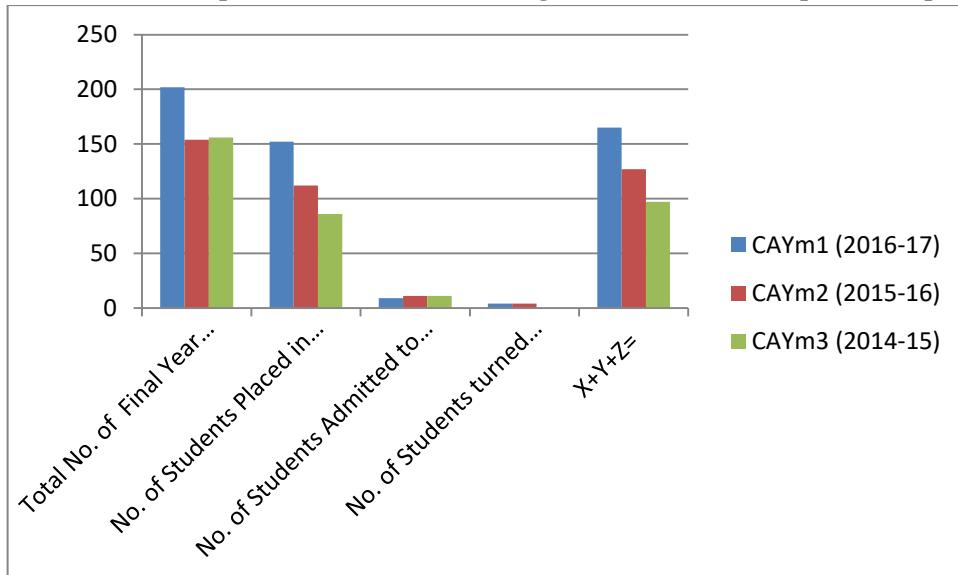

Figure 7.3: Improvement in Placement, Higher Studies and Entrepreneurship

7.4. Improvement in the quality of students admitted to the program (10)

Assessment is based on improvement in terms of ranks/score in qualifying state level/national level entrances tests, percentage marks in Physics, Chemistry and Mathematics in 12th Standard and percentage marks of the lateral entry students.

Item	CAY	CAYm1	CAYm2	CAYm3
National Level Entrance Examination Examination(Name of Exam:AIEEE)	No. of students admitted	189	189	194
	Opening Score/Rank	155	176	191(Rank)
	Closing Score/Rank	78	112	3465(Rank)
Lateral entry details	No. of students admitted	10	4	20
	Opening Score/Rank	NA	NA	NA
	Closing Score/Rank	NA	NA	NA

8.4. Attainment of Course Outcomes of first year courses (10)

8.4.1. Describe the assessment processes used to gather the data upon which the

Evaluation of Course Outcomes of first year is done (5)

(Examples of data collection processes may include, but are not limited to, specific exam questions, laboratory tests, internally developed assessment exams, oral exams assignments, presentations, tutorial sheets etc.)

The assessment process used to gather the data upon which the evaluation of course outcomes of first year is done is as follows:

Department of Computer Science and Engineering

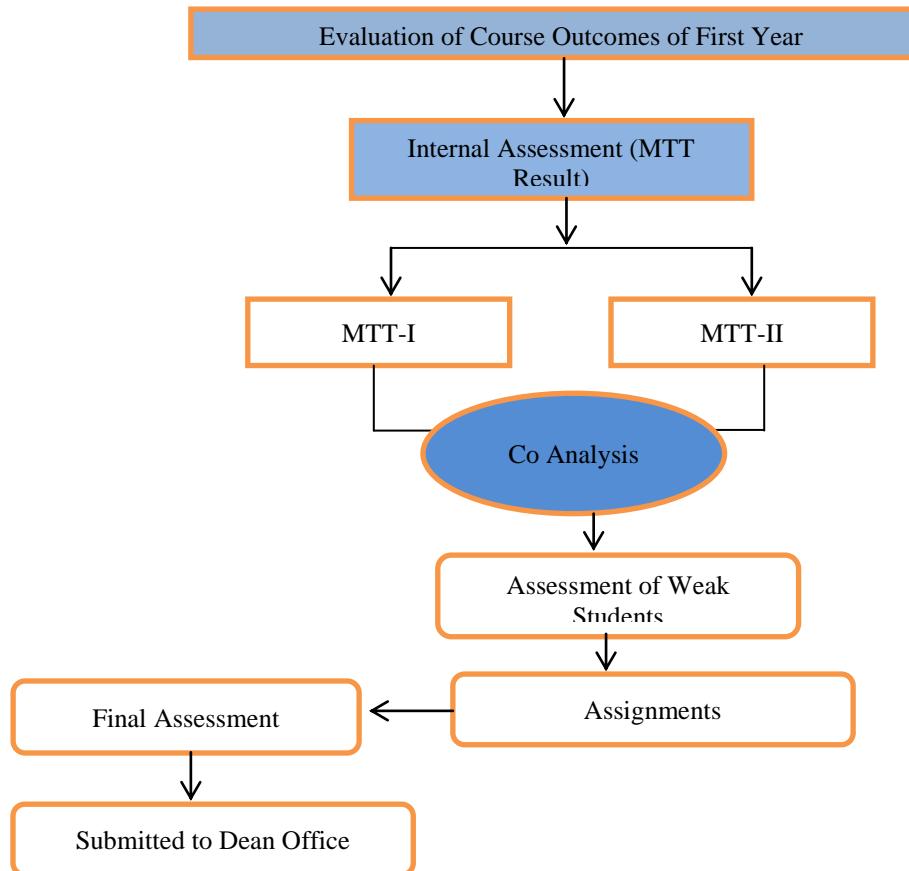

Figure 8.4a Attainment of Course Outcome of First Year Course

- Two internal tests for a maximum marks 10 are conducted and total of two internals is considered for final internal assessment.
- The performance of a student in internal assessment with respect to all the CO's is recorded.
- End semester University exam performance of students for the maximum marks 100 is considered for external exam performance.
- For laboratory assessment, the overall performance of a student in sessional is assessed as in final lab internal test, final lab internal viva and Class performance during the whole semester (Record + attendance). Total of these three is considered for internal lab assessment.
- Performance of a student in external lab exam i.e. Practical is assessed as in performance and viva voce. Total of this is considered for external practical exam performance.
- The summation of the performances is considered as cumulative assessment for a prescribed lab outcome.

Department of Computer Science and Engineering

8.4.2. Record the attainment of Course Outcomes of all first year courses (5)

Program shall have set attainment levels for all first year courses.

(The attainment levels shall be set considering average performance levels in the university examination or any higher value set as target for the assessment years. Attainment level is to be measured in terms of student performance in internal assessments with respect the COs of a subject plus the performance in the University examination)

Attainment of Course Outcome

Target for Assessment Year 2017-2018= 60%

Semester I (2017-2018)

S. No.	Subject	CO1	CO2	CO3	CO4	Average Attainment

8.5: Attainment of Program Outcomes from I year courses (20)

8.5.1: Indicate results of evaluation of each relevant PO and/or PSO, if applicable (15)

The relevant Program outcomes that are to be addressed at first year need to be identified by the institution.

Program outcome attainment levels shall be set for all relevant PO's and/or PSO's through First year courses.

(Describe the assessment processes that demonstrate the degree to which the Program outcomes are attained through First year courses and document the attainment levels. Also include information on assessment processes used to gather the data upon which the evaluation of each Program Outcome is based indicating the frequency with which these processes are carried out)

8.5.2. Actions taken based on the results of evaluation of relevant POs (5)

(The attainment levels by direct (student performance) are to be presented through Program level Course-PO matrix as indicated)

PO Attainment Levels and Actions for improvement – CAY only – Mention for relevant POs

(2017-2018)

POs	Target Level in %	Attainment Level in %	Observations
PO1: Engineering knowledge:			
PO1	51.49	40.29	Observations: <ul style="list-style-type: none"> Targets are not fully achieved in RTU results. Students are not exposed to complex engineering problems.
Action 1: More technical activities were conducted to improve the participation of students. Action 2: University question papers are solved in classes.			
PO2: Problem analysis:			
PO2	64.65	54.28	Observations : <ul style="list-style-type: none"> Students are not exposed to complex engineering problems

Department of Computer Science and Engineering

			<ul style="list-style-type: none"> Curriculum designed for I Year does not contain literature research and analysis of problem
Action 1: Students are motivated to participate in science project exhibition for developing an analytical mind which can work towards problem solving.			
Action 2: Students are motivated for optimum utilization of E-Resources to enhance their knowledge.			
PO3: Design/development of solutions:			
PO3	66.4	61.7	<p>Observations :</p> <ul style="list-style-type: none"> I Year curriculum include only basic knowledge of Engineering and sciences.
Action 1: More activities involving designing solutions like Hackathon are initiated in the campus.			
Action 2: Students are motivated to improve their participation in technical/social/extra-curricular activities.			
PO4: Conduct investigations of complex problems:			
PO4:	40.87	37.25	<p>Observations :</p> <ul style="list-style-type: none"> Few activities related to understanding of complex problems and its investigation.
Action 1: Workshops are conducted to give the hands on experience to students and faculty.			
Action 2: They are motivated to use E- Resources and register themselves in online courses.			
PO5: Modern tool usage:			
PO5	44.44	40.63	<p>Observations :</p> <ul style="list-style-type: none"> Target and attainment both are less as students learn basics of computer programming in I Year. Other subjects do not use modern IT tools for problem solving.
Action 1: Technical events are organized at institute level so that students can participate and learn latest techniques and methods of problem solving.			
Action 2: Students are motivated to participate in inter college events to get exposure to real world problems.			
PO6: The engineer and society:			
PO6	60.3	55.19	<p>Observations :</p> <ul style="list-style-type: none"> The students are found to be less active as far as social activities were concerned; also they were unaware about the basic health and safety issues with engineering point of view. Most of the courses of B.Tech first year are not addressing the needs of, health, safety and social concerns regarding engineering practices in real life.
Action 1: The students are motivated to be a part of social groups like Soch, Suhasini, Aashayein, and Zarurat available at Institute.			
Action 2: These groups encouraged students to take part in Swachch Bharat drives, Blood Donation			

Department of Computer Science and Engineering

Camps, Village visits, voluntary teaching and mentoring of downtrodden children.

PO7: Environment and sustainability:

PO7	53.95	49.18	Observations : <ul style="list-style-type: none">• Less awareness of students about the issues related to global and environmental sustainability.
-----	-------	-------	--

Action 1: Students are encouraged to indulge in projects in which global and environmental issues are improved.

Action 2: The activities like Tree Plantation Drive and Cleanliness Drive are organized to instill in them the responsibility towards environment.

Action 3: The students were mentored to practice rain water harvesting, water conservation and waste recycling at the individual level.

PO8: Ethics:

PO8	24.8	20.81	Observations: <ul style="list-style-type: none">• The students were reluctant to bear upon a responsibility in the competitive activities. Moreover, some of the students were found to be casual in their conduct.
-----	------	-------	---

Action 1: As far as professional conduct and behavior is concerned the students are made to attend anti-ragging seminars, interactive talks on personal conduct and behavior with eminent advisors in the college.

Action 2: The college has a well- established spiritual cell which encourages students to experience professional life with high moral conduct and spirituality.

PO9: Individual and team work:

PO9	58.23	53.17	Observations: <ul style="list-style-type: none">• Classroom teaching does not provide environment for team work, whereas student can show his/her working as a team member or team leader during practical classes and other co-curricular activities.
-----	-------	-------	--

Action 1: The students are mentored and encouraged by the faculty to participate in group activities and lead the group as a responsible leader. The group activities included Hackathon, Fun activities at college fest, Model United Nations etc.

Action 2: The activities like Group discussions, quizzes etc., technical events like J- Techtrix, JECRC Hackathon etc. and volunteering and coordinating for various events in annual fest Renaissance.

PO10: Communication:

PO10	51.84	43.81	Observations: <ul style="list-style-type: none">• The students are found to be hesitant in public speaking and express their opinion.
------	-------	-------	---

Action 1: In order to address this issue, the group of students are asked to prepare and give power point presentations on the topics within the curriculum as well as the beyond the curriculum.

Action 2: They are encouraged to participate in house and inter-college competitions to enhance their communication skills.

Department of Computer Science and Engineering

PO11: Project management and finance:

PO11	NA	NA	Observations: <ul style="list-style-type: none"> I Year students are not involved in project management and finance, but they can learn the basics by participating in other activities organized in college.
------	----	----	---

Action 1: Annual Project exhibition is organized in the college where I year students participate learn the basics of project handling and finance.

PO12: Life-long learning:

PO12	33.57	32.86	Observations : <ul style="list-style-type: none"> The students are ignorant about the significance of the subject in broader context of life.
------	-------	-------	---

Action 1: Lecture content includes applications and advances in subject knowledge of new techniques.

Action 2: Students are mentored to work for better achievement forever.

Action 3: Students are motivated to improve their participation in technical/social/extra-curricular activities.

(2016-2017)

POs	Target Level in %	Attainment Level in %	Observations
PO1: Engineering knowledge:			
PO1	62.53	53.64	Observations: <ul style="list-style-type: none"> • Participation in technical events can be improved. • In RTU result, students are attaining less marks.
Action 1: RTU question papers were solved discussed in regular classes to improve the RTU result. Action 2: Extra classes based on university question paper & pattern was taken. Action 3: more technical activities were conducted to improve the participation of students.			
PO2: Problem analysis:			
PO2	70.03	50.03	Observations : <ul style="list-style-type: none"> • Curriculum designed for I Year does not contain literature research and analysis of problem • Use of e- resources was less so it can be improved.
Action 1: Department took the initiative to organize National/International conferences. Action 2: Students are motivated to participate in science project exhibition for developing an analytical mind which can work towards problem solving. Action 3: Students are guided to use more & more e-resources.			
PO3:Design/development of solutions:			
PO3	67.18	55.46	Observations : <ul style="list-style-type: none"> • I Year curriculum include basic knowledge of Engineering and sciences. • Participation in technical & social activities was less.
Action 1: Students were motivated to improve their participation in technical/social/extra-curricular activities. Action 2: Students are motivated to join various Technical Clubs in Institute.			
PO4: Conduct investigations of complex problems:			
PO4:	42.65	38.1	Observations : <ul style="list-style-type: none"> • Participation in technical activities was less. • Use of e- resources was less. • Students have less understanding of complex problems and its investigation.
Action 1: Participation in technical activities was increased by mentoring & motivation. Action 2: Workshops are conducted to give the hands on experience to students and faculty. Action 2: They are motivated to use E- Resources and register themselves in online courses.			

Department of Computer Science and Engineering

PO5: Modern tool usage:

PO5	44.44	38.8	Observations : <ul style="list-style-type: none"> • Target and attainment both are less as students learn basics of computer programming in I Year. • Other subjects does not use modern it tools for problem solving.
-----	-------	------	---

Action 1: More of technical events are organized at institute level.

Action 2: Students are motivated to join robotics/moon rider etc.

PO6: The engineer and society:

PO6	61.2	51.04	Observations : <ul style="list-style-type: none"> • Students need to be made more sensitive towards social issues.
-----	------	-------	--

Action 1: The students are encouraged to join social groups like Soch, Suhasini, Aashayein, Zarurat etc.

PO7: Environment and sustainability:

PO7	48.88	39.49	Observations : <ul style="list-style-type: none"> • Less awareness of students about the issues related to global and environmental sustainability.
-----	-------	-------	---

Action 1: Students are encouraged to indulge in projects in which global and environmental issues are improved.

Action 2: The activities related to environment and sustainability is organized.

PO8: Ethics:

PO8	8.14	7.61	Observations: <ul style="list-style-type: none"> • The students were reluctant to bear upon a responsibility in the competitive activities. Moreover, some of the students were found to be casual in their conduct.
-----	------	------	--

Action 1: As far as professional conduct and behavior is concerned the students were made to attend anti- ragging seminars, interactive talks on personal conduct and behavior with eminent advisors in the college.

Action 2: The college has a well- established spiritual cell which encourages students to experience professional life with high moral conduct and spirituality.

PO9: Individual and team work:

PO9	71.85	62.4	Observations: <ul style="list-style-type: none"> • Team activities should be included in regular practice.
-----	-------	------	--

Action 2: The team activities like Group discussions, quizzes etc., technical events like J- Techtrix, and volunteering and coordinating for various events in annual fest Renaissance, MUN.

PO10: Communication:

PO10	52.4	40.19	Observations: <ul style="list-style-type: none"> • The students are unable to express their views on public platform.
------	------	-------	---

Action 1: In order to address this issue, the group of students are asked to prepare and give power point presentations on the topics within the curriculum as well as the beyond the curriculum.

Department of Computer Science and Engineering

Action 2: They are encouraged to participate various competitions to enhance their communication skills.

PO1: Engineering knowledge:			
PO1	62.53	51.65	Observations: <ul style="list-style-type: none"> • Participation in technical events can be improved. • In RTU result, students are attaining less marks. Action 1: RTU question papers were solved discussed in regular classes to improve the RTU result. Action 2: Extra classes based on university question paper & pattern was taken. Action 3: more technical activities were conducted to improve the participation of students.
PO2: Problem analysis:			
PO2	70.03	49.32	Observations : <ul style="list-style-type: none"> • Curriculum designed for I Year does not contain literature research and analysis of problem • Use of e- resources was less so it can be improved. Action 1: Students are motivated to participate in science project exhibition for developing an analytical mind which can work towards problem solving. Action 2: Students are guided to use more & more e-resources.
PO3:Design/development of solutions:			
PO3	67.18	53.10	Observations : <ul style="list-style-type: none"> • I Year curriculum include basic knowledge of Engineering and sciences. • Participation in technical & social activities was less. Action 1: Students were motivated to improve their participation in technical/social/extra-curricular activities. Action 2: Students are motivated to join various Technical Clubs in Institute.
PO4: Conduct investigations of complex problems:			
PO4:	42.65	36.9	Observations : <ul style="list-style-type: none"> • Participation in technical activities was less. • Use of e- resources was less. • Students have less understanding of complex problems and its investigation. Action 1: Participation in technical activities was increased by mentoring & motivation. Action 2: Workshops are conducted to give the hands on experience to students and faculty. Action 2: They are motivated to use E- Resources and register themselves in online courses.
PO5: Modern tool usage:			
PO5	44.44	37.61	Observations : <ul style="list-style-type: none"> • Target and attainment both are less as students learn

Department of Computer Science and Engineering

			<p>basics of computer programming in I Year.</p> <ul style="list-style-type: none"> • Other subjects does not use modern it tools for problem solving.
Action 1: More of technical events are organized at institute level.			
Action 2: Students are motivated to join robotics/moon rider etc.			
PO6: The engineer and society:			
PO6	61.2	47.87	<p>Observations :</p> <ul style="list-style-type: none"> • Students need to be made more sensitive towards social issues.
Action 1: The students are encouraged to join social groups like Soch, Suhasini, Aashayein, Zarurat etc.			
PO7: Environment and sustainability:			
PO7	48.88	39.0	<p>Observations :</p> <ul style="list-style-type: none"> • Less awareness of students about the issues related to global and environmental sustainability.
Action 1: Students are encouraged to indulge in projects in which global and environmental issues are improved.			
Action 2: The activities related to environment and sustainability are organized.			
PO8: Ethics:			
PO8	8.14	6.60	<p>Observations:</p> <ul style="list-style-type: none"> • The students were reluctant to bear upon a responsibility in the competitive activities. Moreover, some of the students were found to be casual in their conduct.
Action 1: As far as professional conduct and behavior is concerned the students were made to attend anti- ragging seminars, interactive talks on personal conduct and behavior with eminent advisors in the college.			
Action 2: The college has a well- established spiritual cell which encourages students to experience professional life with high moral conduct and spirituality.			
PO9: Individual and team work:			
PO9	71.85	58.45	<p>Observations:</p> <ul style="list-style-type: none"> • Team activities should be included in regular practice.
Action 2: The team activities like Group discussions, quizzes etc., technical events like J- Techtrix, and volunteering and coordinating for various events in annual fest Renaissance, MUN.			
PO10: Communication:			
PO10	52.4	37.86	<p>Observations:</p> <ul style="list-style-type: none"> • The students are unable to express their views on public platform.
Action 1: In order to address this issue, the group of students are asked to prepare and give power point presentations on the topics within the curriculum as well as the beyond the curriculum.			
Action 2: They are encouraged to participate various competitions to enhance their communication skills.			
PO11: Project management and finance:			
PO11	NA	NA	<p>Observations:</p> <ul style="list-style-type: none"> • I Year students are not involved in project management

Department of Computer Science and Engineering

			and finance, but they can learn the basics by participating in other activities organized in college.
Action 1: Annual Project exhibition is organized in the college where I year students participate learn the basics of project handling and finance.			
PO12: Life-long learning:			
PO12	36.08	30.61	Observations : <ul style="list-style-type: none"> • The students were ignorant about the significance of the subject in broader context of life.
Action 1: Lecture content includes applications and advances in subject knowledge of new techniques. Action 2: Students were mentored to work for better achievement forever. Action 3: Students were motivated to improve their participation in technical/social/extra-curricular activities.			

Table B.8.5.2c PO Attainment Levels and Actions for improvement for 2015-16
Attainment of Po's From I Year Courses in the year

2015-16

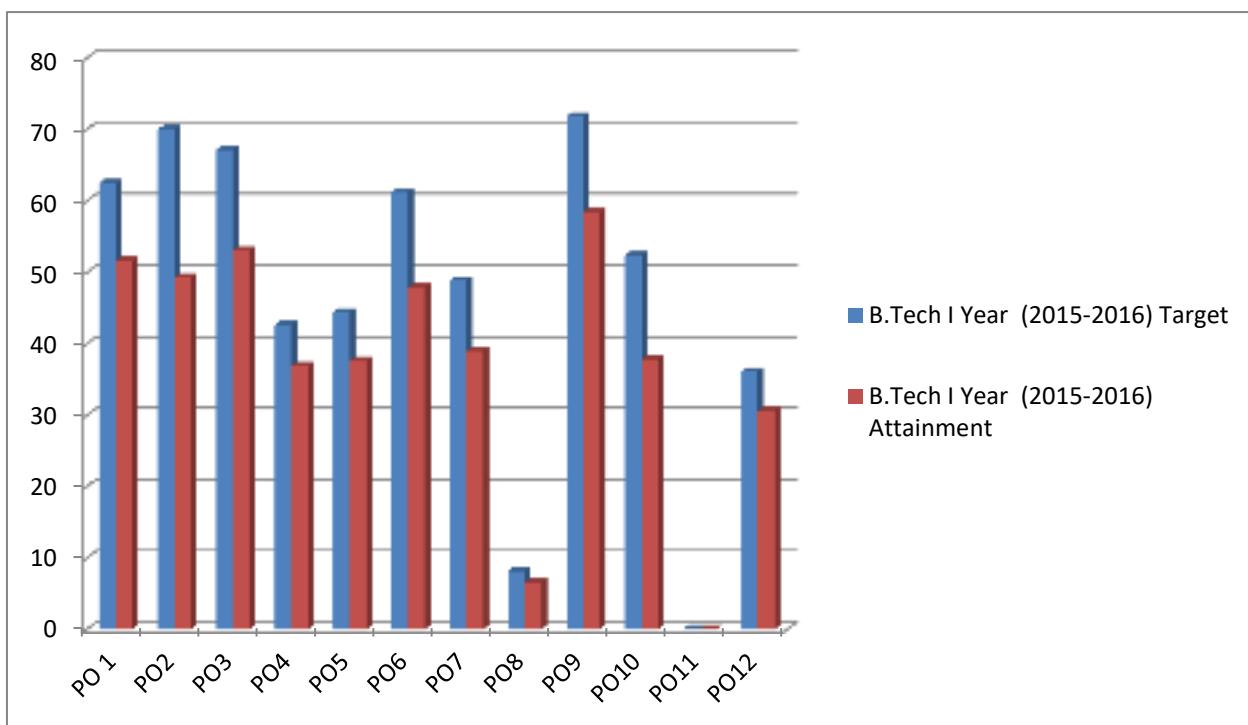

Figure 8.5.2c Attainment of Po's From I Year Courses in the year 2015-16

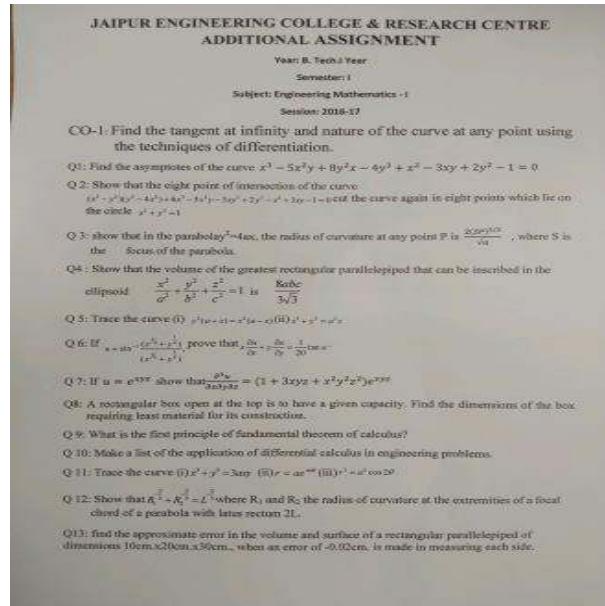

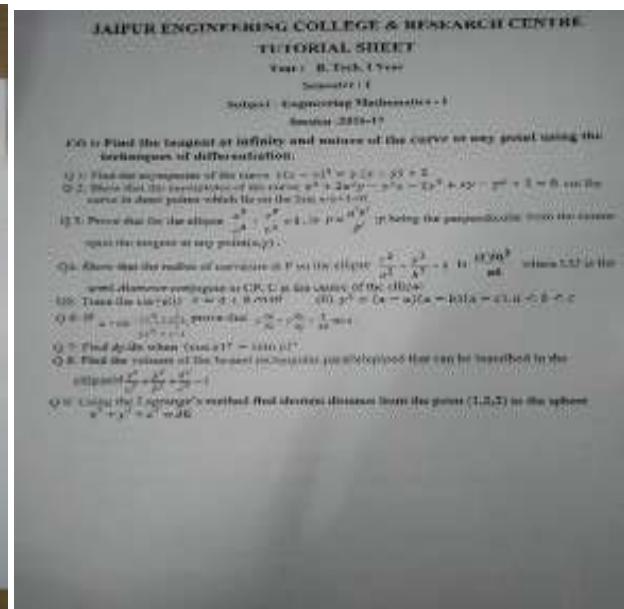

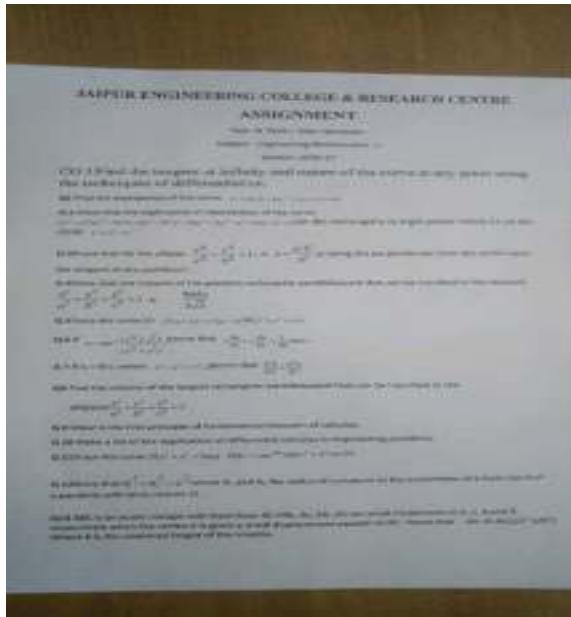

Department of Computer Science and Engineering

Gap Fulfilling Activities

Based on the above observations following actions are taken to overcome the gap

1. To attain PO 1 : Facilitating & making them learn the use of E- resources while learning:

- Soft copy of notes is provided to students for reference.
- One or two questions are given in assignment which is to be searched from internet only.

- List of online books is circulated among students which are ready to use on college server.

Department of Computer Science and Engineering

2. To attain PO 2: Remedial/Problem Solving Classes

- J-Techtrix(Project Exhibition) Organized by 1st Year(15-16, 16-17, 17-18)

Department of Computer Science and Engineering

3. To attain PO 4: Mentoring by Class Coordinators

4. To attain PO 5: Motivating students to participate in technical activities

5. To attain PO6& PO10: Using Innovative teaching methods in class & outside class in the form of Industrial Visit.

- Presentation by students in class

Department of Computer Science and Engineering

- Some Pics of Industrial Visit of I Year Students 17-18

6. To attain PO7: Students are motivated to celebrate Clean & Green Campus Day and making it a Regular Practice

7. To attain PO8: Social , cultural and moral values are imbibed into them

Department of Computer Science and Engineering

8. To attain PO 9: Making them learn to be ready for Social Cause:

9. To attain PO 12: Making Induction more informative and interactive to provide a new comer a feeling of trust and belongingness.

**Criteria 9
STUDENT SUPPORT SYSTEM
(50)**

Department of Computer Science and Engineering

CRITERION 9

Student Support Systems

50

9.1 Mentoring System to help at individual level (5)

(Type of mentoring: Professional guidance/ career advancement/ course work specific/ laboratory specific/ all-round development. Number of faculty mentors: Number of students per mentor: Frequency of meeting

(The institution may report the details of the mentoring system that has been developed for the students for various purposes and also state the efficacy of such system)

1) Professional Guidance/ Career Advancement

An effective Student mentoring system has already been implemented in our college to mentor throughout activities, performance and over all development of students.

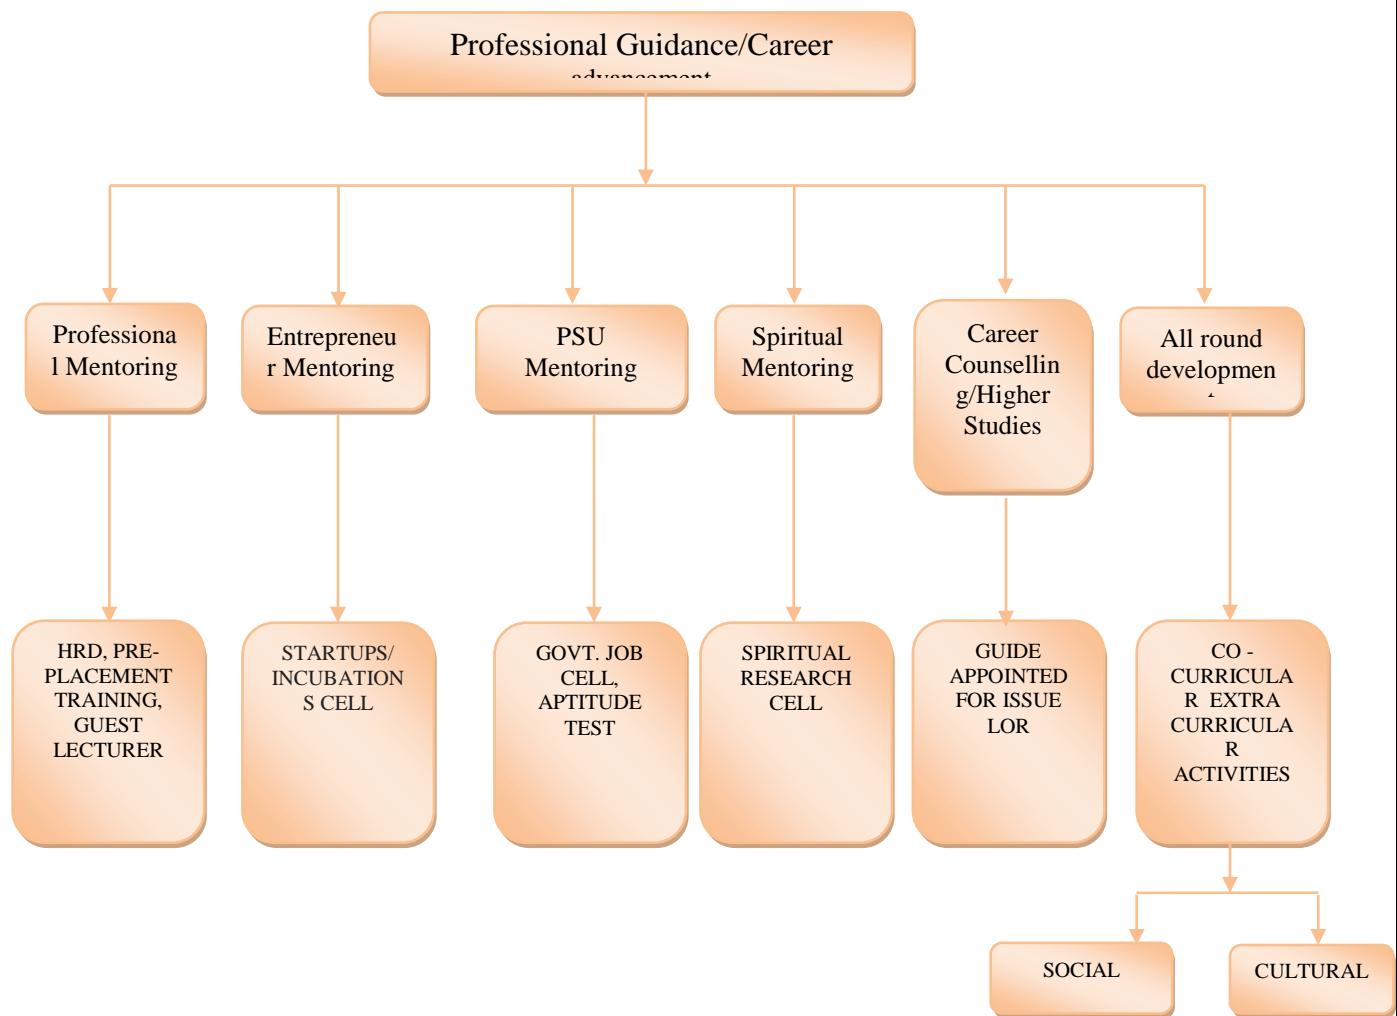

Figure 9.1a: Professional Guidance/ Career Advancement

Department of Computer Science and Engineering

S.No.	Type of Mentoring	Name
1	PSU Mentoring	Professor (Dr.) Vinay Kumar Chandna
		Mr. P.K.Tiwari (Rtd. IPS)
2	Professional Mentoring	Dr.S.N.Gupta
		Mr. Mukt Bihari
3	Entrepreneur Mentoring	Mr. SiddharthChaturvedi
4.	Social and Spiritual Mentoring	Mr. Mukesh Agarwal
5.	Higher Studies Mentoring	Ms. Neelakshi Chaturvedi
6.	Overall Development	Mr. Anshul Mittal

Table B.9.1a: Type of Mentoring

A) Professional mentoring

We have Human Resource & Development cell (HRD), senior advisor and many senior dignitaries who guide students for their career and placement.

Different interactive sessions for students with senior advisor and other senior member are organized to motivate and guide them for enhancing career.

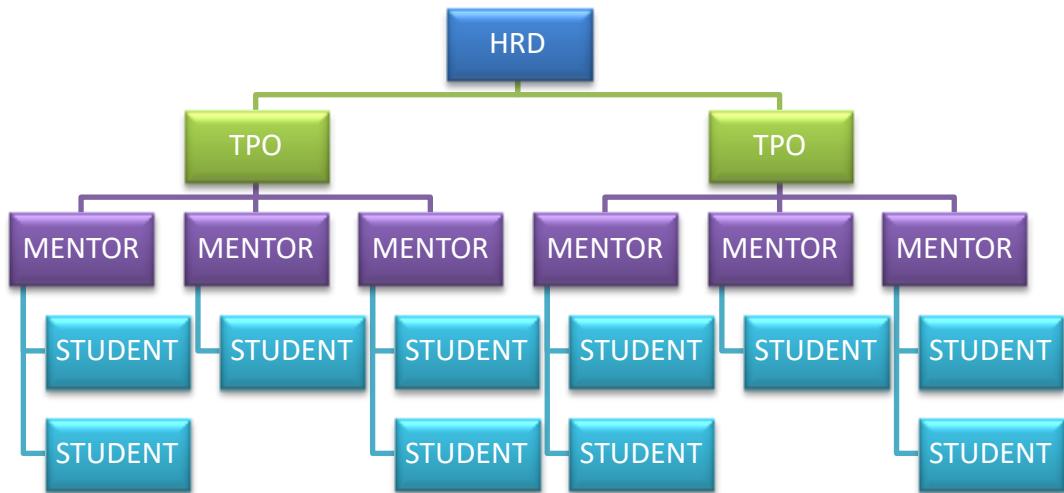

Figure .9.1b: Professional mentoring

- **Resume writing sessions:** Organized for students to guide them for effective resume writing.

b) Government Job Cell

The Initiative taken by institute under the mentorship of Prof. (Dr.) Vinay Chandna for making students career in government sector in 2016-17. Cell is under the guidance of Mr. P.K.Tiwari and Mr. O.P.Jain in institute to prepare students towards different competitive examination. In this cell we encourage and inspire students for competitive examination like GATE, CAT, and MAT etc.

- Organized classes for GATE aspirants.
- Provided course material to students.
- Career opportunities in government sector are shared with the interested students.

C) Entrepreneur cell

Entrepreneurship cell is established by institute under the mentorship of Mr. Siddharth Chaturvedi, our College for encouraging and inspiring students for start-ups and entrepreneur. Various interactive sessions for students with alumni and start-up representative are organized to know the importance of being an entrepreneur and ways to get financial assistance to become an entrepreneur. Cell is responsible for:

1. Initiative and Development of Start-ups/Incubations

Department of Computer Science and Engineering

2. Initiative towards centre of excellence
3. Relationship with companies
4. Motivate students, guide and help them in the same direction.

An Entrepreneurship awareness camp organized on 2nd sep, 2016 in which our students and faculties participated.

- Institute has success stories for every pass out year as a result of Entrepreneurship cell and incubation centre.

D) Spiritual Mentoring

A special initiative has been taken by our institute in the form of SPIRITUAL RESEARCH CELL. The cell was established on 6th October, 2016. The inauguration was done by the auspicious presence of The Executive Secretary, Brahma kumaris & Vice Chairman, Rajyoga Education & Research Foundation, Rajyogi Mruthyunjaya Ji, Dr. U.S Agarwal, Principal, SMS Medical College, Jaipur and Meditation Expert, BK SushmaJi. This cell motivates students mentally and builds up their confidence.

Course Work Specific/ Laboratory Specific

For II and III year we have Tutor Guide (TG) who follows instructions given by Class Coordinator (CC).

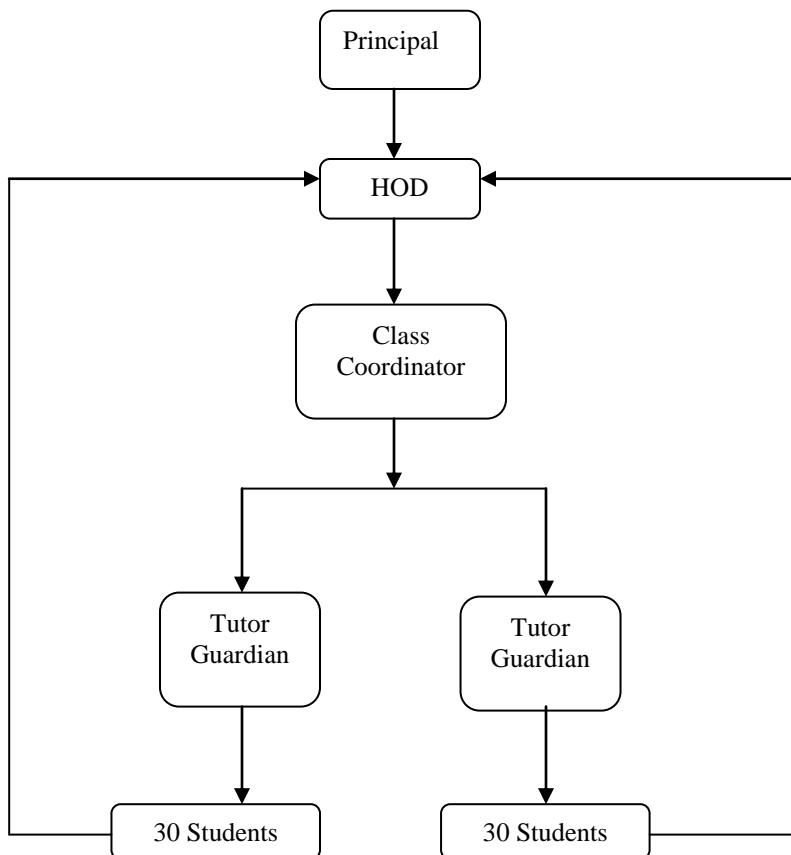

Figure 9.1m: Flow Char of Course Work Specific/ Laboratory Specific

Department of Computer Science and Engineering

The department follows the below steps for smooth conduction of examination and evaluation process:

- The department adhere academic calendar prescribed by RTU, Kota
- There is departmental Examination Committee in which two faculty members are included for conduction of Internal Examination and Two for External Examination.
 - a. The committee circulates notice a week before the commencement of examination by taking prior approval from HOD.
 - b. Course Coordinator prepares and submit their question paper to respective class coordinator
 - c. Then class coordinator submits all question papers to Moderation Committee.
 - d. Moderation Committee in coordination with IQAC selects one question paper among the set of three papers.
 - e. Selected Question paper send to Internal Examination Coordinator then internal examination coordinator takes printout of the final paper.
 - f. During the exam two invigilators are assigned in each class room and students sits in the class rooms according to appropriate seating plan.
 - g. After the completion of exam, answer sheets evaluation, result analysis on basis of CO, weak/strong student list is prepared by course coordinator and submitted to Internal Examination Coordinator. Along with the soft copy.
 - h. If student secures marks less than 60% in some particular CO then he/she will be considered as weak student. Then course coordinator provides assignment to them and evaluates.
 - i. Student who secures marks greater than 60% in some particular CO then he/she will be considered as strong student. Then they will be encouraged & motivated for GATE/PSUs/Govt. Exam.

Jaipur Engineering College and Research Centre Department of Computer Science and Engineering Minutes of Meeting

Date/Day: 19/08/2017 Saturday	Time: 11:30am to 12:00 noon	Location: CP3 Lab, Block-A, JECRC
Speaker: TG	Speaker's Designation: AP	Attended by: All Students

Agenda of Meeting: To discuss about course coverage.

Attendees:

Meeting started with the welcome of TG by students. Following were the points of meeting:-

S.No.	Points
1	TG interacted with all students.
2	Discuss about course coverage.

Department of Computer Science and Engineering

Attendees:

Meeting started with the welcome of TG by students. Following were the points of meeting:-

- Discussed about Course and content delivery
- Discussed about problems in the class room
- Coverage of Course and requirement of extra classes

The meeting ended up with the thanks of Chair and next round of meeting would be held with prior notice.

F) All round Development

The Initiative taken by institute under the mentorship of Mr. Anshul Mittal is responsible for the overall development of student. His responsibility is to encourage students to participate in different co-curricular and extracurricular activities.

SDO Responsibilities:

- Planning, developing and delivering a variety of student services and activities (co-curricular and extracurricular activities)
- Motivate and engage students also oversee students activity on campus
- Handles promotions of college events manual and e-promotions
- Providing support to student council
- Providing support, guidance and advocating for students and faculty in all aspects of student life.

Co-curricular Activites:

Year	Name of event	Conducted by	Date	Participants
2015-16	PHP &MySQL Training Program	Mr. Amit Kumar Faculty, Sigmatech Infotech , Jaipur	13-07-2015 to 25-07-2015	B.Tech 3 year
2016-17	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	Dr. Gaurav Kumar, Managing Director, Magma Research and Consultancy, Pvt. Ltd., Ambala	29.08.2016 &30.08.2016	B.Tech 4 year
2017-18	Machine Learning	Mr. Vimal Daga	8th March 2018	B.Tech 4 year

Table B.9.1h: Co-curricular Activites

Department of Computer Science and Engineering

G) Interactive sessions with industry experts are organized to increase understanding between students and industry requirements.

Year	Session name	Date of session
2015-16	Seminar on networking	7-10-2015
2016-17	International Workshop on Open Source Software, Drupal	10-9-2016
2017-18	Start-63up Oasis, Jaipur	29,31-8-2017

Table B.9.1i: Interactive sessions

H) Industrial visits are conducted for students so they can practically observe the environment and activities in Industries.

Year	Name of Company	Object of event	No. of students participated	Date of event
2015-16	Food tech	Industry visit	47	19-9-2015
2016-17	E-infochip	Industry visit	27	19,20-2-2017
2017-18	Ted x	Industry visit	33	31-8-2017

Table B.9.1j: Industrial visits for students

I) Teams from JECRC participated in 2017 and 2018 Smart India Hackathon (SIH) were guided by faculty member so they can perform better.

Year	No. of students participated	No. of teams
2016-17	18	3
2017-18	24	4

Table B.9.1k:No. of students participated

- Teams participated in JECRC hackathon 1.0 in 2018 were guided by faculty member(one mentor with each team)

Year	No. of students participated	No. of teams
2018	400	80

Table B.9.1l:No. of students participated

J) Extracurricular activity:

S.N0.	Activity/Event	Date
1	Blood Group check-up camp	11 Sep, 2017
2	Engineers Day	15 Sep, 2017
3	Swachhta Pakhwada	1 to 15 Sep,2017

Department of Computer Science and Engineering

4	Interactive Session with Dr. Kiran Seth	8 Sep 2017
5	Rally on rivers Seminar	26 Sep,2017
6	OMEN gaming Championship	7 Oct,2017
7	Interactive session with Mr. Niko Philips	1 Nov, 2017
8	Vande Mataram-Voice of Unity	8 Nov, 2017
9	National Girl Child Day Celebration,	24 Jan, 2018
10	Orphanage Children Interactive Program	12 Feb, 2018
11	Soch	12 Feb 2018
12	Renaissance 2018	25 to 28 March 2018
13	Seminar on Careers in Entertainment Industry	12 March 2018

Table B.9.1m: Extracurricular activity Events list

K) Class Coordinator Responsibilities:

- Creating learning opportunities and motivating the student community.
- Providing guidance on academic, personal and career matters.
- Resolving academic issues of students.
- Tracking academic and extra-curricular performance of students.

Class coordinator collects all data of students from the Tutor guardian

No of students per class coordinator: around 60

No of students per tutor guide: around 30

S.No.	Year	No of Class	No. of Tutor Guide
1	2015-16	9	18
2	2016-17	9	18
3	2017-18	9	18

Table B.9.1n: No of Class coordinator

L) Tutor Guardian responsibilities

- Meet the students periodically and monitor their performance and their activities
 - Frequency of meeting once a month
 - For IV year we have Mentor Mentee system for guiding students.
- The mentor is a model, a guide by the side, a motivator, a trainer and a counsellor to the student. Mentoring is a process for the informal transmission of knowledge, social capital, and the psychosocial support. Mentoring entails informal communication, usually face-to-face and during a sustained period of time, between a people who is perceived to have greater relevant knowledge, wisdom, or experience (the mentor) and a person who is perceived to have less.

Department of Computer Science and Engineering

M) Mentor's Responsibilities:

- Take interest in developing student's career and well-being.
- Mentors keep track of their students' progress and achievements, setting milestones and acknowledging accomplishments.
- Monitor student's readiness for Personal Interview (including Resume, Dressing sense etc.)
- Evaluate Student Progress and Performance in Computer Based Tests. Keep record of his/her attendance in the preparatory classes and keep the department HOD informed.
- Encourage students for attending all the sessions for sure success.
- Informing students about the profile of companies coming for recruitment as per information obtained from placement department.
- Engage the Student beyond the Classroom especially for communication practices and emphasize the importance of communication for sure success.
- Keep the department / panel members informed, if any student is not taking his/her sessions seriously.
- Guide student for practical training and project presentation.
- Guide students for technical interview.
- Guide and Evaluate student for GD for companies requiring GD.
- Guide students for General Knowledge about Industries in their domain.
- **Provide Ethical Guidance**

N) No of Students per mentor: around 20

S.No.	Year	No. of Mentor
1	2015-16	12
2	2016-17	12
3	2017-18	9

Table B.9.1o: No of Students per mentor

Session 2017-18 Mentor List

S.No.	Mentor Name	No .Of Students Alloted
1	Mohit Jain	25
2	Jeba Nega	25
3	Deeksha Mathur	25
4	Vatan Mishra	25
5	Sarita	25
6	Kirti choudhary	25
7	Geetika Gautam	25
8	Manju Vyas	25
9	Ankur Raj	23

Table B.9.1p: No of Students per mentor

Department of Computer Science and Engineering

9.2 Feedback analysis and reward /corrective measures taken, if any (10)

Feedback collected for all courses: YES/NO; Specify the feedback collection process; Average Percentage of students who participate; Specify the feedback analysis process; Basis of reward/ corrective measures, if any; Indices used for measuring quality of teaching & learning and summary of the index values for all courses/teachers; Number of corrective actions taken

Feedback collected for all courses: YES/NO; YES

Feedback Analysis Process

1) Students Feedback Process

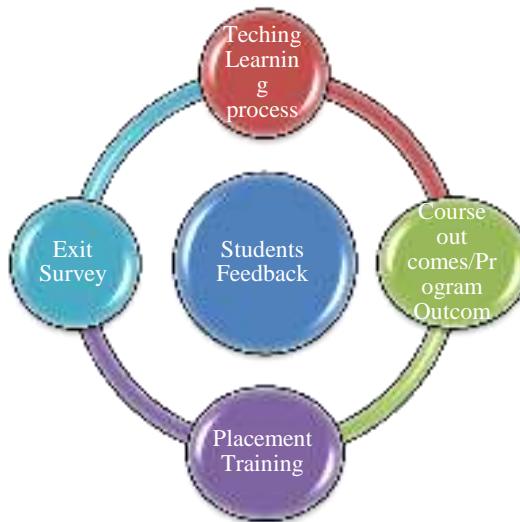

Figure 9.2a: Students Feedback Process

2) Stakeholder Feedback

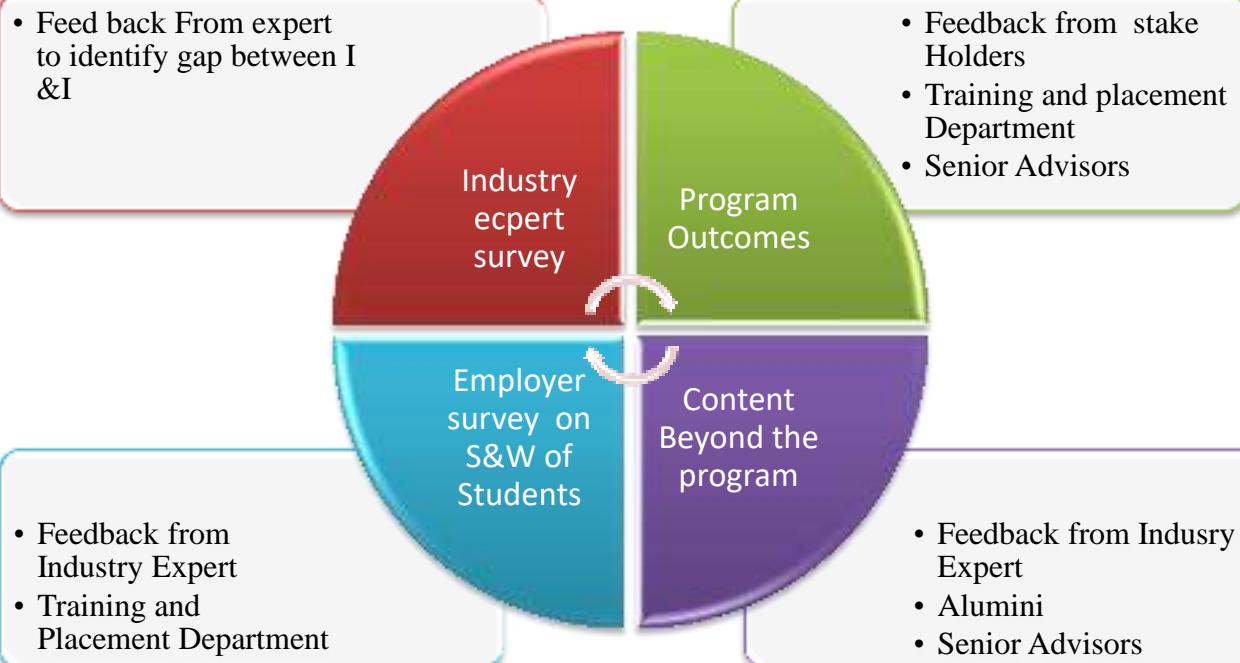

Figure 9.2b: Stakeholder Feedback

Department of Computer Science and Engineering

- The Institute understands that the teaching-learning system followed by an educational institution must be constantly improved. To form this process of continuous improvement, the institution must adopt a feedback system that takes into account the suggestions of the students and the interested parties in each program. This finally helps to refine the teaching-learning process and the curriculum.
- The institution shall follow a well-defined and formal feedback system implemented at different levels
- Student comments on the teaching-learning process are also collected from students at class committee meetings.
- At the end of each semester, students must complete an end-of-semester survey. In this case, students will be asked questions that examine the effectiveness of the teaching-learning process to help the student achieve the respective results of the course through the Google form.
- Being an institution that molds people to build technologies for the future, the Institute constantly insists on updating the students with the current knowledge and skills desired.
- To do this, the institution must regularly gather opinions on the most demanding industrial skills, directly from industry personnel.
- Industry experts will be invited to stakeholder meetings organized by each department, and their views on emerging technologies will be taken periodically.
- Employer surveys should be conducted annually to gather information about the strengths and weaknesses of the students who enrolled in this Institute.
- The employer survey is a key element in determining the skills that students lack experience. The course delivery must be modified to address these gaps for future groups of students.
- Industry experts invite comments from Alumni to be another important component of the commenting system. The Institute has one of the strongest alumni networks. The alumni of the institution cover the whole world and are well connected to the institution thanks to alumni associations. The comments on this link, including individuals from all walks of life, have been essential to improve the quality of education over the years. Comments should be collected periodically from the alumni by appropriate means.
- Graduates should gather opinions to assess whether the institution has been able to impart the skills necessary to achieve the program's objectives. This survey should be used to identify the difficulties encountered by students during their course at the Institute.
- The meetings of the stakeholders of each department, and the views on the emerging technologies become a next will take.
- Departmental committees have Committees for Thematic Groups. Beyond the content, they select the Program that must be provided to the Students, based on the views of the Meetings Collected from the contradictory Interested Parties with the Industry Experts Surveys. Employers Must be done annually compile for information About Students Strengths Weaknesses recruited who are this Institute.
- The employer's investment is a key element in determining the skills with which experiments are experienced. The course entry is found throughout the space for future summaries for student groups.
- The institution aims to produce socially competent and socially competent individuals. Suggestions from members of the local community and social workers should be collected

Department of Computer Science and Engineering

by the institution. To facilitate this, social workers and members of the local community will be invited to all stakeholder meetings. Your views should be used to shape the program.

- For the general improvement of a student's character, the Institute must take into account the reactions of parents and guardians. These will meet at Teacher Parents meetings and stakeholder meetings. The stakeholder meeting should be convened once a year at the departmental level to solicit the views of interested parties on various aspects of the program.

3) Average Percentage of students who participate: 80% Students were participated in the year of 2017-18

Type of Feed back	Total Intake	Participate %
Course Feedback	680	80
Exit Survey	210	90
Lab Feedback	680	80
Alumni Feedback	210	70

Table B.9.2 a: Average Percentage of students who participated

Sample Feedback Form 1

At the end of each semester, students must complete an end-of-semester survey. In this case, students will be asked questions that examine the effectiveness of the teaching-learning process to help the student achieve the respective results of the course through the Google form.

4) Corrective measures:

Institute has IQAC (internal quality assessment committee) which evaluate and analysis feedbacks and take corrective actions.

These are action taken by IQAC: 2017-18

Feedback given by	Feedback on Entity	Nature of feedback	Action taken
Student	infrastructure	Water cooler Maintenance	Repairing done
Student	Faculty/Course	Course coverage	Extra Classes taken
Student	Faculty	Teaching skills	Advisory/Appreciation Given
Student	Course	Topic of course	FDPs
Student	New skills	New technology required	FDPs , Conferences
Student	Course	Beyond Syllabus should be covered	Expert Lectures/seminar
Student	Technical Events	Technical Events proposed	Technical Event conducted
Student	Labs	Practical Required	Workshops

Table B.9.2b: Corrective measures

Department of Computer Science and Engineering

A) Details of corrective action taken:

- For students and faculty FDP and National and International Conferences was conducted

2017-18	2016-17
FDP on Effective Mentoring Skills-11-13 July 2017	
1 Short Term Course on BIG Data and Data Mining By NITTTR, SEPT-17	Short Term Course on Open Source Technology by NITTTR, AUG-16

TableB9.2c: FDP

B) National and International Conferences

- Conferences are the great way to learn about research and development going on in respective fields which inspired many students to publish their own research.
- It is also a great starting point for those students who want to pursue their career in research fields.

Conference & SIH organized by the Department of Computer Science & Engineering

Academic Year	Name of the Conference/ Event	National/ International Event	Duration
CAY (2017-2018)	Springer- International Conference - ICETEAS 2018	International Conference	17-18 Feb 2018
	RTCC 2018	National Conference	25-28 Mar 2018
	ICICT'18, London	International Conference	27& 28 th Feb 2018
	Smart India Hackathon'18- Nodal Centre	National	30-31 March 2018
CAYm1 (2016-17)	Smart India Hackathon'17- Nodal Centre	National	1-2 April 2017

TableB9.2d: Conferences

Department of Computer Science and Engineering

Figure 9.2d: ICETEAS 2018

C) National and International Conferences Details

S. No .	Topics	No. of Faculty Members	No. of students attended	Remarks
1	Springer-International Conference - ICETEAS 2018	39	50	International Conference on Emerging Trends in Expert Applications & Security (ICETEAS 2018) held on Feb 17-18, 2018 at JECRC, Jaipur
2	RTCC 2018	38	40	Two day National Conference on Recent Trends in Computing & Communications (RTCC) 2018 held on March 26-27, 2018 at JECRC Jaipur.
3	ICICT'18,London	1	-	JECRC Foundation organized the Third International Congress on Information and Communication Technology (ICICT2018) at Brunel, University, London, United Kingdom on February27-28, 2018.

Table B.9.2e: National and International Conferences Details

Department of Computer Science and Engineering

D) Technical Workshops/Activities

- We conduct a lot of technical events which are competitive. Not only it results in bigger number of participants but they can also learn a lot more.
- These events bring out the competitiveness in our students which is going to be useful in real world. Due to this, our students were motivated enough to participate in events launched by big organization Such as NASA.
- Our students also participate in techno culture festivals such robotic festivals, see Olympiad etc.

Academic Year	Organized Event	Event Date	Name of Resource Person/Institute	Event Outcome
CAY (2017-2018)	FDP-Datamining & Business Intelligence	4-8 Sept 2017	NITTTR 2017	This event helped our faculty members to enhance knowledge about Data mining
	Big Data	22-23 Sept 2017	IIT Kharagpur	This event helped our students to enhance knowledge in the field of Big Data
	Kon Banega Steve Jobs	15-Sep 2017	Engineers Day Celebration	This helped our students to enhance more technical knowledge
	Big Data	28-Oct-17	Mr. Vimal Daga, Linux World	This event helped our students to enhance knowledge in the field of Big Data
	Improvement in Faculty API-National Seminar	23-Nov-17	Prof. (Dr.) P.K. Mishra	National Seminar for Faculty API helped our faculty members to improve API score
	Entrepreneurship Awareness Camp	29-31 Aug 2017	Startup Oisis, Jaipur	This event helped our students to enhance knowledge in Business Entrepreneur Development
	Machine Learning	9 th Feb 2018	Mr. Vimal Daga, Linux World	This event helped our students to enhance knowledge in the field of Machine Learning also many projects were made
CAYm1 (2016-17)	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	31.08.2016	Mr. Amit Doegar, Asst. Professor, NITTTR, Chandigarh	This event helped our faculty members and students to enhance knowledge about Open Source Technologies Also it covers concepts of Virtualization
	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	29.08.2016 & 30.08.2016	Dr. Gaurav Kumar, Managing Director, Magma Research and Consultancy, Pvt. Ltd., Ambala	It helped our students and faculty members to learn more about Web Designing. Also it Covers front end and User interface designing tools

Table B.9.2j: Details of MOU

The following are the details of MOUs:

1. **Indo Vision Services Pvt. Ltd.** Indovision Services is an ISO 9001:2015 accredited company and providing end to end ICT (Information & Communication) services and solutions. It caters to multiple dimensions of industry. Primarily it provides following services listed below:
 - -Emerging Technologies (Cloud, Automation)
 - -Manpower Solutions
 - -Training (College, Corporate & Govt.)
 - -Enterprise Solutions (ERP, IHRMS, ILMS , System Integration, Networking, Smart City
 - & Smart Campus, etc.)
 - -We serves both large and small organizations across all industry sectors(Telecommunications,
 - IT/ITES, Education, BFSI, Automobiles, Govt. &PSU's) through our brands and offerings.
2. **SAKROBOTICS LAB:** Establishing a Robotics Research Centre in the campus of JECRC, providing Internship to JECRC Students and to engage the students in Robotics Training and also offering Robotics product development exposure.
3. **Infosys Campus Connect:** Launched by Infosys in May 2004, CC is a unique academia-industry initiative to “architect the education experience”. The objective in launching the CC program is to enhance the quality and quantity of the IT talent-pool; sustain the growth of the IT industry itself. The portal will provide a digital platform for academia-industry interaction anytime, and anywhere.
4. **WADHWANI Foundation:** Launched in 2000 by Dr. Romesh Wadhwani, the Foundations comprising of Wadhwani Charitable Foundation and Wadhwani Operating Foundation are working with the primary mission of accelerating economic development in emerging economies through large-scale job creation with presence in Asia, Africa and Latin America operating in association with governments, corporate, mentors, investors and educational institutes. Its Initiatives are driving job creation through entrepreneurship, skills development and innovation.

Department of Computer Science and Engineering

5. **CADD Centre:** As Asia's biggest network of CAD training centers, CADD Centre Training Services is the training arm of the 30 year old CADD Centre Group, head quartered at Chennai, India. They being the only company in India to offer an end-to-end solution to CAD users specializes in Computer Aided Design (CAD), Computer Aided Engineering (CAE), and Computer Aided Manufacturing (CAM) with our wings spread across the globe.
6. **Forsk Technologies:** Forsk Technology offer project based learning in IoT (Internet of Things) and Machine Learning (Data Science). Future courses will be offered based on industry requirement and/or student/faculty feedback. These future courses will be on emerging technologies.
7. **Red Hat Technologies Pvt. Ltd.:** Linux World ('LW') is a fast growing ISO 9001:2008 Certified Organization which is fully governed by young and energetic Technocrats, dedicated to Open Source technologies and Linux promotion. Since its inception in the year 2005, LW have achieved the status of centre of excellence wherein there is latest technology, innovative developing methodology, state of the art infrastructure and individual needs of employees are identified and executed professionally, efficiently & ethically.
8. **Salesforce Technologies Ltd.:** Salesforce is the primary enterprise offering within the Salesforce platform. It provides companies with an interface for case management and task management, and a system for automatically routing and escalating important events. The Salesforce customer portal provides customers the ability to track their own cases, includes a social networking plug-in that enables the user to join the conversation about their company on social networking websites, provides analytical tools and other services including email alert, Google search, and access to customers' entitlement and contracts.
9. **Cyberops** Cyberops is India's leading organization in the field of Information security. Advancement in technology and interconnected business ecosystems has combined to increase exposure to cyber-attacks. We aim to digitally shield the cyberspace by offering various products and services. We are hovering to influence our proficiency and global footprint in the field of information security and cybercrime investigation. It fosters certified trainings on Information Security and provides penetration testing for security audits, and Cyber Crime Investigation services for various sectors to meet their specific needs.
10. **Sambodhi Tech Solutions:** Sambodhi Tech Solutions (STS) is built on Trust, driven through Skill and recognized for Authenticity. The Organization is a cumulative effort of Entrepreneurs, Managers and Technicians across the globe. Sambodhi has emerged as a powerful Organization by transforming its customer businesses through Information Technology Products and Services built on Cloud Computing Technology .
11. **SIEMENS Ltd.** With a focus on electrification, automation and digitalization, Siemens India stands for engineering excellence, innovation, and reliability. As one of the world's biggest

Department of Computer Science and Engineering

producers of energy-efficient, resource-saving technologies, Siemens is a pioneer in infrastructure and energy solutions, as well as automation and software for industry. The company is also a leader in medical imaging equipment, laboratory diagnostics, and clinical IT. Siemens also provides business-to-business financial solutions, rail automation and wind power solutions.

12. **AICTE Youth4Work** Youth4work and AICTE have entered into discussions for a collaboration to facilitate job and Internship Opportunities along with Skill based Assessments for students of AICTE approved institutes using www.Youth4work.com platform; and AICTE may inform the AICTE approved institutes to benefit.

9.3 Feedback on facilities

(Assessment is based on student feedback collection, Analysis and then Corrective Action Taken)

- 1) **Different feedback collection: Institute has different kind of feedback collection process collected by students and faculties.**

S. No.	Facility	How feedback is taken	Type of Record	Action Taken
1	Hostel Sh P. K. Gupta (CAO /Chief warden)	Entry in the register / discussion with warden / written application / Grievance cell	About Stay in the hostel	Sharing of room changed from 4 to 3
			About Food	Student committee and warden
			About Timing	Boys and girls timings are

Department of Computer Science and Engineering

				fixed but on demand as per requirement permission is provided.	
			Maintenance	Entry in register and corrective action	
			Medical Exigency	Ambulance register	
2	Transport Sh. Ravi Bhatnagar (Bus Incharge)	Written application with Bus In charge	Route	Recorded with bus in charge and appropriate action is taken	
			Fees		
			Flexibility / Maintenance of buses		
3	Library Dr. Anita Jain (Chief Librarian)	Departments are taking feedback related to library and thus submitted to librarian	Timing Books Publication E-books Swayam	Appropriate action taken by Library incharge	
4	Sports Dr. Rajesh Sharma (Sports Incharge)	Feedback taken by sports incharge	Ground Participation	Sports incharge takes appropriate decision	
5	Over all maintenance Sh. Yogendra Sharma	Feedback from Block Incharges	About maintenance & Safety		
6	Security Sh. P. K. Tiwari	Over all security	Meetings every month	Feedback in the meeting	
7	Medical Facility	CAO is responsible	Files maintained	Medical OPD First aid	

Table B.9.3a: Different feedback collection

A) Course Feedback:

- Meeting arrange by all Class Coordinator with the student.
- All issue regarding course or syllabus are discuss (Within 15 days)
- A feedback form share with student.
- All Data are collected.

Department of Computer Science and Engineering

Your stay of 4 years in JECRC enhance the followings *

Excellent V. Good Good Satisfactory Poor

PO1: Engineering Knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems

PO2: Problem analysis: Identify, formulate, research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences

PO3: Design/development of solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.

Department of Computer Science and Engineering

PO4: Conduct investigations of complex problems; Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions

PO5: Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modeling to complex engineering activities with an understanding of the limitations

PO6: The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice

PO7: Environment and sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development

Department of Computer Science and Engineering

P012: Life -long Learning: Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological changes needed.

If Poor then Please specify

Figure 9.3d: Alumni Feedback Form

G) Hostel Feedback:

- We have system in which faculty stay and visit hostel. Faculty discuss about various services and facilities provided in hostel
- Feedbacks given by students are subject to discuss with the hostel wardens or in-charges resp.

H) Cleanliness feedback:

- **Soch Initiative (Soch –Coordinator)**
- **SWACHCHH JECRC**
- **SOCH-KUCHH KAR DIKHAANE KI**, keeping this motto in mind, the **Team Soch** of JECRC stepped an extra mile to realize the dream project of the H'ble Prime Minister Sh. Narendra Modi, **Swachchh Bharat Abhiyan**, by launching an innovative digitally enabled campaign **SWACHCHH JECRC**. This campaign was aimed to contributing to the society in terms of cleaning the JECRC campus through the QR code. This campaign changed the whole idea of cleanliness. Never did anyone think that cleanliness could be monitored digitally. In this campaign, a special QR code was designed by the technically advanced students of JECRC and put on the posters, dustbins, all over the campus, to expedite the cleanliness drive, which could be accessed through any smartphone, prompting to fill a google form for complaining against any negligence in cleanliness or giving any suggestions regarding the misplacement of the dustbins, areas not cleaned etc. for example. The following link can be used for filling the form:
<https://goo.gl/EAnOqd>

Department of Computer Science and Engineering

Figure 9.3e: Cleanliness Feedback Form

For any trash, smeared environment, a complaint can be filed by scanning the QR code. By scanning the QR code, a dialog box pops up on the screen which leads us directly to the complaint form. The data filled in the form reaches our supervisors and a response is given within 24 hours.

We get about 10 to 20 number of complaints every day and making it a count of 375 till date which is really astonishing.

In this changing era of digitalization, this innovative **SWACCH JECRC** campaign has done a great work.

Figure 9.3f: TEAM SOCH

Department of Computer Science and Engineering

- 15 days celebration took place as “Swacchata Pakhwada” in JECRC, students were participated in this activity, checked for clean campus.
- Students as well as faculties were involved to clean the campus and program continued for 15 days.

Figure 9.3g: “Swacchata Pakhwada” celebrated, Cleanliness raised

Corrective action taken regarding feedback:-

A) Course feedback corrective action:

- All data which collected by feedback is discuss to HOD by Class Coordinator like course coverage, course learning, content delivery etc.
- HOD assigns a faculty for collected Course Coverage.
- Discusses with subject faculty regarding Strategy for coverage of remaining units.

B) Lab Feedback corrective action:

- HOD discusses all feedback with Departmental lab in charge.
- Departmental Lab in charge collected all lab status and requirement with budget.
- All data are mention in Lab maintain File.

Jaipur Engineering College and Research Centre
Department of Computer Science and Engineering
Minutes of Meeting

Date/Day: 19/9/2015 Saturday	Time: 11:30am to 12:15 pm	Location: CP3 Lab, Block-A, JECRC
Speaker: CC	Speaker's Designation: AP	Attended by: All student

Agenda of Meeting:

To discuss the departmental facilities.

Attendees:

Meeting started with the welcome of CC by all students. Following were the points of meeting:-

S.No.	Points
1	CC interacted with all students.
2	Discusses all departmental facility.
2.	All students gave different idea regarding the topic.
3.	The few common points came out to fill up the feedback.

The meeting ended up with the thanks of Chair and next round of meeting would be held with prior notice.

Jaipur Engineering College and Research Centre

Department of Computer Science and Engineering

Department of Computer Science and Engineering Minutes of Meeting

Date/Day: 1/10/2016, Saturday	Time: 11:30 pm to 12:15 pm	Location: EDC, Block-A JECRC
Speaker: MS. Neelam Chaplot	Speaker's Designation: HOD, CSE Department	Attended by: All CC CSE faculty members

Agenda of Meeting:

To discuss the regarding course converge

Attendees:

Meeting started with the welcome of HOD, CSE by all CSE faculties. Following were the points of meeting:-

S.No.	Points
1	HOD interacted with departmental faculty regarding course converge of the subject.
2	All faculties gave different idea regarding the topic.
2.	The few common points came out like Fill up Feedback regarding course converge.
3.	Some faculties were assigned to design the feedback form according to their thoughts and they were told to inform students also for this work and can take their views as well.

The meeting ended up with the thanks of Chair and next round of meeting would be held with pre notice, meanwhile those faculties who have given assignment were ask to meet HOD after two days.

9.4. Self-Learning (5)

(The institution needs to specify the facilities, materials and scope for self-learning / learning beyond syllabus, Webinars, Podcast, and MOOCs etc. and evaluate their effectiveness)

1) Self-Learning

For self-learning or learning beyond syllabus during the semesters we provide information sharing material and organize different types of activities like workshop, training, conferences, club activities, quiz etc. For these activities academic calendar has sufficient provisions and HOD is authorized to change in schedule with permission of respective authorities.

Department of Computer Science and Engineering

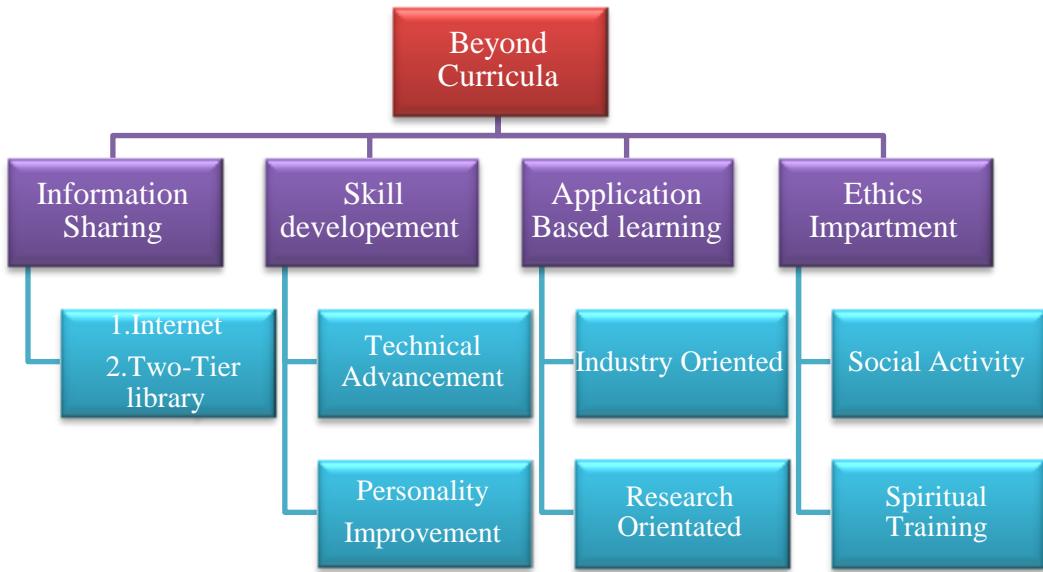

Figure 9.4a: Chart of self-learning or learning beyond curricula

A) Availability of Facility, Materials and Scope for Learning beyond Syllabus

S.No.	Activities	Beneficiary	Details
1.	2-tier Library System	Faculties & Students	The institute has the effective 2-tier Library System both at Institute and the Departmental level
2	Availability of Internet facility in All labs.	Faculties & Students	The project lab is equipped with internet facility and at any time internet can be made available in all the labs.
3	GATE Classes	VIIsem students	Lectures on specific topics are delivered for the students of final year as part of GATE Preparation and online exam for updation of Academic preparation.
4	Moocs like Swayam	Faculties & Students	SWAYAM is a program initiated by Government of India, the objective of this effort is to take the best teaching learning resources to all.
5	Webinars	Faculties & Students	Webinars are opportunity for professional development of students and faculty provided on specific topic.
6	Personality Development lectures	VII	Creativity, lateral thinking and communication / people management skills are essential Components for progress in any sphere. Students are encouraged to develop these through goal setting exercises, group discussions, mock interviews and Presentations.

Department of Computer Science and Engineering

7	Face classes	VII	Special classes conduct to improve Aptitude, Reasoning (Verbal and nonverbal), Soft skill and communication of students for placement purpose.
8	Industrial visit	V,VI	To bridge the gap between Industry and academia, various modules are covered.
9	Training program /Workshop/Seminars	All students	To enhance knowledge and develop technical skill.
10	Technical Events	All students	To enhance the technical knowledge.
11	International /national Conferences	Faculties & Students	For sharing new ideas and innovation common platform is provided.
12	FDP's	Faculty & Technical staff	Development of faculties.
13	Social activities: (A) Zarurat (B) Soch (C) AASHAYEI N (D) Suhasini	All Students	All round development essentially means intellectual, physical, moral, sensible and social development.
14	Spiritual Training	Faculties & Students	For help in increasing mental capacity to focus better

Table B.9.4a: Availability of Facility, Materials and Scope for Learning beyond Syllabus

B) Information Sharing:

Internet and two-tier library are the two information sharing facilities that we have at our institute.

Library

- Our library has over two thousand books related to non-engineering genre. Where students can learn about the daily life, become better at decision making and learn about self-development.
- We also have books for competitive exams like GATE, CAT, and other government conducted tests.
- Library also possesses number of reference books for better development.

Department of Computer Science and Engineering

S.No.	Department	No. Of Ebooks
1	CSE	2851
2.	IT	1677
3.	ECE	1419
4.	Civil	635
5.	ME	469
6.	EE	554
7.	Phy	500
	Total	8105

Table B.9.4b: Details of E-books available

Internet

- Internet is the best way to see, experience and learn about new things.
- Our institute has dedicated 12 Mbps lease line with 100% uptime.
- Students are also given special access to registered websites where they can read about latest research, development and other developments going on in respective field. (eg. – IEEE, Research GATE)
- All the labs are equipped with Internet connections, which makes it easier to connect to the up to date and latest technology of respective field

Department of Computer Science and Engineering

Computer Detail

S.No.	Name of Lab	No. of PC's	Configuration	Software	Licensed Yes/No
1	CP-1	32	Intel H61 Chipset, Intel Corei-3, 2100, 3.1Ghz, 3M Cache, 2x2 GB DDR3 Ram, 1333 Mhz, 320 GB SATA 3.0 Gbps, 7200, DVD RW, HCL USB Heavy duty Keyboard, HCL USB 2 button Optical Mouse, HCL Digital Colour TFT-LED Monitor 18.5", uATX (Dasher)	Ubuntu, Windows XP, Java, Turbo C++, , Acrobat reader, Winrar	Yes
2	CP-2	28	Intel H61 Chipset, Intel Corei-3, 2100, 3.1Ghz, 3M Cache, 2x2 GB DDR3 Ram, 1333 Mhz, 320 GB SATA 3.0 Gbps, 7200, DVD RW, HCL USB Heavy duty Keyboard, HCL USB 2 button Optical Mouse, HCL Digital Colour TFT-LED Monitor 18.5", uATX (Dasher)	Ubuntu, Windo, , Acrobat reader, Winrarws XP, Java, Turbo C++	Yes
3	CP-3	28	HCL 18.5" LED,Intel Core i3-3220 3.30 Ghz, Intel H61 Chipset,320 GB SATA, 2X2 DDR3 RAM, 10/100/1000 Lan, DVD RW	Ubuntu, Windows XP, Java, gcc, Model Sim, Acrobat reader, Winrar	Yes
4	CP-4	28	HCL 18.5" LED,Intel Core i3-3220 3.30 Ghz, Intel H61 Chipset,320 GB SATA, 2X2 DDR3 RAM, 10/100/1000 Lan, DVD RW	Windows XP, Oracle 10g, My Sql , Acrobat reader, Winrar	Yes
5	CP-5	10	Intel(R) Core(TM) i5-2400 CPU @ 3.10GHz (4 CPUs), 3.1GHz, DH61WW MB, NVIDIA GeForce 210 Graphics Card, 8 GB DDR3 RAM, Seagate HDD 500 GB SATA, Logitech USB MM KB, Logitech USB Mouse, LG DVD RW, Samsung SA-300 19.5" LED	Windows 8, MS office Professorla, Acrobat reader, Winrar	Yes
6	CP-6	28	HCL PIV 3.0 HT, 512 DDRII, HDD80, 17" TFT, HCL USB Keyboard, HCL USB Mouse, Asus 865/915 MB	Ubuntu, Windows XP, Java, Turbo C++, , Acrobat reader, Winrar	Yes
7	CP-7	28	HCL PIV 3.0 HT, 512 DDRII, HDD80, 17" TFT, HCL USB Keyboard, HCL USB Mouse, Asus 865/915 MB	Ubuntu, Windows XP, Java, gcc, Model Sim, Xilinx, , Acrobat reader, Winrar	Yes
8	CP-8	28	Intel H61 Chipset, Intel Corei-3, 2100, 3.1Ghz, 3M Cache, 2x2 GB DDR3 Ram, 1333 Mhz, 320 GB SATA 3.0 Gbps, 7200, DVD RW, HCL USB Heavy duty Keyboard, HCL USB 2 button Optical Mouse, HCL Digital Colour TFT-LED Monitor 18.5", uATX (Dasher)	Windows XP, Oracle 10g, My Sql , Acrobat reader, Winrar	Yes
9	IBM Lab	64	HCL Dual-core E-5500@2.80Ghz, G-41 Intel Chipset MB, 2GB DDR3 RAM, SATA 160 GB HDD, DVD RW, HCL MM PS 2 KB, HCL USB OPTICAL Mouse, HCL 18.5" wide LCD with speaker	Windows XP, Java, Acrobat reader, Winrar	Yes
10	Robotics Lab	9	Intel H61 Chipset, Intel Corei-3, 2100, 3.1Ghz, 3M Cache, 2x2 GB DDR3 Ram, 1333 Mhz, 320 GB SATA 3.0 Gbps, 7200, DVD RW, HCL USB Heavy duty Keyboard, HCL USB 2 button Optical Mouse, HCL Digital Colour TFT-LED Monitor 18.5", uATX (Dasher)	Windows XP, Java, Acrobat reader, Winrar	Yes

Department of Computer Science and Engineering

11	Innovation Academy	9	Compaq Dual- Core E5200@2.50GHz, Intel® Chipset G31 MB, 2 GB DDR2 RAM, 320 GB SATAN HDD, COMPAQ USB KB, COMPAQ USB Optical Mouse, LIGHTSCRIBE DVDRW, BENQ TFT-LCD 17"	Windows XP, Java, Acrobat reader, Winrar	Yes
12	CP-11	28	Intel H61 Chipset, Intel Corei-3, 2100, 3.1Ghz, 3M Cache, 2x2 GB DDR3 Ram, 1333 Mhz, 320 GB SATA 3.0 Gbps, 7200, DVD RW, HCL USB Heavy duty Keyboard, HCL USB 2 button Optical Mouse, HCL Digital Colour TFT-LED Monitor 18.5", uATX (Dasher)	Windows XP, Java, gcc, Acrobat reader, Winrar	Yes

Department of Computer Science and Engineering

C) Skill Development:

For the overall development of the students, we focus on technical aspects and personality improvement. Which not only makes them a better student, they are also being prepared for future obstacles both on education level and personal level.

Technical Advancements

- We provide GATE examination preparation to our students. Which helps them with both better placements in Govt. PSUs and for those who are interested in higher studies? Due to this program our no.of students are getting into prominent institutes for higher studies and some of them have also been selected for govt jobs.

Department of Computer Science and Engineering

F) Personality Improvement

- With our efforts in personality development and face classes no. of students have been selected at prominent companies with good starting packages.
- PD classes are the part of curriculum for all students.

Year	Name of event	Object of event	No. of students participated	Date of event
2015-16	Pre Placement training Program by FACE	Bridging gap between academics & Industry	180	12-10-2015 To 14-10-2015
2016-17	Pre placement training by Face	Bridging gap between academics & Industry	184	18-7-2016 to 6 - 8-2016
2017-18	Pre placement training program by Face	Bridging gap between academics & Industry	186	20-7-2018 onwards

Table B.9.4l: personality development and face classes

Figure 9.4d: Pre-placement Training 2017-18

Department of Computer Science and Engineering

G) We invite faculties from various institutes for the face classes which teach our students about aptitude, verbal and non-verbal reasoning etc.

- Mentors of Face Classes :

Year	Faculty
2015-2016	<ul style="list-style-type: none">• Amit Jalan• VishakhaAlok• Nida Siddique• Rajdeep Yadav• Vishal Kumar• Yakshani Arya• Ajinkya chopde• Umang Pathak• Naveen.• Kammela Sai Kishor• BabuS.Somasekhar• Ankit Nagar• Narinder Kaur• Vindhya• Divyanshu Srivastava• Paresh Kothari• Jasvinder Singh• Kumar Aakash
2016-2017	<ul style="list-style-type: none">• S Somasekhar• Nida Siddique• Vindhya Singh• Kratika Parikh• Shruti Shreya• Nikhil Pratap Sing• SuyashTyagi• Shivam Bansal• Apurva Sharma

--	---------	---

Table B.9.4m: Mentors of Face Classes

H) Industrial Oriented

Industrial Visits:

- Students are getting an insight on how their life going to be and what does it mean to be an engineer?
- Industrial visits are conducted on regular basis which a great way to learn and see things in action.

Year	Location	Company Name	No of students enrolled
2015-2016		• Food tech	• 47
2016-2017	• Ahmedabad • Jaipur	• E-infochip • Jaipur Metro Rail Corporation limited	• 27 • 27
2017-2018	Takniki Bhawan, Jhalana, Jaipur	• Ted x	• 23

Table B.9.4n: Industrial Visits:

Figure 9.4e: Industrial Visit

I) Training/workshop/seminar:

- Trainings are the big part of our culture. We conduct occasional training camps and seminars

Department of Computer Science and Engineering

at our institute.

- It is a great way to learn and develop a skill which would be useful for real life scenarios and to become a better engineer.

Year	Name of Event	Object of Event	No of student participated
2015-16	Microsoft Certification Summer training Program in Embedded & Robotics with AVR Controller	This event helps to Bridge the gap between academics & Industry	45
2015-16	Microsoft Certification Summer training Program in Android	It helps to Bridge the gap between academics & Industry	42
2015-16	Microsoft Certification Summer training Program in Core Java	It includes basic java programming language	41
2015-16	Microsoft Certification Summer training Program in Advance Java	It includes advanced java programming such as servlet and applet	39
2015-2016	Pre Placement training Program by FACE	Bridging gap between academics & Industry	180
2016-17	Microsoft Certification Summer training Program in .NET	It helped our students to learn about Web Designing which covers User interface design, styles and themes	44
2016-17	Pre placement training by Face	Bridging gap between academics & Industry	184
2017-18	Pre placement training program by Face	Bridging gap between academics & Industry	186
2017-18	Sales force Training	Students were trained on modules of Trailhead	60
2017-18	Red Hat Linux Training	Students were trained on modules of Red Hat Linux.	237
2017-2018	Forks Technology Data Science/ Machine Learning	Students are trained on Machine Learning	6
2017-2018	Forks Technology IOT	Students are trained on IOT	2

Department of Computer Science and Engineering

Table B.9.4o: Training detail table

J) Technical Events:

- We conduct a lot of technical events which are competitive. Not only it results in bigger number of participants but they can also learn a lot more.
- These events bring out the competitiveness in our students which is going to be useful in real world. Due to this, our students were motivated enough to participate in events launched by big organization Such as NASA.
- Our students also participate in techno culture festivals such robotic festivals, Olympiad etc.

K) Research Oriented

Conference:

- Conferences are the great way to learn about research and development going on in respective fields, which inspired many students to publish their own research.
- It is also a great starting point for those students who want to pursue their career in research fields.

Conference & SIH organized by the Department of Computer Science & Engineering

Academic Year	Name of the Conference/Event	National/ International Event	Duration
CAY (2017-2018)	Springer- International Conference - ICETEAS 2018	International Conference	17-18 Feb 2018
	RTCC 2018	National Conference	25-28 Mar 2018
	ICICT'18, London	International Conference	27 & 28 th Feb 2018
	Smart India Hackathon'18- Nodal Centre	National	30-31 March 2018
CAYm1 (2016-17)	Smart India Hackathon'17- Nodal Centre	National	1-2 April 2017

Table B.9.4p:Confrence/Event detail table

• Social Activity

We have students inclined clubs such as Zarurat, Soch, Aashayein and Suhasini among other. These clubs collectively called ABHYUDAY.

Department of Computer Science and Engineering

These clubs are managed by our students which conduct free classes for orphaned children, poor children. This provides them with sense of charity and doing well for others.

Not only they are learning to be better human beings, they are also setting an example by helping others.

- **Spiritual Trainings**

We heard so much news about student's suicides which makes it easier to understand that, how stressful a student's life can be.

We have special spiritual area where our students can experience calm, learn to meditate and learn to deal with the bad situations in life in a healthy way.

Of audio and video books are also available.

This is very important, because they are learning to face and deal with their problems not run away from them.

9.5 Career Guidance, Training, Placement(10)

(The institution may specify the facility, its management and its effectiveness for career guidance including counselling for higher studies, campus placement support, industry interaction for training/internship/placements, etc.)

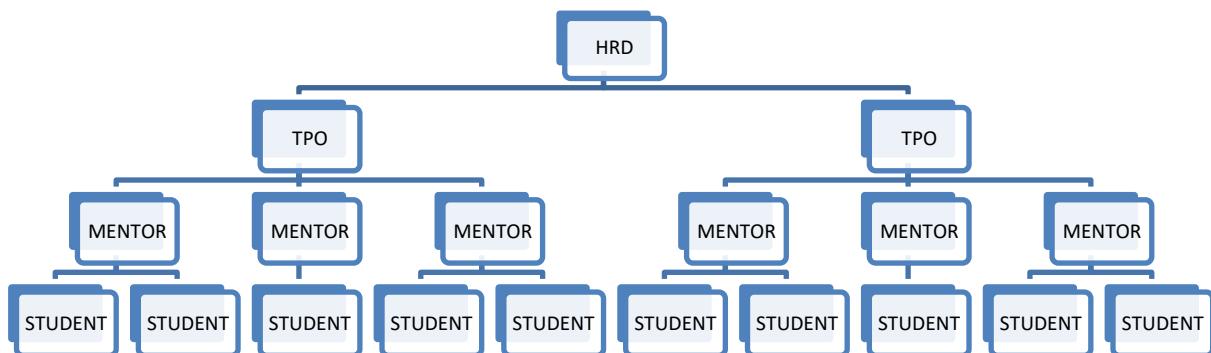

Figure 9.5a: Flow chart of HRD Process

1) Professional Guidance:-

We provide opportunities to students to improve placement percentage like interactions with MNC, Exhibition to provide internship.

S.No.	Name of Event	Date	Description
1	Placement Guidance Organized by HRD	August 2016	The event was graced by Mr. Sanjeev Khosla, MD, Accenture & Mrs. Shobha Kariappa, VP, Recruitment.
2	ISRO Exhibition	April 2016	For the first time in Rajasthan an exhibition of the "Space Endeavours

Department of Computer Science and Engineering

			of India" was conducted by ISRO (Indian Space Research Organization) at JECRC University in April 2016.
3	SIH 2K17 Organized by MHRD, Govt of India	March-April 2017	JECRC was among the only twenty eight colleges selected in the country.
4	Interactive Session Organized by SanjevOhri	September 2017	This session conducted by Dr. Sanjeev Ohri ,Uk.
5	Interactive Session SPIC MACAY	September 2017	Conducted by Dr. Kiran Seth, founder, SPIC MACAY
6	Awareness Workshop (SIH 2K18)	January 2018	Workshop about second edition of smart India hackathon
7	JECRC Hackathon	10 th January 2018 And 11 th January 2018	200 students teams participated in a 24 hour nonstop digital product development competition
8	Careers in Entertainment industry ("masalePyarVaale")	2018	Held a screening of a short film "masalePyarVaale" of New York Film Academy.
9	Exhibition Organized by ISRO.	April 2018	Space Endeavours of India was conducted by ISRO
10	SIH 2K18 Organized by MHRD, Govt of India	30 th -31 st March 2018	JECRC was among the only twenty eight colleges selected in the country.

A) GATE Examination Preparation

- We provide GATE examination preparation to our students which help them with both better placements in Govt. PSUs and for those who are interested in higher studies. Due to this program our no.of students are getting into prominent institutes for higher studies and some of them have also been selected for govt jobs

B) Campus Placement Support/Training

A training and placement cell is established and responsible for campus placement (off campus also) and training which improve students skills both technical and behavioral. A cell provides various opportunities for student placements and organizes sessions / training programs.

1	Interactive Session (TCS Representative)	Aug,2015	An interactive session with Anurag Chawla and Vaibhav Bansal both employed at TCS
2	Interactive Session (TCS Commune Program)	2017	The talent acquisition head, North India for TCS, Mr. Narendra Chandel visited JECRC to interact with students regarding the TCS Campus Commune Program...
3	Sales force Training	2018	Students were trained on modules of Trailhead

Department of Computer Science and Engineering

JECRC/CSE-TnPS/MoM/2017/December/09

09/12/2017

Minutes of Meeting

Agenda –

1. Formation of CSE-Training &Placement Squad
2. Placement strategy for Un-placed students
3. Task assignment.

Department of Computer Science and Engineering

Meeting Venue and Date: EDC Conference Room A block at 2:00 O'clock on Saturday, December 09, 2017

Chaired By:

Dr. Vijay Singh Rathore

Attendees

1. Faculty Coordinators:

Dr. Sanjay Gaur
Dr. Nilam Choudhary
Ms. Shikha Maheshwari
Mr. Abhishek Dixit
Ms. Priyanka Mitra

2. Students Coordinators:

Ms. Japleen Kaur
Ms. Kanishka Goyal
Ms. Ridhima Shekhawat
Ms. Apurvi Mansingha
Mr. Atul Dada
Mr. Dikshant Mamodia
Mr. Nitesh Vashishtha
Ms. Mohit Earan

Points put up for Discussion as per agenda:—

1. The meeting started with motivational triggers connecting the current action with a bigger vision.
2. 12 well trained and placed students of 7th Semester (some listed above) were identified for taking the action further.
3. It was decided for unplaced 162 students of CSE department, each student coordinator will be allotted a group of 15 students.
4. Future course of action was chalk out, based on following categories:
 - a. For **Competition based hiring**, the student coordinators under the mentor-ship of faculty coordinator, will help their group for better preparation by identifying coding tricks and algorithms or training as per the requirements.
 - b. For **Companies lined up by HR Team**, the student coordinators will motivate and extend their help in identifying the company specific set of questions and training available on the internet.
 - c. For **Identification of Personal Contacts**, faculty coordinator along with students will approach organizations to take the things further in positive direction.
 - d. For **Establishing Contact with Alumni**, both identified faculty member along with a team of students will approach Alumni of JECRC Foundation for the placement of students.
5. Each of these above mentioned strategy is then allotted to the TPC Squad as follows:
 - a. Competition Based Hiring – Dr. Sanjay Gaur will coordinate with Dr. Neelam Chaplot.
 - b. Companies lined up by HR Team- Ms. Priyanka Mitra will coordinate with HR.
 - c. Identification of Personal Contacts – Ms. Nilam Choudhary will gather the possible contacts from other faculty members of the Department.

Department of Computer Science and Engineering

- d. Establishing Contact with JECRC Alumni – Ms. ShikhaMaheshwari will be responsible for contacting them.
- e. Mr. Abhishek Dixit, TPO-CSE will also be responsible for bridging the gap between HR and Departmental team, if any.
- 6. It has been decided the student allotment will be completed by December 11, 2017 with the help of existing mentors.
- 7. The meeting ended with a clear understanding of the vision and assignment to be carried out for achieving the same.

All Concerned

D) Entrepreneurship

Institute has a cell which improves entrepreneurship development skills in students by doing activities such as seminars, workshops and awareness camps. (Entrepreneurship and incubation).

- To improve Entrepreneurship skills in students.
- Cell conducts many workshops and awareness camps for students.
- Cell has incubation centre and associated with start-ups.
- Cell schedules interactions with alumni start-ups.

S.No.	Name of Event	Date	Description
1	Interactive Session Motivational speaker	September 2015	An interactive session for students by renowned motivational speaker Mr. Vijay Batra
2	Workshop On Entrepreneurship Skill Development	Feb, 2016	A workshop was conducted by EDC JECRC on Entrepreneurship Skill Development The expert speaker was Dr. Pankaj Bharti from Entrepreneurship Development Institute of India,
3	Entrepreneurship awareness camp	March 2016	A three day Entrepreneurship Awareness Camp was organized at JECRC in association with DST The camp witnessed a registration of 300 students and a footfall of 12 eminent speakers from the start up ecosystem of the country.
4	JOSH Meets	May 2016	JOSH Meets, an opportunity for interactive sessions with six achievers from various fields
5	Interactive	August	An interactive session with the alumnus of JECRC &

Department of Computer Science and Engineering

	session With Alumni	2016	Co-Founder, Celebal, Sh. Anirudh Kala was conducted training & placement opportunities for students of JECRC at Celebal were identified.
6	Orientation Session Organized by Career Development Centre, JECRC	2017	Career Development Centre, JECRC & Intervarsity organized an orientation session for students to help them grab international internship opportunities. Dr. Harsh Mishra, Founder iSEED&Dr.K. C. Jacob, President & Managing Consultant, Horton International spoke to students about opportunities in Singapore & Hong Kong.
7	TEDx Talk	March 2017	The first TEDx talk in any RTU affiliated college was conducted in JECRC on 25th March 2017 wherein 10 international speakers spoke to our students

Table B.9.5d: EDC Events list

Figure 9.5: Entrepreneurship awareness camp

E) Government Job Cell

Government job cell was established in our institute in the year 2016 to prepare students towards different competitive examination. In this cell we encourage and inspire students for competitive examination by doing activities like interactive sessions with central government head, NBS head.

S.No.	Name of Event	Date	Description
1	Interactive Session NBS by G. D. Bakshi	October 2015	An interactive session with Major Gen. Dr.G. D. Bakshi was organized for students in October 2015.
2	Interactive Session with the "Metal King of India"	November 2015	An interactive session with the "Metal King of India", Mr. Anil Agarwal, Chairman, Vedanta Resources

Department of Computer Science and Engineering

			Plc.
3	Interactive Session By MHRD, Government of India	February 2017	An interactive session with Sh. Anil Swarup, Secretary, (SE & L), MHRD, Government of India was organized for students of JECRC.
4	JECRC MUN	April 2017	The 6th edition of JECRC MUN was held in April 2017, presenting five different committees UN GA-DISEC, NSC, UN HRC, SOCHUM & ICJ.
5	7 th Edition of JECRC MUN	April 2017	GA-DISEC, UNSC, UN-HCR, CSW AND Loksabha along with international press

Table B.9.5e: EDC Events list

Department of Computer Science and Engineering

Figure 9.5j: Interactive session with Metal king Sh. Anil Agarwal

Figure 9.5l: JECRC MUN

F) Industry Visit: We schedule industry visits for students so they can see and learn technologies in industry also observe professional environment in industry. It helps to bridge gap between industry and academics. Students learn about latest platforms to be work upon.

S.No.	Name of Industry	Session
1	Food tech	2015-16
2	JRBL	2016-17
3	E-infochip	2016-17
4	Ted x @ Takniki bhavan, Jhalana jaipur	2017-18

Table B.9.5f: Industry Visit

Department of Computer Science and Engineering

G) All round development: Many technical events like conferences and workshops are organized in the institute to improve and present technical skills of students.

- National level competition for students like Smart India Hackathon was held in institute.
- To prepare teams a faculty guide was assigned to a particular team and an intra college competition like JECRC hackathon was organized to check, improve technical skills level of shortlisted teams.

S.No.	Name of Event	Date	Description
1	Ideation Feedback And Social Media Contest	Nov, 2015	contest under the Digital for Customer Engagement program of SAP, U.S.was organized exclusively for students of JECRC.
2	J Techtrix An Exhibition	Nov, 2015	A two day exhibition of projects of 1st Year students was held at JECRC
3	National Conference RTDEEE-2016	August 2016	A two-day national conference RTDEEE-2016, (Recent Technological Developments in Electronics & Electrical Engineering)
4	Interactive Session (TCS Campus Commune Program)	2015	The talent acquisition head, North India for TCS, Mr. Narendra Chandel visited JECRC to interact with students regarding the TCS Campus Commune Program
5	Interactive Session (TCS Representative)	Aug,2015	An interactive session with Anurag Chawla and Vaibhav Bansal both employed at TCS
6	Interactive Session (HEXA CCIE + CCDE) BY Khawar Butt	Oct,2015	An interactive session with world's only HEXA CCIE + CCDE, Khawar Butt was organized for students
7	"Sustainability Development: Challenges & Opportunities. (Short term training course)	From 12th To 16th October 2015	Mechanical Department in association with NITTTR, Chandigarh on "Sustainability Development: Challenges & Opportunities.
8	Workshop on "Implementation of logical operations in Software, Image Processing and GUI (Workshop by IIT Mumbai and Techienest Jaipur)	February 2016	A two day workshop on "Implementation of logical operations in Software, Image Processing and GUI directly from industry experts, MATLAB, MATLAB projects & interaction with renowned Industry Experts" was held for students by IIT Mumbai and Techienest Jaipur
9	"Automotive Design and Development"	From 8th To 22nd	"Automotive Design and Development" in association with Elite Techno Group

Department of Computer Science and Engineering

	(A training Program)	February 2016.	
10	International Workshop (Open source software)	September 2016	An international workshop on open source software was conducted at JECRC in association with CSI, Jaipur Chapter and Drupal Jaipur Community. Our special guests were Mr. Micheal Canon, COO and Mr. Nathan Roach, Content Marketing Associate, Axelerant Technologies, Atlanta, US
11	J Techtrix (An Exhibition)	April 2017	J Techtrix, a daylong exhibition of projects of our students was held at JECRC in April 2017 wherein more than forty selected projects were on display
12	SIH-2K17 (Smart India Hackathon) organized by MHRD, Govt of India	April 2017	The grand finale of Smart India Hackathon organized by MHRD, Govt Of India was held at JECRC. JECRC was among the only twenty-six colleges selected in the country for this event wherein 47 teams from all over India came to participate in a 36-hour nonstop Coding competition.
13	Interactive Session (TCS Commune Program)	2017	The talent acquisition head, North India for TCS, Mr. Narendra Chandel visited JECRC to interact with students regarding the TCS Campus Commune Program...
14	National Conference (RESSD-2016)	October	A two-day national conference RESSD-2016, (Renewable Energy Sources & Sustainable Development) was conducted keynote speaker was Prof. S. K. Ghosh, Dept. of Civil Engineering, and IIT Roorkee.
15	Expert Talk Organized by CSE department	November 2017	An invited talk by prof. Peter Kent & Prof. David Wing, CEO UKE was organized by CSE department
16	Sales force Training	2018	Students were trained on modules of Trailhead
17	Interactive Session Organized by CSE department	2018	Conducted by Dr. Niko Philips, Oxford College
19	ICETEAS-2018	February 2018	ICETEAS was organized at JECRC
20	J-Techtrix 3 rd Edition An Exhibition	17 th March 2018	JECRC's student project exhibition.

Department of Computer Science and Engineering

21	SIH-2K18 (Smart India Hackathon) organized by MHRD, Govt. of India	30 th -31 st March 2018	JECRC was among the only twenty eight colleges selected in the country.
----	---	--	---

H) MOU's was done with industries to emphasize on

- (a) Internship
- (b) Project Workshop for Students
- (c) Industrial Visits
- (d) Students specific Training

S. No.	Company Name	Date
1.	Forsk Technologies 	2-Nov-2017
2.	RedHat Technologies 	7-Nov-2017
3	Infosys Campus Connect 	12-May-2017
4	CADD Centre 	30-Oct-2017
5	Wadhwani Foundation 	13-Oct-2017
6	SakRobotix Lab 	27-Apr-2017
7	Salesforce Technologies Ltd. 	17-Jan-2018

Department of Computer Science and Engineering

8	Indo Vision Services Pvt. Ltd. 	22-Mar-2017
9	Cyber Security	May-2018

Table9.5h: MOU Details

The following are the details of MOUs:

1. **ForskTechnologies:** Forsk Technology offer project based learning in IoT (Internet of Things) and Machine Learning (Data Science). Future courses will be offered based on industry requirement and/or student/faculty feedback. These future courses will be on emerging technologies.
2. **Red Hat Technologies Pvt. Ltd.:** Linux World ('LW') is a fast growing ISO 9001:2008 Certified Organization which is fully governed by young and energetic Technocrats, dedicated to Open Source technologies and Linux promotion. Since its inception in the year 2005, LW have achieved the status of centre of excellence wherein there is latest technology, innovative developing methodology, state of the art infrastructure and individual needs of employees are identified and executed professionally, efficiently & ethically.
3. **Infosys Campus Connect:** Launched by Infosys in May 2004, CC is a unique academia-industry initiative to "architect the education experience". The objective in launching the CC programme is to enhance the quality and quantity of the IT talent-pool; sustain the growth of the IT industry itself. The portal will provide a digital platform for academia-industry interaction anytime, and anywhere.
4. **CADD Centre:** As Asia's biggest network of CAD training centers, CADD Centre Training Services is the training arm of the 30 year old CADD Centre Group, head quartered at Chennai, India. They being the only company in India to offer an end-to-end solution to CAD users specializes in Computer Aided Design (CAD), Computer Aided Engineering (CAE), and Computer Aided Manufacturing (CAM) with our wings spread across the globe.
5. **WADHWANI Foundation:** Launched in 2000 by Dr.Romesh Wadhwani, the Foundations comprising of Wadhwani Charitable Foundation and Wadhwani Operating Foundation are working with the primary mission of accelerating economic development in emerging economies through large-scale job creation with presence in Asia, Africa and Latin America operating in association with governments, corporate, mentors, investors and educational institutes. Its Initiatives are driving job creation through entrepreneurship, skills development and innovation.
6. **SAKROBOTICS LAB:** Establishing a Robotics Research Centre in the campus of JECRC, providing Internship to JECRC Students and to engage the students in Robotics Training and also offering Robotics product development exposure.

Department of Computer Science and Engineering

Figure 9.5m: J-Techtrix 2018

9.6 Entrepreneurship development cell (5)

(The institution may describe the facility, its management and its effectiveness in encouraging entrepreneurship and incubation) (Success stories for each of the assessment years are to be mentioned)

- 1) Entrepreneurship cell is established in mentorship of Mr. Siddharth Chaturvedi, our College for encouraging and inspiring students for start-ups and entrepreneur. Various interactive sessions for students with alumni and start-up representative are organized to know the importance of being an entrepreneur and ways to get financial assistance to become an entrepreneur.

Department of Computer Science and Engineering

S.No.	Name of Event	Date	Description
1	Interactive Session Motivational speaker	September 2015	An interactive session for students by renowned motivational speaker Mr. Vijay Batra
2	Workshop On Entrepreneurship Skill Development	Feb, 2016	A workshop was conducted by EDC JECRC on Entrepreneurship Skill Development The expert speaker was Dr. Pankaj Bharti from Entrepreneurship Development Institute of India,
3	Entrepreneurship awareness camp	March 2016	A three day Entrepreneurship Awareness Camp was organized at JECRC in association with DST The camp witnessed a registration of 300 students and a footfall of 12 eminent speakers from the start up ecosystem of the country.
4	JOSH Meets	May 2016	JOSH Meets, an opportunity for interactive sessions with six achievers from various fields

Department of Computer Science and Engineering

5	Interactive session With Alumni	August 2016	An interactive session with the alumnus of JECRC & Co-Founder, celebal, Sh. Anirudh Kala was conducted training & placement opportunities for students of JECRC at Celebal were identified.
6	Orientation Session Organized by Career Development Centre, JECRC	2017	Career Development Centre, JECRC & Intraversity organized an orientation session for students to help them grab international internship opportunities. Dr. Harsh Mishra, Founder iSEED & Dr. K. C. Jacob, President & Managing Consultant, Horton International spoke to students about opportunities in Singapore & Hong Kong.
7	TEDx Talk	March 2017	The first TEDx talk in any RTU affiliated college was conducted in JECRC on 25th March 2017 wherein 10 international speakers spoke to our students

Table9.6a: EDC Event list

Cell is responsible for:

- Relationship with companies:
 - ✓ Company like Celebal tech has visited our campus for 2017-18 batch placements and this company is owned by jecrc alumni.
 - ✓ Backbone soft wares also visited jecrc campus and owned by JECRC alumni.(2010 batch)
- Motivate students, guide and help them in the same direction.

Department of Computer Science and Engineering

A) EDC Activities:

Year	Name of the event	Conducted by	Date	Participants
2015-16	Entrepreneurship awareness camp	DST Govt of raj	28-3-2016 to 30-3-2016	25
2016-17	Entrepreneurship awareness camp	DST Govt of raj	2-9-2016	60
2017-18	Entrepreneurship awareness camp	JECRC	29,30-8 2017	63

Table B.9.6b: EDC Activities

B) Institute has success stories for every pass out year as a result of Entrepreneurship cell and incubation centre.

SNO	Name	Batch	Branch	Organization	Place
1	Nisha Jangir	2016	CSE	Youtube	Jaipur

9.7 Co-curricular and extracurricular activities

(The institution may specify the co-curricular and extra-curricular activities) (Quantify activities such as NCC, NSS etc.)

A) Co-curricular Activities:

Year	Name of event	Conducted by	Date	Participants
2015-16	PHP &MySQL Training Program	Mr. Amit Kumar Faculty, Sigmatech Infotech , Jaipur	13-07-2015 to 25-07-2015	B.Tech 3 year
2016-17	ICT BASED Short term course on “Open Source Technologies” at NITTTR, Chandigarh	Dr. Gaurav Kumar, Managing Director, Magma Research and Consultancy, Pvt. Ltd., Ambala	29.08.2016 & 30.08.2016	B.Tech 4 year
2017-18	Machine Learning	Mr. Vimal Daga	8th March 2018	B.Tech 4 year

Table B.9.7a: Co-curricular Activities

B) Interactive sessions with industry experts are organized to increase understanding between students and industry requirements.

Year	Session name	Date of session
2015-16	Seminar on networking	7-10-2015
2016-17	International Workshop on Open Source Software, Drupal	10-9-2016
2017-18	Start-up Oasis, Jaipur	29,31-8-2017

Table B.9.7b: Session Name

C) Industrial visits are conducted for students so they can practically observe the environment and activities in Industries.

Year	Name of place	Object of event	No. of students participated	Date of event
2015-16	Food tech	Industry visit	47	19-9-2015
2016-17	E-eInfochip	Industry visit	27	19,20-2-2017
2017-18	Ted x	Industry visit	33	31-8-2017

Table B.9.7c: Name of Place

D) Each team who participated in 2017 and 2018 SIH held at JECRC was guided by assigned faculty member so they can perform better.

NATIONAL SOCIETY FOR ENGINEERING RESEARCH AND DEVELOPMENT, JAIPUR.

10-10-2015

Delegation of powers to the various authorities

The Chairman, JECRC Foundation, and the National Society for Engineering Research and Development, has directed me to convey the delegation of powers to the various authorities working in the NSERD promoted institutions. Our Esteemed Chairman is of the view that the College Principal and the Registrar should have adequate powers so that they are in a position to comply with the requirements of the regulatory and supervising bodies, and conduct day-to-day affairs in a positive and peaceful manner, under their own authority and signatures.

With a view to ensuring smooth and unambiguous functioning of the colleges, viz., Jaipur Engineering College And Research Centre, as also JECRC UDML College of Engineering, the delegated powers / authority are detailed hereunder:

Designated Authority	Powers delegated
a) Principal	<ul style="list-style-type: none">i) As Head of the Institution, he shall exercise his authority for institution building. He will act as Competent Authority for all Faculty Members and Officer staff and be responsible for overall human resource management, their appointment, utilization, retrenchment, termination, disciplinary action, etc. He will exercise signing powers as Competent Authority.ii) He will act as superintendent and guide for all items of work related to AICTE, RTU (Affiliating University), UGC, MHRD, Technical Education Department GOR, State Level Fees Determination Committee, and other regulatory or higher bodies.iii) Establish a climate in which faculty members and the students can develop self-discipline, and promote research.iv) To formulate the Budget and assess the infrastructural and other requirements well in advance and get the same approved from the Secretary, NSERD before execution.v) Impress amount of Rs. 1,00,000/- (Rs. One Lakh Only) is also delegated for routine exercise.
b) Registrar	<ul style="list-style-type: none">a) He shall act Competent Authority for all office and sub-staff, and exercise signing powers as competent authority for their appointment, utilization, retrenchment, termination, disciplinary action, etc.b) He shall act as Compliance Officer to fulfill the regulatory guidelines etc. of AICTE, RTU (Affiliating University), UGC, MHRD, Technical Education Department GOR, State Level Fees Determination Committee, and other regulatory or higher bodies. He shall act as

1

Department of Computer Science and Engineering

	signing authority in all such matters.
	c) The Registrar shall be the custodian of records and property of the college, and be directly responsible to the Director/Principal of the College for the proper discharge of his duties and functions, and exercise such other powers and perform such other duties as may be assigned to him by the Director/Principal.
	d) In the absence of Director / Principal, all powers shall vest in Registrar and he shall exercise the authority and signing powers of the Principal including Competent Authority for Faculty Members, etc.

2. This Delegation of Powers will take place with immediate effect.
3. With a view to explaining these powers and clarifying the doubts, if any, a meeting will be held shortly, for which I am directed to request (1) Shri Amit Agrawal (2) Shri Arpit Agrawal (3) Shri M.L. Sharma, Principals and Registrars of both the colleges to attend the said meeting. Convenient date, time and venue of the meeting shall be communicated separately.
4. The concerned Principals and Registrars are requested to note the Delegation of Powers and acknowledge receipt.

By Order,

S.L. Agrawal
Executive Director
JECRC Foundation
Jaipur.

MINUTES OF MEETING

Last meeting of BOG was held on 22/06/2016 in the board room of the College. Following are the action taken on the meeting –

1. Graduate Attributes are shared with all concerned Program Coordinators, HODs, Dean I Year, Dean II Shift
2. Shortcomings related to placements were taken care of and accordingly tie-ups made with external agencies for preparation for the placements.
3. Government job cell was formed with an aim to guide for Government related jobs, preparation for GATE, other competitive examinations etc.
4. A placement team has been formed for the placement of students who are not eligible (i.e. they have cleared their degree with back) for the placement. This team is working with a nomenclature of Outreach placement cell with a moto to place such non eligible students.
5. Internal Quality Assessment measure has been taken care of viz., the course outcome analysis, gap analysis, content beyond syllabus, lab maintenance, publication, co-curricular activities, moderation of internal papers etc.
6. Initiation is taken to establish relation with the industry, in view of the same students are undergoing for training in different areas. MoUs are signed with the industries.
7. Activities related to social initiatives were taken care of.
8. The related documents submitted to RTU
9. As per RTU the QIV points were made available for the year 2016-17 were 616/1000.
 - a. The corrective measures were taken on the same and for the year 2017-18 and the documents were again sent to RTU Kota for inspection.
 - b. On the basis of documents the points will be awarded by RTU and significant improvement has been reported.
 - c. Further, the departments are working on outcome based education and the letter related to content beyond syllabus is sent to the University.

Contd. 2/

Department of Computer Science and Engineering

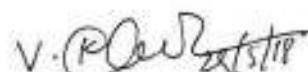

Meeting started at 11:00 AM; following items were discussed –

1. With the permission of the Chair, Dr. Vinay Kumar Chandna, Member Secretary welcomes all the dignitaries.
2. He read the last minutes of the meeting and further it was approved by the members unanimously.
3. He presents the annual report of the year 2016-17 and 2017-18, following items were discussed –
 - a. Vision and Mission of the institute
 - b. 12 points Program outcome
 - c. Decentralization of power – institute's organization chart was discussed. He informed that an amount of Rs. 10,000/- is sanctioned to all the Program Coordinators/HODs, Dean II Shift, Dean I year, all section incharges to meet out the immediate requirement of the fund. He also clears that on the submission of account further amount is disbursed.
 - d. Students' result analysis
 - e. For the placement data; it was made clear that placement percentage is based on unique offers. The data of higher education, engaged with family business, startups etc. will be included later.
 - f. Nine MoUs at National level and two MoUs at International level were signed to enhance the students' technical knowledge as per the market requirements. Shri Rajeev Bhargava suggested that we should adopt a process in which these certified courses should be validated by the MSME / University. These certificate courses may be examined by the university if possible it can be from JECRC University. Member secretary has noted the same for further action.
 - g. Content beyond syllabus was discussed. Shri Manish Jain informed the members about the duration of the course. Member secretary informed that these courses are running after the college hours. Students are taking interest in these courses.
 - h. Research Grants from the Govt. agencies and also proposed FDP/workshop/Seminar during the 2018-19 was discussed in brief. Member secretary informed that proposal of approx. 70 lacs were submitted to the Govt. agencies for conducting the different activities.
 - i. Budget and expenditure discussed in brief. Member secretary made clear that "other then R&D" means academic activities, it is not included research related activities. Shri Amit ji appreciated the R&D activities he pointed out that in the year 2015-16 budget was Rs. 2,50,000/- and in the year 2018-19 (proposed) it rose to Rs. 20,00,000/- it shows that students are taking interest in R&D activities.
 - j. QIV rating 2016-17 and 2017-18 was discussed. In the year 2016-17 the score was 616/1000 and after efforts this year it rose to 740/1000. Shri Amit Agrawal asked what is the highest marks so far, member secretary replied it will be checked out.

Department of Computer Science and Engineering

- k. Member secretary told that faculty members will be motivated for paper publication at international level repute journals.
 - l. Proposed activities for the coming year were discussed in brief.
4. Inputs by the industry –
- a. Dr. Silvester suggested that more budget for the students' R&D activities should be incorporated in more elaborate manner i.e. budget should be clearly mentioned R&D, transportation, other expenditure etc.
 - b. Centre of excellence should be opened 24x7.
 - c. Result oriented training program should be incorporated.
 - d. Shri Rajeev Bhargava suggested development of digital content
 - e. These types of meetings should be twice in a year.
 - f. In next meeting more representatives from the industry should be incorporated.
5. The meeting ended with a vote of thanks to the Chair.

PROPOSAL FOR INCREMENT / RETENTION BENEFIT

1. It is proposed to provide 3% increment on Basic and AGP.
2. It is proposed to provide 2% DA on Basic and AGP each year. Additional DA may be announced if necessary.
3. The above proposed increment will have an impact of approximately 4% as compared to previous impact of 4.5%.
4. It is proposed to provide additional 3% increment (Basic + AGP) after completion of three years of service at JECRC under following conditions
 - a. Faculty member of Applied Science must have PhD qualification. They are given one year time for the registration and five year time for the completion of PhD there after their benefit may be considered from the date of completion certificate.
 - b. Associate Professor must have PhD qualification. They are given one year time for the registration and five year time for the completion of PhD there after their benefit may be considered from the date of completion certificate.
 - c. Assistant professor must have M.E. / M.Tech qualification. They are given one year time for the registration and three year time for the completion of M.E. / M.Tech there after their benefit may be considered from the date of completion certificate.
AND
 - d. At least 50% students must have more than 60% marks in the theory subject's the faculty member is delivering.
AND
 - e. Publish at least one paper in reputed conference / journal during previous year.
AND
 - f. If someone leaves the service within one year after availing the benefit, he/she has to deposit the whole amount of benefit before leaving.
5. It is proposed to provide two increments (6%) additional increment (Basic + AGP) after completion of five, ten and fifteen years of service at JECRC (taking 1/7/17 as base month and year to all the faculty members) under following conditions
 - a. Faculty member of Applied Science must have PhD qualification. They are given one year time for the registration and five year time for the completion of PhD there after their benefit may be considered from the date of completion certificate.
 - b. Associate Professor must have PhD qualification. They are given one year time for the registration and five year time for the completion of PhD there after their benefit may be considered from the date of completion certificate.
 - c. Assistant professor must have M.E. / M.Tech qualification. They are given one year time for the registration and three year time for the completion of M.E. / M.Tech there after their benefit may be considered from the date of completion certificate.
AND
 - d. At least 50% students must have more than 60% marks in the theory subject's the faculty member is delivering.
AND
 - e. Publish at least one paper in reputed conference / journal.

Department of Computer Science and Engineering

6. There will be additional benefit such as Mobile Number may be provided to all the HOD's, TPO's and Mentors of each semester students.
7. Faculty members who will complete Five years of service after 1/7/17 and before 31/12/ 17 may be provided retention benefit of 3% in addition to conventional increment only.
8. Assistant professors, Associate professors and Professors are provided with 5, 7, 10 days of duty leave respectively for taking examination, attending conference and any other academic assignment as assigned.
9. The faculty members who do not qualify criteria 5 for consecutive three years, retention benefits may be withdrawn.
10. Faculty member who publish a paper in a reputed conference / journal listed in UGC approved list only will be provided 50% of the registration charges subject to a maximum of Rs. 5000/- (Five Thousand) only.
11. In case of promotion the next increment date will be the date of promotion. However, in case of any ambiguity the committee will decide the next increment date.
12. These will not be applied to non teaching staff including class IV servants.

Dr. V. K. Chandra

CHAPTER – 1

INTRODUCTION

PREAMBLE:

The courses under Jaipur Engineering College & Research Centre, Jaipur (JECRC) are recognized by the AICTE. The JECRC, Jaipur is affiliated to University of Rajasthan, Jaipur. Being the affiliated institutions, the conditions of services of these institutions are normally governed by the rules framed in this respect by the AICTE/ Rajasthan University / State Government. Additionally, for academic staff the College will also be guided by the relevant rules of the AICTE. Taking this in view, the Jaipur Engineering College & Research Centre, Jaipur has framed a document, which gives the brief idea of the conditions of service and the benefits attached to the employment etc. Further, the information given in this booklet may be subject to revision from time to time. In addition to the conditions of service, the Institutes have made certain procedural guidelines to make the administration more smooth and transparent. These are also included here in this document.

- 1.1 The service conditions shall be applicable to all employees of the Jaipur Engineering College & Research Centre, Jaipur (JECRC). They may be supplemented or amended from time to time based on AICTE/ Affiliating University/ State Government rules. However, the management shall have the right to relax any of the rules.
- 1.2 For any other matters or details relevant to the service conditions of the employees, not specifically covered here, the College shall be guided by the rules, norms and procedures as prescribed by the Rajasthan Government / AICTE/ Rajasthan University from time to time.
- 1.3 Definitions:
 - (a) "Chairman" means the Chairman of the Executive Council
 - (b) "College," means the Jaipur Engineering College & Research Centre, Jaipur / any other college under the domain of Governing Council
 - (c) "Executive Council," means the Executive Body of the college
 - (d) "Funds," means the Funds of the College
 - (e) "Governing Council," means the Governing Body of the college
 - (f) "President," means the President of the Governing Council
 - (g) "Principal," means the Principal of the Jaipur Engineering College & Research Centre, Jaipur
 - (h) "Secretary," means the Secretary of the Governing Council
 - (i) "Society," means the National Society for Engineering Research and Development, Jaipur
 - (j) "Financial Year," means the year commencing from 1st April and closing on 31st March of the next calendar year.
 - (k) "University," means the affiliating University

Department of Computer Science and Engineering

- (l) Academic Year means period of academic activity from 1st July to 30th June of the next year.
- (m) "Faculty" means a teaching staff of the College
- (n) "Employee" means anybody who has been employed by the College either as 'faculty' or on any post covered under 'other staff'
- (o) "University" means Affiliating University
- (p) "Regular Employee" means the faculty or other staff appointed in the prescribed scales of the post either on probation or confirmed one.
- (q) Ad-hoc employee means appointed on ad-hoc basis for specific period either in the scale or with consolidated salary with specific conditions as shown in the appointment order.

NOTE: For teaching positions, the eligibility will be as per AICTE & the affiliating University norms.

APPOINTMENTS AND ITS TERMS AND CONDITIONS

FACULTY STAFF:

- 2.1 There are various categories of employees at the College. Their salary scales are given separately in this document. Normally, regular appointments particularly as faculty will be made by direct selection by inviting applications through public advertisement. The required qualifications for faculty staff are generally as prescribed by the AICTE.
- 2.2 The regular employees of the institute will be eligible to the Dearness Allowance and other allowances as sanctioned by the BOG of the College from time to time.
- 2.3 The paramount consideration in the appointment or promotion of an employee shall be guided by the desired standards of efficiency, competence and integrity.
- 2.4 Selection and compensation of employees shall be made without distinction as to race, sex, or religion and the same shall be made on competitive basis.

Terms and conditions of appointment

The appointments shall be made subject to the following terms:

- 2.5 (a) The terms of appointment provide for termination by a notice on either side of one month. If anyone desires to be relieved prior to the completion of the notice period, he/she will be required to pay to the College an amount equal to his / her salary and allowances for the deficient notice period. However, the management will have the right to waive the notice period.
(b) Unless waived in part or in full by the appointing authority, there will be a probationary period for three months. At the end of the probationary period, it may be extended by the appointing authority for a period upto one year. The services of an employee on probation can be terminated without notice and without assigning any reason.
(c) The age of superannuation will be 70 years for the faculty and 62 years for other staff unless extended by the competent authority.

Other service conditions will be generally agree with the norms and executive instructions of the AICTE / Affiliating University / Rajasthan Government and as amended by the College from time to time.

- 2.6 An employee shall not without the previous written permission of the Managing Trustee in the case of Director / Principal and in case of teaching and other staff of the Director / Principal respectively be engaged directly or

Department of Computer Science and Engineering

indirectly in any trade, business or occupation or any other remunerative or non-remunerative work.

2.7 Besides appointments in regular scale, the appointments of the faculty and staff may be made on fixed terms on ad-hoc or contract basis. These fixed term appointees are eligible for vacation and it is admissible to one who has completed minimum service of one semester. In case a fixed term appointment gets converted into a regular appointment for various terminal purposes, the continuity of service will be reckoned from the date of the commencement of the term of appointment.

2.8 Pay Scales:

(i) Normally, the pay scales of the faculty will be as per the recommendations of AICTE and as approved by the state Government.

(a) The existing structure of the scales are as under –

S. No.	Category	Pay scales
1	Lecturer	8000 – 275 – 13500
2	Senior Lecturer	10000 – 325 – 15200
3	Assistant Professor	12000 – 420 – 18300
4	Professor	15400 – 450 – 20900 – 500 – 22400

2.9 Annual increment will fall due on completion of one year of continuous service.

2.10 Incentives for Higher Qualifications - At the time of recruitment as Lecturers, advance increments may be admissible to those who hold higher degrees as under:

(a) Two increments will be admissible to those Science / Humanities teachers with M. Phil and to those technical faculty with M.E. / M.Tech.
(b) A staff will be eligible for two increments as and when he /she acquires a Ph.D. Degree in his / her service career.

2.11 Career Advancement for faculty

The promotions under Career Advancement Scheme will be as per the guidelines given below. All the promotions in career advancement will be "in-situ" basis and therefore the work allocation (teaching load, etc) may remain the same after promotion and additional responsibilities may also be assigned.

Department of Computer Science and Engineering

4

(C) Professor:

In addition to the sanctioned position of Professors, which must be filled in through direct recruitment through all India advertisements, promotions may be made from the post of Assistant Professor after 10 years of service as Assistant Professor. The selection committee for promotion to the post of Professor will be the same as that for direct recruitment.

Some of the desirable activities of candidates for the post of Professors will be as follows -

- (a) Research contribution: books, articles, research papers etc. published (at least four papers in journals required) The best three written contributions of the papers (as defined by her/him) may be sent in advance to the experts to review before coming for the selection. The candidate should be asked to submit these in 3 sets with the applications.
- (b) Seminars/ conferences attended: must have attended at least 4 seminars/conferences at national or international level or must have attended summer / winter schools (short-term course) of total duration of 4 weeks.
- (c) Significant contribution to teaching / academic environment / project supervision / sponsored projects / institutional corporate life etc.
- (d) Adequate extension and field outreach activities
- (e) Development of course material / monographs
- (f) Participation in continuing education programmes
- (g) Other academic and administrative contributions

2.12 Career Advancement for Faculty

- (a) Provides for movement of:
 - (i) Lecturer to Senior Lecturer (Senior Scale)
 - (ii) Senior Lecturer to Assistant Professor
- (b) Calls for promotion under Career Advancement Scheme: The candidate must have consistently satisfactory performance

Non Faculty

2.13 Pay Scales – qualifications of other staff:

- (i) The other staff there will be of two categories viz. (a) technical staff
- (b) administrative / ministerial staff.
- (ii) The pay scales and qualifications for different technical posts will be on par with AICTE/State Government/ University Rules.
- (iii) Similarly for administrative staff, the same will be on par with university / government rules.

Department of Computer Science and Engineering

Minimum length of service for eligibility to move into the grade of Senior Lecturer would be four years for those with Ph.D., five years for those with M.Phil, M.Tech and six years for others at the level of lecturer. For eligibility to move into the Grade of Assistant Professor, the minimum length of service as Senior Lecturer shall be five years.

For movement into grades of Assistant Professor and above, the minimum eligibility criterion would be Ph.D. Those without Ph.D. can go upto the level of Senior Lecturer.

An Assistant Professor with a minimum of ten years of service in that grade will be eligible to be considered for appointment as a Professor. The selection committees for Career Advancement shall be same as those for direct recruitment for each category.

The requirement of consistently satisfactory performance appraisal reports shall be the mandatory requirement for Career Advancement from Lecturer to Senior Lecturer and from Senior Lecturer to Assistant Professor.

(A) Senior Lecturer:

A lecturer will be eligible for placement in a senior scale through a procedure of selection, if she / he has:

- (i) Completed 5 years of continues service at the College. However, relaxation of one year and two years respectively, will be given to those with M.Phil, M.E. / M.Tech. and Ph.D.
- (ii) Organization of short term course/conference or research publications will be considered an additional qualification.
- (iii) Consistently shown satisfactory performance.

(B) Assistant Professor:

A senior lecturer will be eligible for promotion to the post of Asstt. Professor if she/he has:

- (i) Completed 5 years of service in the senior scale
- (ii) Obtained a Ph.D. degree or has equivalent published work.
- (iii) Made some mark in the areas of research, quality of publications, contribution to education innovation, design of new courses and curricula and extension activities.
- (iv) Organization of short term course/conference or research publications will be considered an additional qualification.
- (v) Shows consistently good performance.

Promotion to the post of Assistant Professor will be through a process of selection by a selection committee.

Department of Computer Science and Engineering

5

Selection Procedure

All the vacancies of faculty staff and other staff will be advertised in prominent newspapers. The selection will be done on competitive merit which shall be judged by a duly constituted selection committee.

NOTE:

The staff members of the College deputed for any training program / conferences/seminar/workshop etc. has to serve the institute at least for one year after completion of training. In case he/she resigns from the post before completion of the one year, the recovery of the salary & other expenses paid to him / her for training /deputation period would be made.

CHAPTER – 3

HOLIDAYS, LEAVE AND VACATIONS

3.1 Holidays:

The College will observe public holidays in a calendar year as fixed by the competent authority. This will be announced at the end of the previous year.

3.2 Vacations:

3.2.1 Faculty Staff are entitled to 45 days vacation in a year provided they have joined the College on or before the 1st of July. The entitlement will be worked on pro-rata basis for faculty staff joining by end of October. A faculty staff joining after October will not be entitled to any vacation during the current academic year.

3.2.2 Total vacation may be broken up in parts like (1) a week around Dipawali, (2) a week in winter and (3) the remaining in Summer.

3.2.3 For non teaching staff, the vacation entitlement in a full year is 30 days. This also may be broken up in three parts like (1) a week around Dipawali, (2) a week in winter and (3) the remaining in Summer.

3.3 Leave:

3.3.1 No holidays or leave shall be claimed as a matter of right by an employee except such holidays or leave as are enforceable by law.

3.3.2 Sundays will be normally treated as holidays.

3.3.3 List of possible holidays will be announced in the beginning of the calendar year. However, at times a holiday / Sunday may be declared as a working day on need basis.

3.4 Casual Leave:

3.4.1 A faculty staff shall normally be entitled to 15 days casual leave in a year on accrual basis. The accounting period is from 1st of July to 30th of June next year.

3.4.2 A non faculty staff shall normally be entitled to 12 days casual leave in a year on accrual basis. The accounting period is from 1st of July to 30th of June next year.

3.4.3 An employee can normally avail of 1 day's casual leave in a month during the probation period provided that he has at least 20 days of uninterrupted duty record at the college.

3.4.4 Sundays and holidays can be prefixed or suffixed with casual leave after a written request has been made to this effect.

Department of Computer Science and Engineering

3.4.5 Casual leave shall be permitted on recommendation of the in-charge (HOD) keeping in view the interests of the College / Department/ Section as the case maybe.

3.5 Medical Leave

3.5.1 Employees unable to carry out their regular duties due to continuous ill health (for more than 3 months) will not be permitted to continue in service.

3.5.2 Maternity leave shall be admissible to a female employee of this college for a maximum period of 60 days with the following provisions –

3.5.2.1 She is a regular employee and has served the College continuously for not less than three years.

3.5.2.2 The employee will be eligible for full pay during the leave period.

3.5.2.3 The employee shall be given 50% of the total emoluments every month during the period of her absence subject to production of maternity certificate and the balance 50% shall be provided to her in six equal monthly installments after resuming duties.

3.5.2.4 The employee under special circumstances arising out of medical complications may be permitted leave without pay for the required period.

3.6 Leave other than specified leave

3.6.1 Any employee absenting from duty without proper permission for 6 days will lose the benefit of salary on the following or intervening Sunday and any Holiday in continuity. He/She shall be liable to be dismissed from service if his/her absence from duty persists for 15 days in this manner.

3.6.2 Any employee who has been dismissed from service earlier but has been given employment again shall be treated as a new employee and the benefits of the earlier period of service shall automatically lapse.

3.7 Academic leave / duty leave

3.7.1 An employee going for attending the work entrusted by the College or for participating in a Conference etc shall be treated as on duty, provided the participation in the Conference has been approved by the College and they produce a certificate of participation on return. Some faculty staff may also be provided TA

Department of Computer Science and Engineering

7
& DA and the registration if any may also be ~~reimburse~~ depending upon the length of the service of the employee.

- 3.7.2 An employee going out of station on duty in connection with College work shall be suitably compensated for his outstation travel and stay.

PROVIDENT FUND, GRATUITY

4.1 Provident Fund

Every employee of the College shall be entitled for the benefit of Contributory Provident Fund. Some of the important salient features of the scheme are identical to EPF rules.

4.2 Employees State Insurance Scheme

Employee of the College shall be entitled for the benefit of Employees State Insurance Scheme (ESI) as per the Central Government rules.

4.3 Gratuity

The employers of the College will also be eligible for gratuity as per provision of act.

The main components of this benefit are as under:

(1) Gratuity shall be payable to an employee on the termination of his/her employment after he/she has rendered continuous service for not less than five years.

- (a) on his/her superannuation or
- (b) on his/her retirement or
- (c) on his/her death or disablement due to accident or illness

- Provided that the completion of continuous service of five years shall not be necessary where termination of the employment of any employee is due to death or disablement.

- Provided further that in the case of death of the employee, gratuity payable to him/her shall be paid to his/her nominee, if no nomination has been made, to his/her heirs, and where any such nominees or heirs is a minor, the share of such minor shall be deposited with the controlling authority who shall invest the same for the benefit of such minor in such bank or other financial institution, as may be prescribed, until such minor attains majority.

CHAPTER – 5

TESTING AND CONSULTANCY RULES

The College staff shall be encouraged to take a consultancy and testing jobs from industry and others R&D agencies on payment basis. They will be permitted to use the infrastructure of the College. The consultancy / testing fee will be apportioned between the consultants and others who make a ~~contribute~~ to it and also to the College.

1) Remuneration to Regular Faculty & Staff:

(a) Testing:

The distribution of total income between the College and the employees will 30:70. The 70% staff distribution is as under as per the institution Rules:

1	The faculty staff	65%
2	Lab. Technician	
3	Lab. Attendant	
4	Office Staff / Administration staff involved & Dept. Clerk	

(b) Consultancy:

The distribution of total income between the College and the employees will 30:70 but after deducting all expenses.

30% will be retained by the College	After deducting all expenses
70% distributed amongst the concerned staff	

Department of Computer Science and Engineering

10

CHAPTER – 6

INCENTIVE RULES

Incentive rules have been classified into two categories. These are (i) Performance based and (ii) Time based.

6.1 Based on Performance Appraisal

Period of Stay	Performance Appraisal Rating	Proposed Incentive
After Probation	Excellent	+ one increment/DA increase/BOTH
After 2 yrs	Very Good/ Excellent	+ one increment/DA increase/BOTH Conf Participation on duty leave + Registration Fee + Basic Travel (city to city)
After 3 yrs	Very Good/ Excellent	+ HRA / DA Increase / BOTH + Conf Participation on duty leave + Registration Fee + Basic Travel (city to city) + B&L + Book allowance (Rs. 1000 per year) + Professional Society membership (90%) + Promotional Opportunity
After 4 yrs	Excellent	As above + Conveyance Allowance (Personal Vehicle) + Medical Allowance / Group Medical Scheme
After 5 yrs	Excellent	As above + Phone Allowance + Lap Top subsidy (80%) + Contribution to EMI for Car/Housing Loan + LTC + Education Allowance + Gratuity

Promotional Opportunities:

- (a) Lecturer to Sr Lecturer
- (b) Sr Lecturer to Assistant Professor
- (c) Assistant Professor to Professor

Guidelines:

- (a) Eligibility to be as per AICTE recommendation
- (b) Lecturer to Sr Lecturer promotion on informal appraisal
- (c) Sr Lecturer to Assistant Professor: Through a formal internal appraisal
- (d) Assistant Professor to Professor: Open Competition

Appraisal -

- (a) Academically Sound
- (b) Quality of Teaching (Lectures, Tutorials, Labs)
- (c) Laboratory Development
- (d) R&D

Department of Computer Science and Engineering

- (e) Books and Manuals
- (f) Participation in other activities like (i) Placement, (ii) Student Development, (iii) Examination work, (iv) Co-curricular and ECA, (v) Contribution to College/ Industry interaction (vi) College administration ...

6.2 Time Based

a. Faculty Staff

S.No.	Items	Remarks
1	Additional Increment	One additional increment in the III year if there has been no promotion / change of designation / salary revision etc.
2	Promotion	A faculty staff joining as a lecturer will be promoted to the post of a Sr. Lecturer in the sixth year if there has been no promotion / change of designation / salary revision etc. Similarly a staff member joining as a Sr. lecturer will be promoted as an Assistant Professor if there has been no promotion / change of designation / salary revision etc.
3	Conveyance	From third year: Conveyance allowance @250/- per month for staff (with salary upto Rs. 20000/- pm) and Rs. 500/- per month (for staff with salary above 20000/-pm)
4	Internet (Staff members have to ask for it)	From third year: Staff members having internet at residence in their own name can claim minimum BSNL rental
5	Conference / Short course etc.	a. Duty leave will be admissible b. After one year: registration fee will be reimbursed c. After two years: all above and city to city travel cost will be reimbursed d. After three years: All above and subsidy towards boarding & lodging
6	HRA	To be paid @ 7.5% of basic pay from IV year
7	Book allowance (Staff members have to ask for it)	From third year : Cost of relevant books purchased by faculty to be reimbursed upto Rs. 1000/- PA

After two years : all above and city to city travel cost will be reimbursedd. After three years: All above and subsidy towards boarding & lodging
5	HRA	To be paid @ 7.5% of basic pay from IV year
6	Education Allowance	From sixth year : 50% of tuition fee for two children. This is restricted to Rs. 500/- per month per child. This further subject to the spouse not claiming this allowance from other organization.
7	Mediclaim	Efforts are being made to cover all the staff through mediclaim policy applicable from third year onwards.

Assessment

7.1 Performance Appraisal of Faculty:

The performance of faculty appointed on regular basis will be assessed at two stages viz (a) During Probation and (b) Confirmation

(a) During Probation:

The faculty staff will be required to submit his/her self performance appraisal one week advance of probation. The HOD will give his own observations as Reporting Officer and the Director or the Principal will review the document.

Depending upon the assessment of the staff, the staff member may be confirmed in his/her position or probation may be extended if necessary. The faculty staff will be informed of the deficiencies when the probation period is extended.

During the period of extension of the probation, the HOD will continuously ~~observed~~ the working of the concerned staff member and will suggest ways to improve the performance.

(b) Evaluation after Confirmation:

Even after confirmation, the performance of the faculty shall continuously be monitored on the same lines as in self assessment form. This report will be considered for the benefit to be awarded under career advancement scheme, upward promotion even by direct selection and for other incentives.

7.2 Evaluation of other Staff:

On the similar lines as for faculty, the evaluation of the other staff also will be done. However, the proforma of such evaluation will be different depending upon the nature of the post.

CONDUCT RULES

- 8.1 Code of conduct
 - (a) Every employee shall, at all times, maintain absolute integrity and devotion to duty, and also be honest and impartial in his/her official dealings.
 - (b) An employee shall, at all times, be courteous in his/her dealings with other members of the staff, students and members of the public.
 - (c) Unless otherwise stated specifically in the terms of appointment, every employee is a full time employee of the institute. He/She may be called upon to perform such duties, as may be assigned to him/her by the competent authority beyond scheduled working hours and on holidays and Sundays. These duties shall, inter-alia, include attendance at meetings of committees to which he/she may be appointed by the College or any of its authorities.
 - (d) An employee shall observe the scheduled hours of work during which he/she must be present at the place of his/her duty.
 - (e) Except for valid reasons and/or unforeseen contingencies, no employee shall be absent from duty without prior permission.
- 8.2 No employee shall, in any radio broadcast or in any document published anonymously or in his/her own name or any other person or in any communication to the press or in any public utterance, make any statement of fact or opinion which has the effect of an adverse criticism of the College.
- 8.3 No employee shall pass any confidential information of the College to any unauthorized person or agency.
- 8.4 No employee of the institute shall, engage, directly or indirectly, in any trade or business or any private tuition or undertake any employment outside his/her official assignments.
- 8.5 An employee who gets involved in some criminal proceedings shall immediately inform the competent authority through the Head of the Department to which he/she is attached, irrespective of the fact whether he/she has been released on bail or not. An employee who is detained in police custody, whether on criminal charge or otherwise, for a period longer than forty eight hours shall not join his/her duties in the College unless he/she has obtained written permission to that effect from the competent authority.
- 8.6 No employee shall, except with the previous sanction of the competent authority, have recourse to any Court of Law or to the press for the indication of any official act which has been the subject matter of adverse criticism or an act of defamatory character. Provided nothing in this rule shall be deemed to prohibit an employee from vindicating his/her private character or any act done by him/her in his/her private capacity.
 - (a) Whenever an employee wishes to put forth any claim, or seeks redressal of any grievance or of any wrong done to him/her, he/she must forward his/her

Department of Computer Science and Engineering

case through proper channel, and shall not forward advance copies of his/her application to any higher authority, unless the lower authority has rejected the claim, or refused relief or the disposal of the matter is unduly delayed.

(b) No employee shall be signatory to any joint representation addressed to the authorities for redressal of any grievance or of any other matter.

8.8 An employee shall, regarding imposition of penalties for breach of any of these rules and regarding preference of appeals against any action taken against him/her, be governed by the rules made in this behalf from time to time by the competent authority.

8.9 A faculty staff shall be responsible for the results of the students of the class being engaged by him/her.

This will necessarily mean:

- a) Planning the course of lectures for the entire semester and suggesting suitable text and reference books to the students.
- b) Delivering well prepared lectures with the help of handouts and teaching aids.
- c) Preparing tutorial sheets with representative problems.
- d) Keeping an up-to-date account of attendance of students
- e) Conducting assessment of students as per the approved policies
- f) Explaining the steps taken to improve the situation / difficulty being faced in performing the duties and offering suggestions, if any, to improve the efficiency.
- g) The department will prepare an academic calendar for the department in conformity with the College calendar. The faculty staff will be following this calendar.
- h) Punctuality in arriving at the college, engaging classes shall be an important trait of a faculty staff.
- i) Faculty staff shall generally be available to students for discussion and guidance during college hours. The day's work of making attendance, checking answer books and entering and submitting marks and other details shall be completed before he/she leaves the college.
- j) The faculty staff shall regularly intimate the tutor guardians of the progress of the students. The tutor guardian, in turn, shall call the

students and try to find out the reasons for poor performance and deficiency in attendance. If necessary the tutor guardian shall inform the parents about the performance of the student and shall also maintain a record of the same.

8.10 Dress Code:

1. Male Staff – Should preferably wear shirts (no T-shirts) and Trousers (no Jeans). Ties also may be worn.
2. Female Staff – Should wear sarees.

N.B.

(This Hand Book contains guidelines for smooth functioning of the Institute. These are guidelines and should not be interpreted as rules and hence can not be challenged in the Court of Law)

MINUTES OF THE MEETING HELD ON 26/07/2018 TO CURB THE MENACE OF RAGGING

A) Meeting was held on 26th July 2018 in JECRC campus at 15 hours. The agenda of meeting was to curb the menace of ragging in College campus. The following were present: -

1. Shri M.L. Sharma, Vice-Chairman
2. Prof. S.N. Gupta, Senior Advisor
3. Shri R.S. Agarwal, Director ABD
4. Dr. Anurakt Williamson, Registrar
5. Dean – I Year
6. Dean – II Shift
7. Shri Anshul Mittal
8. Shri P.K. Gupta Chief Administrative Officers/Chief Warden and other Wardens
9. All Heads of the Departments
10. All Administrative Heads
11. Shri Malli Ram- Security Guard

B) **Agenda of the Meeting:** - The meeting was held specifically for the purpose of having discussion to curb the menace of ragging in our institutions and also to keep the campus ragging free as was being done in previous years

- C) 1. Shri M.L. Sharma, Vice-Chairman of this committee first welcomed all the participants, thanked all the members for refrain the campus ragging free, as no case of ragging was reported to the Central Monitoring Committee. He also mentioned that today's news in News Paper that ragging cases were doubled in past all over the country.
2. In the Meeting, the discussions were made in details pertaining to features of the Regulations framed by the UGC and as directed by the Raghavan Committee constituted by the Hon'ble Supreme Court. The members discussed the following main points.
- a) Constitute of Anti Ragging & Anti Ragging squads, Monitoring Cell & Disciplinary Committee.
 - b) Obtaining undertakings from Students & Parents.

Department of Computer Science and Engineering

OFFICE OF THE CENTRAL MONITORING COMMITTEE

JECRC Campus, Shri Ram Ki Nangal, Via-Sitapura, Near Sangamner Sadar Thana, Tonk Road, Jaipur-302022

- c) Security in Campus & Busses.
 - d) Preparation and display of Posters in Campus. Mr. Anshul Mittal was asked to help in preparation of some effective display.
 - e) Duties & responsibilities of Hostel Wardens and coordinators particularly during the first quarter of the session.
 - f) Holding Meetings, Seminars, Joint sensitization programmes involving students, faculty, parents, guardians, District authorities.
 - g) Notices with telephone numbers of important persons to be used by students in case of ragging.
 - h) Identifying vulnerable places in the campus.
3. Dr. U.K. Pareek suggested that more alertness is required at recess period. Dr. Barkha Srivastava, Dr. Lokesh Bansal, Dr. Seema Joshi, Shri Atul Kulshreshtha, Shri Ashok Sharma-Warden, and Shri Malli Ram also gave suggestions to make the campus ragging free.
4. The Registrar informed the members that posters have already been displayed in the campus, committees have been formed, UGC's guidelines & Supreme Courts directions have been included in the prospectus & vulnerable places have been identified.
5. The Registrar also expressed his views to take precautions before misshaping with new-comers and stressed on the point that every staff member whether he/she included in Anti Ragging squad or not should take appropriate action if he/she finds any kind of harassment with junior students. Efforts should be made that not even a single case of ragging occurs in any circumstances. Vice Chairman Shri M.L. Sharma added that there should be in this context some extent of the balanced view approach should be adopted.
- a) In hostels, the deputed faculties must render their duties especially in night shift sincerely and counsel both first year and senior class students.

OFFICE OF THE CENTRAL MONITORING COMMITTEE

JECRC Campus, Shri Ram Ki Nangal, Via-Sitapura, Near Sanganer Sadar Thana, Tonk Road, Jaipur-302022

- b) At main gate, the security guard must maintain incoming and outgoing students register for new admitted students who avails hostel facility specially in the evening time.
- 6. All the discussions made in the meeting were taken as approved.
- 7. In the end Shri M.L.Sharma, Vice-Chairman, Anti-Ragging Committee thanked all the members for their active participation. In concluding remarks he stated that we have to be more vigilant particularly for the vulnerable positions, so identified, including Hostels and cafeteria. He further observed that for involvement of a student in ragging, we may punish him, but more important thing was to prevent such incidents.

JAIPUR ENGINEERING COLLEGE AND RESEARCH CENTRE REPORT ON NIGHT DUTY

Dear Sir

Our night duty was scheduled on 3 August 2018 (Friday) to avoid ragging in (if any) Boys Hostel-I and Boys Hostel-II. We arrived at JECRC campus at 8 PM and reported to hostel warden Mr. Ashok Sharma. We stayed there overnight and visited both boys hostels BH-1 and BH-2 and nothing found suspicious. Also we talked to first year students, they don't have any issue till moment. They are enjoying their new phase of life. We instructed them to call/inform immediately to their respective hostel warden in case if they find anything uncomfortable.

Annexure -A

ROLES & RESPONSIBILITIES CHART FOR NIGHT DUTY IN HOSTEL

Subject: Vigilance Duty of Faculty members in CSE Department

To: Geet Kalanji <geetkalanji.cse@jecrc.ac.in>, Amit Mithal <amitmithal.cse@jecrc.ac.in>, Pradeep Sharma <pradeepsharma.it@jecrc.ac.in>, "Dr. Sanjay Gaur" <sanjaygaur.cse@jecrc.ac.in>, Ashish Ameria <ashishameria.cse@jecrc.ac.in>, Gajendra Sharma <gajendrasharma.cse@jecrc.ac.in>
Cc: Manju Vyas <manjuvyas.cse@jecrc.ac.in>, Principal JECRC <principal@jecrc.ac.in>

Dear All,

Following faculty members are assigned vigilance duty around main gate and around the local shop areas. They must take round every day and ensure that no students are found sitting there.

- 1) Mr. Geet Kalanji Between 12:00-1:00 pm
- 2) Mr. Amit Mithal Between 12:00-1:00 pm
- 3) Mr. Pradeep Sharma Between 3:00-5:00 pm
- 4) Dr. Sanjay Gaur Between 3:00-5:00 pm
- 5) Mr. Ashish Ameria Between 10- 11AM
- 6) Mr Gajendra Sharma Between 9-10 AM

Any act of indiscipline found must be reported immediately.

Thanks and regards

Dr. Bhavna Sharma

Notwithstanding the above, it is expected from all teaching faculty and other staff members that if they come across any incident of harassment of the new comers they shall intervene immediately and try to prevent RAGGING. The matter may also be brought to the notice of the above.

Notes:-

1. Every faculty member should ensure proper handing over of the class to the next faculty member. He/She should not leave the class without a proper supervision and presence of faculty member.
2. The nearest HOD of the area should ensure one of the faculty members of the area is always present in varandas to maintain discipline.
3. All institute staff should invariably wear their I-cards.

The wardens of the hostels should ensure that all the I semester students leave the hostels everyday by 8.25 AM positively and preferably in one group.

Anonymous random surveys have been planned where proctors and mentors and also other subject experts will be meeting each section of the I year classes atleast once in a fortnight. The random survey will be carried out in any of the randomly selected regular classes, so that the students are not aware of the forthcoming surveys.

21. Admission brochure to contain the directions of Hon'ble Supreme Court and the UGC.
22. Hostel Wardens to obtain declarations from the students and their parents duly signed & verified.
23. Websites of the institutions to contain the directions of the Supreme Court and UGC regarding ragging.
24. Tight security in the campus to be planned and executed.
25. Advertisement for admission to clearly mention that ragging is totally banned in the institution.
26. The school leaving certificate/TC/MC and character certificate shall contain, report about the behavioural pattern of the students.
27. Hostel wardens to have mobile phones to be accessible at all hours.
28. For the initial period of 3 months, from the date of start of the college, hostellers should not be allowed to move out from the hostel between 8.30 pm to 5.00 am.
29. Disciplinary committees to be formed.
30. Audio-visual aids, counseling session, workshops, Painting, design competitions may be organized.
31. Services of Shri P.K. Tiwari, Senior Advisor and retired Director General Police should be utilized to make the students understand the repercussions of their involvement in

Department of Computer Science and Engineering

ragging. For this purpose, class wise programmes may be chalked out in consultation with Shri P.K. Tiwari, Senior Advisor, and thereafter, action may be taken accordingly.

32. Each & Every HOD to hold meetings with their Department and impress upon the faculty and staff that, curbing the menace of ragging, was the duty of each individual being a member of the Institute.

Copy to –

1. Vice Chairman
2. Director
3. Sr. Advisors
4. All Programme Coordinators
5. Chief Hostel Warden, CAO, Librarian
6. Registrar, OS – As discussed, submit the report on Monday i.e. on July 27, 2015

Department of Computer Science and Engineering

JAIPUR ENGINEERING COLLEGE AND RESEARCH CENTRE

Dear Students,

1. We welcome and congratulate you for seeking admission in this college. It is a fact that in this transitional phase you have left your school life and probably homely environment and would be entering into a new phase. Therefore, we would be more than willing to help you solving problems/difficulties, if any faced by you as a fresher and would extend all the necessary help.
2. To overcome the menace of ragging, college administration has already made plans for FRESHERS' induction and orientation, which promote efficient and effective means of integrating. These plans will be communicated to you by the office shortly.
3. Besides, we all would ensure that ugly slur of ragging is obliterated from the face of all educational institutions. Here, we would like to inform you that you may turn up to the following persons in case of any help/guidance in the most unlikely event of the so-called ragging.

S.No.	Name	Designation	Mobile Number
1.	Dr. UK Pareek	Chief Proctor	9785506667
2.	Ms. Ruchi Mathur	Proctor	9828159024
3.	Mr. Anshul Mittal	Proctor	9772620462
4.	Ms. Shruti Kalra	Proctor	9414371413
5.	Dr. M. P. Singh	Proctor	9414203639
6.	Dr. Anita Jain	Chief Librarian	9829230353
7.	Ms. Sanjay Raghav	Warden Girls Hostel	9982603534
8.	Mr. Ravi Bhatnagar	Transport Incharge	9024149459
9.	Sh. PK Gupta	Chief Warden/CAO	9982682475
10.	Sh. Ashok Sharma	Warden Boys Hostel	9982682914

4. You are instructed that you should desist from doing anything against your will even if required by the seniors and should not have any fear, as the institution cares for you and shall not tolerate any mischief against any student.
5. You are requested not to hesitate in seeking any help and guidance and to report any incidents of harassment, teasing etc., either as victim or even as a witness.

May I add that your college has always been ragging-free.

Wishing you a bright future in the college.

10.1.4. Delegation of financial powers

NATIONAL SOCIETY FOR ENGINEERING RESEARCH AND DEVELOPMENT, JAIPUR.

10-10-2015

Delegation of powers to the various authorities

The Chairman, JECRC Foundation, and the National Society for Engineering Research and Development, has directed me to convey the delegation of powers to the various authorities working in the NSERD promoted institutions. Our Esteemed Chairman is of the view that the College Principal and the Registrar should have adequate powers so that they are in a position to comply with the requirements of the regulatory and supervising bodies, and conduct day-to-day affairs in a positive and peaceful manner, under their own authority and signatures.

With a view to ensuring smooth and unambiguous functioning of the colleges, viz., Jaipur Engineering College And Research Centre, as also JECRC UDMI College of Engineering, the delegated powers / authority are detailed hereunder:

Designated Authority	Powers delegated
a) Principal	<ul style="list-style-type: none">i) As Head of the Institution, he shall exercise his authority for institution building. He will act as Competent Authority for all Faculty Members and Officer staff and be responsible for overall human resource management, their appointment, utilization, retrenchment, termination, disciplinary action, etc. He will exercise signing powers as Competent Authority.ii) He will act as superintendent and guide for all items of work related to AICTE, RTU (Affiliating University), UGC, MHRD, Technical Education Department GOR, State Level Fees Determination Committee, and other regulatory or higher bodies.iii) Establish a climate in which faculty members and the students can develop self-discipline, and promote research.iv) To formulate the Budget and assess the infrastructural and other requirements well in advance and get the same approved from the Secretary, NSERD before execution.v) Imprest amount of Rs. 1,00,000/- (Rs. One Lakh Only) is also delegated for routine exercise.
b) Registrar	<ul style="list-style-type: none">a) He shall act Competent Authority for all office and sub-staff, and exercise signing powers as competent authority for their appointment, utilization, retrenchment, termination, disciplinary action, etc.b) He shall act as Compliance Officer to fulfill the regulatory guidelines etc. of AICTE, RTU (Affiliating University), UGC, MHRD, Technical Education Department GOR, State Level Fees Determination Committee, and other regulatory or higher bodies. He shall act as

Department of Computer Science and Engineering

Chairman: Overall Incharge of the College

Principal: responsible for faculty development and research activities; smooth functioning of the institute.

Program Coordinators / HODs: Are responsible for administration and academic activities of their program / departments.

Dean I Year: is responsible for administration and academic activities related to I year.

Dean II Shift: is responsible for administration and academic activities related to II shift.

Maintenance Incharge: is responsible for maintenance related issues in the campus.

T & P Officer: is responsible for Training and placement related activities in the Campus.

Registrar: Deals with admissions, registration and results of students and all other issues related to students and the Rajasthan Technical University.

Accounts: All issues related to student fees, budget and payment.

Establishment: Deals with all issues related to staff recruitment, increments, promotions, provident fund, gratuity and salary bills etc.

Financial Power Delegation to the Program Coordinators/HODs – Impres amount of Rs. 10,000/- is sanctioned to the all Program Coordinators/HODs and on submission of account further amount is dispursed.

Principal's Message
Java Engineering College and Research Centre (JECRC) is a recognized as one of the best technical institutes in the Region and is among the top 100 of the private technical institutes present in India. The mission of the institute is to become an institution of excellence in imparting technical and academic knowledge to students in a safe, peaceful and an open environment, creating an atmosphere to be developed to develop students' skills and knowledge, while ensuring research activity through a safe, sound setting.
In view of implementing that vision & mission of the institute, the faculty members are increasing the wings and competence of students in their field of interest through a wide exposure and involving students in various academic happenings.
Region is one of the most developed regions of the country, the business, economic growth, to continue, needs to be developed in the region. In order to do this, the students need to be exposed to the various fields of interest. In order to do this, the students need to be exposed to the various fields of interest. The faculty members and students are committed to work and expand their knowledge in various fields of interest. The students, and community for the teaching learning process is always a noble concern for all. The students are always encouraged to learn and grow in their field of interest. In order to do this, the students need to be exposed to the various fields of interest. The faculty members and students are committed to work and expand their knowledge in various fields of interest. The students, and community for the teaching learning process is always a noble concern for all. The students are always encouraged to learn and grow in their field of interest. At the credit part to the students, teaching resources and facilities of the Institute for all three years, since the also guidance of Mr. Virender Kumar Dandia and Mr. Ashok Agarwal, Director of the JECRC Institute.

The screenshot displays two web pages from the JECRC Foundation website. The top page features a large group photograph of faculty and students in formal attire, standing in front of a backdrop with the JECRC logo and various educational and research institution logos. Below the photo is a banner with the text: "Welcome to JECRC Foundation". The bottom page shows a photograph of a modern, multi-story building with a pink and white facade, identified as the JECRC Superseminar building. The banner below this image also reads "Welcome to JECRC Foundation". Both pages include a brief welcome message and a statement about the college's mission to provide quality education to students, using research for the advancement of technology, and dialogue of the world at large. The bottom banner also mentions the college's role in creating a responsible educational group.

WELCOME TO JECRC FOUNDATION

An individual's freedom lies in the way he is taught to express his thoughts, and his expression should come from education. Established over a decade ago, JECRC Foundation has been providing quality education to students, using research for the advancement of technology, and dialogue of the world at large.

Welcome to the responsible educational group, JECRC Foundation is working hard towards the steps of glory by establishing premier institutions in the field of engineering, management, and pure & applied sciences, viz.:

Department of Computer Science and Engineering

Outcome Based Education

Outcome Based Education (OBE) is a teaching methodology that focuses on outcomes through achievement of learning objectives of their program. The OBE strongly emphasizes student, which learning and evaluation of various teaching-learning systems. JECRC has great deal in implementing OBE where every student will distinctly write down the learning outcome in every form of lecture by the teacher, the teacher have been given specialized training to switch on OBE method of delivery and use of modern teaching-learning systems. With this OBE, it is expected that the students distinctly gain academic knowledge in their relevant branch and contribute to the development of the organization where they are employed.

JECRC is also a Centre for imparting training in OBE which emphasizes OBE. The OBE process at JECRC is expected to raise the standard of Technical Education in the Institute in the coming years. JECRC is committed for creating knowledge, skill and problem solving abilities among students of all courses.

Anti-ragging Initiatives

As per guidelines issued by the Hon'ble Supreme Court of India, an 'Anti-ragging Committee' has been formed at JECRC Foundation. The High-powered committee is functioning under the Chairmanship of Mr M.L. Sharma. The committee has been established to check the menace of ragging in the premises of the institute.

Any student found guilty of ragging can face severe punishment, which may include debarring from lectures & examinations, expulsion, rustication or fine. Any complaint of ragging will also be lodged with police. However, with collective efforts of the faculty, management's direction and support of our students no incidence of ragging.

INFORMATION FOR THE NEW ENTRANTS

Vision of the Institute

To become a renowned centre of outcome based learning, and work towards academic, professional, cultural and social enrichment of the lives of individuals and communities.

Mission of the Institute

- Focus on evaluation of learning outcomes and motivate students to inculcate research aptitude by project based learning.
- Identify, based on informed perception of Indian, regional and global needs, the areas of focus and provide platform to gain knowledge and solutions.
- Offer opportunities for interaction between academia and industry.
- Develop human potential to its fullest extent so that intellectually capable and imaginatively gifted leaders may emerge.

JECRC is a dream Institute for many aspirants where the ambiance is different from that of your school and provides platform to nurture overall development in education and extra-curricular activities. The management, faculty members, staff members and the students in the higher classes may expect you to behave like a grown-up and responsible citizen. During the tenure of your degree course, you have to take your own responsibility regarding required attendance in the college and participation in Co-curricular and Extra-curricular activities. If you are sincere towards studies and attend the theory, practical and tutorial classes regularly (the attendance should not be less than 75%) and take all the tests and examinations as per the requirement of the affiliating University, then not only your learning attribute will improve but also your performance to get you in the direction of higher studies/placements.

JECRC Institute promotes varied experiences and the outcome based teaching-learning provides the information about your learning outcomes. The information of different activities (academic and/or otherwise) is provided through the notices on the Notice Boards and also you have to be in constant touch with your mentor as assigned to you.

Department of Computer Science and Engineering

Further, your efforts of getting more than 60% marks in aggregate without any back paper throughout will help you to access the platform to get placement in a reputed organization with higher salary package through campus interview selection process.

The institute will provide you the platform to groom yourself in various activities at leadership positions, also provide you the opportunity in the direction of lifelong learning, ethics, innovation, project management etc. along with technical knowledge.

To adapt yourself to the changed environment, you may consider the below mentioned points :

1. Inculcate the habit of coming to the college well-in-time and attend the all the classes regularly.
2. Wearing slippers are not allowed on the campus.
3. Wearing college identity card on the campus is compulsory
4. If you are commuting to the campus through two wheelers, wearing good quality helmet is compulsory even for pillion.
5. You may approach your mentor/proctor/HOD for any queries/concerns.
6. You should maintain the originality of your own personality and should not be unduly impressed or swayed by your friends in the College. You must know what is right/wrong for you.

I am sure, with these points of advice, you will smoothly sail through the transition period and emerge as an excellent professional.

CONDUCT RULES AND GUIDELINES FOR STUDENTS

A. Discipline and wisdom are essential traits of a professional. Students of JECRC are expected to observe the highest standards of discipline.

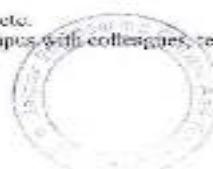

B. The following acts by a student shall be construed as indiscipline:

1. Mishbehavior with teachers, employees of the college, colleagues, girls students, juniors, wardens, proctors and visitors and acting against **decorum** in college premises-classrooms, laboratories, playgrounds, any type of transportation and hostels.
2. **Ragging** New Students.
3. Using **insulting, abusive, and indecent language** in general and in the college premises and hostel, in particular.
4. **Damaging college property** including apparatus, books, fixtures and fittings, building, vehicles, fauna and flora in the college.
5. **Not attending class** and not participating in curricular activities as per the University ordinances.
6. **Not appearing in class tests and examinations.**
7. **Not paying attention to mentor advice and warning notices.**
8. **Wearing poor, indecent and provocative dresses.**
9. **Coming late to the college and leaving early.**
10. **Leaving college premises or hostel without permission** of the Principal, Teacher, mentor, warden etc, as the case may be.
11. **Not paying dues and fee in time.**
12. **Not following the college calendar** and timing for co-curricular and extracurricular activities such as games and sports, cultural activities etc.
13. Forming clubs, association, society, forum or groups without the permission of appropriate authority such as Principal, Mentor, warden, proctor or other college authority.
14. **Spreading unfounded rumors** or canards, which may disrupt the college activities and disturb the college discipline.
15. **Using unfair means** in test and examinations.
16. **Causing injury to any person** or participating in acts of hooliganism within and outside the college campus and in public places such as roads, bus stand, cinema halls, railway station, airport, factories, restaurants, dhabas, hotels etc.
17. **Including in any act**, which may on investigation be confirmed as an act of indiscipline by the college or by Law.

C. Reporting of Acts of Indiscipline

The following will observe and report acts of indiscipline by the students to the Apex Disciplinary Committee consisting of the Senior Advisor, Principal, director HRD, one or more HODs and a member of the society or its nominees.

1. **Class/Subject teacher** : Late coming, shortage of attendance, indiscipline, ragging and lack of attentiveness or concentration in classes, indecent clothing, poor performance in test and examinations and laboratory activities and workshops.
2. **Mentor** : General behaviour of student with teachers, colleagues, employees etc.
3. **Warden** : Behaviour in hostels and default in paying dues.
4. **Librarian** : Behaviour in library, damages to books, theft of books etc.
5. **Proctor** : Late coming / early going, general behaviour in the campus with colleagues, teachers, employees etc. Discipline in the public place.
6. **Any employee** : Affected by an act of indiscipline.
7. **Any Student** : Affected by act of indiscipline.

Department of Computer Science and Engineering

D. Anti-Ragging Measures

- a) All students shall follow the UGC/AICTE Regulations on curbing the menace of Ragging in Higher Educational Institutions, 2009, State Government/RTU/College Authorities Guidelines etc. on the subject.
- b) Any violation of the guidelines would result in expulsion from the college besides the penal action as may be decided by the authorities in this regard.

E. Penalty for acts of Indiscipline

When an act of indiscipline has been reported to the Apex Discipline Committee (ADC) a sub-committee formed by ADC shall investigate the reported act of indiscipline thoroughly and submit a detailed report on the incident.

The ADC will then examine the report and take suitable action against the incumbent depending on the severity of the act of indiscipline.

The following penalty may be imposed on a student:

1. Warning and Reprimand
2. Fine
3. Warning and Fine
4. Deduction of marks in DECA marks
5. Withholding permission to participate in an activity or examination
6. Rustication from the College for a certain period
7. Reporting to police if the act falls under penal law
8. Removal from hostel

F. Some Specific Penalties

S. No.	Area of Indiscipline	PUNISHMENT (one or more)
1.	Class attendance less than 75%	Not allowed to appear in examinations
2.	Coming late to college	1. Warning 2. Deduction of discipline marks
3.	Damage to items and property	1. Recovery of cost 2. Appropriate fine
4.	Damage / Theft of Books	1. Warning 2. Recovery of double the cost of Book 3. Fine of Rs. 250/-
5.	Misbehavior	1. Warning 2. Fine of Rs. 1000/- to 2000/-
6.	Indiscipline in Hostel	1. Warning 2. Fine of Rs. 1000/- to 2000/- 3. Rustication from Hostel
7.	Unfair means in examinations	1. Action as per university rules including Police case
8.	Hooliganism / Ragging	1. Warning 2. Deduction of discipline marks 3. Police case 4. Fine that can go to even Rs. One Lakh 5. Rustication from the college

JAIPUR ENGINEERING COLLEGE
AND RESEARCH CENTRE

HOSTEL RULES AND REGULATIONS

1. General

- The hostel facility includes boarding and lodging and is meant for those students of JECRC Foundation who are not residents of Jaipur and are serious about their studies, can maintain proper discipline and decorum.
- Hostel facility may be provided to the students, who are of Jaipur only if space capacity is available at the direction of administration.
- The rooms are double and triple seated with facilities such as cot, study table, chair and wardrobe. The students will have to bring their own mattress and pillow with linen.
- All residents of the hostel shall follow the hostel rules & regulations.
- Hostel room is allotted for the academic session i.e. beginning of session to 3 days after the last date of RTU exams.

2. Hostel Charges

- The annual hostel charges such as rent and boarding and other miscellaneous charges are decided by the College administration. Such charges are payable by the resident in two installments. The first installment is payable at the beginning of the session along with Rs. 5000/- as security deposit. The second installment is payable as decided by the administration.
- If the dues are not paid timely, the membership for the hostel shall cease automatically and the student shall have to apply afresh for renewal/readmission.
- No refund shall be made by the college if a resident leaves the hostel before the expiry of the session, and the balance outstanding fee if any will be recoverable from the student.

3. Vacating the Hostel

- If a resident wishes to leave the hostel he/she will have to give one month's notice and will be allowed to leave only when the Principal and the Chief Warden/CAO give their permission. However, no claim for any refund of charges will be entertained.
- Further, if a resident is found or held guilty of indiscipline, ragging or any other such activity which is against the rules, norms and instructions of the institute, he/she shall be directed to leave the hostel by the Chief Warden/CAO. In such cases also there shall be no refund of any charges.
- Security charges of Rs. 500/- will however be refunded after getting a no dues certificate from the Chief Warden/Warden.
- If a resident is found involved in ragging, his admission in the hostel and in the college will be cancelled and in view of Supreme Court's directives a case will be registered in the Police Station against him/her.

4. Mess Rules

- Residents shall take all their meals in the hostel mess. This includes breakfast, lunch, tea and dinner. Non-vegetarian meals or snacks including eggs shall neither be served nor be permitted.
- Residents will be served meals only during the prescribed timings as indicated below :

S.No.	Activities	Summer
1.	Breakfast	7.30 to 8.25 a.m.
2.	Lunch	11.45 a.m. to 1.15 p.m.
3.	Tea	5.30 to 6.00 p.m.
4.	Dinner	8.00 to 9.00 p.m.

Department of Computer Science and Engineering

- c) All residents shall be provided common menu.
- d) Residents shall not carry their meals wholly or in part, outside the mess. They shall not carry any utensil or other property of the mess outside the dining hall. In case of non-compliance, a fine of Rs. 50/- will be charged from the defaulters.
- e) Residents shall not interfere with cooking or other services and shall not handle mess equipment any time.
- f) Sick residents may be allowed to eat their meals in their rooms with the written permission of the warden.
- g) No outsider shall take breakfast, lunch, tea or dinner without prior written permission of the warden. If permitted, the host resident shall pay the charges in advance to the college through coupons available at college counter.
- h) Resident shall cooperate with the mess employees and deal with them in a polite and courteous manner.
- i) Residents shall pay their mess dues regularly as prescribed.
- j) Lodging and board facility may be made available during vacation provided atleast 60 of the residents stay in the hostel. No boarding charges will be refunded at any time once paid.
- k) Dress code -All residents will enter the hostel dining hall in proper presentable dress at all times. Students shall not be allowed to enter in bathroom slippers, shorts and sleeping suits.

5. Entry in / Out of Hostel

- a) The following timing shall be observed for maintenance of discipline in Hostel and Institute Campus.
 - a. Opening of Hostel Gate - 06.00 a.m.
 - b. Closing of Hostel Gate (Boys) - 09.30 p.m.
 - c. Closing of Hostel Gate (Girls) - 07.30 p.m. (Summer), 6.00 p.m. (Winter)
- b) Residents shall not go outside their rooms between 10:00 and 6:00 a.m. without permission of the Chief Warden/Warden/J.C except for attending institute's functions or authorised academic work in the institute. Attendance may be taken during these hours.
- c) Residents shall not leave station without obtaining prior written permission of the warden. They shall report to the warden immediately on return.
- d) Residents shall not invite any unauthorised person in their hostel. They shall deal only with the authorized vendors, washermen, cobblers etc. during the prescribed hours and pay them at prescribed rates.
- e) Visit of outside person (including parents) to residents of hostel will be restricted up to the "Visitors room" only. No hosteller shall take his/her guest to his room in any circumstances. In exceptional circumstances, parents may be allowed to stay for a day in the guest room, on prior approval of Principal/CAO/Chief Warden, on payment of the prescribed charges which are presently Rs. 250/- per bed per day. In no case shall the parent stay in the hosteller's room.
- f) No visitors or parents are allowed to enter the hostel rooms in any case.
- g) No resident shall stay in the hostel during college hours without a valid reason which must be informed to warden. It is clarified that illness or health reason will be taken as a valid reason. Free period, visitors from outside etc. will not be taken as a valid reason.
- h) No day-scholar is permitted to enter the hostel during college hours. Suitable action and fine will be imposed upon him/her if reported by the Chief Warden/CAO.
- i) No resident shall leave the college campus without making necessary entries in the register kept with the guard at the college gate/hostel gate. After return he/she enter the time of return in the register.

6. Use & Facilities

- a) A student who has opted for hostel shall reside only in the hostel and the room allotted to him/her.
- b) Residents shall be responsible for all furniture, electrical and other fixtures in their rooms. They shall not

Department of Computer Science and Engineering

disfigure or paint of stick photos, posters etc on walls, doors and windows or otherwise damage them. Failing Which Damage Charges Shall be levied per room. Residents are expected to maintain perfect discipline and proper atmosphere.

- c) Proper use of water and electricity shall be ensured and lights shall be switched off and taps closed when not in use. Defaulters shall be punished @ Rs 100/- per day.
- d) Proper permission (at least 1 day in advance) shall be taken in writing from warden for going to I.G. or home.
- e) Girls hostellers shall obtain a gate pass from the warden for going out of hostel/campus which shall be limited to 06 nos per month. First year girl hostellers are not allowed any outing in the first six months. However, to cater for any of their urgent legitimate requirements, a warden shall accompany/ take them outside the campus once a fortnight, on Sunday for 3-4 hours.
- f) At the end of academic year or while leaving the institute, each resident shall handover the charge of his room with all furniture and fixture to hostel warden and pay the cost of all damages and shortage if detected in his room. In case of non-compliance a fine Rs. 250/- will be charged.
- g) Residents shall not use heaters or any other power appliance in their rooms.
- h) Use of alcoholic drinks or narcotic materials or gaming in any form is strictly prohibited in the hostel and institute premises. Defaulters shall be expelled from the hostel.
- i) Residents shall maintain decorum and dignity and shall not create any nuisance or disturbance for the neighbouring residents.
- j) Residents shall not organize any party assembly or activity in the hostel without the permission of the Principal.
- k) Residents shall not invite any speaker to address a hostel meeting without the permission of the Chief Warden/CAO/Principal.
- l) Residents shall not remove newspaper, magazine, furniture, radio, TV or games-material from the common rooms or mishandle or damage them.
- m) Residents shall cooperate with the Warden and fellow hostellers and obey warden's instructions on all matters concerning hostel/mess.

7. Problem Solving Committee

The residents would form a committee of three residents who would discuss the problems related to hostel every fortnight with the Chief Warden/CAO/Principal with facts and possible suggestions so that reasonable solutions could be found to their problems.

8. Rights of College Administration

- a) On matters not covered by these rules, the discretion of Warden/ Administration shall be final and binding.
- b) The college administration has full right to deny accommodation to any or all students at anytime in the overall interest of the college.
- c) The college administration reserves the right to change the rules and regulation in the overall interest of the college.

LIBRARY RULES

A. MEMBERSHIP

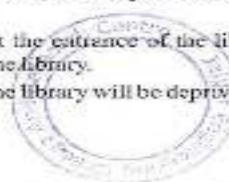

1. All the students of JECRC are members of the library.
2. Books will be issued only on presentation of the IDENTITY CARD.

B. WORKING HOURS

1. The library will remain open from 8.15 to 8.00 pm, till further notice.
2. Issue and return services will be available between 8.30 am and 5.00 pm.

C. PROCEDURE

1. Always bring your "IDENTITY CARD" while you are in the library.
2. Keep your bags, file, books and other materials outside the library in the space provided.
3. Silence should be maintained while you are in the library. Please don't disturb the arrangement at your will.
4. Books will be issued for 14 days. The book should be returned to the library by the DUE DATE otherwise a sum of Rs. 1/- (Rupee one) per day per book will be charged as DUE OVER CHARGE.
5. Once issued the book will not be re-issued on the same day. If there is a demand from any other student, the same book will be retained and will be issued to that student.
6. Members can ask for a title not available in the library but required for academics work.
7. To recall any books before the due date.
8. REFERENCE BOOK'S - DICTIONARIES, DIRECTORIES, PERIODICALS are not issuable. Members are expected to refer to the same in the library only.
9. Any damage done to the BOOK AND PERIODICAL replacement, the double cost will be charged along with a fine. Any kind of MARKING, WRITING OF NAME, FOLDING OF PAGES" will be treated as CAUSING DAMAGE".
10. The "RESERVE TEXT BOOK, REFERENCE BOOK" will be issued for reading room only on your identity card. If there is no reserve book please contact Librarian/Asstt. Librarian for help.
11. At the end of the session, every student should return the library cards before proceeding, failing which no new cards will be issued and a fine will be charged.
12. Students have to put their signature in the register available at the entrance of the library and show identity card. Without identity card, no entry will be allowed in the library.
13. Any student found not obeying the library rules and disturbing the library will be deprived of the library facility.
14. Reader should observe strict silence inside the library.
15. Use of mobile phone are not permitted in the library block.

CHIEF LIBRARIAN

Department of Computer Science and Engineering

TRANSPORT RULES & REGULATIONS

1. Transport Fee for the entire session will be paid in advance at the beginning of the session.
2. Boarding in the bus will not be allowed without valid Identity card/ Fee receipt for the current session.
3. Pickup time from every point is fixed and the bus will not wait at any pickup point.
4. Pickup point and bus route would be decided by the college administration. Every one is required to board the bus from a designated point only.
5. Bus facility is not available on Sunday/Holidays/during Vacation.
6. The college administration is not liable to provide alternative transport arrangement:-
 - (i) If a student is required to attend college during Sunday/Holiday/Vacation. Student will have to make his/her own arrangement to reach the college.
 - (ii) If a student misses the bus for any reason.
 - (iii) If the student is required to go to any other college for examination / other work.
7. The college management is not responsible for theft/loss of property during travel in bus.
8. In case of breakdown of the college bus, no charges towards alternative conveyance would be paid.
9. No one would be compensated for the distance covered by him/her for boarding the bus from designated point.
10. Ragging is strictly prohibited by law. Any student who is travelling in the college bus found indulging himself/herself directly/indirectly in disciplinary activities like theft case/ragging/lighting/quarrelling/use of abusive language/ misbehave with fellow students, juniors/seniors and also with staff members, disciplinary action shall be initiated against him/her as deemed necessary or may be handed over to police for legal proceedings according to nature of offence for which entire responsibility will lie with the concerned student.
11. Every one is expected to maintain a proper discipline during the journey. Any loss or damage to college bus due to indisciplinary activities by a student during the journey will attract penalty as per rules.
12. The boarding is entirely at risk of the student availing transport facility. The college administration does not own any type of responsibility towards compensation of any nature whatsoever;
13. Anti-Ragging Measures
 - a) all students using the bus facility shall follow the UGC/AICTE regulations on curbing the menace of Ragging in Higher Educational Institutions, 2009, state Government/RTU/College Authorities Guidelines etc. on the subject. The bus facility user student and his/her parent will have to submit separate undertakings in the form of affidavits, before making use of the bus facility.
 - b) Any violation of the guidelines would result in expulsion from the bus facility and/or college besides the general action as may be decided by the authorities in this regard.
14. In case of any emergency, contact transport incharge.

JAIPUR ENGINEERING COLLEGE
AND RESEARCH CENTRE

Dear Students,

1. We welcome and congratulate you for seeking admission in this college. It is a fact that in this transitional phase you have left your school life and probably homely environment and would be entering into a new phase. Therefore, we would be more than willing to help you solving problems/difficulties, if any faced by you as a fresher and would extend all the necessary help.
2. To overcome the menace of ragging, college administration has already made plans for FRESHERS' induction and orientation, which promote efficient and effective means of integrating. These plans will be communicated to you by the office shortly.
3. Besides, we all would ensure that ugly scar of ragging is obliterated from the face of all educational institutions. Here, we would like to inform you that you may turn up to the following persons in case of any help/guidance in the most unlikely event of the so-called ragging.

S.No.	Name	Designation	Mobile Number
1.	Dr. UK Pareek	Chief Proctor	9785506667
2.	Ms. Ruchi Mathur	Proctor	98281590XX
3.	Mr. Arshul Mittal	Proctor	9772620462
4.	Ms. Shruti Kalra	Proctor	9414371413
5.	Dr. M. P. Singh	Proctor	9414203639
6.	Dr. Anita Jain	Chief Librarian	9829250353
7.	Ms. Sanjay Raghav	Warden Girls Hostel	9982603534
8.	Mr. Ravi Bhatnagar	Transport Incharge	9024149459
9.	Sh. PK Gupta	Chief Warden/CAO	9982682475
10.	Sh. Ashok Sharma	Warden Boys Hostel	9982682914

4. You are instructed that you should desist from doing anything against your will even if required by the seniors and should not have any fear, as the institution cares for you and shall not tolerate any mischief against any student.
5. You are requested not to hesitate in seeking any help and guidance and to report any incidents of harassment, teasing etc., either as victim or even as a witness.

May I add that your college has always been ragging-free.

Wishing you a bright future in the college.

Sub: Budget proposal for the year 2018-2019

Dear Sir,

It is stated that the following expenditure is proposed to be made with regards to purchases of library books for the session 2018-2019

	Amount
Library Books	5,00,000
Journals / E-resources	2,50,000
News Papers & Periodicals	1,00,000
Computer (05) for Multimedia Library	1,50,000

Sub: Budget proposal for the year 2017-2018

Dear Sir,

It is stated that the following expenditure is proposed to be made with regards to purchases of library books for the session 2017-2018

	Amount
Library Books	3,50,000
Journals / E-resources	2,50,000
News Papers & Periodicals	<u>1,00,000</u>
Total	7,00,000

Declaration

I undertake that, the institution is well aware about the provisions in the NBA's accreditation manual concerned for this application, rules, regulations, notifications and NBA expert visit guidelines in force as on date and the institute shall fully abide by them.

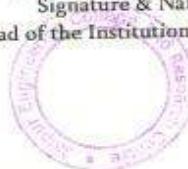

It is submitted that information provided in this Self-Assessment Report is factually correct. I understand and agree that an appropriate disciplinary action against the Institute will be initiated by the NBA, in case any false statement/information is observed during pre-visit, visit, post visit and subsequent to grant of accreditation.

Department of Computer Science and Engineering

ANNEXURE I

PROGRAM OUTCOMES

1. **Engineering knowledge:** Apply the knowledge of mathematics, science, engineering fundamentals and Computer Science and Engineering specialization to the solution of complex Computer Science and Engineering problems.
2. **Problem analysis:** Identify, formulate, research literature, and analyse complex Computer Science and Engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences, and engineering sciences.
3. **Design/development of solutions:** Design solutions for complex Computer Science and Engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.
4. **Conduct investigations of complex problems:** Use research-based knowledge and research methods including design of Computer Science and Engineering experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions.
5. **Modern tool usage:** Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modelling to complex Computer Science Engineering activities with an understanding of the limitations.
6. **The engineer and society:** Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional Computer Science and Engineering practice.
7. **Environment and sustainability:** Understand the impact of the professional Computer Science and Engineering solutions in societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.
8. **Ethics:** Apply ethical principles and commit to professional ethics and responsibilities and norms of the Computer Science and Engineering practice.
9. **Individual and team work:** Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings in Computer Science and Engineering.
10. **Communication:** Communicate effectively on complex Computer Science and Engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
11. **Project management and finance:** Demonstrate knowledge and understanding of the Computer Science and Engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.
12. **Life-long learning:** Recognize the need for, and have the preparation and ability to engage in independent and life-long learning in the broadest context of technological change in Computer Science and Engineering.

Department of Computer Science and Engineering

PROGRAM SPECIFIC OUTCOMES (PSOs)

- PSO1:** Ability to interpret and analyze network specific and cyber security issues in real world environment.
- PSO2:** Ability to design and develop mobile and web-based applications under realistic constraints.
